THE GREAT COUNTRY PAPER

OF THE WEST.

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

LOCAL BRIEFS.

County Atty. L. L. Baker of Tooele county is visiting in the city.

Handsome thing is being laid in the main vestibule of the new University club.

Foster's Military band of Ogden furnished music at the cut-off ceremonies today.

County Clerk James and Deputy Clerk D. B. Davies left last night for a week's hunting trip in Cedar valley.

Willis T. Beardsley of Ogden is en route home from Los Angeles ill with pneumonia. Mrs. Beardsley is also ill in Ogden.

Carey Hamilton of Fort Madison, Ia., and a student at the University of Utah, has been elected president of his class, 1907, for the ensuing year.

Secy. of State Hammond has issued a call upon all the banks in the state for a statement showing their condition at the close of business on Nov. 17.

State Supt. A. C. Nelson has returned from a 10 days' visit to the Kane and Garfield county schools. He leaves this evening to visit the Beaver county schools.

The Short Line passenger department has received large photographs from Omaha of the remarkable erosion formations and cliffs north of Croyden station.

The funeral service over the remains of the late Edw. L. Lenroot, of 161 Oak street, aged 75 years, a native of Sweden, was held today at 11 a. m. from the Nineteenth ward meetinghouse.

Jackson T. Brunning, the scenic artist, is very sick with typhoid pneumonia, in his room on the sixth floor of the Templeton building, and being in destitute circumstances, is dependent on his friends. Dr. A. C. Young is attending him.

The Independent Telephone company is making extensive excavations on State street in front of the new central station, wherein will be laid the heavy cables as they branch out from the building for distribution.

The American Institute of Bank Clerks held a well attended meeting last night in the clearing house apartments, to hear able papers by Cashier E. W. Wilson of the Commercial National Bank, and Cashier L. H. Farnsworth of the Walker Bros. bank.

Articles of incorporation of the Salt Lake Trust company were filed in the county clerk's office yesterday. Its capital stock is \$100,000, divided into shares of the par value of \$1 each. S. H. Love is president; Isaac Barton, vice president; A. W. Gallacher, secretary and treasurer.

Bishop Leonard is in a very critical condition at St. Mark's hospital, and what the outcome may be, cannot be stated with any certainty. The hospital people say that the main trouble is at present with his heart, which is liable to fail at any moment, if the patient is not closely watched. However, it is believed that if the heart can be kept in action for the ensuing week, the bishop may gain sufficient strength to recover.

Harry Bundy, a colored man, is the individual who has the proud distinction of being the first to be thrown into the new drunkhouse of the new city jail. Harry was arrested yesterday morning by Officer Gulbransen on the charge of drunkenness and refusing to pay for a meal which he ordered and devoured. Bundy will remain in the drunkhouse until tomorrow when he will be taken before Judge Diehl to explain why he acted so foolishly.

Dun's Review for the past week gives the following epitome of business conditions obtaining during that time in Salt Lake City: "Jobbing business, as a whole, is fairly satisfactory for the season. Many dealers are inclined to conservatism and are more disposed to push collections than sales. Retail trade is helped by cooler weather. Collections continue backward. Bank deposits hold up well, but money is rather tight and rates firm, owing largely to bankers' desire to keep a large balance on hand."

General Manager D. S. Murray of the Bell Telephone company has returned from Chicago, where he went on business of his company. Mr. Murray is busy in preparing estimates for extensions for the coming year. He remarked today that these extensions were likely to be very extensive and far reaching, but in the light of past experience, he was unable to give any exact idea of what would be done. Mr. Murray stated that his company expended \$355,000 during the current year on subscribers and exchange construction, about twice as much as was intended when the estimates for 1902 were made up late in the previous year.

We pay 4 per cent interest per annum on \$1 to \$5,000. Zion's Savings Bank & Trust Co. Joseph E. Smith, President; George M. Cannon, Cashier.

TWO FIRE ALARMS.

Serious Blaze Narrowly Averted at Eclipse Livery Stable.

The fire fighters responded to two alarms last night and at one place a serious blaze was narrowly averted. The first alarm came from the Eclipse livery stable on State street and was caused by someone dropping a lighted

match among some straw. At first it was thought that a boy had wilfully set fire to the place. A young stranger had applied for lodgings in the barn and when it was refused him, it is said, he remarked: "I will make you people sorry for this before morning." After the fire had been extinguished, Asst. Chief Wood located the young man, but the latter declared that he had been in a saloon all evening. Chief Wood accompanied him to the saloon, where the proprietor and bartender corroborated the young fellow's statement and he was released.

The second blaze was in the office of Dr. Gordon, 250 East Temple street. The cause of the blaze is unknown, but when the fire ladders arrived the room was all ablaze. The draperies and curtains and other furniture in the room were badly damaged. It is estimated that the loss is at least \$250, but is protected by insurance.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered would interest many. A run down system, or despondency invariably precede suicide and something has been found which will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great stomach, liver and kidney regulator. Only 50c. Satisfaction guaranteed by Z. C. M. I. Drug Dept.

THE POOR CARED FOR.

Salvation Army Dispenses Good Things To Local Unfortunates.

The Salvation army did a good work yesterday afternoon in giving away provisions to the worthy poor, at the annex of the Thirtieth ward meetinghouse, and when the day was ended, 225 families had been cared for and altogether 700 people are being cared for today. Each family was given its choice of a chicken, of a generous cut of beef or mutton. In addition, each family was given a sufficient allowance of bread, butter, fresh or canned fruits, parsnips, sweet potatoes, celery and other vegetables and mince pies. Where it was known deserving persons resided, and none of such households were present, the Army sent by delivery wagon such things as might be needed. Tables have been set up in the entrance hall of over 200 people today at Thanksgiving dinner, but considerably more than that number are being taken care of and given a generous repast. The Salvation army also, numbering about 100, are being entertained in a handsome manner.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by Z. C. M. I. Drug Dept."

