

## FRAGMENTS.

SHERIFF ALLISON returned to Coalingville last evening.

HON. LOREN PARK came down from Ogden last evening.

PRES. L. W. SHURTLEFF, of Ogden, was in town to-day.

R. S. DEMENT, Surveyor General, went to Ogden this morning.

THOMAS WELCH was fined \$10 to-day for drunkenness and profanity.

PHOTOGRAPHS of the Madison Square theatre company are on exhibition on Main Street.

PARTIES are daily violating the game law by shooting ducks on the Hot Springs lake.

"PINFORD" is to be produced at the Theatre on the 27th and 28th of the present month.

THE September term of the Third District Court commences on Monday September 13th.

C. A. DAVIS, agent for Cole's circus, goes north this afternoon to bill Ogden for the 25th inst.

ALEX. MITCHELL, of the Milwaukee & St. Paul railway, arrived from the east last evening.

S. V. DERRAH, traveling agent of the Atchison, Topeka & Santa Fe, leaves for the east to-morrow.

JAMES O. POUlsen, Samuel F. Ball and O. F. Due are to be released from the penitentiary to-morrow.

J. H. BENNETT, Esq., general freight and passenger agent of the D. & R. G. W., went east this morning.

YESTERDAY'S Utah Central train was delayed three or four hours, south of Draper, by damage to the track by the storm.

F. ACTING GOVERNOR Thomas is issuing commissions to the officers elected on August 21 as rapidly as the work can be handled.

JOSEPH HAUMORTEN has entered suit in Justice Burton's court against E. B. Leavitt, for \$129.00, on two promissory notes given by the latter.

THERE are several heavy washouts along the line of the D. & R. G. W., beyond Price station. The track will probably be opened again for traffic by Monday.

CERTIFICATES of election have been issued by the Utah Commission to F. A. Mitchell, Charles W. Stagner and I. M. Waddell as Commissioners to locate the University lands.

DAVID CONDY was tried in the police court to-day, for getting drunk and breaking a saloon window. He was adjudged guilty and fined \$7.50 for drunkenness. Sentence was suspended on the other charge, on condition that he be repaired the damage.

C. R. SAYAGE starts for Yosemite Valley, California, to-morrow, to secure additional for his already large stock of views of the great west. Alfred Lambourn will accompany him, and will make sketches to be reproduced on canvas with his artistic brush.

## LOCAL NEWS.

Arrest.—Mark Blilow was arrested on Thursday at Collinston, Box Elder County, on a charge of unlawful cohabitation. He was taken before Commissioner Black, at Ogden, and waived examination. He was placed under \$1,000 bonds to await the grand jury's action.

Examination Waived.—This morning Leonard G. Rice, of Farmington, who was unable to procure bail, pending the examination of the charge of unlawful cohabitation made against him, was brought in from the penitentiary and taken before Commissioner McKay. He was allowed to waive the examination, and his bonds to await the grand jury's investigations were fixed at \$1,000. One surety was found to sign the bond—Thomas J. Brandon, of Farmington.

The Best in the United States.—Yesterday D. McKennie, Esq., accompanied to this office Alf Hayman, Esq., advance agent of the Madison Square Company, which will shortly appear in this city. Mr. McKennie enthusiastically pronounces this the very finest dramatic company in the United States. While in San Francisco recently, Mr. McKennie saw the company perform several times, and he states that, in point of numbers and talent it has no equal on the continent. On the 13th inst. this company will begin a three nights' engagement at the Salt Lake Theatre.

Accidental Death.—At the Ontario mine, near Park City, on Wednesday evening, Peter Morton was accidentally killed. He and a companion were at the 1000-foot level, making a blast. After one explosion had occurred, Morton supposing another fuse that had been ignited had gone out, went up to examine it. He had barely reached the place when another explosion occurred, blowing a large portion of his head off, killing him instantly. An inquest was held and a verdict of accidental death by a blast powder explosion rendered. The deceased leaves a wife and four children.

The Robbins-Browning-Clark Case.—This morning the examination in the case of Mrs. Miriam Clark, who was arrested on complaint of Mrs. Mary Robbins, on a charge of maliciously destroying the latter's fence, was again continued by Commissioner McKay until Monday next at 10 a. m. At the time the continuance was ordered the Commissioner gave the litigants some wholesome advice in regard to settling their quarrel and pointing out the way whereby this could be accomplished and both parties be benefited. Whether they will have the good sense to profit by the information imparted remains to be seen. Mrs. Clark and Mrs. Robbins are neighbors in the Eighteenth Ward. The former has a right of way through a lane that runs between the two lots. The latter also has a right of way over the same lane, and holds an absolute title to one-half of the land, the strip, however, being dedicated for a wagon road. Mrs. Clark seems to have an idea that her right of way gives her a title to the land, and objects to having a gate across the front of the lane; while Mrs. Robbins insists that the gate shall be there. The dispute has been a very bitter one between the parties, and has given rise to much animosity to the residents of the neighborhood. A short time since Mrs. Clark attempted to cut the fence at the lane down, but was prevented by E. T. Browning, whose conduct at the time was such that he was fined \$12.50 in the police court for assault. Mr. Browning is still connected with the case. Unless the parties listen to reason, it is not unlikely that a civil case in the District Court will result, in which case the property is likely to be eaten up by the costs of the litigation.

