

UNIVERSITY OF UTAH.

"Success in Life" was the subject of a talk by the Rev. P. A. Simpson at the devotional exercises on Wednesday.

On Tuesday afternoon 47 new members were admitted to the Engineering society. Fifteen more have made application for membership and will be acted upon at the next regular meeting. The leading feature of the program was a talk on "Practical Engineering" by Dr. Merrill. The president of the organization, Leonard C. Johnson, has arranged for Dr. Johnson to lecture before the society on Nov. 10. His subject will be "Lodes and Bedded Deposits."

Dan Lillywhite and Parker B. Pratt, two former students were visitors on Wednesday.

State normal scholarships were recently awarded to the following students: Nels L. Peterson, Eula Meeks, Canute Peterson, Sylvia Martin, John Banks, Hazel Targert, Violet Johnson, Mary Stewart, Theresa Sunderland, Edith Haynes, David Leigh, Anna Dobbie, Gorda M. Hendrickson, Sarah Humphrey and Josephine Eismann.

A copy of the new student body constitution was hung in the halls of each of the university buildings during the week for the students to examine. At a meeting of the student body next Wednesday the adoption of this constitution will be discussed and acted upon.

Prof. Beckstrand now has four new testing machines set up in the shop room of the physical building. Tests of tension, torsion, and compression of materials, and of strength of hydraulic cement are being made by his students in mechanics. A new extensometer for recording tensile strength arrived on Monday.

At a recent meeting of the Club de Langue Francaise Mr. Arnold of the modern language department of the university was elected president for the ensuing year to succeed Mr. Aubert. This club is composed of people in the city who speak the French language and meets once a month. It was organized last year by Mr. Arnold.

Through the efforts of department of modern languages there have just been added to the magazine literature of the University library a weekly German periodical, Die Woche, and a monthly French review, Le Monde Moderne. People interested in keeping up with the present literature and politics of France and Germany are cordially invited to visit the University library and read these magazines.

On Wednesday afternoon Dr. Talmage took his students in physical geography and geology on a field trip to the lime hills northeast of the Warm Springs.

The Hon. Willard Dore visited the university on Thursday.

Invitations are out announcing the Junior ball next Friday night in the museum building.

Considerable interest in football was shown during the week. On Thursday the students met and practiced yards under Yellmaster Harry B. Dresser. Yesterday at 1:30 all classes were suspended and the students held another enthusiastic meeting. Instructor Best led them in singing class songs. Early in the forenoon the sophomores booted their classes, went out on the campus and ran the large university flag to the top of the flagpole. In the afternoon they took a ride in the large drag, Utah, through the principal streets of the city. At 4 p. m. they met the Denver team at the station and drove them to the Hotel Kenyon. At the game this afternoon the students occupied the west bleachers.

A grand athletic ball will be given to-night in the Museum building in honor of the Denver football team.

SALT LAKE CITY SCHOOLS.

Sept. Christenson inspected the work at the Summer Wednesday.

The children in Miss Jessie Boid's room at the Summer have some very good drawings of fruit and leaves.

Miss Toll, teacher of music in the Proctor Academy, came to hear the music at the Summer and was very much pleased.

Mrs. Jaspersen and Miss Gray were among the visitors at the Summer this week.

Sixty-six new volumes have been added to the Summer library. Among them being Shakespeare's plays and Eugene Field's poems.

L. D. S. UNIVERSITY.

The first number of the Gold and Blue was a very creditable issue.

All first year students in English are taking the special lessons in punctuation, given bi-weekly by President Paul.

Hons. Fisher Harris and Rulon S. Wells spoke before the students of the Salt Lake and L. D. S. business colleges on Thursday afternoon. They represented the Commercial club of this city and their advice was pertinent, practical, and enjoyable.

The students' orchestra furnishes music at all dancing parties in the gymnasium. These are held only in the daytime, on Fridays, from 6 to 8 p. m.

