A sea-serpent, 350 feet long, was seen to rear itself up in shimmery folds on the coast of Florida last week. Three reliable persons saw the creature distinctly.

Reader, the above is a "yarn." If people would believe the following truthful statement as readily as they swallow sea-serpent stories, it would be the means of saving thousands of lives. Dr. Pierce's Golden Medical Discovery, if taken in time and given a fair trial, will actually cure consumption (or wasting of the tissues), in the advanced stages of that terrible and heretofore fatal disease. If this wonderful medicine does not do all we recommend, when taken as directed, we will cheerfully refund your money paid for it. Can any offer be more generous or fair? No other medicine possesses sufficient power over that fatal malady—Consumption, to warrant its manufacturers in selling it under such trying conditions. The "Discovery" is not a cure-all, but only the most wonderful alterative, or blood-cleanser, known to medical science, and also the most powerful nutritive and tonic, or strength-giving properties, which send the food to build up and become assimilated, thus building up both strength and flesh. Weak, sickly women, suffering from "Female Weakness," Irregularities and Long Distress, accompanied with lingering coughs, it is also very invigorating.

$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy for a case of Catarrh in the head which they cannot cure. For its mild, soothing, and healing properties, Dr. Sage's Remedy cures the most severe cases, no matter how long standing. Fifty cents, by druggists.

BROKEN OUT!

How often do we see this on the faces of children and, alas, of people who otherwise are healthy! What causes it? Bad blood. The thought is terrible; the trouble is worse. No ordinary help can remove it. It requires something unusual. Do not take cheap sarsaparillas or blood purifiers. You must have something that has proven its power in both Europe and America. General Wheaton, Nelson, of London, says: "My experience in the English army, as well as in America, convinces me that nothing so thoroughly purifies the blood, revitalizes the body, expels disease and builds up the English blood like Ripans Tabules."

This grand Tonic is sold by druggists in all parts of America. It is a cool, pure, honest medicine. 72 in a bottle.

SINGLE TAX TALK.

The Single Tax Idea Growing Powerful in Texas.

HENRY GEORGE REFUSES TO RUN FOR CONGRESS.

A Touching Love Scene Abruptly Ended by the Rude Hands of Detectives.

By Telegraph to the News.

SINGLE TAX CONVENTION.

Four Hundred and Twenty Delegates present.

NEW YORK, Sept. 1.—The delegates from the single-tax clubs of fifty-three States and the District of Columbia met at Cooper Union this afternoon for the purpose of forming a permanent organization of single-tax clubs of the United States. There are 420 delegates.

William T. Cassidy, of New York, called the convention to order. He explained how the conference came to be summoned, and during his address had occasion to say that Henry George supported Mr. Low. At the mention of George's name the entire meeting rose in a body and cheered.

H. T. Kiley, city attorney of Houston, Texas, told of the progress of the single tax idea in Texas. He said the Farmers' Alliance was becoming powerful. In fact 20,000 to 25,000 members in Texas and they had passed a law in the governor's chair who was a man of the people, (cheers), and they were favorable to the single tax idea.

THE RESORTS OF LABOR

were the favorable to the single tax and many of their most workers were committed to it.

Dr. Henry Crane of St. Louis said the delegates had formed an organization of all men supporting monopolies, the abolishment of paper currency and abolition of legal tender. (Cheers.) The republican party is committing suicide, and the democrats dying a slow death. He, however, had hopes that the democrats would do some good before they died.

Louis A. Post was elected permanent chairman. In his speech, he said he believed that Henry George always saw the hand of God in the single-tax movement. The path to single-tax success, said he will continue to ascend until the entire people will be lifted to its level.

Wm. F. Hunter of South Dakota was elected permanent recording secretary; B. G. Brown of Tennessee and John C. White of Illinois assistant and reading secretaries; H. F. Ring of Texas, Wm. Lloyd Garrison of Massachusetts and A. H. Stephenson of Pennsylvania vice presidents.

Committees were appointed and the meeting adjourned.

