### MINING, BUSINESS AND STOCKS

## **GETTING READY FOR** GREATER TONNAGE

Carisa Mine of Tintic Being Equipped With a New 500-Ton Ore Bin.

#### BIG STOPES TO BE TAPPED.

The Ventilation System of Mine to be Improved-Connection with Victor Con. Workings to be Made.

The Carisa Mining company, operating in the Tintic mining district, is preparing to increase its production and, accordingly, its revenues.

From Manager H. S. Joseph it was learned during the day that preparations are well under way for the construction of a 500-ton ore bin on Northern Spy ground.

At the present time, Manager Joseph states, shipments are being made at the rate of about 100 tons per week, but as soon as the ore bin is completed,

the tonnage to be sent to the smelters will be considerably increased.

Manager Joseph says conditions at the mine never looked more encouraging than they do at the present time, and the stopes between the 100 and 200 and the 600 and 700 levels can be relied on for an indefinite time to come.

These stopes are now being opened in These stopes are now being opened in such a manner as to render the extraction of ore convenient as well as eco-

To enable a better system of ventilation in the mine connections are to be made with the Victor Con., workings through an upraise from the 700 level of the Carlsa. It will be necessary to make a raise of about 900 feet to make

### ON MINING EXCHANGE.

Lower Mammoth Active and Stronger -Closing Quotations.

The week opened with the sale or the mining exchange of 9,450 shares for which was paid the sum of \$2,830. Not-withstanding that the directors of the Lower Mammoth held a meeting during the day and levied an assessment of five cents a share, the stock held remarkably firm and was in quite a little demand. The market for it closed several points higher than the opening. New York Bonanza opened with the sale of 200 shares at 53½ cents, but this was followed by declines. Carisa brought 17 cents. brought 17 cents.

On the open board, Comstock, Sacramento, Silver Shield, Raymond and Hinols and Uncle Sam Consolidated were on the active list.

The closing quotations and sales

were as follows:

NOT READY YET. Still Uncertain as to When Daly-Judge

Mill Will Start. President John J. Daly spent Thursday between trains at the Daly-Judge mine. Upon being asked at the train, by a Park Record reporter, when the mill would start, Mr. Daly replied, "I do not know, or I would tell you." The gentleman stated, however, that the work of prospecting was still being carried on in the mine and that small bodies of ore were being opened up

right along. Between 14,000 and 15,000 tons of ore have been stored and Mr. Daly stated that about this tennage would be kept on hand to insure the steady running of the mill when it once started, for he does not believe in relying entirely upon the output of the mine to keep the mill going, as at any time a slight accident might occur, which would prevent or decrease the which would prevent or decrease the fally output, and the mill would be at a standstill. Mr. Daly says the condilon of the mine is very encouraging ndeel, and he notes with pleasure the increased demand for zine ore which has been very noticeable the past year throughout the west, believing that it will result in vast good for Utah, and Park City in particular,

#### BOSTON CON. BONDS. A Circular from London Tells About Their Issue.

A circular from the London offices of the Boston Consolidated has been received outlining the plans for the proposed bond issue through which the company sproposes to raise \$1,250,000 for mill equipment and other improvement surposes.

ment purposes.

The bonds were authorized at a recent meeting of shareholders and subscritions will be received for the same between Aug. 15 and Sept. 1. The bonds run for 10 years, or until Dec. 31, 1915, and draw interest at the rate of 6 per cent per annum. On that date the company obligates itself to pay \$550 for each \$500 bond; but on six months' notice the bonds are redeemmonths' notice the bonds are redeem-able at any time prior to 1910 on the payment of \$525 for each \$500 bond. Subscribers are given the privilege of converting the bonds into stock and demand therefore five \$5 shares for each \$500 bond. The bonds will be issued to shareholders in number corresponding with their holdings, 20 shares to be entitled to a \$50 bond and so on. In subscribing 25 per cent must accompany the application, the remainder to be paid in three 25 per cent payments, the final due March 1, next year. Failure to make any payment when due Fallure to make any payment when due will render the previous one or more liable to forfeiture. Interest will be payable on Jan. I and July I of each year. The transfer books are to be closed from Aug. 15 to Sept. I, 1995; the application for bonds to be made and the initial payment made with the London Joint Stock bank, limited, not later than Sept. I. Applications from other than a shareholder of the company will not be considered.

