FORTY-SIXTH CONGRESS.

CONGRESSIONAL.

SENATE.

WASHINGTON, 20. — Beck announced that he would speak against the Bayard resolution tomorrow.

After passing several unimportant bills, the Senate took up by special order the bill to prevent cruelty to animals in transportation, and several proposed amendments were discussed.

Logan presented petitions for the reduction of duty on zinc and for the equalization of bounties.

Hill introduced a bill to provide for the erection of a public building in Denver; referred.

Allison gave notice that to-morrow after the morning hour, he would call up the Bayard resolution for the withdrawal of the legal tender quality of United States notes, for the purpose of permitting debate thereon. He understood several Senators desired to speak on the resolution.

Thurman mentioned the clause respecting the cattle brought from Canada as not being in the interest of humanity.

Eaton and McPherson held that the clause provided fully for the comfort of cattle all along the route from Canada.

Kirkwood, in view of the many amendments to the bill, and its importance, moved its recommittal to the committee on commerce for a report.

Davis thought the present law better than the proposed one. Railroad and stockmen opposed any legislation. The bill could not touch a road which is entirely in one State.

McPherson affirmed that railroad and stockmen did favor the bill.

Davis said the patent car was at the bottom of the whole thing.

The motion to recommit was agreed to.

Paddock introduced a bill to equalize homesteads, and for the relief of settlers on school lands in Washington Territory; referred.

Rodemeyer and Anthony recusant witnesses in the Ingalls bribery case, were excused from contempt. Adjourned.

HOUSE.

WASHINGTON, 20. — Culberson's bill for the discontinuance of the National bank system was introduced.

Ellis introduced a joint resolution appropriating $500,000 for the suffering Irish people.

Warner introduced a bill for paying United States bonds at next maturing.

The House then considered the bill relating to National bank reserves.

Chittenden asserted that legal tenders in time of peace were a public sore and political device.

Bills were introduced by Loring for a Constitutional amendment allowing women suffrage.

Chittenden declared that the cry of let well enough alone was fallacious and mischievous. It means gold for New York and silver and paper for the west. America will evidently control the gold market as soon as Congress will let it. Let us once decide to pay the floating war debt, and in five years we can do it without a ripple of excitement. Had he the power he would stop the legal tender power of greenbacks, stop minting silver dollars; he would convert the silver owned by the government into gold, and thus in the regular course of business pay an equal amount in greenbacks with surplus revenue, instead of buying bonds not yet due. With $6,000,000 of gold and silver produced by mines every month, all the gold wanted for currency could be easily controlled. Other great nations could be forced to join the United States in establishing a bi-metallic standard whenever it was in the interest of the United States to do it.

Lounsberry made a speech, after which the morning hour expiring, the bill went over. The House went into committee of the whole on the report of the committee on rules.

Williams said that in view of the discord due to the poor construction of rules, he would offer an amendment forbidding the Speaker to entertain requests for unanimous consent, except under peculiar conditions. The committee rose and the House adjourned.

EASTERN.

Washington Notes.

WASHINGTON, 20.—The bill introduced in the House by Warner for paying the United States bonds of 1880 and 1881, authorizing the Secretary of the Treasury to issue to the public in exchange for lawful money of the United States certificates of deposit not exceeding $500,000,000 in denominations of $25, $50, $100, $500 and $1,000 bearing interest at the rate of 4 per cent. per annum, redeemable at the pleasure of the government after three years taken by lot and payable in 15 years.

Sec. 2 provides that the money received for the certificates authorized under this act, and all other money in the Treasury at the time belonging to the United States in excess of 25 per cent. of outstanding legal tender notes, shall be applied every month to the redemption: 1st, Of bonds bearing 6 per cent. interest, and then of bonds bearing 5 per cent. interest, and when no such bonds are redeemable to purchase either class of said bonds from the lowest bidder after due public advisement at rate not less than $20,000,000 per month, till the whole of the excess of said 25 per cent. shall have been so invested.

Provided that no purchase shall be made at a price that will not save the government at least 3 per cent. per annum on the bonds so purchased.

Sec. 3 authorizes the Secretary of the Treasury to make suitable regulations to carry out the provisions of this act, and providing that the expenses of certificates shall not exceed one-fourth of one per cent.

Sec. 4 provides that the mints of the United States shall be open to the public for the free and unlimited coinage of gold and silver bullion.

