Railroads of the United States to Be Under Supreme Head.

ROCKEFELLER AND MORGAN

These Men Operating Together to Greatly Extend "Community" of Interest" Plan Among Haliways.

Plans to extend the community of interests among the railroads are now maturing, according to the New York Press. It is probable that in a few weeks official announcements of great mportance will be made.

Wall street is especially interested in the report that William Rockefeller and two associates will be chosen directors of the Union Pacific on October , the date of the annual meeting.

Wm. Rockefeller and J. Plerpont Morgan, as is known generally, have been cooperating in many ventures. Rockefeller's position therefore confirms 'the report that Morgan and Rockefeller representatives would go into the Union Pacific board as a part of the compromise agreement made to settle the controversy that caused the Northern Pacific corner, E. H. Harri-man, the executive officer of the Union Pacific, was selected by Mr. Morgan as a director and member of the executive committee of the Northern Pacific and his election to these places was announced some weeks ago. Now all that remains is to carry out the de-

ANOTHER TUNNEL. New York Seeking Underground So-

lution of Transit Problem. President Baldwin, of the Long Island railroad, has made application to and filed plans with the Rapid Transit commission in behalf of the Long Is-land extension company for a tunnel from a point in New York in the vicin-ity of Broadway and Forty-fifth streets under Seventh Avenue to Thirty-third street, thence to East river and under it to Long Island City. The plans re-present an outlay of \$5,000,000 and call for a double track tunnel its entire length for the carrying of both freight and passengers. The applicants bind themselves to begin work on the tunnel within 30 days after the franchise shall have been granted and to complete it in four years after the work shall have begun. Motive power other than steam is specified. The applicants say they are willing to pay the city three per cent of the gross earnings of the roadway or any reasonable amount.

"CUT OUT" PASSES.

It is stated that the agreement will shortly be submitted and signed and become operative at the end of this year. This step it is said will be the with passes even to railroad employes.

S. F. AND S. P.

They Agree as to Distribution and Handling Oriental Business.

Community of interest between th Atchison, Topeka & Santa Fe and the Harriman interest has just been estab-lished in so far as the Pacific ocean or Oriental traffic is concerned, says the Chicago Tribune today.

Instead of the Santa Fe establishing an independent Pacific ocean line from San Francisco, or making an arrange-ment with the Hamburg-American steamship company, as has heretofore been reported, negotiations have just been concluded whereby it will abandon its San Diego ocean line on Feb. 1, 1902, and will, jointly with the Southern Pa-cific, use the Pacific Mail Steamship company for its transpacific outlet. Unler the new arrangement with the cific Mail Steamship company the Santa Fe is given equal rights with the Southern Pacific railroad and is guaranteed a certain percentage of the Oriental traffic.

BECAME UNPLEASANT.

President Hays of Southern Pacific Leaves the System.

San Francisco, Sept. 27.—Charles M. Hays, president of the Southern Pacific company, formally announced today that he would retire from the presidency. In his announcement President Hays said: "The change in policy and organization of the company, consequent upon the change in ownership of the control of the Southern Pacific shortly after my taking service with the company, has made a place, originally attractive to me, so much less so that I, several weeks ago, voluntarily placed my resignation and surrender of my contract with the company at the disposal of the executive committee, effective on such date and upon such conditions as might be agreeable to them. We have agreed upon October 1st as the date upon which my resignation shall become effective. Announcements as to my successor, etc.

ill doubtless be made shortly.
"I have no definite plans as yet but expect to remain some weeks enjoying the country with my family at Menle Park and will probably go East some time in December."

All details in the plane of the Trans-Alaskan Railway and Navigation com-pany are now complete and this week the engineers will leave Scattle to begin actual work, says the Denver Post of Thursday. They will arrange the cross sections and on or about Dec. 15 the construction will start. F. S. Granger, general manager of the company, and F. During an interview this morning Messrs. Granger and Jaenigen out-lined their plans and showed how the new road is to be one of the most im-portant in the world. It will make the missing link in a chain of railroads around the globe and when it is finished it will be possible to get on a train in New York and ride direct to St. Petersburg.

JOSEPH JONES

IS ARRESTED

West Jordan Resident Charged With Poisoning C. Larson.

ROBBERY HIS INTENTION.

Victim Was Returning From Girl's Home, When Jones Gave Him a Drink Containing Strychulne.

Joseph Jones has been arrested at West Jordan charged with poisoning Charles Larson. Larson's story is that while returning in his buggy to East Jordan on Wednesday evening after calling on Miss Lottie Nelson at Sandy, Jones stopped him on the road, and asked him to take a drink of blackberry from a bottle which he produced. Jones was insistent and to humor blin Larson took a drink. He said it tasted bitter. It was then about half past ten and Larson drove on home. He had drunk strychnine and it was only by superhuman efforts that he managed to crawl into his house, where he lay in agony all night. In the morning Dr. Robertson was sum-

Larson is satisfied that robbery was the purpose that Jones had in end, as he had \$180 in his pocket at the time. He is employed at the Smelter and Jones is an Oregon Short Line section hand, and a brother in law of the girl on whom Larson called.

Sheriff Naylor brought Jones into the county jail last midnight. He denies that he knew of any poison in the blackberry brandy. He will have a hearing Monday morning at Sandy.

MATRIMONIAL SURPRISE Shirley Webber and Miss Lillie Zenger Wed at Farmington.

Shirley T. B. Webber and Miss Lillie C. Zenger of this city were quietly married at Farmington on Wednesday afternoon in the presence of Will D. McKellar and Miss Jessie Houck, friends of the contracting couple. The affair was not known even by the parents until the bride and groom returned to the city, when the latter disclosed it to his father, Colonel T. G. The bride is the daughter of Mr. and Mrs. John H. Zenger of 61 west Third North street. The young couple first met at the Latter-day Saints' College, where a mutual attachment grew up, which ripened into affection. Mr. up, which ripened into allegand. Western Webber was in the Rio Grande Western freight department for some time but left the company last spring to study dentistry, preparatory to going to Chi-cago to continue his studies.