SWEATERS FOR ATHLETES.

Each Member of U. of U Football Team Gets One.

The Athletic association of the University of Utah presented each of the football men with a new sweater, at a meeting of the student body held yesterday. They are marked with the letter "U" and none but those men will be allowed to wear it. An exception is made of Prof. Cummings, who because of his interest in athletics, was also presented with a sweater. The boys were called upon to retire and don the garb, receiving an ovation when they had done so. Yells and cheers and songs were the order of the hour, the songs being given under the leadership of Mr. Best.

Duties of Parents.

Parents no doubt desire to give their children the best and most liberal education they can possibly obtain for them.

They desire their children to grow to be good men and women, to a possession of character, refinement and education.

It is astonishing, in view of these facts, how many parents fail to appreciate the value and importance of a good education at the elbow of every growing child.

The habit of research—of looking up things—is established early in life and its value is inestimable because it means a continuous education through life.

Superintendent Bright of Cook county school, Chicago, who superintends the education of 300,000 children, has said: "The child using an encyclopedia at home in connection with school work will profit 33-1/3 per cent more than one without it."

The Deseret News is forming a club of money saving buyers of the new American encyclopedia, which is the best, the latest and most practical encyclopedia on the market.

EXCEL THE ALPS AND RHINE

Scenic Attractions in the Alleghenies Which Are Vast Paintings.

Travelers abroad and in America agree that the changing foliage of the Alps or along the Rhine does not compare with that of the Alleghenies. These famous scenic attractions of scenic Artistic Lines are vast paintings by nature. On the ascent from the west, Johnstown, risen from the flood of 1889, is typically America. In Europe it would be rare beyond Johnstown, the train follows the Conemaugh to scenic splendor around the Paoli Saddle; then crossing the summit of the Alleghenies at Crescen- 3,400 feet above the sea, the traveler looks from the brink upon the wild Alleghenies; then around the far-famed Horse Shoe Curve on the brink of another mighty chasm, through Altoona, the mountain workshop of the Pennsylvania railroad; along the banks of the Juniata, and over the Susquehanna on the greatest stone bridge in the world to Harrisburg, Baltimore, Washington, Philadelphia, New York, passing through the heart of a famous section famous for well tilled land.

MINUTES WERE PASSED UPON.

Those Certifying to Canvass of Election Returns Approved Last Night.

PAVING PENALTY CONSIDERED.

After Some Discussion the Same is Referred Back—Action on Other Matters.

The city council met as a committee of the whole last night and also in regular session, after which the various committees met and transacted considerable routine business. The work of reading and approving the minutes of the canvass of Districts 27 to 35, inclusive. The minutes of the canvass of Districts 1 to 26, inclusive, were read on Tuesday night.

The principal matter before the committee of the whole was the consideration of the penalty of \$4,750 imposed upon the city for failure to complete the Temple street paving within contract length. The company can save days over time in the completion of the work for which the contract provides that it shall forfeit \$50 per day. The full amount due the company has been paid and the amount of the penalty was deducted. The company some time ago petitioned the council for the payment of the money which had been deducted as a penalty.

PAVING PROTEST.

There was also a protest filed with the board of public works signed by Zion's Savings Bank & Trust company, by George M. Cannon, cashier, protesting against any modification in the penalty imposed upon the city for failure to complete the paving. The protest states that it was compelled to pay its paving tax a year before it received any benefit from the paving and was therefore deprived of the use of its money. The protest further states that the taxpayers should receive a refund of the full amount of the penalty imposed.

DELAY ACCOUNTED FOR.

The City Street Improvement company was represented last evening by Atty. E. M. Allison, Jr., who stated that the delay in completing the paving was due to cause over which the company had no control. The Consolidated Railway & Power company he said, had delayed the paving by its failure to get steel and lay its tracks, and the paving company was delayed by reason of its inability to secure gravel, cement and stone and was also delayed one week by the failure of the city engineer to furnish the proper grade at the intersection of East and South Temple streets.

REFERRED BACK.

It developed during the hearing that Local Agent Stone had not been given a hearing before the board of public works before the penalty was imposed, so the committee decided to refer the whole matter back to the board, with instructions to grant Mr. Stone a hearing in regard to the matter.

LIGHTING CONTRACT EXTENDED.

It was also decided in the committee of the whole to extend the contract for lighting, entered into with the Utah Light & Power company, for two years from March 1, 1904. When the council were asked to extend the contract, the recommendation of the committee of the whole on that matter was concurred in unanimously. The council then adjourned until Monday afternoon at 2 o'clock, at which time, as well as of reading revised ordinances will again be taken up.

WILL GRANT EXTENSION.

The committee on streets and municipal affairs decided to recommend that the petition of the Utah Light & Power company, asking for an extension of 25 years on all of its franchises, be granted. The company agrees to put all of its wires in the business district underground inside of 10 years.

NO CLERK REQUIRED.

The municipal laws committee will recommend to the council that the office of the clerk of the board of public works be abolished and the work of that office be done under the direction of the city recorder, as provided in the ordinance creating the board.

NO ACTION TAKEN.

The finance committee refused to take action on the recommendation of Health Commissioner Stewart that the emergency hospital at the new city jail be fitted up for immediate use. The committee decided that the incoming administration could attend to that matter.

The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," write Dr. & H. B. of Georgia, Va. No other liniment has been so widely used so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liniment a trial and become acquainted with its remarkable qualities and you will never wish to be without it. For sale by Z. C. M. I. Drug Dept.