The sub-committee of the House committee on appropriations resumed this morning the investigation of the secret service. Geo. E. Kirk, one of the sureties on the McDonohue contract for carrying the mail between Santa Fe and Prescott, was examined as to his connection with the contract. He stated that he proposed to perform the work for $74,700 per annum, the same service on that route as the department is now, and for some time has, been paying for at the rate of $136,000 per annum.

The witness further said: I have never been sued by the government on account of McDonough's failure. I have been approached with the proposition that if I would surrender any claim I might have had under the contract, I should be fixed against any trouble on the part of the government, but I have invariably declined. McDonough was indebted to the Department on several contracts at the time we entered into an arrangement with him, which doubtless led to our trouble.

Seth A. Terry, Secretary of the Territorial Savings, Building and Loan Association, of this city, has defaulted in the sum of $25,000. Terry was for a number of years connected with the Bureau of Refugees—Freedmen—and abandoned lands under Gen. O. O. Howard. While there he with others invested what money they could in buying the claims of colored soldiers, expecting to realize on them in a few months. Subsequently he was a clerk in the Second National Bank, and it is supposed that while there his first financial embarrassments had their origin, he investing all his available funds in what were known as 20 per cent. claims of messengers, Government printers and others, which claims, like the first named, have never been allowed. It is said that the amount of claims he has in hand represents $60,000.

Secretary Schurz had a long conference with the Piutes to-day. It was definitely agreed upon in the council first that old Chief Winnemucca should be permitted to return to the Malheur reservation in Oregon with such of his people as may choose to go there; second, that upon their arrival, the Indians are to take up land in severalty, each head of a family to select as a farm a particular tract of land; and third, such of the Piutes as are scattered throughout the white settlements at work satisfactorily earning their own living, are to be permitted to remain there.

The bill of Representative Bragg for the restoration of Fitzjohn Porter as amended by the military committee, gives Gen. Porter the pay of a Major General from Jan. 28th, 1862, to Sept 1st, 1866, and for a Colonel from that date to the present day. It is roughly estimated that this allowance for arrears of pay will amount to between $50,000 and $60,000, and is in lieu of $75,000 as at first proposed.

New York Notes.

NEW YORK, 20.—Commenting on the great deficiency in the French vintage of 1879, the London *Standard* thinks more attention should be paid by England to American and Australian wines. "It is far from unlikely that the time is coming when we shall be compelled to look for a large portion of our regular wine supply outside of the limits of those regions whence we have hitherto exclusively derived it, to the fertile soil of that New World which lies beyond the Atlantic, and to our own antipodean dependencies."

The *Herald* to-day says: There never was a time in the history of New York when so many vessels lay in the harbor awaiting cargoes. On Saturday last the number reached 872 of all grades and for all destinations. Stress of weather has had something to do in producing this depressing state of affairs, but in the main, it is due to the stagnation in trade, especially in grain and provisions.

The joint executive committee of the trunk lines to-day resolved, in answer to numerous inquiries, that it is inexpedient to reduce eastbound freight rates from Chicago and points affected by it, and that no reduction will be made until the joint committee decrees it.

Whitelaw Reid sent a party of 35 homeless New York children west yesterday under the care of an agent of the Children's Aid Society. Homes will be found for them in Iowa, chiefly among farmers. Mr. Reid expects to send another party about the same size before spring.

Latest from Maine.

AUGUSTA, 20.—It has been found on casual investigation that during the last week of Garcelon's administration he drew warrants on the treasury without filing vouchers.

Hill and Moulton, fusion members, took seats in the House. Rafter and Henner, also fusionists, had already taken seats, refusing to act with the fusion House.

Both branches adopted resolutions setting forth that the Legislature having been legally organized according to the Supreme Court decision, they proceed to regulate State business, and give notice that any other bodies of men claiming to be the Senate and House of Maine are wholly without right of authority to act and their proceedings are in violation of the Constitution and the laws of Maine. An order was issued requiring the judiciary committee to inquire whether legislation is necessary to punish the unauthorized abstraction and retention of State records from the Secretary of State's office.

The debate in the fusion Senate to-day developed much opposition to submitting the question of the legality of two Senatorial bodies to the Supreme Court. It was declared that no comfort could be had in that quarter.

Boston, 20.—The *Journal's* Augusta special has the following: The fusionists will take no step to get possession of the State House. They will hold sessions in Union Hall for the present. Their committee on legality of the Legislature is now in session. They have some of their best lawyers here but there is a notable absence of the conservative element.

Democratic Convention.

