LIVELY FIGHT WITH HOLDUPS.

Night Watchman McIntire Resists
Footpads and Has Running Fight
With them—Arrest Suspects.

HENRY STONEBREAKER DEAD.

Expires Suddenly in Sheriff's Office—
Fire in North Ogden—Medals for
Irrigation Congress.

James McIntire, the well known
Southern Pacific watchman, had a
thrilling experience near midnight Sat-
urday night, with three holdups, who at-
tempted to hold him up.
McIntire was on the Southern
Pacific track, near the water tank
when he saw the men, as he came close
to them one of them placed a big gun
in his face and commanded him to
hold up his hands, which he did, but
brought his pistol up also, firing a shot
as his arm raised but missed his mark.
The holdups turned and ran as evi-
dently only the one had a gun, and Mr.
McIntire had a running battle with
them until he had emptied his revolver,
but does not think he hit either of
them as it was very dark and he could
not see well. The robbers fired several
shots at him, but also missed their
mark.
The watchman quickly went to
the nearest telephone and sum-
moned the police, who responded and
after securing the brush for about an
hour they found the three men lying
down, whom they placed under arrest
and took to the police station. One of
the men had a large gun on him which
the officers believe had been fired only
a short time before. The men give their
names as James Kennedy, James Burk
and Thomas Williams. Two of them
have been in the talks of the police be-
fore and are known to be bad men.
Officer McIntire saw the men at the
city jail yesterday afternoon, and says
they talk easily in his side with the
robbers and he recognized one of their
voices. They will be charged with at-
tempted robbery.

HENRY STONEBREAKER DEAD.
Henry Stonebreaker, a well known
resident of Riverview, Weber county,
died very suddenly Saturday evening
at the sheriff's office, where he had
been taken only about a half hour be-
fore he died. He had been very un-
expectedly. He had come from his home
into the city apparently in good health
and had spent the day around town
with some friends. He was seized with
cramps and removed to the sheriff's of-
fice, where medical aid was summoned,
who gave him some attention, but
could do no more than say that little
could be done for him.
He was 52 years of age but
had no family, was living with his
mother, who is advanced in years and
from whom his condition was a ter-
rible shock, as well as to his brothers
and sisters and many friends.
The funeral services over his remains
were held this afternoon at 2 o'clock
at the Riverview funeral home. Interment
took place in the city cemetery.

FIRE IN NORTH ODGEN.
Fire in North Ogden Friday night,
caused by a light lighting during the
thunderstorm, burned the barn of
William Bailey to the ground. With it
were consumed about 70 tons of hay,
together with a number of farming tools.
A quantity of machinery, making a
loss of about \$1,000 for Mr. Bailey. Hy-
rum Bailey, a young man who was
sleeping in the barn, had a rather thrill-
ing experience. The bolt of lightning
struck the structure that he was tempo-
rarily stunned and when he awoke the
barn was a mass of flames, all the exits
being blocked except by a drop of 15
feet from the second story to the ground
below. The barn, being built on a side-
hill, caused one side to be higher by
that much than the other. Young Bailey
did not have much time to think, but
made the drop and landed unhurt, ex-
cept for a severe shaking up.
The lightning played a queer prank at
the residence of D. N. Stephens, corner
of Thirty-sixth street and Adams ave-
nue. A bolt struck the chimney and
passed down the stovepipe into the
ground. A dog, which had taken refuge
under the floor, was killed, but none
of the members of the family were hurt.
At the union depot the lights were put
out and the shock so frightened a young
lady that she fainted and was for a
time thought to have been struck by the
lightning.
The great electric disturbance was
probably the cause of the death of Mrs.
Wheat, noted on Saturday. The lady
had heart trouble and went to bed
feeling as well as usual. In the morn-
ing she was found dead, having expired
during the night.

TELEPHONE SYSTEM OUT OF ORDER.
For the past three days the R. M.
Bell Telephone system throughout Ogden
has been practically useless. The
terrible electric disturbance by thun-
der and lightning which occurred Fri-
day evening did much damage to the
telephone. At the main office the ring
key board was so badly affected by
the lightning that the telephone opera-
tors have been unable to ring the
telephones on most of the lines, and
at other places the people have been
unable to ring up central. The men
repairing the disturbances have been
very busy and will be so for several
days longer. The repairs to the ring
board could not be made until some ex-
tras were brought up from Salt Lake
City.

BRIEFS AND PERSONALS.
The fire department was called out
yesterday to a fire in a barn on west
Twentieth street, which was destroyed,
damages amounting to about \$100.
Louis P. Walker, the man who was
arrested Saturday on suspicion of hav-
ing murdered a Kansas deputy sheriff,
was released from custody, he having
been found sane by the doctors. The of-
ficer to be the wrong man.
Miss Clarice Saville of Salt Lake is
visiting with relatives in Ogden.
Next Thursday the Y. M. M. 1 asso-
ciation will have a picnic on a
pleasure trip to the Yellowstone park
have returned home.
The young people of the Second ward
are arranging for another pleasurable
outing up Ogden canyon, Labor day.

COME BACK ENCOURAGED.