### WATER FOR GOLDFIELD.

will not be considered.

California Capitalists Will Build a Thirty-

Having unbounded faith in the Goldfield mining district and readily see-ing an opening for excellent invest-ment, says the Goldfield News, a party ment, says the Goldfield News, a party of southern Nevada and California capitalists have completed plans for the installation of a gigantic water company, the object of which will be to supply 1,000,000 gallons a day for mine, mill, individual and the towns of Goldfield, Columbia and Jumbo. The company will pipe its water for a dis-tance of 30 miles, and will be prepared to furnish all water necessary for eveto furnish all water necessary for every possible use in the district for years to come. The plant will cost many thousands of dollars; it is to be modern in every respect, and one that will be ample for every local demand.

The annual meeting of the stockholders of the Goldfield-Mohawk

Mining company was held Monday it Tonopah. It was decided to begin de velopment work at once. The work will be started close to the side line of the Combination and directly on the strike of the ledge of that mine. The Mohawk lies between the January, Combination and Jumbo on one side and the Red Top on the other.—Goldand the F

### PLAYS IN LUCK.

Judge W. W. Wallace, a Veteran Newspaper Man, Makes a Good Strike.

Judge W. W. Wallace, a veteran newspaper man, and for a number of years a resident of Marysvale, Plute county, but now editor of the Las Vagas Advance, has struck it rich in Nevada, according to the Times of Las Vegas, which says:

self in order to keep prospectors in the field to uncover some rich pay streak. At last this forbearance and sacrifice are to be rewarded with what promises are to be rewarded with what promises to make the judge not alone distinguished in the newspaper field, but likewise notable as one of the great financial factors of this nation of great financiers and financings. It is the good fortune of the judge to be the principal owner in a great lead deposit in the Charleston mountains. It is as prety a steel gaiena as one may want to lay eyes upon. Samples taken from the a steel galena as one may want to lay eyes upon. Samples taken from the big ore chute at random show over 80 per cent lead. The vein from which these rich samples have been taken is a true tissure and the mining of same can be done cheaply from the fact that great depth can be attained through the tunnel route of mining. This bonanza will be a great source of wealth and the gratification is double that so excellent a gentleman as Judge Wallace should be one of the happy owners. should be one of the happy owners.

"Besides this undoubted source of great wealth, the judge is extensively interested to other claims of value and high grade showings in the Death Value.

#### ley district. BULLFROG WILL BOOM.

Much Activity Anticipated When Coo Weather Comes.

G. A. Graham, a mining man from! the Bullfrog country and located at Bealty, is registered at the Culien. He reports that the luttobse heat for the past six weeks, during which the temperature ran up to 120 degrees, has caused many to leave there temporarily, but that conditions in mining are better than ever. He says the weather is cooler now, the thermometer registering only 100 in the shade.

Much activity is expected in the Bull-Much activity is expected in the Bull-frog district as well as in the Funeral and Panamind ranges this fall,

# DIRECTORS MEET

Have Called Upon Shareholders For an Assessment of Five Cents a Share.

#### WILL BRING \$7,500 IF PAID IN

What the Company's Indebtedness is-Directors Determined to Open Mine at Depth.

The directors of the Lower Mammeth Mining company met at the offices of that corporation in the Dooly block during the forencon and made another call upon shareholders by levying an assessment of 5 cents a share, which, if all paid in, will bring into the treasury the sum of \$7,500. The assessment becomes delinquent on Sept. 8; the de-Inquent sale is fixed for Sept. 22.

The Lower Mammoth company has an Indebtedness at the present time of about \$19,000, a legacy handed down from another administration. This obligation, however, is not a pressing one and those holding the paper seem well satisfied to let things go seem well satisfied to let things go along as they are entil such time as the company carries forward its present campaign of development to the point where the mine will again assume a paying basis.