ALBANY, 20.—A conference of Tammany democrats from all parts of the State, will be held here on Wednesday. It is expected 100 prominent men will be present. John Kelly will be here. The object of the meeting is to make preliminary arrangements for a Presidential convention. The result of the conference will be to take immediate steps for calling a convention of democrats opposed to Tilden, which shall take such steps as may be seen best to defeat any move, now or hereafter, to be made to secure Tilden's nomination.

For Blaine.

PITTSBURG, 20. — The Fayette County Republican Committee yesterday elected delegates to the State Convention. They were not instructed, but two are Blaine and one Grant. The republican committee of Indiana county elected two Blaine delegates to the State convention. The convention meets February 4th at Harrisburg, to elect a delegation to the National Convention.

WESTERN.

Pacific Coast Items.

SAN FRANCISCO, 20. — George Rolfe, William Lucas and J. A. McDonald were suffocated in the Benanza shaft, Howland Flat, Sierra County, yesterday, by the fumes of a blast.

A Portland dispatch says: The Chinaman, Wong Fook, who was to have been hanged to-day for the murder of one of his countrymen, suicided in his cell last night by strangulation.

South Bulwer levies an assessment of 25 cents.

The board of health has decided to put the Chinese crew and passengers in the city in the quarantine hulk *Saucelito*. The officers and white passengers are remaining on the steamer for the present. They will probably be liberated on Saturday or Sunday, when the ship will be fumigated. Dr. Kilberger, fleet surgeon of the United States navy on the Pacific Coast, who was a passenger on the *Peking*, says the arrangements on board were such that it is very unlikely any of the white passengers have taken the disease.

FOREIGN.

GREAT BRITAIN.

Foreign Notes.

LONDON, 20.—A dispatch from Rome to the *Pall Mall Gazette*, says: The Pope is surprised and indignant at Cardinal McCloskey's reception of Parnell in New York, and has ordered Cardinal Nina, Papal Secretary of State, to telegraph Cardinal McCloskey for information on the subject. The Pope is indisposed.

Dublin, 20.—A meeting of 33 home-rule members of Parliament under the presidency of the Lord Mayor, passed a resolution calling upon the government to institute reproductive relief works. A resolution to move an amendment to the address to the Queen's speech if it contains nothing touching Irish distress will be adopted.

William Shaw said the government wilfully shuts its ears to the distress in Ireland.

Mitchell Henry said if their demands were not complied with they must force compliance by constitutional action.

Daniel O'Donoghue, member for Tralee, announced that he would in future act with the home-rulers.

Shaw condemned the government relief measures as tardy and utterly inadequate.

Mitchell Henry pointed out that Irish members should not permit the attention of Parliament to be directed to the foreign policy, as doubtless will be attempted on the first night of the session, till after the affairs of unfortunate Ireland have been put in proper position.

The meeting passed resolutions in favor of the fixity of tenure and peasant proprietary. The Lord Mayor, who presided, refused to receive a resolution expressing sympathy with the peasantry of West Ireland in their struggle to retain holdings on the ground that the struggle has assumed an aspect of physical force. During an excited debate, Biggar declared that Shaw was not a leader of the Irish people, but that Parnell was.

The meeting adjourned until Wednesday.

Berlin 20.—Herr Rauleaux, German Commissioner of the International Exhibition at Sydney, N. S. W., reports to the minister of Commerce that Germany was never before so creditably represented at any exhibition. A greater part of the German exhibits are, he says, above the average, a considerable number fairly up to the average and very few below the average, consequently prejudice against German workmanship is disappearing and the general impression is very favorable to the furniture, linen woolen and flannel.

The *Official Gazette* publishes a telegram from the German consul General at Apia, Samoan Islands, dated December 24th, announcing that the authority of Mietora had been recognized throughout the whole country and the conflict was ended.

In the Prussian Diet to-day Zero Bitter, minister of finance, referring to the attacks on the government because of its participation in the establishment of the German Maritime Company of Samoa, successors to the firm of Goldfroy & Son, said Prussia could not oppose the Imperial Chancellor's national aims. Its duty was rather to promote public feeling on the subject. He said it was shown by the fact that the subscriptions to the shares of the company exceeded the amount required. It was now very essential that he declared that German interests in Samoa should be supported by German energy and resources.

Madrid, 20.—At a meeting of the members of the majority to-day, Canovas del Castello presiding, they unanimously approved the nomination of Toreno, candidate for the Presidency of the Chamber of Deputies. The Premier, in the course of his speech, said he desired to find honorable means for enabling the minority to take part in the election of President.

King Alfonso signed decrees nominating Canovas del Castello Minister of Foreign affairs, and Senor Torreno President of the Chamber of Deputies.
