

WILL LOOK TO PRICE OF COAL.

Commercial Club Decides to Give The Matter a Thorough Sifting.

IS THE ADVANCE JUSTIFIED?

If Not, Steps Will be Taken to Secure A Restoration of the Old Figures

A searching investigation by the Commercial club as to the reasons for the advance in the price of coal will be immediately begun, and if there is a legitimate cause in justification of the increase, the club proposes to discover it. If not, an attempt will be made, it is said, to secure restoration of the old figures or the substitution of prices even lower.

The question was exhaustively discussed at a meeting of the board of governors held last evening, and the following committee was appointed to act: Edwin F. Holmes, chairman; J. J. Salisbury, W. H. Dale, W. S. McCormick and John C. Cutler. Since the recent advance in the price of coal the board felt it was a duty they owed to the public, one of the members states, to investigate the matter and find out where the responsibility lay, the information in possession of the board going to show that local dealers were not responsible for the advance. It is stated that the board intends to take the case before the Legislature, or the Interstate Commerce Commission, if necessary, as it affects not only the majority of the people but the enterprises of both city and state.

BOOKS CLOSE SATURDAY.

Publication of Delinquent Tax List Begins on Monday.

County Treasurer Carbis will close the tax books on Saturday evening and commence the publication of the delinquent tax list on Monday. All those who desire to escape the payment of the cost of advertising their property in the delinquent list should pay their taxes before Saturday. When the books are closed they will remain closed until Dec. 7, during which time no taxes will be received at the treasurer's office. They will not be opened and those who desire to pay their taxes will have to pay the additional sum of 25 cents for advertising. The sale of property on which the taxes are delinquent will commence on the third Monday in December.

DEATH OF MRS. BELL.

Well Known Young Woman Succumbs To an Attack of Typhoid Fever.

Mrs. Mary E. Bell, wife of Thomas E. Bell, a well known railroad man of this city, died yesterday at the family residence, 458 south Fourth West street, of typhoid fever. The deceased was the daughter of John and Mary E. Miller of the Fifth ward and was born in this city 30 years ago. She had been ill for about six weeks, and all that loving hands could do to restore her was resorted to, but without avail. The funeral will be held from the Sixth ward meetinghouse on Friday, Nov. 27, at 2 p. m. Friends are invited. The remains may be viewed at the late residence between the hours of 12 noon and 1:30 p. m. on the day of the funeral.

FELL FROM SCAFFOLD.

As a Result John Egan, a Bricklayer, Sustains Serious Injury.

John Egan, a bricklayer of this city, met with a serious accident this morning, being thrown from the fifth story of the Atlas building, and sustaining a broken leg and several scalp wounds. The injured man was at work on the scaffolding on the fifth floor when the derrick being operated on the building was swung round and Egan swept off the scaffolding in an instant. Spectators on the street below were horrified to see the man being hurled to his death, being powerless to save him, and wonder was great that he was not instantly killed. Egan did not even relapse into unconsciousness when he struck the ground, and when examined by Dr. Wilcox, who was called to attend him, it was found that only his leg had been broken and a few scalp wounds sustained. The injured man was conveyed to St. Mark's hospital, where his early recovery may be hoped for.

BISHOP RAMPTON'S DEMISE.

Old-Time Resident Falls a Victim to Pneumonia at Bountiful.

Bishop Henry Rampton of Bountiful passed away at his home there last night of pneumonia, at the ripe age of 74 years. The deceased had been ill for some time and while his demise was not altogether unexpected, it came as a severe blow to his immediate family and friends. Bishop Rampton was a highly respected citizen, and an old time resident of Utah, having come here in 1855. He leaves a large family. The funeral will be held in the East Bountiful meetinghouse on Sunday at 1 p. m.

THE COMMERCIAL CLUB.

Will Ask That More Power be Given Interstate Commission.