It is the intention of the present board

of directors to carry the explorations to the deep. The winze being sunk from the 1,400 level is now down 35 feet and it is being dropped at the rate of about four feet a day. On the 1,400 the work being carried on there continues to show encouraging results. There is not much doubt but that the Lower Mamnoth will come out with flying colors a little later on.

#### THE MACKAY SMELTER.

Plant of White Knob Copper Company

Still Running on Accumulated Ore. Owen McGristy, a miner from Macda, is stopping at the White House. He says that notwithstanding the talk of the removal of the smelter of the White Knob Copper company, it is still running on ore which had ac-He also says leasers on the property are making good money and that a re-cent strike of gold has been reported between Challis and Custer.

#### HONERINE TUNNEL.

Great Adit Has Been Completed to Length of 8,400 Feet.

E. J. Raddatz, superintendent of the Honerine mine of Stockton, was in the city during the day to confer with local officials.

He stated to a "News" representative that the great drain tunnel has been completed to the length of 8,400 fore an upraise will be started to conwith the present workings of the

### THE IRONSHOE CASE.

Matter of Assessment of Damages on Injunction Bond Comes Up.

In the federal court this morning, Judge W. H. Dickson, in behalf of the United States Mining company, made a motion to have the court refer the matter of the assessment of damages on the injunction bond, in the case of the Ivanhoe Mining company vs Unit-er States Mining company, to a master, to determine the amount of damages. This was opposed by Judges Street and Ogden Hiles, counsel for the Ivanhoe company.

The motion, however, was denied by

Judge Marshall and entered an order requiring the United States company to enter a suit at law.

### Ontario Tunnel

The Ontario Silver Mining company is drifting around the last cave en-countered in the drain tunnel at Park City, and the utmost precaution is be-ing exercised to guard the safety of the ing exercised to guard the safety of the men employed there. It is believed this will be the last obstruction and the hope is being entertained that the avenue will be cleared before the close of the present month. The tunnel was closed by the caves in the latter part of March.

### Mining Deeds Filed.

Special Correspondence. Provo, Aug. 7.—Penelope Bredemeyer, of Salt Lake, has conveyed by mining deed to George Tyng of Victoria, Texas,

#### To Plan STORE ADVER TISING CAMPAIGNE

D EQUIRES some imagination as well as judgment nerve as well as knowledge. Every such cam-

paigne should include the occasional "surprise," the special stroke of enterprise when least expected either by competitors or patrons; the "broadsides" of publicity at seasons when lethargy usually prevails.

the Lady Annie and part of the Bredemeyer No. 2 mining claims, both patented in American Fork mining district. The consideration named is \$1,500.

Sees Many Changes. Robert J. Coleman, formerly con-pected with the staff of Samuel New-house in this state, but who is now house in this state, but who is now engaged in mining in Old Mexico has arrived in the city on a brief business trip. He has been in California for several months conducting an examination of a mining property for an eastern syndicate. He visited one of the valley smelters during the day.

Since Mr. Coleman was in Utah last some great changes have taken place; particularly in Bingham, with which camp he was identified perhaps more camp he was identified perhaps more than any other in the state.

#### CONCENTRATES

The regular monthly meeting of the McKirley Mining company's directors is scheduled to take place at Eureka

Work will be resumed at the Ray-mond & Illinois mine in Tintle this week under the direction of Manager J.

J. C. Thompson, a former well known mining stock broker of this city, has arrived from San Francisco on a brief ousiness trip.

John Rover, one of the pioneera of the Nippeno mining district of Nevada, has arrived in the city from Denver on

The ore and bullion settlements reported in the local market last week by McCornick & Company aggregated the sum of \$414,599.

Captain Duncan McVichie is very much encouraged over reports coming from the Gold Hill property in the Clifton district, Deep Creek, upon which he holds a bond and lease. The Park City ore shipments last week agregated 2,2727,400 pounds, the shippers being: Silver King, 1,424,400; Daly-West, 1,130,0000; Kearns-Keith, 120,000; New York, 80,000; Alliance, 53,-000; Barnes Bros., 20,000.

