CITY COUNCIL.

Proceedings at the City Council Tuesday evening, May 15, 1883. Alderman Crow presiding.

A petition was presented by S. A. Wooley and thirty-three others, residing and property owners on Fourth South street, between Third and Sixth East streets, asking that the street in front of their residences and property be repaired. The petition stated that the street had been washed into gullies by the breaking of the canal, and was in as bad or worse condition than any other street in Salt Lake City. Referred to the committee on streets and alleys.

A petition was presented from John Aird representing that on the 15th day of August 1876, Charles S. Kimball, Col. S. Kimball and C. G. Kimball petitioned the Council for the privilege of closing up a certain curved street in plat "E" in consideration of opening another to accommodate the public, the prayer of which petition was granted on the 22d day of August 1876, and that the said curved street had been closed and sold, and petioner had built on one of the lots to which there was no street, as the one promised to be opened by said petitioners had never been given, and so far as petitioners knew, had never been conveyed or offered to the city. The petitioners therefore asked the council to revoke their former grant, and order said street opened and instruct the city marshal to carry out such order without delay. Referred to the committee on streets and alleys.

A petition was presented from D. L. Daniels asking that his name be stricken from the petition recently presented to establish the grade on Garden street as he, from information received from Mr. Raleigh and others had learned that such a proposed grade if carried into effect would be ruinous to his property which extended nearly the whole length of the grade, and would make his property totally worthless without any material benefit to the public. The petition was received, the prayer therefor granted and petitioner's name erased from said petition as requested.

A petition was submitted signed by Edward Austin and W. G. Greene, owners of Block 6, in Plat B, Salt Lake City survey, representing that there were desirous of segregating the block in convenient sized lots and selling the same off, with streets and alleys running through the same, and that in order to guarantee to purchasers the permanent and irrevocable establishment of said streets and alleys, the petitioners asked that they be allowed to deed the block to the city, free of expense to the city, and afterwards to have the city deed the property back, minus the streets and alleys aforesaid, to the petitioners. Referred to the committee on streets and alleys.

A petition was presented from Joseph Sharp and thirteen others representing that they were residents in the immediate neighborhood of Washington Square; that for more than a year past the streets around said square, especially on the east and north side of the same, had been a common dumping ground for every species of rubbish and filth which the city affords, and the nuisance had become almost intolerable, offensive to sight and smell, and dangerous to health. The petitioners therefore asked that the Council take such steps as might effectually remove said nuisance, and prevent anything further of the kind in the future.

Petition received and marshal instructed to abate the nuisance complained of.

A petition was presented from H. Armitage & Co., proprietors of the skating rink in Mr. George M. Scott & Co.'s warehouse on Second South Street, representing that on the 11th inst. they were notified to appear and pay their license, and that they then first learned that the license on their business was the sum of $100 per annum, which amount they believed to be excessive and exorbitant for the following reasons: First, that during the six summer months, on account of the heat, the said business must either be entirely stopped or else run in the hope that some portion of the rent which must necessarily be incurred in order to secure the premises for the conduct of their business during the ensuing winter, might be defrayed; Second, that the said license fee was exorbitant, in that it amounted to 4 per cent. or thereabouts on the earnings of the business; Third, that the business was conducted in an orderly and proper manner, and there was no reason whatsoever why said business should be charged with a heavy license fee. The petitioners therefore asked that said license fee be reduced to the sum of $50 per annum. Referred to committee on license.

A petition was presented from Emery Ward asking that the unearned portion of his license as a retail liquor dealer be transferred to John A. Williams, who would continue the business at the same stand. Granted, subject to filing a new bond.

Ferdinand J. Fabian & Co., petitioned for the transfer of the unexpired portion of their license as wholesale liquor dealers to E. Pisko and M. J. Friendlander, who would continue said business at the same stand. Granted, subject to the filing of a new bond.

Alderman Patrick, chairman committee on license, to whom was referred the petition of N. Groesbeck and others asking that Emery Ward's license be refunded to his creditors, reported unfavorably thereto.

An application was presented from Salt Lake Jockey Club, per Thomas F. Malloy, secretary, for license to do business as retail liquor dealers, at Salt Lake Driving Park, Salt Lake City, for a term of five days, commencing May 29, 1883. Not Granted, as the ordinances of the city forbid the issuance of licenses for less periods than three months.

An application was presented from Don C. Tufts for license to do business as retail liquor dealer at No. 10 First South Street, for a period of three months from the 15th day of May. Granted.

