One other distinguishing feature of our Palace Cars is a SMOKING SALOON where you can enjoy your cigar "at your ease" at all hours of the day.

Magnificent Steel Bridges span the Mississippi and Missouri rivers at all points crossed by the line, and transfers are avoided at Council Bluffs, Kansas City, Atchison, and Atchison connections being made in Union Depots.

EVENING NEWS.

BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

President Arthur.

WASHINGTON, 6.—J. Stanley Brown states that President Arthur expressed his intention to continue at the residence of Senator Jones for some time. He thinks the Executive session will be short, and until that is over he will remain in his present quarters, then probably move to the Soldiers' Home until the White House is repaired completely.

The first Cabinet meeting of the new Administration will be held next Tuesday. The President declines to hear any application for office, and thinks minor offices now vacant should be filled by the heads of various departments.

Guiteau.

Attorney Scoville remained two hours with Guiteau this morning. He found his client more apprehensive and humble. Guiteau furnished a list of witnesses he desired. He is willing to leave the decision of the plea of insanity to his counsel. Scoville relies upon the evidence of the people here to support the plea.

Stamps.

Orders for and shipments of stamps from the Internal Revenue Bureau yesterday, were the largest ever known in any one day. One hundred and twenty-five mail packages were sent, containing over 1,000,000 internal revenue stamps of the value of $2,895,000.

Mutilated Coin.

The government has fixed no valuation upon mutilated silver coin other than the market value of the silver they contain. They are purchased at the mint by weight as bullion and the value depends upon the price of silver on the day the coin is presented at the mint.

Rafled.

In the Star route case, this morning, Brady and Brown were held to bail in the sum of $7,500 and Turner and French $4,000. Counsel for defense stated he would probably formally file a motion to quash the information. It was agreed that two days' notice be given to opposing counsel in case of the argument of any motion.

Conkling.

PHILADELPHIA, 5.—The *Ledger's* New York special states positively that the President has offered Conkling the post of Secretary of the Treasury, and he has accepted it with the understanding that he will enter upon the duties of the office when the regular session commences. When the inside history of Jones' recent hasty errand to Utica and the President's subsequent visit to New York comes to be written, it will be found that it was to perfect this arrangement, by which Conkling has been kept away from the convention.

Russian Rascality.

CHICAGO, 6.—A special to the *Times* from Newport announces the departure of Bartholomie, Russian minister, for Washington. During the past season he occupied the elegant residence of Captain Dowring, with his wife, 11 children and a retinue of servants. Not only has he paid no rent, but left the house and furniture in such a condition that Mrs. Dowring burst into tears on entering. He has victimized tradesmen of all sorts, pleading immunity as an ambassador. He has been a social nuisance all summer, and left an unsavory reputation. It stated that of late he has been shadowed by detectives from New York.

Earthquake.

BRISTOL, N. H., 6.—A shock of earthquake was felt here a little after midnight. It passed from west to east and made a noise like the rumbling of a heavy train of cars, and shook buildings perceptibly.

Storm.

FORTRESS MONROE, 6.—The gale Tuesday night and Wednesday handled severely the smaller craft on the coast. Nearly all report losses of sails and spars and some were driven ashore. One schooner lost seven men and another two. Life saving crew rescued many seamen.

FOREIGN.

LONDON, 6.—Dillon, Egan, Thos. P. O. Connor and James Rodpath sailed from Queenstown for New York to-day.

Murders.

CITY OF MEXICO, 5.—A letter from Durango says: Thomas Gortrell and wife, formerly of Indiana and late of New York, were murdered at Rio Chico by a servant. The authorities are pursuing him. A considerable amount in drafts on the St. Nowoual bank of Los Vigos, New Mexico, was taken by the murderer.

Drainage.

The government has contracted with Mierella & Co., for the drainage of the valley of Mexico for $9,000,000. The company are all Mexicans.

Fire.

MONTREAL, 6.—The Catholic College of St. Theresa, at Providence, 25 miles from this city, burned; loss $35,000.

The Press.

MADRID, 6.—*El Liberal* says the Madrid government disapproves the action of the Captain General in Cuba in suppressing three newspapers and exiling three journalists.

The Pope.

PARIS, 6.—The *Figaro* announces that yesterday, when receiving a deputation of Roman sympathizers, the Pope informed them that the time might not be far distant when, to protect the dignity and independence of the Pontifical and to save himself from the party of revolution he should have to quit the Eternal City.

BRIEF TELEGRAMS.

Howgate charged with embezzling $81,000. Bail fixed at $40,000, which he cannot procure, but petitions for *habeas corpus*.

Crops and fruits damaged by frost throughout New England.

President Arthur had few callers yesterday.

James H. Carleton nominated for Governor of Massachusetts.

One hundred thousand dollars drawn from Bank of England for America yesterday.

Nelson W. Aldrich, nominated by republicans for U. S. senator, to succeed Burnside.

Six hundred and eighty thousand pounds drawn from the Bank of England yesterday for Egyptian cotton; discount 4 per cent. and rising.

AYER'S CHERRY PECTORAL,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma and Consumption.

The few compositions which have won the confidence of mankind and become household words, among not only one but many nations, must have extraordinary virtues. Perhaps no one ever secured so wide a reputation, or maintained it so long, as AYER'S CHERRY PECTORAL. It has been known to the public about forty years, by a long continued series of marvelous cures, that have won for it a confidence in its virtues, never equaled by any other medicine. It still makes the most effectual cures of *Coughs, Colds, Consumption*, that can be made by medical skill. Indeed, the CHERRY PECTORAL has really robbed these dangerous diseases of their terrors to a great extent, and given a feeling of immunity from their painful effects, that is well founded, if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members. Sickness, suffering, and even life is saved by this timely defence. The prudent should not neglect it, and the wise will not. Keep it by you for the protection it affords by its early use in sudden attacks.

PERFECTION BAKING POWDER.

We respectfully call the attention of the Public to the following Analysis:

Laboratory of the Health Department, Chicago, Aug. 5, 1881.

OSCAR DEWOLF, Commissioner of Health:

DEAR SIR:—I have made a very careful and elaborate chemical analysis of twenty-seven different baking powders received from the hands of Mr. Horsey, your clerk, and have the honor to report the following table of figures:

	Soluble Ash.	Insoluble Ash.	Total Ash.
PERFECTION,	29.00	0.00	29.00
DR. PRICE'S CREAM,	28.10	0.15	28.25
ROYAL,	28.30	0.25	28.55

A known and weighed quantity of baking powder was incinerated in a silver crucible until only a grey residue was left. This is the total ash. It was carefully removed to a glass vessel and acted upon by hydrochloric acid and distilled water at the boiling point; what dissolved in that menstruum has been called *soluble ash*, and that which did not, *insoluble ash*.

I have the honor to be, sir, yours very truly, H. G. PATON, Chemist of the Health Department.

We have always claimed that the Perfection is the highest grade of baking powder that can be produced from cream tarter and soda.

Respectfully,

SPRAGUES, WARNER & GRISWOLD, CHICAGO.