Violent Row.—Among a number of persons employed in Lamb's Cation, in the Ogden Mountains, in getting out logs for a saw mill there were Wm. Morgan, aged 16 years, of the 21st Ward, and Hiram Mikesell, aged 21, of the 11th Ward of this city. Yesterday the loggers were sitting around a fire, and several of them were "poking fun" at Mikesell. The taunts of young Morgan especially nettled him, and he made a vigorous assault upon him with hands and feet. The striking and kicking were too much for Morgan, who was badly battered, the blood streaming from his mouth and nose, and his left eye was blackened and so swollen that he could not see out of it. The beating he had received rankled in Morgan's breast and a couple of hours, afterward, seeing an opportunity to be avenged, he took up a rock and threw it at Mikesell's head, back of the ear. Mikesell fell to the ground, insensible and remained in that condition for some time, but finally regained consciousness. Morgan repented of what he had done, and united with the others in pouring water on Mikesell's head, until he was restored. Morgan then felt frightened and told the engineer at the sawmill what had taken place. The mill hands threatened to lynch him, but the engineer took him in custody and brought him to this city to-day. He is in the city jail awaiting an investigation of the case.

The blow received by Mikesell was a very severe one, but is not likely to prove fatal. He was brought to the city to-day, and is now in the city jail, where he is being attended to by a surgeon, who is attending to his injury.

Relief for the Deaf Mutes.—A good beginning in the matter of an institution for the deaf mutes of this Territory will be under way if the county courts generally will follow the generous example of Salt Lake County. This county has agreed to pay an annual appropriation of \$100 per capita for five pupils in the department for the deaf of the University. This provision is included in the county tax. Classes will be as usual held in the University, while, in connection therewith, two large houses will be rented, one for the sleeping quarters of the boys and the other for the girls. It is believed that two such houses in close proximity to each other can be rented in the neighborhood of the University. The principal and his wife will reside in the house with the girls where the boys will go at meal times and at study hours in the evening. This plan will bring about better results in the education, by a regular course of training. The appropriation thus obtained will be used in paying for the running expenses of the home and all household goods thus purchased will thus become the property of the Institute. The amount seems to be too small for the purpose, but it is believed that it will manage the affair in this way until relief comes in one form or another from the Territorial Treasury, where the school's appropriation of \$6,000 is locked up beyond its reach.

Reunion of the Rich Family.—We have received from Ernest S. Rich the following particulars of an interesting occasion:

On Saturday last, at 10 o'clock a. m., the members of the Rich family assembled in the County Court House, at Paris, Bear Lake County, Idaho. The meeting was called to order by Elder J. C. Rich. After singing prayer was offered by Elder Ben A. Rich, followed by singing.

Elder J. C. Rich explained the purpose of the gathering and greeted the family with a hearty welcome. Speeches were then made by several members of the family and invited guests. After the meeting the members of the family gathered together in a group and were photographed by Bro. W. N. B. Shepherd. The company then repaired to the meeting house, where there were tables laden with good things for the inner man. After the feast a cream and lemonade were served in abundance.

There were present at the dinner 101 members of the Rich family, besides a few invited guests, and all enjoyed themselves very much.

At 5 p. m. the family held a business meeting and at 8 p. m. they gave a dance to which they extended a complimentary invitation to their friends and the good people of Paris and adjoining settlements generally.

The dancing was interspersed with speeches, songs and recitations. The dance continued until midnight. Everything passed off smoothly and pleasantly and without a jar, and everybody seemed to be sociable and enjoyed themselves very much. The family was very much pleased and satisfied with the grand family reunion in honor of their late beloved husband and father.

The following statistics of the family of the late Apostles J. C. Rich are given: Wives, 8; sons, 30; daughters, 21; grandchildren, 100; sons-in-law, 10; daughters-in-law, 15; total, 191.

Brigham Young College.—This excellent educational institution at Logan will open September 13th, and we are pleased to learn that its merits are beginning to be better known by the people, as is evinced from the number of students who are preparing to attend during the coming school year.