The playing of the students' brass band was an agreeable surprise to all hearers on Wednesday morning. They gave three pieces good execution.

The singers at devotional this week were Miss May Anderson and Mr. W. A. Howard. Both rendered fine selections in a very artistic manner. Elder Heber J. Grant addressed the school on Wednesday morning.

Willard Bean, the teacher for men's

GIVE IT A TRIAL.

The next time your stomach becomes weak and you suffer from LOSS OF APPETITE, BELCHING, HEARTBURN, NAUSEA, CRAMPS, INDIGESTION, DYSPEPSIA, OR CONSTIPATION, we urge a trial of Hostetter's Stomach Bitters. You'll be well pleased with the result, because it positively cures such complaints. Hundreds of sickly men and women have testified to its efficacy. Get the genuine with our Private Stamp over the neck of bottle.

HOSTETTER'S STOMACH BITTERS

athletics, will be here shortly from Arcata, California. He is receiving congratulations over the arrival of a brand new daughter in his family—a fact that accounts for his delay in arriving.

Turning lathe, emery wheels, and grinding wheels have just been ordered for the department of mechanic arts. The woodworking class is making steady progress and numbers of useful articles are being turned out each week.

The chemical laboratory has now been removed to the gymnasium building. It has about 3000 feet of floor area, besides a scale room. It is equipped with the finest chemical work desks, supplied with gas, water, and electric lights. Hooks for the disposal of the gases generated in the course of the work are being put in by the cabinet makers under Instructor Klenke.

Prof. Stephen's class for the training of choir leaders will begin on Monday, Nov. 2. It is believed that there is in almost every settlement enough musical talent for the public purposes of the community. Those who are to be the organizers and teachers of this talent, however, require, in order to utilize it, at least two things: (1) training for leadership, (2) confidence in their own powers. By the systematic instruction now offered in these lessons, they should be able to acquire these qualifications and to obtain sufficient confidence in themselves and enough prestige in their respective communities to enable them to organize and conduct with success the singing classes of their town. They should be able to handle choirs from the primary department up to the regular church work of operatic groups. They will be taught how to make use of their musical knowledge and ability for the benefit of the communities in which they live, and will also possess, as a result of this training, the means of earning a livelihood. If they shall elect to devote their time and talents wholly to this vocation, the advantage to presiding officers of having such musical assistance at hand to assist in public meetings, is both obvious and important.

BRIGHAM YOUNG COLLEGE.

Logan, Oct. 30.—The popular lecture course given by Mrs. Treat under the auspices of the Beacon Light society closed last week. The lectures were as attractive and valuable as anything that has been in Logan for a long time. The society is highly congratulated on all sides for its success in placing such valuable lectures before the people, free of charge. While Mrs. Treat was in Logan, Miss Linford gave a lecture at her residence in honor of Mrs. Treat.

On account of the quarterly stake conference held in Logan last Sunday and Monday, school was dismissed on Monday to allow all the privilege of attending conference. Sunday school at the College was also dismissed on Sunday. It was noticed also, that a very great many of the students attended well the meetings of the conference.

On Monday afternoon at 4 o'clock a matinee was given in the gymnasium. There was a larger number in attendance than there ever was at any matinee held in the college in the past. Those present, too, were all students but a very few; and all had an exceedingly good time. The college orchestra furnished music.

The orchestra is somewhat larger than it was last year. It consists now of eight members, and some more will probably be added in a short time. The students who dance by the music of the orchestra are highly pleased with it.

A new professor has lately been added to the department of music. He is a newly born to the wife of Prof. Robinson.

Negotiations have been made with Prof. James Jastrow whereby he will deliver a lecture at the Brigham Young College some time in the future. Prof. Jastrow stands at the head of the department of experimental psychology in the University of Wisconsin, and in one of the world's leaders in this department of science. His lectures at the college will consist of something from his profession.

