LOCAL AND OTHER MATTERS.

TSEATRICAL.-To-night is the last appearance at the Theatre of Mr. Oliver Doud Byron, and a great variety bill will be presented on the occasion. The first part of the entertainment consists of the second and fourth acts of "Across the Continent;" after which the fourth act of "Ben Mo-Cullough" will be performed, the whole to conclude with the celebrated sensation drama entitled "The Fool's Treason, or

Mr. O. D. Byron will be supported by Mrs. Byron, the very talented and popular actress Miss E. Couldock and the full strength of the company. The bill of fare is excellent, the company able, and being the farewell performance of Mr. Byron a full house is sure if good things meet with

county, Utah Territory, on the 1st of Jan., 1872, at 11 o'clock, p. m., father Zera Pulaipher, aged 82 years, 6 months and 8 days. Father Pulsipher was born in Rockingham, Vermont, on the 24th of June, 1789, he served in the wars of his country; he heard the glad news of the Gospel in the State of New York, was baptized and ordained to the ministry in January, 1832; traveled and preached extensively through the eastern States and Canada in the rise of the Church; has been a firm pillar in the church through all its persecutions from the first gathering at Kirtland, Ohie, until the day of his death; has been 24 years a resident of these mountain valleys, and thoroughly learned the hardships of pioneer life; was the father of 17 children, 8 of whom came to the mountains with him, from whom he has 65 grand-children and 37 great grand children. His life has been very temperate and he has life has been very temperate and he has derived great bodily strength and vigor of mind therefrom, scarce ever lying three days in sickness until the last, which took him off in five days.

THE U. P. ROAD CLEAR .- The following was received over the Western Union tele-

Ooden, 2 .- The trains are in from the east and the Utah Central train will wait for mails, passengers, &c.; it will probably get away from here about midnight. It will be a heavy train. It is reported that the U. P. road is clear to Omaha. If no new and unexpected delays occur the trains will soon be running regularly.

THE REASON. - Says an exchange concarning the recent action of the Wyoming Legislature concerning woman suffrage-"Governor Campbell, of Wyoming, has thrown some interesting light on the mo-tives which have induced the Legislature of that Territory to repeal the act granting suffrage to women. The real state of the case, according to the Governor, is that the female voters have shown a tendency to oppose liquor selling, to sustain school laws and to insist upon the maintenance of law and order, as those things are understood in the Atlantic States."

A NICE, sharp, tolerable frost this morn ing, and the roads dry in many places. WANT IT LEGALIZED .- According

the following paragraph from the St. Joseph (Mo.) Herald, the Washington ladies want to conquer ein by legalizing it, if it cannot be done any other way-

"The Woman's Club of Washington city have petitioned the district Legislature to pass a law recognizing cohabitation as marriage. The ladies composing the club believe that this will put an end to the social evil in the district. There is food for reflection in this remarkable proposi-tion, and should it be made a law there will be some men in that city who will awake some fine morning to realize that they are most fearfully and wonderfully

What would President Grant, and Sen ator Cragin, and Judge McKean and many other worthies have to say to such a law?

AGRICULTURAL SOCIETIES. -The following circular has been received by R. Campbell Esq., of this city, and that he may furnish the information required, to the Department at Washington, he requests the addresses of all the societies in the Territory, of the kind referred to, to be orwarded to him as early as possible;

Department of Agriculture, Washington, D. C., Dec. 10, 1871. Robert L. Campbell, Esq., Secretary of Agricultural and Manufacturing So-

Sir:-This Department desires to obtain for publication, as early as possible, correct and complete list of Agricultural Horticultural, and Pomological societies in active operation in the United States with the name and address of the president and secretary of each, and such other information as the accompanying interrogatories indicate. A failure on the part of any society respond to this circular will be consider conclusive evidence of its having ceased to exist, and its name will be erased from our

ANOTHER ROBBERT WITH VIOLENCE. Last night, as Mr. T. W. Wright, barber, DRAFTS ON EUROPE, AND ALL THE of this city, was returning home from the Theatre, he was knocked down and rebbed by two men, in the lith Ward. A lady in company with Mr. Wright saw the men come from behind a fence, and observed to her companion that she thought they were following them. Mr. Wright replied that he did not care, he considered himself good fir two, if mischief was what they intended. Upon reaching a point about one block west of the School House, the scoundrels jumped appen Wright one. the scoundrels jumped upon Wright one holding a pistol to his head, the other a knife to his throat, threatening to kill him, if he made any noise or resistance. They then ransacked his pockets, taking therefrom thirty-five dollars. In the melee, Mr. Wright got his hands badly cut, losing about a quart of blood. The fellows made their exit as soon as the robbery was committed, and; though an alarm was given and parties were called up to search for the robbers, they managed to clude pursuit.

This is the third robbery of this kind that has occurred within the past three or four weeks, and if anything can, it shows the necessity of pedestrians being propared to resist such attacks. The victim, in this instance, had no weapon about him, and had no chance of successfully resisting two armed and desperate men. Honest men who are compelled to be out late at night should leave their money and valuables at home, or be prepared for such exigetides as this. The frequent recurrence of robbery and violence of late, shows that there are those around who respect neither the lives nor property of others, and as long as they have any show for committing their depredations with impunity, so long may

ives nor property of others, and as long as they have any show for committing their depredations with impunity, so long may a continuation thereof he expected.
