

## TERRITORIAL FAIR.

The Territorial Fair of Utah, for the year 1878, will commence in Salt Lake City, on the second day of October, at such place as will be designated hereafter.

The list of premiums offered, embracing Gold Medals, Diplomas, Silver Medals, Bronze Medals, Cups and Money, it is hoped, will prove a sufficient stimulus to elicit the finest specimens of Art, Industry and Stock which our thriving Territory can produce. The handsome diploma, designed by Wm. C. Morris, a native artist, will be the most pleasing remembrance ever offered by the Society.

Arrangements will doubtless be effected with the railroad companies to transport articles and stock, either free, or at a nominal charge, to and from the exhibition.

The Deseret Agricultural and Manufacturing Society own the naturally fine Fair Grounds—lying on North Temple Street, near Jordan Bridge—and have already constructed a Half-mile Track and a mile Carriage Drive.

There will be suitable Pavilions, Stalls and Stands for the exhibition of the Arts, Manufactures, Stock, Farm, Garden and other products.