President Linford has just received a letter from Elder A. E. Bowen, who is now in Switzerland fulfilling a mission. Elder Bowen graduated from the college a few years ago, taking his degree. He was also connected with the institution several years as an instructor. We are all pleased to hear that Elder Bowen is feeling well, and is doing a good work.

After band practice last night, the band surrounded the president's residence and serenaded. President Linford was highly pleased with the music furnished.

Prof. Mosiah Hall lectured to a very large assemblage last Sunday night in Hyrum City. His lecture consisted in thoughts along educational lines.

Prof. Hall reports that his third year classes taking education and psychology, are almost 50 per cent larger than last year. He also states that great interest is being manifested.

There is a very large class in dress-making, as also in first year sewing; so large that the classes have been divided, and additional instructing force has been engaged.

The "President's Report" is now being prepared for the press, and will be mailed in the very near future.

Miss Lillian Oliver, our instructor on piano, has registered 50 per cent more students this year for instruction on the piano than has ever been known before in the history of the college.

Louis Henderson, a first year student taking carpentry, met with a slight accident in the shop on Wednesday afternoon. He was using a sharp wood chisel, which in some way slipped, cutting a deep rash in his hand, which required a surgeon with needle and thread to close.

WEBER STAKE ACADEMY.

Ogden—Some of our teachers and students availed themselves of the cheap excursion last Wednesday evening, and went to Salt Lake to see "Ber Hur."

The lecture committee has made definite arrangements for a series of lectures and dramatic readings to be given some time during this school year, by Prof. R. H. Clark of the University of Chicago.

Our school is gradually filling up. There is a very appreciable increase in regular students over that of last year, not so many missionaries and Sunday school students in the day school course, which is accounted for by the increased attendance in the night school.

Hon. David Evans of Salt Lake visited

ed the academy last Wednesday. He is a relative of Mrs. Evans, teacher in charge of the domestic art department, and is on his way around the world.

The city council has our thanks for its generosity in granting the academy the use of the Lester park pavilion in which to conduct the athletic sports.

The committee on athletics and amusement will meet with the stake amusement committee today, and something definite in the way of amusements is expected.

Miss Lulu Mitchell sang two beautiful solos in devotional exercises last Thursday morning. On Tuesday Miss Wealthy Delap furnished the music.

Supt. Driggs of the Deaf, Dumb and Blind school visited us last Wednesday. He addressed the students on the "Value of a Practical Education." He proved that every day spent in school by the average student is worth \$10 from a monetary standpoint. In other words a student earns \$10 in cash every day he studies; providing he complete his course, and proves himself capable.

Friday morning Bishop James W. Thompson of the Third ward gave the students a practical talk.

AGRICULTURAL COLLEGE.

The October number of Student Life was mailed last Wednesday. It is filled with original stories, football news, department notes, and personals, all written up in a snappy fashion.

Prof. Peterson expects to go into the mountains northeast of Richmond for two days next week, to complete his work in the Bear River range, for the University of Chicago.

Mr. W. G. Farrell of Salt Lake gave the students an address sparkling with wit and filled with inspiration, at chapel last Wednesday.

Mr. Elias Day, characterist, gives the initial entertainment in the Lyceum course at the assembly hall tonight.

The Law Club Fraternity met with O. W. Adams last Monday evening and initiated six new members.

The first shipment of gymnasium suits for the girls have arrived.

Mr. and Mrs. Craig of Salt Lake and Mr. and Mrs. Woodside of the city visited the college last Wednesday, and expressed themselves as much pleased with the equipment of the college and the work done.

The domestic science department girls have been picking fruit during the past week.

Two classes in chafing dish demonstration have been organized, among the advanced students. Several of the ladies from the city, have asked to join the classes.

Director Widtsoe went south on Wednesday to inspect the dry farms.

Prof. J. W. Jensen is rapidly recovering from his siege of typhoid.

The A. C. Woman's club met with Mrs. Madison last Monday. Mrs. Engle was the leader in a continuance of the discussion on Greek sculpture.