Messrs. L. W. Clark, L. W. Shurtliff
and A. G. Wright came down this
morning from their residence, where they
have been in attendance on the Trans-
Mississippi congress. The gentlemen
went in the interest of the irrigation
congress to be held in this city next
month, and come back with the report
that the people of Seattle, as well as a
great many members of the congress,
pledged the meeting here their un-
qualified support. They were granted
a two hours session of the meet-
ing in which to explain the purposes
of the congress and their remarks fell
on attentive ears and brought forth
enthusiastic endorsement.

MEDALS FOR CONGRESS.

This morning Secy. Beardsley wired
Whitehead & Hodge of New York or-
dering 10 gold medals which will be
given to those making the finest indi-
vidual exhibit of fruit at the irrigation
congress. The medals will cost \$50
each and will be made of 13-karat gold.
On one side there will be an irriga-
tion scene and on the other the
words, "Eleventh National Irrigation
Congress. Awarded to —" Mr. Beards-
ley also ordered souvenir badges from
the same firm.

VOLL HAS RESIGNED.

Fred W. Voll, who for the past 13
years has been foreman of the Rio
Grande shops in this city, yesterday
tendered his resignation to take effect
as soon as someone is found to take
his place. Mr. Voll has been one of the
most efficient employees of the Rio
Grande and his resignation is much
regretted by the company.

ELWOOD MEAD COMING.

Hon. F. J. Kiesel of the Irrigation
Congress received a letter this morning
from Elwood Mead, who is now at Mil-
lan, Italy, stating that he was about to
leave there and hoped to be back in
time to attend the meeting in this city.
Mr. Mead is the government inspector
of irrigation who was sent here a year
ago and he has been in Milan for some
time studying irrigation schemes. His
presence at the meeting will no doubt
be highly appreciated.

HORSE STEALING CHARGED.

This morning Sheriff Josephson of
Brigham City arrested Jesse Vander-
hoof Jr., on the charge of horse steal-
ing. He will be taken back to Brigham
to answer to the charge.

HELD UP AND ROBBED.

John Smith reported to the police
this morning that he was held up and
robbed by three men in the Southern
Pacific yards and robbed of \$50.
He gave a good description of the
robbers and the police are hoping
that they will be able to apprehend
them.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician
of Smiths Grove, Ky., for over thirty
years, writes his personal experience with
Foley's Kidney Cure. For years I had
been greatly bothered with kidney and
bladder trouble and enlarged prostate
gland. I used every remedy known to the
profession without relief, until I com-
menced to use Foley's Kidney Cure. After
a few days I felt better and in ten days
in my practice and heartily recom-
mend it to all physicians for the cure of
all kidney troubles. I have prescribed it in hundreds
of cases with perfect success." Sold by

LOGAN.

COMPROMISE WITH POWER CO.

**B. Y. College Buys More Land—Assign-
ment of City School Teachers.**
Logan, Cache Co., Aug. 21.—During
the past few days the Cache County
Nunn and other officers of the Fel-
lside Power company have been visit-
ing in Logan. A number of consultations
have taken place between these gentle-
men and the city fathers, relative to the
affairs of the city and company, and
an effort made to harmonize all the
points at issue between them. The
company officers express a willingness
to sell the water rights to the city
but as yet have not fixed a price there-
on. They also express a willingness
to compromise on the height of their pro-
posed dam.
No conclusion had been reached on
any of these points up to Friday af-
ternoon, but the indications are that
propositions will be made to the mayor
and the city council to be laid before the
city council at its next meeting.

B. Y. COLLEGE BUYS LAND.

The Brigham Young college author-
ities have just purchased the Oregon Thatch-
er property, just west of the college.
The land comprises 28 rods, and con-
tains a large brick house and other
buildings. The price paid was \$2,000.
The purchase gives the college a better
fire block on which it stands. The prop-
erty fence will be removed and the
grounds beautified. The purchase is a
valuable acquisition to the college.

FAVOR LIGHT PLANT.

A meeting was held in Providence to
consider the electric light proposition
Wednesday evening. A considerable
number of the city fathers were present
and the ways and means of the project
were discussed at length. Those present
voted unanimously in favor of the project.

RUN INTO WIRES.

Some electric light poles blew down
near the temple one evening this week,
and were lying across the road during
the night. Hyrum Secret, the liver-
man, drove along and ran into one of
the service wires, which fortunately
contained little power and no damage
resulted.

DEATH OF MRS. JOHNSON.

Mrs. Catherine Johnson, wife of the
late Daniel Johnson, passed away at
her home in the Fourth ward Friday
morning, after an extended illness. The
deceased was a native of Sweden, aged
76 years, and was one of the earliest
settlers of Logan. She was a woman
of excellent character and a devoted
Latter-day Saint. The remains may
be viewed at the home of her son, Mr.
Johnson, on Saturday afternoon.

A CROWN OF GLORY.