George T. Edwards, manager of the Lincoln mine at Pearl, Ida., says good progress is being made with the in-staliation of the new cyanide depart-ment to the mine. About 15 solution

tanks will be put in. President Samuel McIntyre of the Mammoth says that in order to prevent a repetition of the recent fir which destroyed the pumping station at Cherry Creek, west of Mammoth, a stone building will be erected,

William T. and W. H. Goss of this city for \$10,000 have purchased a half interest in the Parker claims, located in the Parker mountain, Ida., district The recent discoveries in the Parker mountain country still continue to attract much attention.

At the delinquent stock sale of the Star Consolidated Mining company, held on Saturday afternoon, between 30.000 and 40.000 shares went under the hammer. The stock sold around the market price, about eight cents a share. The amount of the assessment was three cents a share.

The Wildflower Mining company has The Wildflower Mining company has filed articles of incorporation with the county clerk of Summit county. The company is incorporated for \$37,5000, divided into 150,0000 shares at 25 cents per share. The officers are: William Whitehill, president; C. W. Hodgson, vice president; Arthur Williams, secretary and treasurer, and Harry A. Malone and S. W. Walker, directors. The company is the owner of a group of claims known as the Wildflower Nos. 1. 2 and 3. situated in Blue Ledge min. 1, 2 and 3, situated in Blue Ledge min-ing district and in the Bonanza Flat

Five diving horses, Saltair, today.

## SHARP ADVANCES MARK THE OPENING

Boost Conspicious in a Number of Specialties on Change Today.

UNION PACIFIC SHOWED UP

St. Paul Also Gives Evidence of Fractional Strength While the Granger Group Was Quiet.

New York, Aug. 7.—The opening trading in the stock market today was conspicuous for the sharp advances in a number of specialities. The London stock exchange was closed and small and irregular advances were shown in the internationals. Influential stocks participated generally in the early rise which originated in a handfull of specialities that have been recently buoyant. Aside from the large orders for the U.S. Steel stocks the accumulation of other points were not large. The granger group generally was quiet, but St. Paul and Union Pacific showed some activity and fractional strength. Chicago, St. Paul. Minneapolis and Omaha gained four. Atlantic Coast Line 3½; Northern Pacific shd Great Northern preferred. 2½; Sloss-Sheffield Steel 2½, and Louisville & Nashville, Lake Erie and Western, U.S. Steel preferred. American Car and Sugar I to 1½. The strength of the steel industrials showed in one point gains for U.S. Steel, Tennessee Coal, the Republic Steel stocks, Colorado Fuel and Pressed Steel; Car and 1½ for steel foundries preferred. Northwestern preferred rose 2. Wisconsin Central 1½, St. Louis & San Francisco preferred. New York, Chicago & St. Louis, Iowa Central, Des Moines and Fort Dodge and Union Bag preferred 1. The demand subsided on the advance but only isolated stocks gave way. Sinciting fell back ¼ under last week, Northwestern reacted 1½ and Nashville. Chattanooga & St. Louis, Peoria and Eastern and Woolen preferred lost 1.

Bonds were steady. There was a large absorption of U.S. Steel sec-

Bonds were steady. There was a large absorption of U. S. Steel seclarge absorption of U. S. Steel second 5's.

The demand for coalers carried Reading, Eric first and second preferred and Central Railroad of New Jersey 1½ to 1½ over Saturday. New York Central and C. C. C. & St. Louis gained 1½; General Electric, 1½; and St. Faul nearly a point. Although new points of strength constantly developed, the general stock list continued rather inert. Corn products, preferred lost 2.

Bull operators met little resistance inmarketing up the specialties and in active railroads but speculative interest continued scanty in the usual favorites. In the meantime the general market averaged a little higher especially for the coalers. Northwestern preferred extended its rise to 6, Sloss-Sheffield Steel 4½; Republican Steel 2½, D. H., 2; and United Railway Investment. Biscuit and Duluth south Shore and Atlande 1 to 1¾. Central Railroad of New Jersey decided 1.