Councilor Romney reported that acting as the representative of Salt Lake City, owner of the Jordan and Salt Lake City Canal, in accordance with authority of the Council given September 12, 1882, he had attended a meeting at the County Court House of this county held September 18, 1882, at which an understanding was effected in respect to the relative rights of the five companies interested in the Jordan River, on the basis of an equal division of the water, the County Court to deed to the city and each canal company an undivided one-sixth interest in the waters of the river, one-sixth to be retained in the river for the benefit of the public; also to convey to the city and each canal company interested, an undivided one-sixth interest in the dam at the head of said canals for the storage, when necessary, of said waters. The deed having been executed by E. Smith, probate judge, on behalf of the County Court, and filed in the office of the City Recorder, Councilor Romney submitted his action in the premises and the deed aforesaid, for the approval and confirmation of the Council. The deed was read and considered, and on motion was accepted, and the action of Councilor Romney as representative of the city was approved and ratified.

The committee on cemetery, to whom was referred the matter of bringing water through the city cemetery to the Hebrew cemetery, for the purposes of growing shrubbery, etc., reported that they had had the matter under advisement, and from information given by the city watermaster, as well as from personal observation, they were satisfied that it would not be proper to divert the water in any new direction for any purpose whatever until a further water supply shall have been acquired for lands lying above the Jordan and Salt Lake City Canal line. Adopted.

The following report was submitted:

Your committee on elections, with the Mayor associated, to whom was referred the subject of nominating successors to Hon. John T. Caine in the offices of Recorder and Auditor of Salt Lake City for the unexpired term, beg leave to report that, during the absence of Mr. Caine from Salt Lake City, for the past several months, the duties of his offices were performed by his deputy, Mr. Heber M. Wells, faithfully and efficiently to the credit of the city, and, as we believe, to the entire satisfaction of the City Council. Giving due consideration to the favorable recommendation of the retiring officer, recognizing the abilities of Mr. Wells, and the valuable services he has rendered as Deputy Recorder and Auditor, and believing him in every way worthy the confidence of the Council, and capable of performing the duties of said offices, therefore,

We take great pleasure in presenting the name of Mr. Heber M. Wells, and recommend that he be appointed by the Council to fill the offices of Recorder and Auditor of Salt Lake City for the unexpired term of the resigning officer, Hon. John T. Caine.

Respectfully submitted,
WM. JENNINGS, Mayor,
ADAM SPIRO,
GEORGE ROMNEY,
HEBER M. WELLS,
Committee on Elections.

The report was received and its recommendations considered separately.

On motion of Alderman Raleigh, Heber M. Wells was appointed to the office of Recorder of Salt Lake City to fill the vacancy occasioned by the resignation of John T. Caine, to serve the unexpired portion of the present term and until his successor is elected and qualified to office.

On motion of Councilor Smith, Heber M. Wells was appointed Auditor of Public Accounts of Salt Lake City to fill the vacancy occasioned by the resignation of John T. Caine to serve as such till his successor is appointed by the Council and duly qualified.

Mr. Wells addressed a few remarks to the Council thanking them for the degree of confidence in him which they had manifested and hoping that he should always merit that confidence. He realized the importance and responsibility of the offices, especially for one of his years to assume, but hoped to be guided by the superior wisdom of the Council and of those officers with whom he would be associated, whose years of experience entitled them to his deference and respect. He was grateful to Mr. Caine for his many acts of kindness during the time he had served under him as Mr. Winder in whose office he spent the earlier portion of his connection with the City, and deemed that it was in a great measure due to their schooling that he received the consideration at the hands of the Council which had been accorded him.

The following report was presented:

"Your special committee appointed to prepare an expression of respect for the Hon. John T. Caine, on his resignation of the offices of Recorder and Auditor of Public Accounts, beg leave to submit the accompanying testimonial for your approval and signature.

"Your committee take this opportunity of expressing their appreciation of the delicacy which prompted Mr. Caine to tender his yearly salary for the period intervening since November last and during his absence from the city. But, not regarding that he was away on leave of absence granted by the Council, that he retained responsible for the faithful discharge of the duties of his offices, and employed competent assistance to perform the labors thereof, we respectfully recommend that in accepting the resignation of Mr. Caine no deduction of salary be made in consequence of his absence, or of the fact of his being elected Delegate to Congress.

"Very respectfully,
JOSEPH F. SMITH,
THOS. E. TAYLER,
JURIUS F. WELLS,
Special Committee."

The testimonial was then read as follows:

TESTIMONIAL TO HONORABLE JNO. T. CAINE.

We the undersigned, Mayor, Aldermen, Councilors and officers of the corporation of Salt Lake City, desiring to express our confidence in and appreciation of the ability and integrity of Hon. John T. Caine, City Recorder and Auditor of Public Accounts, on the occasion of his retirement from the duties of those offices, take pleasure in reviewing our association with him in his official position and in adopting the testimonial.

Hon. John T. Caine was elected Recorder of Salt Lake City, Feb. 14th, 1876, and entered immediately upon the duties of the office. On the 23d of the same month he was on the nomination of Counselor Brigham Young, appointed by the unanimous vote of the Council, auditor of Public Accounts.

