The Semi-Weekly News.

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

LOCAL BRIEFS.

Mrs. F. R. Sundberg of 418 Fourth street is afflicted with typhoid fever.
Adolph Dittman, secretary to Otoman Zar-Adust-Hanish, the originator of the Mazanah health movement, is in town. Hanish was formerly a printer in Salt Lake, and is the advocate of the curing of disease by a wheat diet.

While playing with a companion yesterday afternoon, Ruth, the 6-year-old daughter of George A. Eldredge of 276 I street, fell in such a way as to break her right arm in two places. Dr. Bear set the member and the child is now doing nicely.

The vegetable vendors who have been accustomed to stand on First South between East and West Temple, have been forced to take their stand on the latter street. The police were instructed to keep the peddlers off First South this morning, and the peddlers moved with but little trouble.

The information bureau of the Real Estate association is being installed in the premises, 15 west Second South street, in the Morlan block, where there will be maintained a fine exhibit illustrative of Utah's natural resources. An attractive street sign will notify visitors where to find the headquarters.

Mayor Morris has approved the appropriation made by the city council on Wednesday night of \$100 to pay the expenses of the council on a trip to Thistle on Monday to investigate the asphalt claims which have been offered for sale to the city for the sum of \$5,000. Members of the council will leave Monday morning at 8 o'clock on the Rio Grande, and will return that night.

L. B. Dewey has appealed to the Sixth district court from the ruling of the state engineer on the former's application for 1,200 second feet of water to be taken from Green River near Gunnison Buttes in Emery county. Mr. Dewey wants the water for power purposes, but the state engineer rejects the same on the ground that it would cut off the supply necessary for irrigation.

Hewlett Bros. have bought the business, stock and good will of the Salt Lake Coffee & Spice House, and the transfer was effected today. The Coffee & Spice House place of business is opposite the Short Line depot, where a large business has been carried on, and the consolidation will make Hewlett Bros. the largest firm in this line of business between Denver and San Francisco.

We pay 4 per cent interest per annum on \$1 to \$50,000, Zion's Savings Bank & Trust Co. Joseph F. Smith, President; George M. Cannon, Cashier.

UNION PACIFIC'S NEW CONNECTION

Purchase of Chicago & Alton Assures the Building of Wyoming Cut-off.

FROM HERMOSA TO DENVER.

This Will Greatly Accelerate Company's Business at Kansas City.

(Special to the "News.")

Cheyenne, Wyo., Sept. 10.—J. D. Negus, a Boston and New York mining and railroad promoter, makes the interesting announcement that the purchase of the Chicago and Alton by the Union Pacific assures the immediate building of a cut-off line from Hermosa Junction, 20 miles west of Hermosa, to Denver, via Virginia Dale, such a line being absolutely necessary to insure prompt and competitive connection by the Union Pacific at Kansas City with its new Chicago and Alton system.

SNOW SHEDS DESTROYED.

Fire in Blue Canyon Seriously Retards Through Traffic.
Sacramento, Cal., Sept. 9.—The fire in the snow sheds was brought under control at 5 o'clock this afternoon. About 2,000 feet of snow sheds and track was entirely destroyed. Men and materials are being rushed to the scene of the fire and it is believed that the track will be ready for through trains by 9 o'clock tomorrow morning.

Sacramento, Cal., Sept. 9.—Fire today attacked the snow sheds in the neighborhood of Blue canyon, destroying according to the messenger reported here, about 500 feet of the enclosure. The telegraph wires are down and definite information cannot be obtained. Gangs were sent from Chico and Blue canyon and it is believed now that the flames are under control. The east and west bound overland trains were held on each side of the fire, and will lose a good many hours.

Sacramento, Cal., Sept. 9.—The latest edition from the fire in the snow sheds is that up to 7 o'clock the fire was raging in shed No. 4 near Blue Canyon, where the blaze originated. All available help has been sent to the scene of trouble and it is believed that the fire will be subdued. The wires are reported to be in a demoralized condition. There is danger of another shed near Chico catching fire, as a big brush fire is spreading in that direction.
A large number of men have been sent from Truckee to help extinguish the flames.

Work at Salt Lake End.

Denver, Colo., Sept. 9.—David Moffatt, said today, upon his return from a visit to New York, that the Short Line railroad from Denver to Salt Lake will be completed as quickly as possible. Work will soon begin at the Salt Lake end, it was announced today. The Moffatt road has now crossed the divide and construction can be greatly accelerated.

SPIKE AND RAIL.

The permanent use of the Lucin cut-off will begin Sept. 17. All is now in readiness for the change in schedule that will result.

With the Western Pacific completed, and many extension in the east, the Gould system will control over 29,000 miles.

One hundred and fifty Austrians quit work down the San Pedro line owing to dissatisfaction with their interpreters and foreman.

The shoo fly track on the San Pedro has just been completed west of Moapa and track laid to within 15 miles of Las Vegas ranch.

