

W. H. BANCROFT IS PRESIDENT

Elected Yesterday by Incorporators of Northwestern Road in Oregon and Idaho.

HUNTINGTON TO LEWISTON.
Projected Oregon Short Line Branch Is Now Apparently a Go—Salt Laker on Board.

Boise, Ida., May 18.—A special to the Statesman from Huntington, Oregon, says:

"At a meeting held here today, the incorporators of the Northwestern road elected the following officers: W. H. Bancroft, president; E. Buckingham, vice president; G. H. Olmstead, superintendent; G. K. Smith, secretary.

"It is understood here that the Short Line will take charge of the yards here in the near future."

The Northwestern is the line projected from Huntington down the Snake to Lewiston.

President W. H. Bancroft and Vice President E. Buckingham returned from Huntington this morning when further details were announced regarding the incorporation. In addition to the officers named a board of directors was elected comprised of the following: W. H. Bancroft, E. Buckingham of Salt Lake, George F. Egan, agent at Huntington, and P. D. Hall and C. G. McComb, both of the same place, giving three directors from Oregon and two from Utah.

It was also stated that engineers were on the ground at the present time and active work in throwing dirt and pushing the line to completion would be inaugurated at an early date.

The Northwestern company takes over the old grade, franchises and right of way acquired years ago by the old Northwest company.

The proposition is essentially an Oregon Short Line affair, and is looked upon as being a move to offset the activity of the Hill interests in Oregon and western Idaho.

OPEN TO KAYSVILLE.

Salt Lake & Ogden to Operate Trains On May 30.

President Simon Bamberger of the Salt Lake & Ogden railroad announces that commencing May 30 through train service will be inaugurated between Salt Lake and Kayville over his road. It is further anticipated that about thirty days later the line will be opened for operation as far north as Layton. At the same time a cut of 10 minutes in the running time between Salt Lake and Layton will be instituted, or in other words people will be able to leave Salt Lake and arrive at Layton in the same space of time it takes them to get to Salt Lake. The rates decided upon are Kayville to Salt Lake 50 cents, round trip, 75 cents. The single fare from Layton to Salt Lake will be 60 cents, round trip, 90 cents. This is quite a cut on other steam road rates.

According to the proposed schedule which will go into effect on Decoration day for the summer, six trains each way will be operated daily. An extra train will also be run from Layton to Salt Lake and will return every night. Trains will leave Salt Lake for Layton at 6, 9 and 11 a. m., and also at 2, 4 and 6 p. m. Trains will leave Layton for Salt Lake at 7, 10 and 12 a. m., and also at 3, 5 and 7 p. m.

PROTOCOL SIGNED.

Dove of Peace Hovers Over Railroad Spur at Provo.

The flurry over building a spur at Provo has subsided and the Salt Lake Route and the Rio Grande Western are smoking the pipe of peace. Following a meeting at Provo between Supt. Elliott and Atty. Van Cott of the Rio Grande, and Supt. Van Housen and Atty. Cherrington of the Salt Lake Route, it was decided that neither side had anything to fight about; that if the track is extended on Sixth street to the cannery factory it will have to be a joint track, and will be built by both sides. The San Pedro people claimed that they were not aware of the fact that the Rio Grande had accepted the franchise for a joint track granted in 1897, and under the supposition that the Gould people did not want to join with them, had gone ahead on their own account, in all good faith.

Investigation showed that the Rio Grande did not accept the franchise until a short time ago, while the Oregon Short Line company, the predecessors of the San Pedro, Los Angeles & Salt Lake accepted at the time the franchise was granted.

Reported That He Is Suffering From Cerebro Spinal Meningitis.

C. H. Wilding of 844 west Fifth South street is reported ill with cerebro spinal meningitis, and his premises are under quarantine. The patient had been shearing sheep at Taylorsville, and assisted Alfred Benson in caring for Arthur Ball, who died of the disease. Dr. Riley, his physician, stated this afternoon that the patient was doing fairly well, and there are hopes of his recovery.

A few days ago we received in our mail a letter from a lady in Santa Ana, Calif., reading as follows:

"I have tried every place in this little city to get the candy you make, and failing I thought it would be well to get some direct from you than to send to Colorado Springs, Colorado, where I came from. My baby won't hardly eat any other kind. It is the finest stick candy, six flavors, and retails at 10c per box. It certainly is fine."

We sent the baby with our compliments a few packages of

ON TRIAL TODAY.

Principal Van Cott Accused of Assault Upon Boy Pupil.

The case of Principal Morlan Van Cott, of the Waterloo school, charged with assault and battery upon the person Duane Walker, a nine-year-old pupil of the school, occupied the attention of Judge C. B. Diehl in the criminal division of the city court today. The complaint was sworn to by the father of the boy.

