Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

WASHINGTON, 6.—Sherman offered a resolution directing the committee on privileges and elections to enquire and report whether the recent election for President and Vice-President was conducted in Louisiana and Arkansas in accordance to the laws of the U. S., what contests have arisen as to who was elected at the elections in either of those States, and what measures are necessary to provide for the determination of such contests and to guard against and determine like contests in the future. The committee to have power to send for persons and papers, take testimony, and if necessary authorize suitable unprejudiced persons not resident in said States, to take such testimony as will be material in the determination of any contest there growing out the election.

West objected to present consideration, and the resolution was laid over.

Morton offered a resolution directing the committee on privileges and elections to examine and report, next session of Congress, on the best and most practicable mode of electing the President and Vice-President of the U. S., and of providing a tribunal to adjust and decide all contested questions connected therewith. Ordered printed.

Edmunds' resolution asking the Secretary of War to communica'e information in his possession as to the expenditures in suppressing Indian hostilities in Washington Territory and Oregon, was agreed to.

Scott offered a resolution, which was agreed to, directing the committee on finance to inquire whether the Secretary of the Treasury has power under the existing law to issue U. S. notes in lieu of the forty-five million bank notes cancelled under the act of 1866.

A resolution was adopted directing the judiciary committee to inquire into the propriety of repealing the national bankrupt law from and after Jan. 1st, 1874, and providing for the immediate repeal of so much of the said act as relates to involuntary bankruptcy.

On motion of Stewart the question pending since last session, referring to the Goat Island bill, was taken up. Stewart said he would accept Cole's amendment referring the bill to the committee on military affairs, and it was so referred.

The Indian appropriation bill was taken up. The amount appropriated by the bill is $5,434 165, $917, 997 less than last year.

When the item of appropriating $200,000 for the Sioux Indians was reached, Hamlin had read a communication from Cowan, acting Secretary of the Interior, setting forth the sources of information about the Teton Sioux, and stating that, in view of recent charges in the newspapers, no such Indians existed. An order had been issued on the seventh ultimo prohibiting the auditing of all alleged disbursements for the benefit of the said tribe until further notice. The communication was accompanied by a statement of disbursements for the Teton Sioux during the past year, from which it appears that only $308,000, out of $500,000 appropriated, had been paid out. The bill was finally agreed to.

HOUSE.

A large number of bills were introduced and appropriately referred.

After discussion the House voted, 130 to 7, and ordered open sessions of the credit mobilier investigating committee.

The President nominated Alex. Cree for postmaster of Georgetown, Cal.

A resolution for public sessions of the credit mobilier investigation committee was offered by Frye, Stevenson and Randall. Each wanted Frye to accept a substitute for the resolution, but the latter declined both. The resolution was finally adopted, 130 to 7, the negatives being Hale, Hear, Maynard, McHee, Pierce, Platt and Twitchell.

Randall moved to suspend the rules and the adoption of his resolution relative to the Union Pacific.

Platt suggested that the resolution be made to apply to the Central Pacific.

Randall said after his resolution was passed, then he would go for the Central Pacific.

The rules were suspended and the resolution adopted, 98 to 23.

Wilson, of Indiana, offered a resolution for another secret committee of five to inquire whether any of the stockholders of the credit mobilier hold bonds in the Union Pacific, and whether they obtained them for valuable consideration, &c. Adopted.

Sargent offered a resolution calling for information as to the suitability of the White House for the President's official and family residence. Adopted.

EASTERN DISPATCHES.

NEW YORK, 6.—Mayor Havemeyer, in his message, recommends the consolidation of the city and county governments, and the restoration of executive and legislative powers to the mayor and common council, that the various commissions be revised and made accountable to the central government, and that special legislation be discouraged.

A large number of Communists will shortly arrive from Paris. Their friends are preparing to give them a reception.

Ex-Mayor Hall slipped and broke his ankle bone last night. He will be confined to his house a month.

NASHVILLE, Tenn., 6.—The legislature met at the capitol to-day. Each branch spent the day in ineffectual balloting for presiding officers.