Sentiments of Henry George.

NEW YORK, Sept. 1.—The Single Tax Press committee has received the following which follows are the sentiments of Henry George. The questions were written and sent to Mr. George and are followed by his answers:

Question—Will you run for mayor?

Answer—No.

Q.—Would you accept a nomination, such as that of 1886, were it proffered?

A.—No. I did then more under a sense of duty than I think I should feel any duty now.

Q.—Will you run for Congress?

A.—No.

Q.—Under what circumstances would you run?

A.—I would not run at all. I see no prospect of circumstances that would induce me to run for anything. I have other work to do.

Q.—Will you go to Pennsylvania to stump the State for Pattison?

A.—I have not been asked.

Q.—Then, if you thought it would you consult the committee prior to free trade?

A.—I don't know how it is within my power, by force or persuasion, by stumping, to commit the democratic party. It is something God is free to give or withhold, and if I could do anything to advance the cause and was asked at all, I would go. Question Pennsylvania.

Q.—You have said the secession Army is inclined to assist the single tax movement. How far has it gone in the single tax direction?

A.—That is hardly the way I put it. I have said the revolution Army is almost unanimous to grapple with the tyranny and domination which is to all the ethics of Great Britain, and I am satisfied that any movement of this kind would speedily end them in single tax views. I think I am intending to send over a number of the Nov. Heads, who have been a chance to see the Generals' views, and when it is over going to and through the new agency of the Irish Land League. I've been for years. What we should call a single tax movement. General Boulanger, who has not, I think, said or done anything to commit himself to single tax, but it has been the work of true Christianity wanted to be accomplished until every man who is willing to support himself by honest labor shall have the opportunity of doing so.

Q.—Is there any probability of single tax candidates being put in the field in 1892?

A.—I do not think there is any probability of a single tax party being put in the field, but single tax candidates will, in many cases in each, head the democratic party by rapidly on the way to free trade.

A Defaulter Arrested.

NEW YORK, Sept. 1.—Fred. K. Kimball, the defaulting paying teller of the Eagle's Savings Bank of Worcester, Mass., who went to Paris April 2nd with $42,000 in cash and $5,000 in cash and who was arrested yesterday by Inspector Byrnes's men as he stepped off the steamship *La Bretagne*, dazzled his wife and children and took with him when he left the country a beautiful French woman named Estelle Lelan Kimball, who occupied a high position in the best society in Paris. Kimball was regarded as a leading citizen and a pillar of the Church. His absence from the bank excited no suspicion for two or three days, when his wife sent to the bank to ask if he had been seen there, as he had not come home. His books were at once examined and the discovery made that he was a thief.

The couple traveled all over Europe under assumed names. A little over a month ago the Lelan woman came back to this country alone. The Worcester detectives learned that she was living in Boston and began to shadow her. She soon realized this fact and started for the city. Inspector Byrnes was notified and a detective followed the woman on her arrival. The detectives then came on from Worcester and knew that time the weapons had been systematically shadowed. Letters sent here by Kimball were intercepted and it was learned from those sources that she expected Kimball to come to this city soon.

Yesterday the vigilance of the police was rewarded when the woman left the house where she was stopping heavily veiled, and went directly to the pier of the French line. She finally concluded that she was unobserved, and when the steamship came up took a position near the gang-plank and gazed eagerly at the faces of the men. Suddenly she uttered a cry of delight and through the rails reached out her hands. "Estelle, oh, my darling Estelle!"

He rushed to her open arms, but suddenly the love scene was ended by the rude hands of the detectives, who informed each that they were under arrest. The man took the matter coolly, but the woman burst into angry tears. When Kimball was searched the stolen bonds were found in his underwear. He had only a little money left, the most of his cash having been spent in doing the continent.

Kimball would not talk, but the woman grew very dramatic. She begged permission to occupy his cell, but this was, of course, refused.

George's Reception.