To these, the chief clerical offices of the municipality, Mr. Caine brought the advantage of experience through education and strict discipline, which have been manifested in the adoption of a complete system of accounts in all the departments of the City government, reporting to him for auditing and to the great improvement of the council records and in the general regularities of the Recorder's Office.

When the construction of a canal to supply the city with water from the Jordan River was projected Mr. Caine took an active and energetic part in securing the necessary legislative authority to provide the necessary means, and in carrying the project to its successful issue—his official act as an auditor being to report the satisfactory condition of the canal fund.

Mr. Caine's ability and firm counsel in the various offices and the assistance of his experienced legislative ability in the Legislature of the City Council have won, from all who have been associated with him, the highest sentiment of respect and confidence, which we hereby take occasion to gratefully record.

While we regret the necessity which compels a severance of the very cordial official relationship that has for more than seven years bound him to the city which he has served so faithfully and efficiently, and sustain Mr. Caine in the more dignified official position, which the suffrages of the people of Utah have called him to occupy—Territorial Delegate to the House of the United States, in which capacity we wish him great prosperity and the completest success.

The testimonial to be signed by the Mayor, City Council and City Officers.

On motion, the report was adopted and ordered to be spread upon the minutes, and an enrolled copy thereof presented to Mr. Caine.

Mr. Caine responded in a brief speech, expressing gratitude for the courtesy of the Council, and stating that during his term of office he had performed his duties as well as he could. This he considered to be every man's duty. He severed his connection with the city with many regrets, as his associations with the Council and officers had always been of the pleasantest character, and in retiring, wished the Council and the city continued prosperity and success.

B. Y. Hampton, license collector asked an expression from the Council in regard to the intent of the provision in the city ordinances exacting license from hotel keepers, and made certain suggestions in regard to the matter, which were referred to the attorney.

Councilor D. H. Wells stated that a quantity of rock to be used in the construction of a bridge was piled upon the road running on the west side of Liberty Park, near the southern limits of the city and had remained piled there nearly a year. He moved that the supervisor be authorized to proceed with the construction of said bridge. After remarks, the subject was referred to committee on streets and alleys.

Alderman Spier, chairman, in behalf of the committee on municipal laws, reported back the bill for "An ordinance relating to keeping and storing oils and other explosive substances," which was referred to said committee, and presented a substitute bill for an ordinance on the same subject, which the committee deemed more applicable to the wants of the city. The bill was read, passed first reading, and ordered printed.

Alderman Dinwoodey moved to take up and resume consideration of the report of the special committee regarding Tullidge's History of Salt Lake City, but the motion, upon being put, was lost upon a rising vote of 5 to 8.

The sum of $500 was appropriated to waterworks account, and $1,000 to road and street account.

Adjourned to to-morrow (Wednesday) evening at 7 o'clock.

BY TELEGRAPH.

FOR DESERET EVENING NEWS BY THE WESTERN UNION TELEGRAPH LINES.

FOREIGN.

British Briefs.

LONDON, 15.—The mail train from Glasgow came in collision with a train from Carlisle at 9 11 last night. Seven persons were killed; several injured.

The bark *Hugin*, from Galveston, arrived at Bremen, severely damaged by running ashore at Nieuve.

The steamer *Singapore* is on fire in the Suez Canal; mails and passengers saved.

The *Standard* has advices from Madagascar, stating that the war preparation in the interior is greater than those on the coast. The majority of the Sake Lavas have joined the Seras in defense of their independence. The French are apparently loth to begin operations, their forces being inadequate to cope with the natives.

An excursion train from Grimsby on the Northern Railway came in collision with the Midland Railway. On the excursion train many persons were injured.

The *Times* says: In variety and completeness of illustration the United States collection at the Fisheries Exhibition is not surpassed by any foreign exhibition.

James Younger is dead.

Castle Island, Ireland, 15.—Several shots were fired from ambush at the caretaker here on Sunday, and he was severely wounded. The affair is much commented on, and considerable alarm is caused.

General Items.

Dublin, 15.—Fighting occurred between Cetewayo's forces and Chief Reibebus, the latter being aided by the Boers. The former were worsted, with heavy loss. Cetewayo is gathering strength in anticipation of a further attack.

Paris 15.—The *Gaulois* says: At the meeting of the Suez Canal Co., to be held in June, proposals will be made to construct one at a cost of 125,000,000 francs.

Berlin, 15.—Bismarck's health no longer causes anxiety, but his physicians have advised him to take complete and prolonged rest. He will go to Kessingen for the summer. The Emperor goes to Gaste in June next, where he will meet the Emperor Francis Joseph.

Waddington took dinner with the Emperor yesterday. Waddington has been treated with great distinction during his stay here.

