

MARTIAL LAW IN COLORADO.

Gov. Peabody Proclaims it in Las Animas County Because of Miners' Troubles.

ALL THE MILITIA CALLED OUT.

Western Federation of Miners Secures An Injunction Against Citizens' Alliance.

Denver, March 22.—A proclamation was issued by Gov. Peabody tonight declaring the county of Las Animas in a state of insurrection and rebellion, subsequently an order was issued for 500 troops under command of Maj. Zeph T. Hill to proceed to Trinidad, the county seat. The men were instructed to gather abroad trains and their commanders given sealed orders and told to open them at midnight. In his proclamation the governor says that there exists in Las Animas county a certain class of individuals who are fully armed and acting together, resisting the laws of the state and offering violence to citizens and property. The civil authorities of the county are quoted as authority for the statement that not less than 1,500 unemployed men are armed in apparent anticipation of an open conflict.

Las Animas county forms the larger portion of the southern Colorado coal fields, where the members of the United Mine Workers of America have been on a strike for several months.

MILITIA CALLED OUT.

Denver, March 22.—Orders were issued by Gov. Peabody today for the entire national guard of this state, numbering approximately 2,000 men, to be prepared for service at three hours' notice. No information was given out as to what service will be required of the troops, but it is unofficially announced that 300 men under command of Maj. Zeph T. Hill will be sent to the southern coal fields to protect negroes who have been hired to take the places of the striking coal miners. It is also reported that the governor has determined to send troops to San Juan county to prevent the exiled Telluride union miners from mobilizing and march back to that place in a body.

ALLIANCE ENJOINED.

Montrose, Colo., March 22.—On application of John H. Murphy, general counsel for the Western Federation of Miners, District Judge Theron Stevens today granted a temporary injunction against the members of the Citizens' Alliance of Telluride and all others who may attempt to prevent the return to that place of union miners recently deported by a mob. Notice of the injunction will be served on the persons named in the application tomorrow and otherwise given publicity. Judge Stevens in granting the injunction expressed the opinion that the evicted miners were being deprived of their rights. Atty. Murphy, when seen after the decision had been made, said that the deported men would arrange immediately to go back to their homes.

CONVENTION CALLED.

Trinidad, Colo., March 22.—A convention of members of district 15, United Mine Workers of America, has been called to assemble in this city Thursday next. Secy. John Simpson says that the purpose is to outline a policy to be pursued in regard to the future action of the organization.

Members of the union say that a vote is to be taken on continuing the strike or returning to work.

Sale of Chilean Warships.

New York, March 22.—A semi-official statement says no warships can be sold without the authorization of congress, cables the Herald from Valparaiso, Chile. This is given out in connection with rumors that a New York firm had closed negotiations for the purchase of several war vessels. Meanwhile, it is insisted, every detail had been arranged between the administration and the American firm's agent in Santiago, but against this there is a secret agreement of the senate whereby no more warships are to be sold if the Argentine government does not sell some of her ships.

Earthquake Registered.

Baltimore, Md., March 22.—The earthquake that shook New England Monday was separate and distinct from one felt here an hour and a half later. This was shown by developing the films of the seismograph at Johns Hopkins university. They record a 15-minute shock that started in this vicinity at 2:30 Monday morning. The quake which thrilled all of New England, occurred at four minutes past 1 o'clock in the morning.

SECURITIES CO. HAS A NEW PLAN.

Capital Stock Reduced, and Railway Shares to be Distributed To Stockholders.

SCHEME FORMALLY ADOPTED.

Hill and Harriman Are Highly Pleased While Morgan Has Nothing To Say.

New York, March 22.—Following a day of great excitement in the stock market and numerous conferences among the leading financial interests, the new plan of the Northern Securities company was made public this evening in a circular letter to Northern Securities stockholders, signed by President Hill. The letter says, in part:

"The stock of the Northern Securities company was issued solely for the shares of the Northern Pacific and Great Northern Railway companies and other properties purchased by it.

"The company's acquisition of Northern Pacific and Great Northern shares was made in the full belief that such purchases were in no wise obnoxious to any law of the United States or an opinion which has received the approval of four justices of the supreme court of the United States, namely, Chief Justice Fuller and Associate Justices Edward White, Rufus W. Peckham and Oliver Wendell Holmes in the suit brought by the United States against the right of the company to hold and vote the shares.

"However, the majority of the court, disregarding as irrelevant any beneficial increase of commerce, was of the opinion that as a matter of law your company's holdings of the stocks of the two railway companies in itself constituted a restraint of interstate commerce prohibited by the so-called Sherman act of 1890. Accordingly, the railway companies have been forbidden to permit your company to vote or collect dividends on the shares held by you.

"Therefore, your directors, at a meeting held this day, have, under the advice of counsel, decided that in order to fully and promptly comply with the decree in this suit, it is necessary to reduce the capital stock of the company and to distribute to its shareholders the shares of stock of said railway companies now held by you.

"To this end they have adopted resolutions recommending to the stockholders:

"First—That the capital stock of this company be reduced from 3,954,000 shares, now outstanding, to 39,540, being a reduction of 99 per cent.

"Second—That said 99 per cent of the present outstanding shares be called in for surrender and cancellation.

"Third—That against each share of the stock of this company so to be surrendered, there will be delivered \$39.27 stock of the Northern Pacific Railway company; \$30.17 stock of the Great Northern Railway company, and proportionate amounts thereof for each fraction of a share of stock.

"As required by the laws of the state of New Jersey, under which the company was created, a special meeting of the shareholders has been called for April 21, 1904, at 11 o'clock a. m., at the office of the company in Hoboken.

"For the purpose of this meeting the stock transfer books will be closed on April 18.