The sophomore engineers are doing field work in leveling.

An orchestra of 10 pieces has been organized by Prof. Wilson and will be under the direction of Prof. Anderson.

Mr. Will G. Farrell, a representative of the National Life, lectured to the commercial club today on insurance. This is the first of the series to be given under the auspices of this club.

The boys of the commercial department are having a fine silk banner made in the college and national colors, bearing the inscription "School of Commerce."

Prof. Bexell has begun working up an industrial museum, by correspondence with manufacturers, dealers in raw material and transportation lines. A number of contributions have already been received.

Beaver B. B. Y. UNIVERSITY.

Beaver—Prof. Maeser visited Provo last week to attend the B. Y. University Founder's Day exercises, in which he took part.

Betsy Topplin, a graduate of the class of 1902, was here last Wednesday on a visit.

A matinee was given last Saturday after which Gomer M. Richard delivered a lecture on "True Education."

Lydia Robinson, one of the students of the school, was called home on account of her father's death.

Eddie Michelson went home last week to attend the funeral of his grandfather.

J. M. McFarland spoke in devotional last Friday morning and left in the afternoon for New York, where he will take up his missionary labors.

Prof. Maeser is now preparing a play, "The Quick Sands of Gotham," to be given in the near future.

Mr. James Johnson came last Sunday. He will take up work in the State with grade, and also the drawing classes.

Supt. A. C. Nelson visited us last Monday in our devotional work, in which he occupied a short time.

Committee of six students chosen, under the direction of Prof. Durham to take charge of the news items Monday morning. They were as follows: Literature, Belle Yardley; art, Lizzie Booth; science, William Joseph; political events, Albert Allen; current events, George Mitchell; theological, Melvin Luke.