Bismarck suffered greatly yesterday, and almost as severely to-day from neuralgic pains. He objects to going at present to Kessingen.

Rome, 15.—The Pope, in a circular to the Irish bishops, says: "Whatever Parnell's object may be, his followers have often adopted a course openly against the rules of the Pope's letter to Cardinal McCabe, and the instructions sent the bishops, which were accepted at their meeting in Dublin. While it is lawful for the Irish to seek redress for their grievances and strive for their rights, they should at the same time seek God's justice, and remember that wickedness and illegal means in furthering even a just cause will fail. It is the duty of the clergy to curb the excited feelings of the people, and urge justice and moderation. The clergy are not permitted to depart from these rules and join or permit movements inconsistent with them. Subscriptions to relieve distress are permitted; but subscriptions to inflame popular passions are condemned. The clergy must hold aloof when it is plain that by such movements, hatred and dissention are aroused, or distinguished persons insulted, and when crime and murderers go unconsured, and when patriotism is measured by the amount subscribed; for people are thereby intimidated. Therefore, the Parnell fund is disapproved, and no clergyman should recommend subscriptions thereto or promote it."

BRIEF TELEGRAMS.

Ottawa, 15.—It is said Sir John McDonald has received several threatening letters from New York dynamiters.

New York, 15.—Saiml Morse has received three months' license for his Temple, to be revoked if the Passion Play is presented.

Cincinnati, 16.—Helen E. L. Fitz, daughter of Dr. Fitz, president of Lane Seminary, was married this morning to Horace F. Livermore of San Francisco, reported worth several millions.

New York, 16.—The British Consul disclaims all knowledge regarding the cable report of an attempt to blow up an English steamship, as to use the various steamship officials. The story is generally discredited.

San Francisco, 15.—Heavy rains impede the work of the Oregon extension of the Central Pacific line. The cost will, it is stated, make the Central Pacific very desirous to open the section at the earliest moment.

Chicago, 15.—Base ball—Chicagos 8, New Yorks 7.

Detroit.—Philadelphias 4, Detroits 3; ten innings.

Cleveland.—Clevelands 2, Bostons 1.

Buffalo.—Buffalos 5, Providence 4.

Ottawa, 15.—A deputation representing the temperance societies in this city in reference to the new license act now before Parliament. Counter deputations representing the liquor traffic are also here to oppose the bill; both had interviews with the Governor.

St. Catherines, 15.—A rumor of dynamiters intending to damage the Welland Canal, caused steps to be taken to protect exposed points.

New York, 15.—The *Tribune*, on Wednesday will state that Sullivan, pugilist, offers to fight Mitchell for $2,500 a side, Mitchell to use his bare fists, while Sullivan will use gloves. Mitchell says he was not knocked out, and expresses a desire to again meet the Boston champion.

Memphis, 15.—The first grand music festival ever inaugurated in a Southern city began last night at the Exposition building. The combined Theodore Thomas Orchestra with the Mozart Society of Memphis, rendered Gonoud's "Redemption" to a large and enthusiastic audience.

BEYOND THE RIVER.

Away Across the Mississippi is Held a Convincing Conversation.

"I tell you sir, that they are one of the neatest combinations ever produced, and my experience of that sort of thing has been wide enough to entitle my judgment to some respect."

"Oh, I don't know," responded the first speaker's friend, with a little yawn, as though he didn't take much interest in the subject. "I have never been able to see much difference in those things. They are all pretty nearly the same size, and made of about the same stuff."

The talk, of which the foregoing is a fragment, took place in Gallatin, Missouri, not long ago, in the sanctum of Dr. M. P. Flowers, one of the leading physicians of the State, who follows up the vein in which he had introduced it substantially in these words:

"Nonsense, that is the remarks of a boy, or rather of a man who either does'nt know or does'nt care what he says. Those things, as you call them, as just as different as the moon is from green cheese. Now, liniments, lotions and ointments are very good in most cases for the relief of pain or inflammation. But, in the first place they are unclean. They soil the hands and the linen, besides being always out of reach when they are most wanted."

"Well, my dear Doctor," sighed the traveler from the North, "what would you have? This is a wretched world anyhow, and nothing is ever at hand when it is wanted. You can't suggest anything."

"Yes, I can," broke in the Doctor, thumping the table with his fist. "I can suggest BRN-ON'S CAPCINE POROUS PLASTER. I have tried it on my patients, and I have tried it on myself for an attack of Neuralgia, and in all cases relief has followed in from three to forty-eight hours. The old plasters are stage coaches—the Capcine is a telegraphic dispatch. For instance, in cases of Neuralgia, Muscular Rheumatism, Lumbago, retarded action of the Kidneys, and——"

"I give it up, Doctor, and in case of need I'll buy Benson's," said the traveler, pleasantly.

In the center of the genuine is CUT the word CAPCINE.