The College has become quite popular throughout the northern counties of the Territory, and quite a number of young people in this city and other places in Salt Lake County are preparing to attend it. The college is well equipped and the teachers are efficient and devoted to their work, and every effort is made to guard and promote the moral and intellectual welfare of all who attend the College. Arrangements have been made with the railroad officers whereby students attending the College obtain half-fare rates over all the roads.

Accidental Death.—Brother J. K. Reid writes as follows from Orangeville, Emery County, August 30th:

A sad and fatal accident befell Bro. Samuel R. Jewkes of this place, August 25th. He was running the Joe's Valley saw mill and was handsplicing some logs in the mill race, when he fell back on the handspike, knocking it off his hand and striking him in the abdomen, doing him a fatal injury, of which he died after suffering untold pain for four hours. Everything was done for him that was possible under the circumstances, but all to no avail.

Brother Jewkes was a prominent man in this community. He was president of the Y. M. M. I. A. of Emery Stake, leader of the Orangeville choir, assistant superintendent of the Oranville Sunday school, and was school trustee for this district. His death has caused a gloom to overcast our town.

Bro. Samuel R. Jewkes was born in Salt Lake City, August 25, 1853, and died August 27, 1888.

Some time before the accident, Bro. Jewkes told his wife that he was going to be called on a mission in a short time, and he would have to prepare to leave the way that he called, not knowing that he would be called in this way. He leaves a wife and six children, and many friends and relatives. He was a very good man, and his death is a great loss to the community. He died in the faith of a glorious resurrection.

The name "Mormon rock" has been given to the granite of which the Temple in this city is being constructed.

## PACIFIC COAST NOTES.

CULLED FROM WESTERN EXCHANGES.

A colony of 200 Missourians has arrived at Portland, Oregon, and will settle near Corvallis. A company has been formed with \$1,000,000 capital to supply the city of Portland, Oregon with water.

Thomas Hynes, a boy eight years old, was fined \$1 a few days ago, at Oakland, Cal., for smoking cigarettes in the street.

Chinamen are engaged in smuggling opium into Portland, Oregon. Several of those employed in the work have been arrested.

At Wallula Junction, August 30, George Day, a switchman at the Oregon and Navigation Yards, was struck by a locomotive and killed.

The defendant in a lawsuit at Eureka, Cal., one day last week, had to pay \$100 for the pleasure of calling the plaintiff's lawyer a liar in open court.

A young man named Henry Farnsworth was killed at Santa Rosa, on August 28. His car started up before he was ready and he was thrown from the ground. His neck was broken by the fall.

John Murphy, who attempted to commit suicide for love in San Francisco last week, tried to drown himself at Benicia, Cal., August 29th. He was dragged out of the bay and rolled back to life.

Maxwell Emery, a little son of Rev. J. A. Emery, of Oakland, Cal., was hit by a short shot in town where he was with his companions, and died on August 20th, of an abscess which resulted from the blow.

W. D. Houth, a consumptive negro who has been working about fourteen miles north of Pasadena, Cal., died on Wednesday from hemorrhage of the lungs, brought on by throwing a stone at a squirrel.

Four women of Lompoc, Cal., broke into a room the other day where there was a barrel of whisky in charge of a keeper, smashed in the head of the receptacle and spilled the liquor. The absence of the officer at supper was taken advantage of by the women.

A few months ago a great fuss was made about Chinese labor and many Chinese driven off the Pacific Coast. Now Chinamen are employed in the California hopfields and in the picking season, the farmers being unable to secure enough white hands to harvest the crop.

In several towns of California considerable trouble has been experienced of late, from drunken Indians. The towns' amts. independent suggests that a trial be made of tar and feathers in order to stop white men selling liquor to Indians, as all other remedies have proved ineffectual.

It is said that there are fifteen men in the city of Portland, Oregon, just in the prime of life worth a million, or more. These men are all Oregonians. Without a dollar, and by fortunate real estate and land speculation, rather than frugality, have amassed their large fortunes. Two of the men referred to have never crossed the Oregon border, or only to visit Washington Territory, since 1860.

On August 30th, at Redwood City, Cal., Michael Cronin, aged 50 years, committed suicide by hanging. About four years ago he received a sunstroke, which partially deranged his mind, and soon after he tried to kill himself with a razor, but was prevented from doing so. About a week before his successful attempt he took a dose of opium, and the prompt arrival of a physician saved his life.

Willie Daly, of San Francisco, was buried to-day at the Baker's first last May. All that was found of his remains were a few calcined bones; these were identified by a button he was known to have worn on his clothes. His mother became deranged and was treated at a hospital, recovering about a month since. On August 30 her husband died suddenly and she again became insane.

