CHICAGO

The great reputation Karpen upholstered furniture has obtained throughout the world is a sufficient guarantee of its high character of construction and design. We carry the Karpen products at lower prices than others ask for inferior goods. Through a special arrangement with the Karpen factory we are enabled to offer this month a surprising number of bargains in guaranteed Sterling genuine leather furniture. Sterling leather is the kind which will never crack, crack or become shabby through use. The Sterling trade-mark protects you from the large amount of deception and fraud today practiced in the manufacture and sale of upholstered furniture covered with inferior leather and imitations of leather calculated to deceive the unwary purchaser. Only an expert can tell the difference between the good and the bad except after short usage and when it is too late to rectify the mistake. Get the Sterling brand of genuine leather at our store and be safe.
