

LOCAL AND OTHER MATTERS.

THEATRICAL.—"Who Killed Cook Robb?" and the burlesque were well performed last night. The text of the former was not closely adhered to, which, instead of a defect was rather an improvement, for the piece might come under the designation of "Talky." Kate Denin, Mr. Graham and Mr. Margetts were each excellent in the roles they assumed.

Of "The Field of the Cloth of Gold" we need add nothing to what we have said before.

Between the pieces there was a very neat and well performed act on the horizontal bar, by Messrs Harris and Appleby, two young gentlemen of the city, who responded to an encore by an acrobatic act.

To night Mr. Lindsay takes a farewell complimentary benefit, and will present "The Duke of Alton." This drama is new, and lengthened reference to its attractions are needless. One feature of its performance has always been the dancer's gait; another the duel with eight; and third the magnificent scene where the plot culminates. Mr. Lindsay plays Lagardes, Kate Denin, Bianca de Savers and Mr. Wilson, the Countess, with a full distribution of characters.

THE WOOLLEN MANUFACTURERS' ASSOCIATION OF THE NORTH-WEST.—We have received a notice that the third annual meeting of the above association will be held at the Tremont House, Chicago, on the 17th inst. Amongst the business to be considered is that of changing its name and plan of operations so as to include manufactures of cotton, silk, flax and hemp. The name proposed to be substituted is, "The Textile Manufacturers' Association of the West and South," in accordance with joint resolutions adopted at the annual convention held in Cincinnati.

The association is doing much good and has manifested considerable interest in the development of the woolen manufacture of this Territory, would be glad to receive specimens and we believe delegates to attend the approaching convention.

THE CLETON BILL.—Our readers will observe in to-day's dispatches that Cleton presented his little bill "in aid of the execution of the laws in the Territory of Utah and for other purposes," to the House of Representatives yesterday. From the summary of contents forwarded us by telegraph we judge that "our bill" has grown since last heard from. Then it was only thirty sections in length, now it measures thirty-four. The House very kindly recommitted it, and we believe that the good sense of its members will lead them ultimately to repudiate such an attempt at barbarous and unenlightened legislation as unworthy of the age we live in.

ANOTHER BENEFIT.—We notice that Mr. Graham is underlined for a benefit on Monday evening next. We understand that the comedy of the "Victims" and the farce of "Horatio Thomas Sparkins, or My Aunt Charlotte's Maid" are the pieces selected.

A CORRESPONDENT'S IDEAS.—The New York correspondent of the Cincinnati *Daily Chronicle* refers to the labors of the Elders east in the following terms:

"Mormonism is flourishing in this section, it is said. Missionaries are busy at work on Long Island and make many converts, particularly in and about Williamsburg, where they have established headquarters and where there is quite a large congregation of the elect, who meet every Sunday and have preaching. It is wonderful how zealous these people are. It would sometimes seem as though the prophets and teachers of a false faith had more ardor in the pursuit of converts than characterize the disciples and ministers of the true God—perhaps because they have more need of it. Here, when they have gained a subject they do not suffer his enthusiasm to cool, but proceed to rivet his chains by the waters of baptism; then give him work to do, engage him to convert others, that his burning, passionate zeal may have an outlet in the effort to make proselytes, and he becomes confirmed in the faith himself. These men understand thoroughly the human nature of the class with which they have to deal."

LEGISLATIVE.

COUNCIL.

January 28.
The committee on roads etc., recommended that \$5,000 be incorporated in the Territorial Appropriation Bill, to be expended on the Logan Canyon road. Agreed to.

An act to provide for the election of the members of the Legislative Assembly of the Territory of Utah, was read and referred.

THE JUVENILE INSTRUCTOR

An Illustrated Paper.

PUBLISHED EVERY OTHER SATURDAY.

AT THE DESERT NEWS OFFICE, SALT LAKE CITY.

GEO. Q. CANNON.

Editor and Publisher.

The JUVENILE INSTRUCTOR is published for the special interest and benefit of the rising generation. It is the only paper of the kind published in the Territory, and should be patronized by every family in the Territory. It is about entering on its FIFTH VOLUME, and

Now is the Time to Subscribe.

ITS ENGRAVINGS

Are the very best that can be found, and are illustrations of

Prominent Incidents in Bible History,
The Ancient History of Nations,
The Modern History of Nations,
Travels of Men of Note,
Scenes from Nature,
The Habits of Birds and Reptiles,
The Habits of Animals.

Its Reading Matter will comprise

Important Events in the History of Past Ages,
Plain and Instructive Information on the Sciences,
Discoveries and Inventions,
Travels and Researches,
Struggles and Rise of Men and Nations
Choice Poetry, and
Many other Subjects.

Including a copious and
Authentic History of Joseph Smith.
Which must ever be a matter of superlative interest to all Latter-day Saints.

It will be the aim of the Editor to make the JUVENILE INSTRUCTOR a perfect cyclopedia of information, instruction, and amusement, and while designed specially for children and juveniles, it will be capable of imparting useful and valuable information to "children of a larger growth."

It is the present intention to issue the

FIFTH VOLUME

IN A NEW DRESS.

Agents, School Teachers, Parents and Children, lose no time. Send in your subscriptions immediately. Let us have your names for the first number of volume five.

Some People "fly completely off the Handle"

When an article is said to do many things; now for our part we esteem and appreciate a preparation just in proportion to the amount of time and labor we can save by its use. The

RENOVATING MIXTURE

will remove with little trouble, every particle of Grease or Paint from your Coats, Vests, Pants, Hats, Dresses, &c., without injuring, in the least, the most delicate, the finest fabrics. It is also very useful in removing the grease and dirt from doors and jambs much used by kitchen hands. Besides this it will kill Bed Bugs as well as their eggs and thus prevent the head like a charm, creating a fine lather and removing every vestige of dirt and dandruff in a twinkling. It does the hair no harm being principally composed of Nitrogen—the element which enters most largely into the composition of hair.