Joseph Marlett met with a dreadful accident a short time ago at his home near Buck's ranch, Cal. While sitting on his fire he fell to the floor, in which he was subject, and one of his feet resting in the fire, when found, was burned off. Living in an isolated place, he lay helpless, without food or water, four or five days before being found alive, when he was removed and covered and was provided with medical treatment.

The Sheriff of Modoc county, California, disguised himself as an Indian last week and snatched toward the cabin of a Chinaman. A lot of real Indians gathered about, it is proposed to have a "big drink"; the Chinaman brought out the whisky and sold it to the Indians; the sheriff arrested the Chinaman in the act and took him before a justice of the peace, who fined him \$500. That Modocian will know a "white Indian" the next time.

A northern California editor thus addresses his subscribers:

We would like a number of old gun sacks that are worthless for holding grain to be given us on subscription by those in arrears. We want to use the gunny sacks to make some underwear. Those who have neither gunny sacks nor money to buy them, let us know. If we can't have underwear we can fire up, provided you bring the goods. Please send us some four sacks for Sunday.

In San Francisco, August 30th, Wm. Farrell, aged 22, noticed Wm. Sullivan, aged 15, on the street, and being slightly acquainted and desirous of speaking to him, tapped him on the shoulder to attract his attention. Sullivan objected to this familiarity and applied an uncompromising epithet to Farrell, who retorted by slapping him on the cheek. Sullivan sprang to his feet in an instant, and opening a large pocket knife which he had, stabbed Farrell in the left side, inflicting a fatal wound.

The sailing schooner Alfred Adams arrived at Victoria, B. C., August 29th. Her captain reports that he reached Behring Sea on July 2d and left there on the 10th. After leaving Nagai the vessel encountered a submarine volcanic eruption and was literally showered with ashes. The terrible circumstances need no little excitement, especially among the sailors, who were excited and fell on their knees, saying "God is angry with us." The phenomenon only lasted about an hour, when the atmosphere commenced to clear again.

The Seattle (Washington Territory) Press says: About 15 months ago Mr. Beede opened a saloon at South Frigate. Some citizens and others were stolen from the saloon while there. One John Bosch, alias Charles Rose, alias Charles Lee, supposing that a man by the name of John Grogan knew where the articles were, and were concealed went with an accomplice and tied and gagged Grogan, thinking that he would secure him into telling the secret. They tied his ankles to his hips, secured two brands, and heated the skin against the back of the bottom of both feet. This failing to elicit the great secret, they began to scorch his lips with a red-hot iron. Still he could not tell. They then drew his boots on his feet roughly and left him in this condition without food or drink. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has been in his family and all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery.

Good Results in Every Case. D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; he tried every remedy he could find without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has been in his family and all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery.

At this season of the year, the old remedy for Rheumatism, Gout, Gravel, Rheumatism, DYSENTERY and all bowel complaints, BROWN'S BLACKBERRY AND GINGER, is in demand. People in all sections of the country know that it is one of the most efficient remedies in use. The valuable properties of BLACKBERRY and GINGER are combined in it, so that the diseases of the bowels YIELD READILY to its influence.

Every one should have a bottle of BROWN'S BLACKBERRY AND GINGER on hand. Sold by all Druggists at 50 cents per bottle.

An End to Bone Sucking. Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let you know it. I have had a running sore on my leg for some time, and my leg was so sore that I could not walk. I used to read, three bottles of Electric Bitters, and seven boxes of Buck's Kidney and Bladder Balm, and my leg is now sound and well."

Electric Bitters are sold at 50 cents a bottle, and Buck's Kidney and Bladder Balm, at 25 cents a box at Z. C. M. I. Drug Store.

Board and Rooms for Students.—It is reasonably certain that many of the students from a distance attending the University of Deseret, will desire to procure board or rooms, or both, and persons in this city who would like to furnish such accommodations to students may leave their names, terms, etc., with Dr. J. R. Park, President of the University.

## CARPETS!

I have a large and well selected stock on hand and am receiving daily Choice Goods in all Departments.

H. DINWOODEY.

BUY Home-made Woolen Goods this Fall from the Cravo Mills Agency, John C. Cutler & Bro., No. 36 Old Constitution Building. 5,000 lbs. Flannels. 10,000 lbs. Woolen Yarns. 1,000 doz. I have had a running sore on my leg for some time, and my leg was so sore that I could not walk. I used to read, three bottles of Electric Bitters, and seven boxes of Buck's Kidney and Bladder Balm, and my leg is now sound and well."

Electric Bitters are sold at 50 cents a bottle, and Buck's Kidney and Bladder Balm, at 25 cents a box at Z. C. M. I. Drug Store.

At this season of the year, the old remedy for Rheumatism, Gout, Gravel, Rheumatism, DYSENTERY and all bowel complaints, BROWN'S BLACKBERRY AND GINGER, is in demand. People
