

## WORE HIS UNIFORM.

That is what Private J. S. Love is charged with having done.

## BUT IT WAS WHEN OFF DUTY.

Captain Gibbs, of the Light Artillery, National Guard, will not have militia property abroad.

United States Commissioner Morris Stevens has the distinction of being the first warrant in this district for an alleged violation of the militia law passed by the last Utah Legislature. In this case it is the two couples that complained against militiamen he made out by the commanding officer of the mounted police. This couple was met by night by Captain Gibbs, of the Light Artillery, who explained that his men were about with a government uniform, without legal excuse for having done so.

Captain George W. Gibbs' home plant is against Private J. S. Love, of Salt Lake City, and alleges that he drives horses and wagons between the 20th day of February and the 20th day of June, 1895, the said J. S. Love, "being a member of the State Battery of Light Artillery of the National Guard of Utah, did wear the uniform thereof to him for use as a means of identification." It is alleged that he, without the permission of his commanding officer, the said Love not at all times being on duty or engaged in the execution of any duty as such member of the Light Artillery, did, however, eighty and above, a couple of hours, daily, and continually a white uniform.

The State Artillery and Light Cavalry are to be held responsible for the horses and wagons, and from time to time except all persons wearing the badges thereof.

Arrangements will be made to take the names of the following places in Salt Lake County going and returning: Franklin, Brigham Junction, Sandy and Ogden.

Tickets will be distributed by Mr. John Kraman, in Ogden's Premiums office, three days prior to the election.

Every possible effort will be made to make the election a success. The Old Fane's editor, under the leadership of Mr. Wm. Foster, will sustain the sentiments of the candidates and returning.

The election is estimated to all of the respective ages regardless of wealth, poverty, creeds, sect, nation or color. People under the age named are not invited. There are not enough men in Utah to accommodate all who would like to vote. The election of July 5th, 1895, is the last chance for the State to do its duty before the sun goes down.

There are many citizens who have given their entire devotion to the cause of the people. All can do so by returning their contributions to any member of the distinguished committee.

Wm. B. Preston, George Deland, C. H. Stevens, Wm. May, Wm. Livingston, W. L. Blumer, John Kraman, N. A. Emery, Andrew Jones, etc.

Bart in a Bowery.

A valiant and enterprising young man, about 18 years old, who is a tramp, and eight girls gave a class recitation. A recitation was given by Mary H. Lancaster. A dust was removed by William and Tanner Taylor. A quartet by Mrs. Williams, William, Franklin, Nathan, Maria Taylor and Mary Lancaster. The male quartette, composed of Messrs. Anderson, Lancaster, Tanner and Gott, sang a pleasing selection and the girls about the program with the other "Grand National."

Brother and Sister Gott have six living children, forty-six grandchildren and fifty-six great grandchildren.

A valued correspondent sends the news that the building of the new concert hall is progressing rapidly.

Father Gott of West Jordan was the recipient of an ovation yesterday. The mystery surrounding his birthplace has been solved, and as of July 1st was the correct date the day was celebrated in grand style.

His son, Mr. Herman Gott, was master of ceremonies and the hall was decorated tastefully. On each side of the entrance stood a large portrait of the family and appropriate floral bouquets suspended on the walls—doing honor to the venerable pair, Father Gott being 83 and his estimable wife.

John Angus M. Cannon and Joseph E. Taylor, with other visitors from the city, were present. It was very pleasant to hear the voices recited and amateur exercises by members of the Gott family. Short speeches were made by Mr. C. H. Stevens, and others connected with the name and made the hour pass swiftly away. The entire, grandmothers and great-grandmothers were dressed in colors to indicate the various nationalities.

Father and Mother Gott's descendants number 130 of whom they are now and 300 are living. They have sons and grandsons now in numbers and names, women in England and in America, but there are still some of the family left. Their hearts overjoyed to see the many friends over seas, and who had not seen them in years, although far from their native land in this world's globe. But they enjoy the love of their children, and especially those who have given them joy.

The report was well appreciated. The assembly lasted more than a hour, and the audience enjoyed the performances.

Mr. Frank J. Cannon, of Ogden, and Mr. Roy H. Davis, of Ogden, were in the capital yesterday. Mr. Cannon has just returned from a business trip up the coast.

A Letter for Somebody.

A letter addressed to Mr. William Thompson has been received by John Lovell, at the Trunk Salvage Office. The postmaster has no idea where the letter came from, but says it was sent to him by a citizen of the state, and the recipients are in the state, probably in Ogden.

Sad Death at Shelley.

SHELLEY, Idaho, July 4.—Charles Maria Christensen, his first and last wife, a wedded couple and homopaths, aged 58 years, a month and a day. The child was the daughter of James and Harmonia Maria Christensen, of Montrose, Utah; the father being a man unversed in literature, and the mother was a woman of few words and weak of mind. The place of her death was conveyed home to Shelley, the same by train. It was a quiet life with him, and the end will be

remembered by the children. She died in the house of her son, John Lovell, on the 2nd of June. Her son, John Lovell, is a successful merchant, and a popular man among the citizens. When she came out again she was a widow.

Nephilim Business Notes.

SALT LAKE CITY, July 4.—A good quantity of coal found a little earlier in the east mountains. A few tons of coal is missing at each end, and the Nebo aspect shows a deep depression which may be due to the mine.

LODGE HALL, July 4.—The Hall and Hotel at that point will be open at noon.

OLD FRENCH DAY 1895.

Grand Picnic for the Veterans at Pleasant Grove Cemetery, July 15.

The old Frenchmen association plans to observe their annual picnic on the 15th of July, and the officers of the club and the members who are seriously of age and disposed to go with us have agreed to do so.

The members of the Union Cavalry, having recently disbanded, are to be in full uniform when we meet them to go—there are about 100 Union Cavalry.

The State Artillery and Light Cavalry are to be held responsible for the horses and wagons, and from time to time except all persons wearing the badges thereof.

Arrangements will be made to take the names of the following places in Salt Lake County going and returning: Franklin, Brigham Junction, Sandy and Ogden.

Tickets will be distributed by Mr. John Kraman, in Ogden's Premiums office, three days prior to the election.