New York, Aug. 7.—Money on call, easy; highest 24; lowest, 14; last loan, ruling rate closing bid and offered 2. Time loans steady; 60 days 3 per cent; 90 days 34/84%. Six months, 38/84 per cent. Prime mercantile paper, 46/4½. Sterling exchange steady with actual business in bankers bills at 4.86.55/24.86.69 for demand and at 4.84.80/24.84 85 for 60 day bills; posted rates, 4.854/24.78½; commercial bills, 4.84%.

Bar silver, 59½; Mexican dollars, 45½. Government and railroad bonds steady.

PRODUCE.

Chicago, Aug. 7.—Excellent weather for the fast Elpening of the grain in the northwest created weakness in the wheat market here today. Pit traders had lib-eral offering but demand was compar-atively light. September opened \( \frac{1}{2} \) to \( \frac{1}{2} \) to \( \frac{1}{2} \) and sold off to \( \frac{1}{2} \) to \( \frac{1}{2} \) and chicago reported receipts of \( \frac{1}{2} \) cars against \( \frac{1}{2} \) a year ago.

so. Minneapolis, Duluth and Chicago reported receipts of 491 cars against \$52 a year ago.

The corn market also was affected by the favorable maturing weather, sentiment being rather bearish. A prominent long was a moderate seller. September opened :#4 lower at \$24,052% and declined to \$24,055%.

Oats were casier in sympathy with the weakness of other grains. Receipts were a trifle above the amount estimated and this helped to weaken values. September opened 1,474 lower at \$24,025% and sold off to \$25,025%. Notwithstanding a slight decline in the price of live hogs the provision market was firm on a fair demand from packers. September pork was up 7,5410 cents at 13,55413,6745; lard was \$25,05 cents higher ut 7,5007,52% and ribs were unchanged at \$125.

For September the lowest point of the day was reached at \$25%; the close was weak with September off \$2,056 at \$51,065%. Corn—The market closed steady with September unchanged at \$3.

September unchanged at 53.

#### COTTON.

New York, Aug. 7 - Cotton futures opened quiet; August, 10.24; September, 10.41; October, 10.55; November, 10.62; December, 10.65; January 10.71; February, 10.76; March, 16.81.

New York, Aug. 7.—Cotton spot closed quiet 10 points higher; middling uplands 10.85; middling gulf, 11.05; sales, 15.44 bales.

#### LOCAL MARKETS.

Today's local markets have been en-larged by the arrival of a car load of Valencia oranges from the coast in prime condition, and the same are wholesaling at \$5 per case. A car of bananas will be on deck tomorrow morning, from Mobile, and not from New Orleans Local handlers are not morning, from Mobile, and not from New Orleans. Local handlers are not touching anything that comes from New Orleans; in fact, fruit vessels are not going that way any more, but are touching at perfectly sanitary ports free from infection or contagion of all kinds. Museat grapes from California are arriving in good condition, sweet and nice. Lemons are still a scarce article, and are likely to continue so until the next crop of California lemons comes along. But by that time the heft of the hot weather will be over, and then prices will go down. The demand for lemons makes the market for limes very stiff, as they are largely mand for lemons makes the market for linies very stiff, as they are largely used as a substitute for lemons. Sweet potatoes are arriving from Merced, Cal., and are in good shape, a relief from the ordinary in the potato line. Local ordinary potatoes are weak in price on account of the grub worm which has done a good deal of damage, so that two-thirds of the crop is seri-

so that two-thirds of the crop is seriously damaged. The shortage in to-matoes is extending, as the last run of the season show marked effects from the blight. So the local shortage is being made up from the Pacific coast. Local watermelons and piums continue in plenty. Cherries are about gone. There are a few apricots in the market. The prices obtaining today, are as follows: Henry T. McEwan - Assistant Cashier Heber J. Grant. Isaac Barton, Joseph F. Smith, James D. Murdeck, Chas. S. Burton, Byron Groo, Wm. B. Preston, Heber M. Wells, A. W. Carlson. Commercial Banking in all its branches, Accounts Solicited. The DESERET SAVINGS BANK