"The assets of the company remaining in the treasury after the foregoing distribution is made will consist of stocks and other property in no way involved in the suit, producing income and conservatively valued at an amount in excess of \$3,954,000, to which it is proposed to reduce the stock of the company."

The new plan was formally adopted at a meeting of the directors which began in the morning and lasted until well into the afternoon. There were present at this meeting President Hill, George F. Baker, William P. Clegg, Edward H. Harriman, D. Willis James, Daniel S. Lamont, John S. Kennedy, George V. Perkins, N. Terhune and one or more other directors.

After the close of the market a long conference was held at the offices of J. P. Morgan & Co. Those who attended included Mr. Morgan, Mr. Harriman, Mr. Hill, Mr. Lamont, Mr. Perkins, J. P. Morgan, Jr., Francis Lynde Stetson of counsel to J. P. Morgan & Co., and ex-Judge Bunn of Minnesota. Mr. Hill's personal legal adviser, Messrs. Hill and Harriman left the Morgan banking house arm in arm and apparently in the best of spirits. Both declined to make any statement beyond saying that a perfect understanding had been reached all around. Mr. Hill denied that there had been any differences respecting the dissolution plan. Mr. Morgan and his partners had no comment to make, but Mr. Morgan seemed pleased with the day's events.

At the banking house of Kuhn, Loeb & Co., the chief financial bankers of the Harriman system of railroads, no statement of any sort was forthcoming. A report that the firm had, as the Har-

riman representatives, received a substantial cash bonus for agreeing to the distribution plan could not be verified. The street heard that Hill-Morgan interests would be given representation in the Union Pacific road, in return for which Union Pacific interests would be asked to take a place in the Northern Pacific directory.

CHICAGO SCHOOLS. To be Organized as National, State, and Municipal Governments.

Chicago, March 22.—The public schools of Chicago will be organized into miniature national, state and municipal governments, if plans under consideration by Supt. Edwin G. Cooley carried out.

Supt. Cooley believes that by bringing the pupils into organizations representing the three different stages of government, civics can be taught with better results than in any other way.

The plan being considered by Supt. Cooley and other Chicago educators interested in the project, contemplates the election of a national house of representatives from the grammar schools, considered as separate states, and the election of senators from the high schools.

Each elementary school will send one representative to the national congress and each high school will send several senators—one or two from each year's class—to the higher branch of the mock national government.

The state and city governments will be formed in much the same way.

The president and all officers of the different branches of government will be elected by the Australian ballot system, and in every detail the machinery of the national government will be copied.

The life government will be founded upon the principles of co-education and equal suffrage.

BONILLA MUST DIE.

Court-Martialled and Sentenced To be Shot.

New York, March 22.—There is a rumor that former President Policarpo Bonilla, of Honduras, has been tried by court-martial and sentenced to be shot to death, says a Herald dispatch from Panama. He was arrested and thrown into prison last month, with several other members of the chamber of deputies. The delegates to the convention who were charged that a plot against the government of President Manuel Bonilla was hatching among them.

Gen. Policarpo Bonilla for many years was the president of the country, and it was said that he was the only man who ever retired from office willingly and without starting a revolution to bring him back into power again. It was during his administration that a reform constitution was adopted which provided among other changes for a secret ballot instead of the viva voce method of election.

International Law Conclave.

St. Louis, March 22.—A ways and means committee has been appointed by Frederick W. Lehmann, chairman of the St. Louis bar committee, to arrange for the international law conclave to be held here this summer. It will be the duty of this committee to raise an entertainment fund, which has been estimated at \$10,000. The delegates to the convention will include the most famous jurists of the world.

The Midget Will Remain Closed.

Victor, Colo., March 22.—James F. Burns, president of the Portland Mining company, and largely interested in the Midget mine, which the miners were called out last Saturday, has made the following statement:

"You can state positively for me that the Midget will remain closed for the present, but when it is worked it will be on the 'open shop' plan. We will employ whatever miners we wish and we will ship to whatever mills and smelters we choose."

Mr. Burns has continued to operate the Portland mine since the miners' strike, having agreed to the terms of the union.

PLANS TO KILL DIVORCE EVIL.

Eminent Protestant Ministers and Laymen Trying to Solve The Problem.

UNIFORM LEGISLATION WANTED

Proposed Law Put in Rough Draft—Views on Subject Are Not Unanimous.

New York, March 22.—Agitation against divorce and the marriage of divorced persons has resulted in a meeting here of eminent Protestant ministers and laymen who will attempt to solve the problem of uniform legislation on the subject by the states of the Union. A meeting of the executive committee of the conference, presided over by Bishop Doane of Albany drafted a rough outline of the proposed law which later will be presented to the full meeting for discussion. The conference is a direct result of action taken by the Protestant Episcopal church in its last general conference at San Francisco.

"Every effort will be made to forever solve the divorce evil so far as the Protestant churches are concerned," declared Right Rev. David H. Greer, bishop coadjutor of the Episcopal archdiocese of New York.

"The Roman Catholic church was invited to participate in the deliberations of the conference, but declined. The opposition of that church regarding divorces is well known, however.

"Personally, I don't believe in divorce or re-marriage, but in separation only. Other gentlemen at the conference may have other views; but it is the purpose of the representatives of the Episcopal, Methodist, Presbyterian, Reformed Evangelical, Lutheran, Baptist, Congregational, Universalist, Unitarian and Reformed Presbyterian churches to decide upon some final method involving a comity of relation and uniform practice to treat the great evil of divorce in this country, so that persons who were married under the rites of one church cannot, after securing divorces, re-marry under the rites of some other Protestant church.

"Ideal legislation in such matter can come only after many rebuffs, discouragements and long deliberation as to the wisest course; but such legislation will be enacted and the divorce scourge checked in so far as it is in the power of the churches to accomplish."