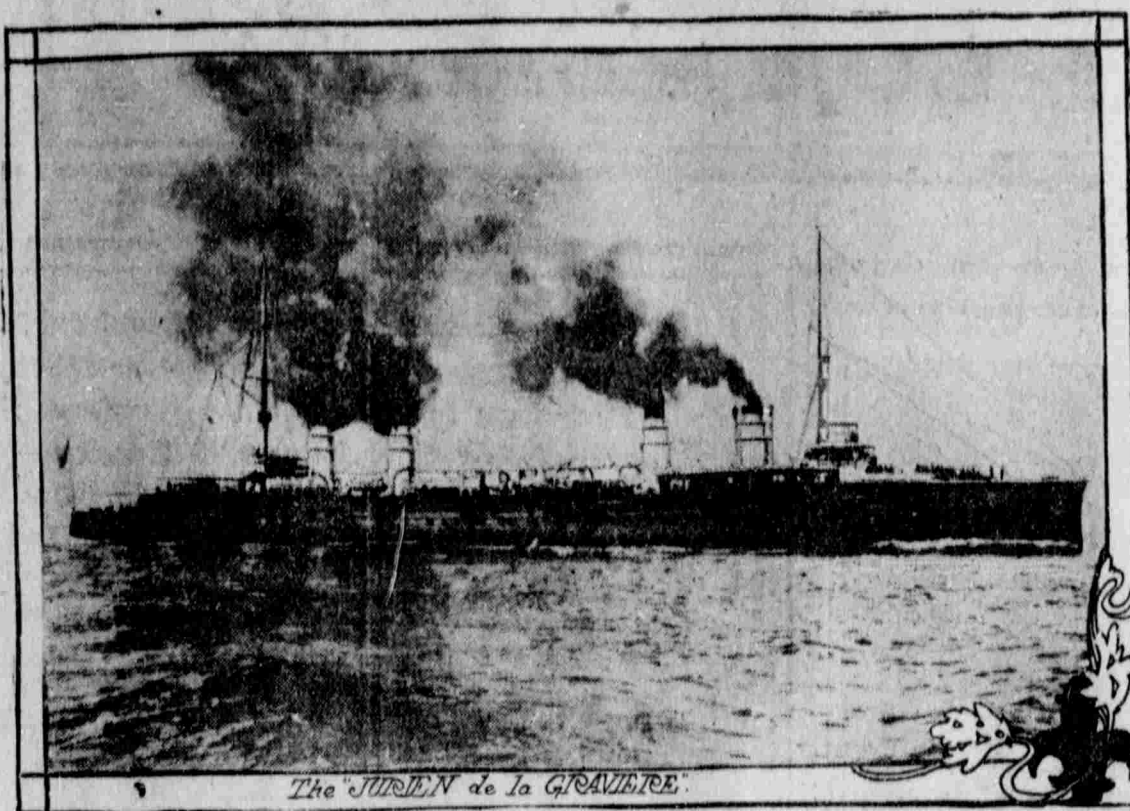

BRIGHAM YOUNG UNIVERSITY.

It was with reluctance that the students gave up the old cheer. Some were for adapting it to the change, but it was finally concluded to retain it for remembrance occasions.

Frederick Ward, the actor, lectured

Monarch SHIRTS ARE THE BEST AT THE PRICE. CLUETT, PEABODY & CO. MAKERS

FRENCH CRUISER HERE, A NEW TYPE.

The Jurien de la Graviere, a new French cruiser, designed for the destruction of an enemy's commerce, is now visiting American ports. After a week in New York the queer looking craft goes to Philadelphia. A peculiarity about the vessel is the arrangement of its smokestacks, two being located fore and two aft.

before the Literary society Saturday afternoon on Shakespeare, illustrating his talk with impersonations.

Prof. Edwin Smart, who has been down for three weeks with typhoid fever, is now convalescent. He began work again last Monday.

The librarian reports a recent addition of 225 new books, besides a great many bound volumes of magazines.

In the athletic games last Friday the High school carried off the honors by 47 points, the nearest competitors being the Commercial with 23.

The students are justly indignant over the Enquirer's characterization of the college rush last Friday as a free-for-all fight. Although the contest could not have been much more strenuous, and one young man unfortunately got his arm broken, there was not an angry word or tone from beginning to end.

The central attraction of the sports on Founders' day was a genuine college rush. The High school boys began mysteriously by marching around the campus ten abreast and ten deep with arms interlocked. The other schools looked on but could not guess what was to happen. The light soon dawned, when the challengers surrounded a tree and sent one of their number to the top with a mock banner caricaturing all the other schools competing the university. Needless to say pandemonium

got loose. For two hours the baited departments tried to dislodge the enemy, but failed. When the day was over, the victors paraded the streets of Provo to let the citizens know who were the stiff. Since then a High school student cannot get on to the slightest elevation without feeling the impulse to crow.

From the eloquence of simply, direct, sincere and unstudied oratory, the listener may be commended to the broken, halting, utterances of Uncle Jesse Knight, before a body of students. His short speech on Founders' day elicited more applause than all the others combined. President Smith especially commended a story he told advising him to tell it often to the Latter-day Saints.

Miss Hazel Taylor sang on Founders' day a valtz song, which she has had in preparation for six months, under Prof. Lund. The purity, range and the flexibility of her voice were a revelation to the audience. Miss Jepperson's song, though in quite a different voice, was equally well received, while the marvellous bass of Willard Anderson's voice in the Turnkey song, held the audience spellbound. The work of the choir was also especially fine.

BRANCH NORMAL.

Cedar City—The enrollment has passed the 200 mark. Halls and class rooms

are taxed to accommodate the crowd.

Mr. Porter has arranged to meet some of the students who took commercial law last year and discuss more advanced problems. The work is done on Saturday with them.

Friday evening at Students' society the following program was carried out: Vocal solo, guitar accompaniment.

