tionary temperature.

A trough of low pressure extends from western Texas northeastward to the upper lake region, the barometer reading lowest over Oklahoma. The Chicago, electric car, were shocked by electricity last evening. A panic foilowed, but nobody was seriously hurt. crest of an area of high pressure lies over British Columbia. Precipitation Two passengers felt the effects for some has fallen along the coast as far south time after, but were able to move about as San Francisco, over the middle picateau region and the middle Rocky Mountain slope. The lowest tempera-ture reported is 8 degrees below zero at

ing rubbers were surprised to see the others suddenly jumping about. Conductor Crawford was collecting fares when suddenly he leaped from the floor and remarked that needles were pass-

thoroughly soaked with water and made a good conductor for the electricity. Women and children felt the shock, and they become panic stricken when several of the men were thrown from their feet. The car was stopped by some one pulling the trolley pole from the wire, shutting off the electric-

ity, An investigation showed that the insulation of a wire connected with the heating apparatus had fallen off, allowing the copper wire to come in contact

Of the five victims of the dynamite explosion at the Sherman hill gravel pits in Wyoming, two died Tuesday night and a third was not expected to survive the day. The remaining two, whose injuries are comparatively slight, were sent to the Denver hospital. John Boulangez died at 9:15 p. m. on Tuesday. His body presented a horrible sight, a large hole having been torn in his abdomen, through which the intestines protruded, and his right arm be-ing shot away near the shoulder. He was a French Canadian, a single man, and had no home in this country. Rob-ert Parker and George Parfrey, rallied from the first effects of the shock and amputations were made, Parfrey losing his right leg and Parker his left, taken off immediately above the knee, the main part of the leg in each case having been literally shot away. Serious wounds were found all over the thighs and buttocks of these men, in which were pieces of the tin can in which the dynamite was being thawed, bits of solder from the can, gravel and

**Burlington** Movements.

Just what the Burlington is planning in the vicinity of Brush, Akron and Sterling, is not plain, but it is evident that something that has not yet been made public is shaping around that will eventuate in a surprise.

Last week a new line was mapped from Akron to Sterling and the statement was made that the tapping point on the main line would be changed from Brush to that place. But in the face of this on Monday last the Bur-lington paid \$1,000 on a right of way at the edge of the town of Brush, and on the same day paid to a farmer two on the same day paid to a farmer two miles from town \$700 on a similar transaction. It is reported from a reliable source that there are only two persons that the company has not tled with for right of way between Brush and Sterling. Contractors are in that vicinity pre-

paring for vigorous work as soon as the weather will permit, and are ar-ranging with farmers and others, and have been engaging teams for the grade for the past twelve days .-- Laramie Boomerang.

May Precipitate Rate War.

A war over the question of freight rates between the Eastern and Western roads terminating in Chicago is likely to occur, thinks the Chicago Record. Some time ago the Eastern trunk lines issued an ultimatum to the effect that after Feb. 28, they would cease to bill any freight beyond Chicago. This ac-tion will have the effect of advancing the rates on all articles of freight from the east to points west of Chicago via that city, and at the same time of re-ducing the charges on traffic from the East to the same Western points when billed via St. Louis or other gateways south of Chicago. Under the schedule the rate of first-class shipments from New York to the Mississippi river via Chicago will be \$1.55, while the rate to the river via the St. Louis route will be \$1.47 per 100 pounds. Though apparent-ly this is a slight difference, it is a big one when considered from the railroad and shipping standpoint. Officials of and shipping standpoint. Officials of the Western roads are up in arms in consequence of the position assumed by the officials of the Eastern roads, and there is talk of retailating on castbound

there is tails of relating on the order business via Chicago, unless the order of the latter roads is rescinded. A meeting of the representatives of the two sets of roads will be held in New York before the end of the month to consider the question.

#### RAILROAD NOTES.

Agent Flynn of the Missouri Pacific has gone to New Orleans.

Traffic Manager Babcock of the Western has returned from California.

Four cars of Aslatic silk passed through Laramle Monday night en route east.

Treasurer Hall of the Seven Devils road passed through to Weiser, Idaho, from the East.

The Brotherhood of Railroad Train-men and the Ladies' Auxiliary gave a successful ball at Laramie on Tuesday evening.

"A Peep Into a Mountain-Walled Treasury of the Gods," is a booklet by Col. Pat Donan, and tells all about some leasant, curious and interesting things to be seen on the Rio Grande Western. Union Pacific engines 1810 and 926 have just been repaired and engines 1807, 1033 and 702 have gone into the

handsome decoration, being in the form of a Maitese cross, backed by a laurel wreath and surmounted by an Ameri-can eagle. In the center of the cross is the profile of George Washington, encircled with the motto "Libertas et Patria," the reverse being the title of the recipient. The decoration was cast from Spanish gun metal and each medal is accompanied by a parchment certificate from the national society, signed by the national officers. Only one of the medals has so far been delivered, that of Lieut, Col. John Q. Cannon, of the Second United States Volunteer cavalry (brigadier general U. N. G.) others will be received shortly for the followwill be received shortly for the follow-ing gentiemen: Lieut. Sidney K. Hoop-er, of the Second U. S. volunteer caval-ry; Everett B. Ferris, of battery A, now at Sunnyside, Utah, Dr. Franklin A. Meacham, now in Manila; Dr. Geo. H. Penrose, now in Manila; Lieut. J. F. Preston Jr.; Capt Walter K. Wright, Scientific for the second Seventh infantry.

# **CUN CLUB SHOOT CONTEST**

# Had an Interesting Time at Popperton Yesterday Afternoon.

In Spite of the Blustery Condition of the Weather, Good Records are Made.

The Salt Lake Gun club had a very enjoyable time yesterday, particularly in the afternoon.

In the morning six men journeyed out put in time practicing for the afternoon's contest. In spite of the inclemency of the weather eighteen of the twenty-three members who went out in the afternoon took part in the shoot.

For the preliminary practice each man was allowed twenty shots, the record of this was demolished by Cal Callison who downed his entire twenty birds. Following is the practice score: Dead, Lost.

F. Callison ..... month H. 

For the club score two sides were selected. Callison missed only one bird out twenty. The stiff wind no doubt did much to prevent the boys from run-ning up very large scores. The following scores are the individual and for the two sides: WINNERS.

Dead, Lost. Cal Callison .. ..... 19 L. M. Link 

V. P. Powler ..... W. Henderson ..... 

LOSERS.