Quite an array of witnesses for both sides were present, the principal one being the defendant, Principal Van Cott himself. At the request of Mr. Daly, assistant city attorney, the court, the attorneys, and others retired to a side room, where the portions of the boy's body said to have been bruised by the strap wielded by the principal, were viewed.

On cross-examination, Ray Van Cott, attorney for the defendant, elicited from the boy the fact that nearly the whole forenoon of the day on which the whipping took place had been consumed, first by his teacher, Miss Davidson, and later by Principal Van Cott, to bring the pupil into subjection. He admitted that he had been removed from his own desk because he persisted in putting his feet into the aisle. The teacher seated him at her own desk, and the boy was given some examination tests to prepare along with the other members of his class. He refused to comply with her requests. After spending more than an hour in trying to persuade young Walker to obey him, the teacher reported the case to Principal Van Cott. That gentleman talked kindly to the lad and gained his promise to do as he was told. But upon entering his class room, the boy again refused. The next time he was sent to the principal, the latter administered a strapping and the boy went to his class with another promise of yielding obedience. Again he refused and once more he was chastised by the head of the school.

He started for his class room under another pledge of getting his lesson, but instead of facing his teacher, he hid down the banister and fled into the street. He was pursued by Mr. Van Cott, brought back, talked to and again received the application of the strap. These facts were admitted by the boy. In answer to questions propounded by Attorney Van Cott.

Mr. Daly moved that the whole of the cross-examination of the boy be stricken out, and he argued to some length in support of his motion. Mr. Van Cott began his argument opposing the request of Mr. Daly and the court took an adjournment until this afternoon.

COMMENCEMENT AT UNIVERSITY.

Many Innovations Planned by Committee for This Year's Program.

WANT CLOSE AFFILIATION.

Exercises Will be Held in the Salt Lake Theater—Annual Excursion To Saltair.

Many innovations are planned for the commencement program at the University of Utah this year, according to a completed scheme arranged by the committee on graduation exercises of which Dr. Richard M. Lyman is chairman.

The principal innovation is in the line of making a closer affiliation between the University and its alumni. Alumni are planned for this year in every senior week affair. Prof. Lyman will keep an office hour from now on in room 30, Library building, where alumni may register, and receive tickets for the graduation exercises in the Salt Lake Theater. Heretofore all the tickets have gone to the graduates and their friends.

The reception usually tendered to the graduating class early in senior week, will this year be tendered by Dr. and Mrs. Kinsbury to the alumni as well. On Wednesday morning a general assembly will be held, after which all classes will meet and organize, and in the evening the alumni banquet occurs. Thursday, June 7, the thirty-seventh annual commencement exercises will be held in the Theater, and on the 8th the annual excursion to Saltair will occur, with the alumni specially invited to attend.

The committee on graduation exercises consists of Prof. Lyman, Babcock, Evans, Post and D. Medley, and Miss May and Miss Wheeler of the normal and kindergarten departments.

PLANS DRAWN FOR BIG EXCURSION.

At a meeting of the Manufacturers and Merchants' executive committee, held last night in the headquarters on West Temple street, plans were formally drawn up for the biggest excursion ever run into Salt Lake, and what promises to be the best paying affair of the kind attempted to date.

The excursion has been talked of for some weeks, and is intended as a "get acquainted" venture in which Salt Lake will be the host for visitors from Nevada, Idaho, Montana, Wyoming, Colorado and outside points in Utah. Yesterday afternoon at a meeting of business men in the Commercial club rooms, the proposition was formally launched, and last night the committee to take charge agreed upon, by the executive committee.

"NEWS" SENDS AID.

Answers Appeal of Mrs. Lane for Clothing for Children.

In another part of the Saturday "News" is a communication from Mrs. Nellie C. Lane, who has been doing the work of a Trojan in distributing relief supplies to the San Francisco sufferers. Her headquarters, located in Oakland, Mrs. Lane is connected with the G. A. R. Relief corps, and in several interesting letters to the "News" she has told the urgent need that existed for articles for babies and young children's clothing, which seemed to have been totally overlooked in the rush of contributions from outside points. She described her needs so specially that in answer to her appeal, the "News" expended about \$150 from its relief fund

and made up a bundle of such supplies as she needed, forwarding them by express, Wells Fargo & Company generously making no charge for the service. The articles sent Mrs. Lane were children's colored dresses, flannel skirts, children's wrappers, corsets for young girls, boys' waists, caps, stockings, knee pants, suspenders, men's and boys' hose, men's underwear, castle soap, combs, hair brushes, nail brushes, etc., all of which were mentioned by Mrs. Lane as being most urgently needed.

The "News" will continue to receive contributions from all who desire to give to this generous cause, and the money will be properly and carefully expended, or turned over to the treasurer of the fund, Mr. McCormick.