Mr. Reber Stump speech..... Albert Anderson Duet..... Miss Middleton and Wikom Reading..... Miss Winnie Parry "The Branch Normal Monthly Courier"..... Mr. Wikom

Hallowe'en is drawing near, and most of the classes are preparing to keep it in a befitting way. The third years and specials have joined, and are preparing program, refreshments, and games to while away the time till midnight, when they will be prepared to meet the spirits of the other world and entertain them in a way that will no doubt be appreciated by all.

The '05 students have planned a trip to Enoch (about seven miles from town) on a hay rack. They are to leave about noon; the afternoon and evening will be given over to the enjoyment that students can always get out of an outing of this kind. The plan is to reach the graveyard on their way home, about the time that "spooks" are out.

IS YOUR STOMACH ON A STRIKE?

There is nothing to prevent you employing a substitute to do its work.

There is such a thing as forbearance ceasing to be a virtue even in the case of one's stomach. There is no question but that some stomachs will stand a great deal more wear and tear and abuse than others, but they all have their limit and when that limit is reached, the stomach must be reckoned with as sure as fate. The best way and really the only effective way to treat your stomach when it rebels is to employ a substitute to do its work. This will give the weakened and worn out organ an opportunity to rest and regain its strength and health.

Stuart's Dyspepsia Tablets relieve the stomach of its work by taking up the work, and doing it just as one set or shift of workmen relieve another. They actually digest the food in just the same manner and just the same time as the digestive fluids of a sound stomach do. In fact when dissolved in the stomach, they are digestive fluids for they contain exactly the same constituents and elements as the gastric juice and other digestive fluids of the stomach. No matter what the condition of the stomach, their work is just the same. They work in their own natural way without regard to surrounding conditions.

The stomach being thus relieved by Stuart's Dyspepsia Tablets, is restored and renewed by Nature and the rest of the human body does not suffer in the least by reason of its failure to perform its work.

A Wisconsin man says: "I suffered the pangs of dyspepsia for 10 years. I tried every known remedy with indifferent results until I was told of the remarkable cures of Stuart's Dyspepsia Tablets. I bought a box, began taking them and forgot I had a stomach. Three boxes cured me completely. I have had no trouble whatever for a year and have an appetite like a harvest hand and can eat anything that is set before me without fear of bad results."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50c a box. The druggist never fails to have them in stock because the demand for them is so great and so pronounced that he cannot afford to be without them. People who could not get them of one druggist would go to another and would get in the habit of buying their other drugs there as well as their Stuart's Dyspepsia Tablets.

Miss Katie Sparks.

Are You Worn Out by Overwork?

No. 2807 Locust Street, St. Louis, Mo., April 15, 1903.

Last fall I fairly collapsed from overwork and the continual mental strain which undermined my nervous system. I was fretful and irritable, lost my appetite and became listless and melancholy. Five bottles of Wine of Cardui restored me. As a nerve tonic and a gentle stimulant to a sluggish system it has no superior and restoring the vitality and renewing the entire body I know of nothing which can in any way compare with Wine of Cardui. I give it my sincerest praise.

Katie Sparks

TRASURED, HAMILTON ORATORICAL SOCIETY.

WINE OF CARDUI

To have strong nerves and good health restored and to feel renewed vitality in the entire system after a condition of complete collapse from overwork, was the benefit which Miss Sparks secured from five bottles of Wine of Cardui. Could anyone make a better investment at the slight cost of Wine of Cardui than that?

With a bottle of Wine of Cardui in her home any woman can privately and successfully treat herself for female weakness. It relieves girls and women of all ages of menstrual irregularities. By regulating the menstruation, pain and inflammation are banished and the strain removed from the debilitated nervous system. Then the nerves recover their normal and healthy condition.

Do you feel all worn out after a little exertion? Are you nervous and irritable? Are you sleepy and sluggish in the daytime and nervous and restless at night? Have you leucorrhoea? If you answer "yes" to any of these questions a treatment of Wine of Cardui would give you inestimable benefit. All druggists sell \$1.00 bottles of Wine of Cardui.
