ADOPTS NEW SYSTEM.

Bell Telephone Company to Have Commercial, Traffic and Plant Depts.

The board of directors of the Rocky Mountain Bell Telephone company met yesterday afternoon and decided on a plan of reorganization to be effectual July 1 next. This plan includes a "three column" system, commercial, traffic and plant, each under the supervision of a general superintendent, a scheme that has been tried elsewhere and proven successful. The commercial department will have charge of the company's commercial business, including development of territory, collections, etc. The department will have charge of operations of service of all classifications, and the plant department, in charge of maintenance and construction work. P. H. Hopkins it to have charge of the commercial department, H. B. Stimson of the traffic and A. J. Vance of the plant department. Mr. Hopkins has been with the company four years, latterly as collections and contract agent. He was formerly a traveling man covering for his firm the intermountain country and the northwest. Mr. Stimson has been with the company for seven years, from the date of his graduation from the Massachusetts Institute of Technology, and came to Salt Lake for service last October. Mr. Vance is the present superintendent for the Wyoming division, and has been with the Bell company for 12 years. He is a native of the Wyoming legislature with residence at Cheyenne, but will remove to Salt Lake shortly. The other general officers will continue as at present.

Miss Rhoades Liked The Foreigner Until Handle Came Off His Name.

How the glamor surrounding the name of royalty was rudely brushed aside in the case of a former Salt Lake young woman, is the subject of a special dispatch from Portland, Or., to the San Francisco Examiner of recent date.

The scores of friends of L. O. Rhoades, former purchasing agent for the Oregon Short Line in this city, and at present occupying a similar position for the Southern Pacific at San Francisco, will recall among the members of his interesting family, a pretty daughter by the name of Winnie. According to a special dispatch dated at Portland, Or., Winnie is bemoaning the fate of a certain foreigner of alleged title, who is now languishing in an Oakland jail, while Winnie is answering the questions of reporters for the newspapers. "No, I don't love Mr. Vretmann," Miss Rhoades is quoted as saying, at her apartment at the Portland hotel. "I hear he has said that he spent money and got me jewels and all kinds of things, but he did not. You see he got into society because he was a foreigner, and we wanted to be kind to him."

"Heaps of girls knew him and did all they could for him," continued Miss Rhoades. "He was lonely, you know. Of course, I liked him—he was quite

Underhill, wife of Commissioner Underhill of the Colorado Railroad association at Denver, and mother-in-law of Paul Beemer, city ticket agent in the local offices of the Union Pacific, died at the residence of her daughter, Mrs. Underhill, at 1120 10th street last night, from a complication of liver ailments. Mrs. Underhill had been ill for several weeks, but was not in the best of health when she came here last night. She was telegraphed for, and she arrived in Salt Lake Saturday morning, two days before her death. Her funeral will be held at 4 o'clock tomorrow afternoon at 4 o'clock, after which interment will be had at Mt. Olivet cemetery.

SPECTACULAR RUNAWAY.

The spectacle of three men in a wagon drawn by an impetuous horse created a lively scattering on State

street at 2 o'clock this afternoon. The runaway passed the police station like a streak, those riding south on State for two blocks and swung out of sight around the Knutsford corner. From last accounts the animal was unmanageable, being apparently at the Salt Lake Brewery. Two men were standing in the wagon clinging to one line and the third had hold of the other rein. The horse was apparently pulling the wagon by its teeth.

MACHINIST HURT.

C. W. Eddington, a machinist in the employ of the Studebaker company, 127 south State street, was painfully injured this afternoon at 2 o'clock, while blowing up an automobile tire. The tire burst and the rim of the wheel caught him in the abdomen with terrific force. He was taken to the Dr. Groves L. D. S. hospital in an ambulance.

Bridwell, superintendent of buildings, will be taken up.

Boosting Utah Goods—Secretary D. S. Collett of the Manufacturer's association is busy getting out copies of the list of products made in Utah. With this list will be sent copies of the names of the members of the Manufacturer's association, and the articles they make, the idea being to get the people to buy all home products, but especially those made by members of the Manufacturer's association.

Badgers to Meet—The Badger club will hold a meeting at the Commercial club house on Thursday evening next at 8 o'clock, to make arrangements for the proper entertainment of the veterans of the Wisconsin contingent of the G. A. R. convention which will be in the nature of a social reunion after the business is transacted. The committee hopes that a good turnout of the club members will be present, of whom there are said to be between 300 and 350 people in the city.

Glen Gets Good Place—A letter has been received by a friend in the city from Thomas H. Glen, who for the past year has been studying at the Chicago university. In it Mr. Glen says he has been appointed bacteriologist to the sanitary investigation of the city of Chicago, the appointment to take effect June 15. The position is said to have come to him as a complete surprise and is therefore the more of a compliment to the worth of another Utah boy. Mr. Glen's home is at 652 3rd Street West street, this city.

PORTLAND JOINS FIGHT.

Spokane Decision Stirs Jobbers of Rose City Into Action.

Portland, Or., May 25.—Portland is now in the fight against the railroads to secure better rates from coast points to points in the interior. At the instigation of the transportation committee of the Chamber of Commerce yesterday it was decided to co-operate with Tacoma and Seattle in a joint suit against the Great Northern and Northern Pacific on the question of rates from Tacoma and Seattle to points in Idaho and Montana.

This suit will be brought before the interstate commerce commission and papers will be dispatched to Washington in the course of a few days. It already has been announced that the Chamber of Commerce will file a suit before the commission against the Oregon Railroad & Navigation company on the question of distributive rates out of Portland.

An endeavor is to be made to get the whole rate question considered at the same time and leading towards this end, Portland will send a special representative to Washington for the meeting of the commission June 2.

TO FORECLOSE MORTGAGE.

CHARGES FRAUD IN THE DEAL.

Mrs. Elizabeth Kittle, formerly of Mercer, brought suit in the Third district court yesterday against E. A. M. Froelich and his wife alleging fraud in a real estate transaction and asks the court to set aside a deed in lot 5, block 5, plat A, Salt Lake City survey or have it corrected so that it will include the property which she thought she was buying. According to the complaint, Mrs. Kittle purchased a piece of land from Froelich which she paid \$800 for. When she received her deed she found that it only called for about one-third of the original piece. Although Froelich's signature was acknowledged before a notary public, the deed did not bear the seal and Froelich's wife did not sign it either. Mrs. Kittle also had to pay \$60.50 for sewer tax which Froelich declared had been paid.
