

TEAM RETURNS; BALL GAME TODAY

Ball Tossers Have Been Away From Home Three Weeks-Glad to Get Back.

PLAYED IN VERY HARD LUCK.

Two Players Injured by Pitching Ball -Bad Weather at Butte, Spokane And Seattle.

"Honest" John McCloskey, manager of the Salt Lake ball team, accompanied by his aggregation of ball tossers, reached Salt Lake from the north last night. Although the boys were tired out from their long journey, they said they would be in shape today to give Butte a hard battle They all seemed full of ginger and dermined to haul the Butte team down from first place in the chase for the penpant. The Butte team got in today and the teams lined up at Walker's this afternoon to begin the last series of the season. We will have ball games here for the next two weeks, and there is a good chance that Butte will not capture the pennant. If the local bunch can capture the majority of the games, and if Spokane can give Seattle a good walloping. Butte will not win the prize. Manager McCloskey says he is going to do all in his power to win. He brings back with him two new men—Babbit and Howlett. Both are good infielders and generally hold their own with the bat.

The best news to local fans is that McCloskey has sent tickets to Harry Newmyer, the clongated southpaw who played with Lagoon and later with the White Wings, and McNeely, another fast pitcher from the ranks of the Western league. Both these twirlers accepted the terms offred by McCloskey and they are expected in from the east this evening. "Honest John" sent for them to assist in bedding Rutte hack pant. The Butte team got in today and

DUD RISLEY'S PRESENT. Given Baby Buggy and Had to Run Bases

Dud Risley, former captain of the White wings, is evidently making a hit with solid players and fans in Kansas. Recentify Mrs. Risley presented Dud with a bouncing baby boy, and in the next ball ame when Dud appeared at bat, a goart was wheeled out to him—a present tom his fellow players—and he was completed to run the bases with it. Dud bayed a fine game that day. A paper at old, Kan, has the following about it:

When Shortstop Risley came first to at a handsome baby buggy was wheeled at to him and he was ordered to run he bases with it, which he did, to the reat delight of the crowd. The buggy as a gift from the players and fans and far haby Risley. The proud father certainly made all the contributors glad. In the fourth inning he got a nit when Willow was on third, tying he score. Later e picked up a hit close to second base, to be provided in the base and threw to first, using a fast double. Again in the kinth, when we had two men on bases and the game was even, he stung out a nace and Wilson and Milsap scored the inning runs. There is talk of buying carload of baby buggies."

HANS WAGNER LEADS.

National League Batting Averages Show Him to be at the Top.

Him to be at the Top.

Three Pittsburg players top the list of National league batsmen and Hans Wagner is the chief of the three. If any one is to unseat him this season it will be from all appearances, either his team mate and captain, Fred Clarke, or Frank Chance of Chicago.

Ginger Beaumont has the star record in hits and runs. Chance leads in hase running, closely pressed by Sheckard.

Chicago now leads in team batting. Pittsburg second, while the immense number of long hits made by the Pirates tells much of the story of their triumph. The figures:

Behind the scheme lies a proposition that involves the outlay of several millions of dollars, being nothing less than the erection of a huge plant for the purpose of turning out pig. rails, pipe and other staple commodities.

The money for this is said to be forthcoming. The major portion of the properties to be worked is under the control of Col. S. B. Milner of this city. Senator W. A. Salt Lake's Leading Fire Fighter From The Atlantic City Convention. Chief Devine of the Salt Lake fire de-

from Atlantic City, N. J., where he has been to attend the fire chief's conven-tion. He looks hale and hearty and says he has had an enjoyable trip in spite of the exceedingly warm weather he encountered in the east.

The chief said that the proceedings during the close of the convention were of a torrid nature, owing to an effort on the part of some of the delegates to make certain changes in the constitu-tion and bylaws of the organizaton. There was also a warm fight for the next convention. San Francisco was out for it but entered the field too late. Chief Sullivan was unable to attend, owing to sickness.