It has been truly said that the crown-
ing glory of our race is a luxurious head
of hair.
It used to be thought that this was
one of the blessings which the gods be-
stowed capriciously, and it is only recent-
ly that scientists have discovered that
its beauty is dependent upon the ab-
sence of a minute germ which flourishes
in the hair follicles, where it destroys
the life of the hair.
To restore this life and kill the germs
which cause the mischief is the mis-
sion of Newbore's Hairdressing.
The hairdressing surely kills the germs, and
is the best hair dressing on the mar-
ket.
It contains no grease or oil, neither
does it contain any of the harmful

HANDSOME TERRACE.

Architect J. W. Barrett is rapidly
completing his fine new terrace build-
ing on First East street, near First
North. The room will be ready for
occupancy within two or three weeks,
and all four suites will be finished in
the most beautiful style, with every
modern convenience and comfort, and
will be an ideal home. Mr. Barrett
states that there is a great demand for
houses, and that he could have rented
it a dozen times over. The gentleman
is to be congratulated on his enterprise,
in this filling a portion of the demand.
He will build another terrace next
year.

The edifice was filled with friends of
the deceased, and the service was a
most impressive one. The choir sang
several selections appropriate to the oc-
casion. The remains were followed to
their last resting place in the Eureka
cemetery by a large concourse of peo-
ple under the direction of Undertaker
A. N. Wallace.

SEVERAL MEN AND BOYS OF THIS SECTION ARE KILLED BY A GRASSHOPPER.

Several men and boys of this section
are claiming a victim from the grass-
hopper. They say that a grasshopper
in a shape to be dragged at a swift
pace by team through the fields, and
the hoppers lodge by thousands in the
soil of the salt. With the grasshopper
the parents of these five in jail re-
fused to come to the boys' rescue, be-
lieving that a term in custody would
prove a more wholesome lesson. All
five were taken to the county jail by
Evans of Salina.

city council granting a franchise to
H. Segmiller et al for the purpose of
supplying this city with electric light

BEAVER.

SUDDEN DEATH OF OLD LADY

Mrs. Sarah Brunner Dean Lies Down to
Rest and Expires.
Special Correspondence.
Beaver City, Beaver Co., Aug. 21.—
Mrs. Sarah Brunner Dean, an old lady
aged 71 years, and who lived alone, was
found dead on her bed on Wednesday
morning last. A young lady went to
the house on an errand, and found the
door open and the bed unoccupied.
Sister Dean was lying in bed, and
she called several times, but was un-
able to arouse the old woman. She
then notified the neighbors, and these

in turn called a physician. His opinion
was that death was caused by paraly-
sis of the heart, and that she must have
been dead two days, as the body was
considerably discolored, and decomposi-
tion had set in. A bucket of water was
on the table and it seems the de-
ceased had been whitewashing the ceil-
ing and had laid down to rest, when
death ensued. There is no appear-
ance of a struggle in the hands, her
face was peaceful, and her hands were
folded on her breast, indicating that
her end was peaceful.

Sister Dean was born in Liverpool,
England, in 1832, and came to Beaver
about 20 years ago. Her life has been
quiet and unostentatious, but she was
always busy, and was in all things a
true Latter-day Saint. Funeral ser-
vices were held in the meetinghouse
yesterday afternoon at 2 o'clock. The
speakers were Elders John Lang,
William Robinson and George Mum-
ford, all bearing testimony to the no-
ble life of the deceased.

RICHFIELD.

BLIGHT INJURED CROPS.

Beneficent Rains—Money in Grasshop-
pers—Electric Franchise.
Special Correspondence.
Richfield, Sevier Co., Aug. 23.—Sevier
county has been visited by several good
thunder showers the past week, which
have done much good to growing crops.
The weather, however, still remains
very sultry and hot. The heat is ripen-
ing grain very rapidly and in some in-
stances the farmers are finding it diffi-
cult to get the grain out of the sheaves.
The wheat crop is not as good as
was expected earlier in the season.
Smut and rust having damaged it to
some extent.
Wheat are consuming the entire crop
of sweet corn in Richfield this year.

LUCERN SEED A FAILURE.

Lucern seed will be almost an entire
failure this season owing to the blight
by what is termed by the farmers as the
"Lucern mite."
This tiny insect attacks the bloom
causing it to wither and fall off and as
the mites multiply the plants are de-
stroyed. The insects are new here and steps
will be taken to ascertain their origin and
means for their destruction.

THE PETITION OF THE "DRY LAD" PEOPLE TO THE LATTER-DAY SAINTS CHURCH OF SOME GROUND. BETTER REGULATIONS WILL BE SECURED AND SOME ADDITIONAL PRIVILEGES WILL ULTIMATELY BE GRANTED.

BOYS ARRESTED.

Last evening Sheriff William H.
Clark lodged in jail Masters Willard
Clark, Gilbert Larsen, Cyrus Jep-
son, Henry Kyle and Orville Larsen,
boys of the latter-day saints of this
county. The first named is in for 10 days,
the next three for seven days each and
the last for five days. They entered the
city at 10 o'clock at the latter-day saints
church in Salina, July 27, stole \$100
worth of cigars and candy, pleaded
guilty to petty larceny and were fined.
There were 11 boys in the scrape. The
others of the said Willard Clark, who
were taken into custody, refused to be-
lieve that a term in custody would
prove a more wholesome lesson. All
were taken to the county jail by
Evans of Salina.