LITTLE ROCK, Ark., 6.—The general Assembly met here at noon to-day. The Republican caucus nominees for officers were elected in each house. Both houses met this evening in joint session, canvassed the vote for governor, and declared Elisha Baxter elected. Baxter was sworn in by the Chief Justice and he delivered a short inaugural address, very conservative in tone. It was well received by all parties.

ANNAPOLIS, Md., 6.—The trial of Mrs. Elizabeth G. Morton, indicted for attempting to poison Eugene Vannoss in June 1871, commenced in the circuit court of Anne Arundel county to-day.

WASHINGTON, 6.—The House committee on appropriations to-day finished the naval appropriation bill, which appropriates $18,864,903; also the fortification bill, appropriating $1,999,000. The military academy bill was also agreed upon. It appropriates $551,000 and leaves the law relative to the appointment of cadets as at present, which allows an increase of cadets, for an increase of representatives in Congress.

NEW ORLEANS, 6.—An immense crowd of citizens, estimated to number 20,000, gathered on Lafayette square and other streets in the neighborhood of the Odd Fellows' Hall, where at noon to-day the Warmoth legislature met. The crowd was remarkably quiet. No quorum present in either house and both adjourned to noon to-morrow.

The Kellogg legislature met as usual, but adjourned early.

WASHINGTON, 6.—Oakes Ames' testimony shows that Senator Grimes, John D. Alley and Samuel Hooper, subscribed largely. Colfax wanted some of the allotted stock, but it was never transferred to him. Mrs. Henry Wilson objected to the investment made for her and the money was returned. Patterson, of New Hampshire, received dividends on thirty shares. Blaine declined to receive any. Dawes negotiated, but declined after inquiry. Bingham took twenty. Garfield agreed to take ten, but never received them. Boutwell was offered some, but he did not take it. Kelley, of Pa., had no money to buy. Schofield took one share, but returned it. James F. Wilson and W. B. Allison, of Iowa, bought ten shares each. Ames never gave one to Senator Conkling.

WESTERN.

VALLEJO, 6.—Steps are being taken to have a grand regatta at Vallejo, in which all the boat clubs in the State will be requested to enter their four-oared shells for the championship of the State.

SAN DIEGO, 6.—On Saturday morning the board of city trustees sold at public auction the lands deeded by San Diego and Gila R. R. Company. James A. Evans engineer-in-chief of the California division of the road, was the only bidder. The entire tract of nine thousand acres was knocked down to him for $160. This gives the Texas and Pacific R. R. Co. complete title to the lands.

The San Diego and San Bernardino R. R. Co. recently presented a petition to the board of city trustees, asking them to aid the enterprise. No favorable action being taken by the board, the petition was withdrawn.

The new Sunday code respecting the closing of saloons and bar rooms was not noticed nor enforced here.

EUROPEAN.

LONDON, 6.—The *Holsatia*, which arrived at Plymouth yesterday, from New York, ran ashore for a while last night on Drake's Island, but was little damaged.

Napoleon had the second operation performed to-day, with favorable results.

The British government declines to support the proposal of the Royal Geographical Society for sending out an Arctic expedition partly at the public expense.

The ship *Wallace* of Boston was burnt to the water's edge in the harbor of Sanboy.

ATHENS, 6.—The Greek government, on the recommendation of the Great Powers, has consented to submit the question of Laurium to arbitration.

PARIS, 6.—The new census of France shows a population of 36,102,921, a decrease of 366,935 since 1866.

LONDON.—Napoleon was more restless on the night of Sunday than any since the operation, but his physicians express themselves well satisfied with his progress.

ROME, 6.—A large deputation of Catholics from Ireland waited on the Pope to-day and presented an address, reciting the benefits conferred on Ireland by the Holy See, and tendering his Holiness a contribution of Peter's pence. The Pope, responding, deplored the ingratitude of a people who permitted the spoliation of the church. He made an expression in favor of the Irish people, whom he praised for their enduring attachment to the church. He congratulated them on the preservation of their faith and concluded by giving the apostolical blessing to Ireland.
