A meeting of the parties enterested reorganizing the Geyser-Marion In reorganizing the Geyser-Marion Mining company was held between the hours of 2:30 and 5:30 yesterday after-noon for the purpose of deciding upon some plan of action. The meeting resulted in a wiping out of all scores. The old Geyser-Marien mine is to be made the basis of an incorporation to be known as the New Mercur Gold Mining company. It will be capitalized at \$30,000 in 300,000 shares of the part value of 10 cents each. Among the parties who have put up their means to liquidate the indebtedness of more than \$15. 000, are Aaron Keysor, Frank Kin A. T. Moon, A. B. Sawyer, A. H. Atkin-son and A. T. Sanford. > TO SECURE GREATER DEPTH. Silver Shield Directors Levied Assess-

> ment of 1 cent a Share Yesterday. The directors of the Silver Shield Mining company met last evening and levied an assessment of 1 cent a share which becomes delinquent June 22nd. This step was fully expected as the mine has been a little lean of late. The management proposes to explore the property at greater depths. With this object in view the officers of the company sought to secure permission of Mr. Holden to enter the Shield property from the Niagara punnel. In this they were not successful and it is now proposed to sink a winze for the 160 el on the best chute of ore appearing on that level. It is quite probable that a shaft will have to be put down and the directors will be compelled to call for other assessments to open up deep er evels it the mine does not respond better than it has in the past two or three months.

A Few Important Ones Advanced Above Yess terday's Close.

Speculation Mixed - Realizing on Union Pacific Upset the Market-Demand for A. L. Oil.

New York, May 21 .- Stocks were under pressure at the opening but only in a few cases were the losses severe. Missouri Pacific fell 3 points, Manhattan 21/4 and Amalgamated Copper 1 to 11/4. Union Pacific ran down ½ then rallied a point on large transactions. Buying orders were met as prices declined and as good support appeared in the stocks which were weakest at the opening short were covered, causing a general and substantial rally. Quite a number of important stocks advanced above yesterday's close, the rally from the owest reaching 4 in Missouri Pacific, 3¼ in Union Pacific, 2 in Manhattan and a point or over in St. Paul, Penn-sylvania, Atchison, Louisville, Reading, Sugar and People's Gas. Renewed selfing of Amalgamated Copper forced it down 3 points and there was some realizing in Union Pacific, which upset the market. At 11 o'clock speculation was mixed, members of various groups moving contrarywise and the general list about balances between up and down Business became very dull, but the tone was more stable and strengthened for ome of the railroads and industrials Atchison and St. Paul improved to 78 and 162 respectively, the best prices of the morning and Amalgamated Copper made a full recovery of its earlier losses. There was a large demand for American Linseed Oil issues and they were 1½@4 points higher on the publication of the terms offered for its absention by the navly organized Union sorption by the newly organized Union Lead and Oil company. National Lead was strong on hopes of benefit from that transaction. The Mexican roads vere bought at rising prices.

Bonds were easier. Further advices carried Union Pacific up 5 points from the lowest, Amalga-mated Copper 4½, Sugar 3½, Rock Island 25, and Erie stocks from 1½ to 2. The market was without a spark of animation and prices fell back again. Wheeling and Lake Erie first preferred fell 2½. The closing was duli and heavy, below the best.