Vice President J. Ross Clark of the Salt Lake Route, and C. W. Bancroft of the Oregon Short Line, left last night for the terminal of the Salt Lake end of the new road. The party intend making a thorough inspection of the track, and will not return for several days.

The Burlington system is to be divided into two districts, embracing that part of the road lying west of the Missouri river. The Nebraska district will embrace the Lincoln, the Wyome and the McCook operating divisions, and the Wyoming district will include the Alliance, the Sheridan and the Sterling operating divisions. W. G. Rhodes has been appointed general superintendent of the Wyoming district.

FIRE IN BOISE.

Four Residences Destroyed, Causing a Loss of \$4,000.
Boise, Ida., Sept. 9.—At an early hour this morning fire destroyed four residences in the upper portion of the city, causing a loss of some \$4,000. That section depends upon an irrigation ditch for a water supply but the ditch was empty and the fire department could do nothing. Consequently the fire burned one house after another until the firemen laid a line from the military post and checked its progress. Two of the houses belonged to John Ehrgood, whose loss was \$2,000, one to Robert Gamble, loss \$500, and one to Thomas Manning, loss \$1,500.

DEATH FROM TYPHOID.

Robert M. Middlemass Falls a Victim To Its Ravages.
Robert M. Middlemass, a well known resident of the Sixth ward, died at his home, 527 south Fourth West street, at 4:20 this morning, after an illness of three weeks. The cause of death was typhoid fever. He leaves a wife and three children, the former a daughter of Mr. and Mrs. William Stockton.

Mr. Middlemass was the son of Edward and Jane Middlemass and was born in this city April 27, 1871. For some years past he had been employed by the Rio Grande Western as a fireman, and was highly respected by his associates. He was a member of the Knights of the Macabees, under whose auspices the funeral will be held, at a time to be announced later. In addition to his wife and children, the deceased leaves three brothers and a sister.

FROM MAUDE ADAMS.

The Actress Makes a Graceful Acknowledgment of Nelden's Present.

A pleasing reminiscence of Maude Adams' girlhood days in Salt Lake was received by W. A. Nelden yesterday. It was in the shape of a gold pencil moulded and colored exactly after a stick of licorice root, and was sent to him by Maude Adams, who is now in New York. The pencil is a perfect imitation of a stick of licorice in size and color and markings, and one of the eight sticks must have found its way to a goldsmith's mould to furnish the model for the pencil.

When Miss Adams was here a few months ago Mr. Nelden, recalling the old days of the licorice root, took eight perfectly formed sticks—one for each year—and tying them with white ribbons, sent them to the talented actress. He heard nothing of these sticks until yesterday, when he received the beautiful souvenir, with a little note reading: "Another licorice stick for remembrance. Faithfully yours, Maude Adams."

DATE CHANGED.

Mass Meeting of Farmers and Smelter Men Will Be Held Sept. 21.
The date of the general mass meeting of Salt Lake valley property owners, called for Tuesday evening, Sept. 20, at the Granite state tabernacle, has been changed to Wednesday evening, Sept. 21. The change was found necessary on account of a conflict with the Republican primaries. At this meeting the report of the committee which recently conferred with the smelter operators in regard to controlling the smoke of the Murray smelters will be read, and plans made for future dealings with the smelter officials.

Dr. D. Moore Lindsay has gone north on a hunting trip and will return in two weeks.
Proprietor A. J. Dean of the Midland Hotel, Kansas City, is at the Knutsford, with his wife and daughter.
Druggist W. L. Eddy of Brigham City is in town, and says that the present season is one of encouragement to northern fruit growers, the best in fact that has occurred for a number of years.

Rev. George C. Huntington, superintendent of St. Mark's hospital, leaves next week for Atlantic City, N. J., to attend a convention of hospital surgeons. Thence he goes to Boston to attend the meeting of the House of Bishops of the Episcopal church which will choose a successor to the late Bishop Leonard of this city.

Frank Scott, the new teacher in mathematics in the West Side High school, is in town from Antioch, Cal. He is a Stanford university graduate of '99, and has been an instructor ever since.

WOMEN FROM FINLAND.

Among the 300,000 Finns who have come to this country since Nicholas II of Russia deprived Finland of its constitutional liberties there have been comparatively few educated women until recently. Since the political pressure has been lightened, however, the wives and daughters of professional men have come to the new world, generally in the wake of exiled husbands and fathers, and recently two women physicians have established themselves here and propose to practice their profession. Dr. Ekelin has settled in Massachusetts and Dr. Ahlgren in Michigan. Both are said to be the daughters of patriots, and to have been bereaved by the exiling of their beloved ones.—New York Tribune.

A prominent physician tells this story at the expense of this modern craze for specialization in the medical profession: A poor woman from the east side of New York went to a near-by dispensary to ask aid for her little son, who had one of his fingers smashed by a baseball bat. At the first room where she applied she was told by a curt attendant that the boy could not be treated there.

"Wrong place," he explained; "this is the eye and ear department."
"Here is der thumb and finger department!" inquired the woman, simply.—Harper's Weekly.