NEW YORK, Sept. 1.—Two thousand people attended a reception this evening to Henry George at Cooper Union. Judge Maguire of San Francisco welcomed George, and verses of welcome by Francis M. Milner of California was read. In response, among other utterances, George said America was a great and beautiful land, but not free. The Americans were not free to build and sail ships; not free from the dominion of politicians; not free to buy and sell a pack of apples without a license. The speaker said he was not proud of this republic, but he had hopes of it.

Speaking of the dissatisfaction existing between capital and labor, and the manner of curing it, George said: "Labor combinations won't do it, strikes, co-operation, a sharing of profits, a dealing out of cold victuals won't do it. The only thing that will do it is carrying into effect of the gospel of free trade (Cheers) and to give to every man that which belongs to him. What will give him this? Single tax." (Cheers.)

Pneumonia and Bronchitis Carry off One-third of the Human Race.

It is not generally known that Pneumonia and Bronchitis carry off one-third of the human race, but such are the facts, and what is more surprising, both of the above diseases result from neglecting a common ordinary cold. A cough should never be neglected. If it is, every time you catch cold you catch harder, and it effects it you longer. Ballard's Horehound Syrup is the best remedy in the world for Pneumonia, Bronchitis, and all Chest and Lung troubles. If you have any throat trouble, call for Ballard's Horehound Syrup and take no other. Zion's Co-operative Mercantile Institution, Agent. 1

Get a trial bottle at A. C. Smith & Co's drug store. 1

Wm. Hutchinson, of Benton, Illinois, while dealing in cattle and horses in Texas last September, was taken with a very severe attack of cholera morbus and diarrhoea, similar to symptoms in a case of sickening grief. A friend suggested to him to take Chamberlain's Colic, Cholera and Diarrhoea Remedy. The second dose, he says, effected a complete cure, and he now takes pleasure in recommending it to others. For sale at 25 and 50 cents per bottle by, Z. C. M. I. Drug Dept.

Dr. A. T. Doll, who has been in the practice of medicine at North English, Iowa, since 1865, says he always prefers Chamberlain's Colic, Cholera and Diarrhoea Remedy, because he knows it to be reliable. For sale by, Z. C. M. I. Drug Department.

Neuralgia cannot long exist

It positively cures Rheumatism, Lame Back, Contraction of Muscles, Old Sores, Corns, Bunions, etc. It penetrates and opens up the pores, drawing all poisonous matter to the surface, restoring and promoting a natural circulation of the blood through the diseased parts. 25c

A Family Jewel.

Dr. David Kennedy, of Rondout, N. Y., the famous Surgeon and Physician, has sent us a copy of his book, "How to Cure Kidney, Liver and Blood Diseases." It is a work which should be read in every home, for the value of the medical lessons it teaches also many life illustrations, and two fascinating stories from the widely known author "Jack Bonthorn." Any one sending their address with name of this paper to Dr. Kennedy, will receive the book free by mail.

Hatton Armstrong, of Crofton, Ky., now in his seventieth year, says he has been troubled with diarrhoea every summer as far back as he can recollect. He has in his time used many medicines, but none equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy is prompt in its effects, can always be depended upon and when mixed with water, is pleasant to take. Children are not afraid of taking it. For sale by, Z. C. M. I. Drug Dept.

HAPPY RECOVERY.

There is nothing I can enjoy that I do not owe to having used Dr. David Kennedy's favorite remedy, of Rondout, N. Y., as I was when I was suffering all that a human being could endure. My troubles began in my kidneys, from which I never expected to recover. My physicians said I had

Bright's Disease.

Later I had a bad attack of Grippe. Six years ago last June—how well I remember that date!—I saw Dr. Kennedy's favorite remedy advertised in our paper. After using three bottles I was well. I have never had a return of the disease, and though I am over sixty years of age, I am vigorous and strong as I was in my prime. I thank providence, and the kind-hearted physician who would not die. Dr. Kennedy's favorite remedy did; it saved the doctor and made me a well woman.—Mrs. Eudora C. Skinner, Peru Mills, Me.
