

UTAH WILL HAVE WEEK AT PORTLAND

One Day to be Devoted to Each
Of State's Leading
Cities.

SALT LAKE GETS AUGUST 26.

Fair Commission Plans for Free Dis-
tribution of Grand County
Fruit.

Gov. Cutler has received an invitation from the management of the Lewis and Clark exposition to accept the week beginning Aug. 21 at Utah week, and make each of its days a special event for some one of Utah's cities. At a meeting of the fair commission yesterday afternoon in the office of Gov. Cutler the invitation was accepted, and a wire to that effect sent to President Goode.

In Utah week the Irrigation Congress will meet, the Ogden Tabernacle choir will probably be in attendance, and a car load of fruit will be on hand for free distribution—the product of Grand county orchards. The plans are forecasted now indicate a signally successful Utah week at Portland.

The ceremonies on the days set apart for each city will not be elaborate, shortly before noon the mayor of the city whose day it is, will assemble with other representatives of his city in front of the Utah building. The administration band will be in attendance for half of the fair management. President Goode will make a brief address of welcome and the mayor will reply. The remaining features of the day will be informal.

Utah week at the fair precedes Arizona week, and follows Nevada week.

DATES FOR OTHER STATES.

The dates for other states are: Idaho, week commencing July 3; Montana, week commencing July 10; Wyoming, week commencing July 17; Arizona, week commencing July 24; Nevada, week commencing August 7. As for these states have not erected buildings or planned for them, Utah has been requested in common with other states to throw open her building for use by neighboring states on their particular days, and this the commission has expressed its willingness to do.

The commission meeting yesterday afternoon was a busy one. All members were present, and the session was very lengthy. The main feature was the handling of the Utah week invitation, and the fixing of a schedule for the Utah cities during the week.

DAYS FOR UTAH CITIES.

The days were set apart as follows: Monday, Aug. 21, Ogden; Tuesday, Aug. 22, Logan; Wednesday, Aug. 23, Panguitch; Thursday, Aug. 24, Provo; Friday, Aug. 25, Salt Lake City and Park City; Saturday, Aug. 26, Salt Lake City.

A number of people interested in different features of the Utah exhibit called during the session. R. W. Sloan appeared in behalf of his publication, "The Mountain Empire, Utah."

E. S. Lovejoy urged that a honey exhibit be made. Dr. R. H. Bradford spoke for a liberal mining exhibit, asserting that it was essential to a just representation of Utah's resources. Monte Peterson of the State Normal school urged the necessity of a good fruit exhibit, and L. W. Shurtliff and Charles J. Ross of Ogden brought up the matter of the State Normal school choir to Portland. Prof. L. A. Ostein, director of the educational exhibit, spoke enthusiastically of the outlook for a successful display.

TEXT OF PRESIDENT GOODE'S LETTER.

The full text of President Goode's letter inviting Utah to accept a week for her cities follows:

Portland, Ore., April 15, 1905.—Hon. John C. Cutler, Governor of Utah, Salt Lake City, Utah. Dear Sir:—On behalf of the Lewis and Clark exposition I take pleasure in informing you that with a view of doing signal honor to the state of Utah and organizing a systematic movement by which the people of the various communities of the state can in substantial numbers arrange to visit and enjoy the manifold educational advantages and other attractions of the exposition the management has decided to set apart the period commencing Monday, Aug. 21, and ending on Saturday, Aug. 26, for the purpose of giving to Utah a week of special celebration on the exposition grounds by the participation of the state. If this plan meets with your approval we would request the issuance by you of a proclamation a month in advance of this suggested period, calling attention to the fact that on these auspicious days and urging every patriotic son and daughter of the commonwealth to assemble at the exposition during the period mentioned and by their presence insure the success of their state's participation. In this connection permit me to express the hearty co-operation of the state commission is assured and the mayor of each city will be invited direct by the exposition management to make appropriate arrangements for the visit of his city's delegation to the Lewis and Clark Centennial exposition on the special date allotted. Awaiting your reply I am very respectfully yours,

H. W. GOODE, President.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen the system so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. Sold by F. J. Hill Drug Co.

CATTLE MARKET ACTIVE.

Receipts Heavy and Prices Crumbled As a Result.

Special Correspondence.

Kansas City, Mo., April 24.—Speculators were very active in the country week before last, and as nearly all the cattle were bought for delivery last week, the market could not stand up on account of the liberal receipts. The run was not excessive, but following, it did, a week of fairly good receipts, buyers held the whip in hand and the market crumbled away all.

TEA

If we know anything, we know tea. Hold us responsible!

FAMOUS ATHLETES PAY GLOWING TRIBUTE TO PE-RU-NA

As a Spring Tonic to Get the System in Good Shape.

"I advise all athletes who are about to go in training to try a bottle of Pe-ru-na."
—J. W. Glenister.

John Glenister, Champion Swimmer and Only Athlete to Successfully Swim Through the Michigan Whirlpool Rapids.

PE-RU-NA

Renovates, Regulates, Restores a System Depleted by Catarrh.

John W. Glenister, of Providence, R. I., champion long distance swimmer of America, has performed notable feats in this country and England. He has used Peruna as a tonic and gives his opinion of it in the following letter:

New York.
The Peruna Medicine Company,
Columbus, Ohio:
Gentlemen—This spring for the first time I have taken two bottles of Peruna, and as I feel as if I ought to say a good word for its worth.

"During the springtime for the last few years, I have taken several kinds of spring tonics, and have never received any benefit whatever. This year, through the advice of a friend, I have tried Peruna and it has given me results."

