## RAILROADS.

THE MICHIGAN CENTRAL RAILROAD

AND CONNECTIONS,

Unit in running FOUR EXPRESS PASSENGER TRAINS DAILY between Chicago and New York, Boston, and all intermediate points in New England, New York and the Canadian.

The renowned Pullman Palace Sleeping Cars are run on this line, exclusively, from Chicago east, and are fully supplied on all night trains.

The famous PULLMAN HOTEL CARS leave daily on evening trains running directly through to Rochester, N.Y., without change.

The passenger equipment of this line is unequalled by any other in the country, and will cost and by persons to possess all the requisites of "SPEED, COMFORT AND SAFETY."

Connected with the

GREAT CENTRAL ROUTE

The Blue Line

Established January 1, 1887, for the carriage of

Through Freight without Transfer

This line is owned and operated by the Michigan Central, Chicago, Burlington and Quincy, Chicago and Alton, Great Western of Canada, New York Central, Hudson River, Boston and Albany, Providence and Worcester, Western and Northern, Housatonic and Jackson, Lansing and Saginaw Railroads.

THE "BLUE LINE" is the only route that offers to shippers of freight the advantage of an unbroken gauge of track from Chicago and the Mississippi river to the seaboard, and is of the

SAME GAUGE AS THE UNION PACIFIC, over which these cars will run on completion of that road.

THE BLUE LINE CARS ARE ALL OF UNIFORM BUILD, thus largely lessening the chances of delay from the use of a mixed construction, and the consequent necessity of repairs while remote from their own roads.

The Blue Line is operated by the Railroad Companies without the intervention of intermediate parties between the Roads or Line and the public.

The facilities of the line for making uniformly quick time are unequalled. All claims promptly settled on their merits.

Freight contracts given at the offices of the Companies in New York, Boston, &c.

H. E. SARGENT, Gen'l Supt. M.C.R.R., Chicago.

J. D. HAYES, Detroit, Gen'l Manager Blue Line. d107-17

DON'T BUY A

SEWING MACHINE

Until you have examined the

FLORENCE

While a large number of Sewing Machines have been offered to the public, some of which possess points of excellence and acknowledged merits, we have found the simplicity of a machine more perfect in its mechanism, and containing in the highest degree of doing a greater range of work, is so easily discarded the chain stitch of the Grover &amp; Baker, so easily unraveled, and subject to wear out, on account of cord on the under side, we select the lock stitch, which is on both sides of the fabric, and have added the knot, double knot and double lock, thus suiting every range of fabric.

The four different stitches and reversible foot, which allows the work to run either way, make incomparably the best for family use.

If there is a Florence Sewing Machine in Utah, Idaho, Montana, or Wyoming not giving perfect satisfaction, we will repair it free of any charge.

A NEW MANUFACTURING MACHINE, which is pronounced the Machine of the age.

Branch Office at Salt Lake City.

Will be open by September 20th.

Ladies are invited to see and examine our new machine, whether desiring to purchase or not.