WASHING COMPOUND

Causes a great saving of SOAP and LABOR as well as the wear and tear of clothing attendant upon so much washboard rubbing as is usually necessary to bring the clothes to a proper degree of cleanliness. Some women are in the habit of using Turpentine, Alcohol, Ammonia, Camphor Gum, &c., in their washing fluids; but none of them ought ever to be used for such purposes (one woman lost the use of her arm for six months by using a fluid containing Turpentine). The Turpentine and Alcohol especially tend to open the pores of the skin and thus render the person more liable to take cold as also to weaken the arms. This Compound does not fade but brightens Calicoes. It is well adapted for Washing Machines.

LIQUID BLUEING.

Most of the Blueing sold is poor stuff, leaving specks in the clothes. To avoid this, people should purchase ours, as it will be found much cheaper and more reliable. It is also a magnificent and durable BLUE INK. We desire our customers to understand, most distinctly, that we are not the persons to palm off on the public any spurious or inferior articles. To prove this we desire them to try our goods, and if they fail to give ENTIRE satisfaction, we here declare our perfect willingness to take them back and refund the means received therefor.

BUY THE BEST!

FLORENCE

SEWING MACHINE

Has received the HIGHEST PREMIUMS at all important Fairs held in this country and Europe, where critical and exacting tests have been made by Judges of the highest standing, capable of giving an intelligent decision.

In addition to this, the Florence has received the verdict of

POPULAR APPROVAL

As evidenced by its

IMMENSE SALE!

And Universal Favor.

There are three hundred Florence Sewing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

In answer to advertisement offering to attend to an order for a fine sewing machine, free of charge, three machines have been presented, needing slight repairs, JUST AS IN ONE HUNDRED, after four years of service.

MRS. JOSEPH BULL, in the 17th Ward, has just purchased a Florence Machine. We are permitted to refer to her and esteem her recommendation a mark of superiority, as Mrs. Bull has had much experience in the use of various Sewing Machines.

MRS. SPIRING, Dressmaker, 14th Ward, says: "I have used a Florence Family Sewing Machine for several years past, having it almost constantly in use, and during that time, I have never dropped a stitch, or been out of order a minute."

CAPT. HOOPER says: "I have a Florence in my family. For general family use the Florence is the best."

MRS. PLYTON, living five miles south on the State Road, says: "I have a Wheeler & Wilson. My neighbor, MRS. WEBSTER, has a Florence. When I go over, and see how much she can do and how easily it is done, I feel like showing my Wheeler & Wilson away in the garret, so that none may know I have a Sewing Machine."

ALFRED BEST, after actual purchase, and fair trial of other first-class Machines, and the Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUSSEY, after many years experience with various Sewing Machines, pronounced the Florence ahead of all others in the requisites of a first class Sewing Machine. Simply, reliability, quiet and rapid motion.

MRS. SMITH, of W. P. & Co., purchased a Florence about two weeks ago. A few days after, MRS. MORF, purchased one, and now another of Wells, Fargo & Co. is about purchasing. Thus proving the practical test of the Florence Sewing Machine is its own best recommendation.

MRS. SHURTLEFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine if they would once give the Florence a fair trial."

COL. JACKSON, brought a Sewing Machine up from St. George, for repairs; but could find no one in Salt Lake able to fix it, so he sent it to the Florence home with him last week, as he was determined to have a RELIABLE SEWING MACHINE, before hauling it two hundred miles home.

MRS. STEVENSON and MRS. CRANDELL, of Springville, purchased Florence Sewing Machines last week, after carefully examining into the merits and demerits of the various Sewing machines on sale in this city.

DAVID MILLER, WILLIAM MILLER, MRS. SHURTLEFF, and several others, at and near Farmington, have within the last few weeks purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

MR. JEREMY, WILLIAM SLOAN, MRS. STRABIDGE, and W. D. BROWN, of Salt Lake City, have recently purchased Florence Machines.

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and eminently useful features, the result of years of careful labor, making it a most complete and FRACTAL Machine, easily managed, and requiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the heaviest to the lightest fabric; and it is seldom if ever necessary to make any change in the machine for different kinds of work. It is the only machine that can sew in more than one direction, having a reversible feed. It is the only machine having a self-adjusting shuttle tension—a great improvement. It is the only machine making more than one kind of stitch. It is the only machine that ties the thread at the end of a seam, doing it better and quicker than a seamstress can.

The lock stitch of the Florence (both sides of seam alike) differs from the lock stitch made by other machines in elasticity. The seam will stretch as much as the cloth, never giving way in washing, which is of the greatest importance in the sewing for families. The lock stitch of the Florence is more like good hand sewing. Both sides being alike, either side may be the right side, and the seam can be sewed either side upmost, as most convenient.

The Florence is warranted to give satisfaction. Many not succeeding with others have no trouble with the Florence. All who could not sew with any sewing machine, or who know how to do good sewing by hand, cannot fail to be pleased with it.

Nothing can exceed the care taken by the Florence Company in the manufacture of their machines, every part receiving a systematic and most faithful inspection, saving all trouble and expense to purchaser having paid a cent for repairs in the five years since its introduction. Its reputation as being reliable and durable, is established. So little attention do they need that we will fix any machine sold by us, for nothing, and pay freight both ways from any place within a thousand miles of Salt Lake City, if informed that it don't work well.

A careful examination will fully substantiate all that we have claimed for it, and justify the action we now make, that it is the best Sewing Machine in the world.

We warrant every Machine to be all that we claim for it, and will give a written warranty if required.
