LOCAL AND OTHER MATTERS.

Records.—We have on hand, at
this office, a supply of Family and
Elder's Quorum Records.

Notice.—To-morrow, evening,
July 10th, at 7.30 a special meeting
of the Salt Lake City Fire Brigade
will be held in Fireman's Hall.

R. H. HARDY, Secy.

Elevator.—Mr. Henry Dinwoodey
is having an elevator constructed
for use in his waterworks, on First
South Street.

Found.—On the road between
Pleiche and Deseret Springs a por-
tuguese, blankets, address to
Mr. Henry Blackmore and some
other articles. The owner will
please apply to William White of
Summit Creek, Iron County, Utah,
for recovery of property.

Dropped Dead.—Yesterday morn-
ing, John Skelington, while at
work in the field of Mr. Henry
Brown at Slaterville, Weber Co.,
dropped dead. Deceased was aged
about 35 years. The cause of death
was probably heart disease or the
effects of the oppressive heat.

The occurrence is mentioned in
the Ogden Journal.

The Coming Fair.—The coming
Territorial Fair, under the auspices
of the Deseret Agricultural and
Manufacturing Society, will be held
on or about the 2nd, 3rd and 4th of
October. The stock, which is ex-
pected to be a very prominent
feature of the affair, will be exhib-
ited at Agricultural Park, and the
products of art, mechanism, agri-
culture, etc., at some suitable place
near the central part of the city.

The Tannery.—Because the new
tannery has not yet placed its lea-
ther upon the market some people
may suppose that that establish-
ment is sleeping. Such is not the
case. It is getting a good ready,
and when it begins to issue its pro-
duct it will send out a daily stream
that will be somewhat surprising.

We have great confidence in the
success of the tannery. An im-
mense quantity of hides is in pre-
paration.

A Gala Day.—The people of the
21st Ward are preparing for a gala
day on the Twenty Fourth. A
large bower has been erected upon
the public square. Under the
people will assemble in the morn-
ing and engage in singing, speech-
making, etc. In the afternoon the
boys will play base ball and indulge
in other athletic sports. The pro-
ceedings will wind up with a dance
in the evening.

Conville.—A gentleman just in
from Cavellville informs us that
there are exceedingly dull in and
around that part of the Territory.
The coal traffic upon the narrow
gauge line between that point and
Echo, which had been suspended
for about a couple of weeks, has
been resumed, and three times a
week, aggregating 50 tons of coal,
are being made.

Owing to the ravages of the grass-
hoppers, probably only about half a
crop will be raised throughout the
county.

Returned Missionary.—This after-
noon we received a call from
John F. Dorius, of Ephraim, San-
pete County, who returned with
the company of emigrant Saints
which reached here last night, from
a mission to Norway. He left here
on the 6th of May, 1875, and pro-
ceeded to Denmark, where he lab-
ored about a year. After that he
presided over the Christiana (Nor-
way) Conference, occupying that
position for one year. This is the
second mission of Elder Dorius to
Scandinavia since his first arrival
in Utah, in 1857, having gone to
that part of the world in 1859, re-
turning in the fall of 1863.

During his late mission he labored
diligently for the spread of the
gospel, and a goodly number were
added to the Church in the fields
where he traveled. The prospects
in the Scandinavian mission are
excellent, and the Elders feel en-
couraged.

Searching Heart.—Mr. W. C.
Dunbar has received a letter from
Elder A. F. Macdonald, written at
Orkney Islands, north of Scotland,
and dated June 27th. A short time
previous to that date there was a
large public gathering there, for the
purpose of celebrating the anniver-
sary of the birthday of Tennyson,
the Scottish poet. It happened
that the weather was so scorching-
ly hot that, in consequence of it,
the meeting had to break up and
the people disperse.

In that naturally cold region this
atmospheric condition is indeed
extraordinary. The extremely
high temperature of the atmos-
phere appears to be confined to no
particular section, but extends to
various parts of the world. Inge-
neral parts of the United States, it
appears to be unusually oppressive,
causing numbers of people to die
in their beds, without actual exposure
to the rays of the sun.

In speaking of the judgments that
were to be poured out upon the peo-
ple of the earth, in the last days,
preaching the second advent of
the Son of Man, the 8th and 9th verses
of the 19th chapter of Revelation
say:

"And the fourth angel poured
out his vial upon the sun, and pow-
er was given him to burn men with
fire."