"I advise all athletes who are about to go in training to try a bottle, for it certainly gets the system in good shape." Yours truly,

JOHN W. GLENISTER.

through the week. The total loss was 20 to 30 cents, good to prime cattle losing least, as is always the case. Stockers and feeders were not much worried, in view of the discouraging fact that the market, and suffered an average loss of 15 cents. Representation of cattle from the range country in the west and southwest was light. Oklahoma contributed the largest variety ranging from prime branded steers, at \$6.50 on down through all the grades. Hayfed Colorado sold to the killers at \$4.50 to \$5.10 on Thursday, which was at the bottom of the decline. Horns and brands were discriminated against more than usual by stocker and feeder buyers, who had an opportunity to pick around. A good choice of cattle made by the end of the week, at a full range of \$3.25 to \$4.90 for western stockers and feeders. Supply today is lighter all around, and prospects look brighter for this week, market strong today, showing best at the close.

The mutton market broke in the east early last week, but the break was not felt here till Thursday. Trade was brisk all week till near the end, but closed dull. Net loss for the week 10 to 15 cents. Texas grass hogs were expected late in the week, and today none have arrived as yet. Some ewes fed at Carlsbad, New Mexico, weighing 35 pounds, sold today at \$4.00, and clipped lambs from same load at 64 pounds at \$5.75. Lambs in fleece, 65 pounds, sold today at \$7.00, clipped wethers, \$5.25. A full range of prices set now on the different grades, including clipped stock, which will predominate from this time forward, and that in fleece, is lambs, \$5.60 to \$7.50; yearlings, \$5.25 to \$6.50; wethers, \$5.00 to \$5.80; ewes, \$4.00 to \$5.50. Spring lambs sold last week around \$8.00. Texas and Arizona grassers will have to be depended on to supply the demand for some months longer, as the 20 per cent of Colorado stock in feed lots remains to come, and local feed stuff is about all in.

CATTLE FROM IDAHO.

W. F. Ringer of Payette, Idaho, made his first shipment to this market yesterday, two carloads of feeders and coveys and heifers mixed. Mr. Ringer is located in the Payette valley, a fertile irrigated place where farms are small and valuable, and where farming is carried on quite extensively. In that valley all kinds of grain except corn is raised, also vegetables, while it is one of the greatest grass producing districts in that country.

"Alfalfa," said Mr. Ringer, "is one of our greatest crops, and one of the most profitable among all the feeds raised here. As high as six and seven tons of hay to the acre can be raised in that valley. There are not many cattle in that country, and they are not likely to increase now, as the large distance from market is a little against us. The sheepmen, who are numerous, have the hills and the mountains, but the valleys are fenced and they cannot range free over those any more. Sheep are good property there, and the sheepmen have been making money, and all who have any to clip this spring will be in it. There are a great many people going into that country. It is filling up very fast, and the price of irrigated lands is advancing right along."

Cures Coughs and Colds.

Mrs. C. Peterson, 425 Lake St., Topeka, Kansas, writes: "Of all cough remedies I have used, I find that the best is the one I have used, and it will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste."—2c, 5c, 10c bottle. Sold by F. J. Hill Drug Co.

TO EXAMINE TEACHERS.

Committees Appointed to Prepare Questions for Uniform Tests.

That every county school teacher in Utah not holding a state certificate or a state normal certificate must be examined in the requirements of the new state law, and a meeting was held yesterday afternoon in the office of Supt.

was held in the Ogden tabernacle on Saturday, April 22, at which nearly 600 members of the Priesthood were present. During the session President Lewis W. Shurtliff spoke of the Weber stake conference, which would be held on the morning. He said he did not expect the tabernacle would hold all who desired to be present, but he said, over 600 meetings would be held in the Third ward meetinghouse, so those who could not gain admission to the tabernacle would be accommodated. The whole congregation heard this. The Bishop of that ward was present and was instructed in relation to the matter.

Again, I was present at the stake conference held on the following day in the tabernacle, which was filled to its utmost capacity.

President Shurtliff again announced that an overflow meeting would be held in the afternoon in the Third ward meetinghouse, and if the speakers would be appointed to address the assembly. So that base untruth is refuted: "Again that hired scribbler stated that Judge H. Rolapp was the principal speaker in the afternoon."

Now, Judge Rolapp responded to a request to report the condition and progress of the parent's department in connection with the Sunday school, which he did in a brief, but graphic manner. The reporter omitted to say one word of the highly interesting address of Elder B. F. Grant and Apostle John Henry Smith. But his report was for exportation and not for home consumption. Nevertheless "Truth is mighty as well as precious" over the billows of falsehoods and their perpetrators.

With a desire to live and see the kingdom of God, I am, over the world, the flesh and the devil. I am yours respectfully,

H. J. La.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurman, a well-known coal operator in the city. "I began taking Foley's Kidney Cure, and the result was surprising. The kidney trouble was cured, and now I have no pain across my kidneys and I feel like a new man. Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by F. J. Hill Drug Co."

GIVES GOOD REASONS.

Mayor Does Not Approve of Reduction in Circus License.

The amended license ordinance, introduced by Hobday and passed by the council Tuesday night, has been vetoed by Mayor Morris. The amendment reduced the license for circuses from \$400 per day to \$200 for the first day and \$300 for each day thereafter. The mayor said in his veto message that it was not in the interest of the city.

"I consider the rates named in the present ordinance reasonably low, in fact too low for some of the larger shows exhibiting in this city. It is not my purpose to dilute upon the vast amount of money every large circus and menagerie combined that shows take