"And men were scorched with
great heat, and blasphemed the
name of God, which hath power
over these plagues, and they repen-
ted not, to give Him glory."

The Emigrants.—The company
of Saints that sailed from Liverpool
on the *Arctica*, arrived in this city
last night, as expected. The Scan-
dinavian portion, numbering about
500, were taken to the "Old Wash-
ington House," on Third South
Street, where their countrymen of
this city, under the direction of
Elder A. N. Winberg, regaled them
with a substantial supper, and
showed them other attentions and
kindness.

The company had a pleasant and
prosperous journey all the way.
The voyage of the Scandinavians
from Copenhagen to Hull was re-
markable for smoothness, the
North Sea, which is frequently
very rough, being like a mirror.
From Liverpool to New York, on
the Atlantic, no stormy weather
was experienced.

The only deaths that occurred was
that of Elder Joseph E. Hyde and
a little child. Overland there was
some suffering from heat between
New York and Omaha, but west of
that point it was comparatively
cool.

The company, both on sea and
land, were treated with great cour-
tesy and kindness. Elder John
Cook was in charge of the Saints,
and he was ably aided in seeing to
the comfort of the people by all of
the returning missionaries.

The greatest unanimity of feeling
prevailed among the Saints on the
entire journey.

Tabernacle Benefit.—Energetic
measures are being taken to make
the concert, to be given in the
theatre next week, for the benefit
of the New Tabernacle, entertain-
ing and successful. The services of
the most talented local profession-
als are being secured, as well as the
best amateur ability available, and
there is no doubt the entertain-
ments will well repay the public
who patronize them.

To better insure the success of
the programme, by giving more
time for preparation, and to secure
the services of other performers,
who will be absent from the city on
the 14th, the evening performance
will be postponed till the following
Saturday. The matinee will be
given as announced, in the after-
noon of the 21st inst., when fam-
ilies and children may have an op-
portunity of enjoying themselves.

Fruit and Fungus.—We can now
speak for a experience of the flavor
and quality as well as the size of
the Jersey Seedling gooseberry.
They all correspond and therefore
this variety stands in the front
rank as one of the good fruits of
Utah. Brother Jeremy has preserv-
ed his gooseberries almost entirely
from the offensive mildew which
has blighted that fruit this season,
by sprinkling sulphur on and
around the bushes. This effectu-
ally destroys the fungus. Garden-
ers, make a note of this for an-
other season.

Water Power.—The use of water
power in place of steam is becom-
ing gradually more common in this
city. Several elevators are run by
water motion, and soon the presses
in the establishment of our contem-
porary *Herald* will be operated
by the same means, the machinery
having been recently imported for
that purpose. Messrs. Ellerbe &
Co. are laying the necessary
pipes. Water motors have been
successfully used by some eastern
printing offices for over five years.

CORRESPONDENCE.

Funeral of Elder J. E. Hyde.
LOGAN, July 17th, 1878.

Editors Deseret News:

The remains of Elder Joseph E.
Hyde, reached here to-day about 2
p.m. His funeral services were
held in the basement story of the
Tabernacle at last past 3; quite a
large congregation assembled to
pay the last tribute of respect to the
deceased.

In consequence of the advanced
stage of decomposition of the body,
it was deemed advisable not to open
the coffin for the inspection of the
people, but was taken into the
congregation, but was stationed
immediately outside until the ser-
vices were ended, whence it was
taken to the cemetery, followed by
a large number of vehicles filled
with sorrowing relatives and
friends.

The peculiar circumstances con-
nected with the demise of the de-
ceased, gave a heartfelt interest to
the occasion, the deceased having
but recently left on a mission to
England. Although in poor health,
yet, as some of his friends told
me, a change of atmosphere would
prove beneficial to him, which has
proved not to be the case, and the
fact of his having died upon mis-
sion, produced a solemn feeling,
which was experienced. He left his
family and home as an ambassador
of life and salvation to a fallen
world, sent by the highest author-
ity on earth, and while in the dis-
charge of his duties, with his armor
on, he fell a victim to the pesti-
lence of the East, and his friends
were left to mourn, whose
remembrance were true, and season-
ed with the spirit of God, and while
perpetual peace and comfort to the be-
lieved.

Elder Hyde was 35 years, 3
months and 27 days old, was high-
ly respected in this community,
being a man always ready to work
for the interest of the kingdom of
God. He leaves a wife and five
children.

Respectfully,
JAMES A. LEISHMAN.