At a meeting of the Commercial club last night, Col. Holmes, the president of the club, presided for the first time in ten months. An invitation from the Spokane chamber of commerce asking the club to unite with it and other commercial bodies on a memorial to Congress asking such legislation as will give the interstate commerce commission powers to enforce its decisions, was received and favorably acted upon. It was also decided to adopt resolutions calling upon the Utah congressmen and senators to support such legislation. This step is taken for the well known reason that as at present constituted the interstate commerce commission is helpless so far as actual results are concerned, and the measure now under consideration is, particularly in Utah, regarded as a most desirable one, there being great need. It is said, of something that will tend to lessen freight rate discrimination against Utah towns and other abuses and disabilities. The following were elected to mem-

At the club next Friday evening, a lecture will be given by H. L. A. Culmer on "The Domain of Art." Illustrating the lecture will be 200 stereoscopic views which have just been received from Paris.

The annual banquet of the club will be held between the 15th and 20th of December.

A GUARANTEED CURE FOR PILES.

Itching, Blind, Bleeding or Prolapsing Piles. Druggists will refund money if "AZO OINTMENT" fails to cure in 6 to 10 days.

THANKSGIVING SERVICES.

There will be general Thanksgiving services in this city tomorrow morning. There will be union services in the Phillips Congregational church, with Rev. D. M. Heimick as the preacher; at the Christian church, with Rev. E. I. Goshen as the preacher, and at the Westminster Presbyterian church with Rev. E. J. Brown as the preacher. There will also be services in St. Mark's cathedral, at the Swedish Lutheran and at the Christian Science churches.

A MUSICAL FEAST.

Such Will be the Recital at the Congregational Church Tomorrow Night.

The recital to be given tomorrow evening by Miss Emma Ramsey and Miss Jennie Sands in the First Congregational church, will include one of the best concert programs ever presented in this city. One glance at the program will convince even the casual reader of its high musical worth. The fair performers will be ably assisted by Willard Weihe with his violin, and with Arthur Shepherd, as accompanist. Tickets may be found at all of the music houses and at most of the drug stores. The program in detail is as follows:

THANKSGIVING DAY.

Holiday Will be Quite Generally Observed in This City.

The indications are that tomorrow will be generally observed. Notices are frequent in the store windows that "This store will be closed Thanksgiving day, and will be open this evening." The banks will all be closed tomorrow, and the postoffice and the railway ticket offices will observe Sunday hours. Thanksgiving day in Salt Lake is always a day of good cheer. There will be religious services in the morning, as noted elsewhere in this paper. There will be football in the afternoon, concerts in the evening, and in the afternoon, the gastronomical events are to be pulled off with the usual good cheer. Not only will family tables groan under the weight of good things, but the Salt Lake hotels, as usual, will serve the very best of the fat of the land to their guests. Special menu cards of artistic design have been prepared, the first in the field with its card being the Knutsford with 50 choice edibles printed thereon. There will also be good cheer at the clubs and public institutions including the penal institutions, where the jailers and warden always give the inmates a good feast. And by no means the least, will be the Salvation army dinner provided for the friendless and the poor, and which is ever well patronized.

aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also. Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"It has been a long time since we have been without Hood's Sarsaparilla. My father thinks he could not be without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." Miss Ada Dory, Sidney, Iowa.

"Rheumatism affected my right knee so I could hardly walk and I suffered four years. Medicines did not give relief and the disease grew worse and penetrated all through my body. I got a bottle of Hood's Sarsaparilla and it did me so much good I got two more. When I had taken them I was cured and can now do my work with satisfaction." Wm. A. Carr, Edgewood, Md.

Dr. Shoop's Rheumatic Cure

Costs Nothing If It Fails.

Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly 20 years I worked to this end. At last, in Germany, my search was rewarded. I found a specific chemical that did not disappoint me as other Rheumatic prescriptions had disappointed physicians everywhere.

My offer is made to convince you of my faith. My faith is but the outcome of experience of actual knowledge. I know what it can do. And I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism. I will then arrange with a druggist in your vicinity so that you can secure six bottles of Dr. Shoop's Rheumatic Cure to make the test. You may take it a full month on trial. If it succeeds the cost to you is \$5.00. If it fails the loss is mine and mine alone. It will be left entirely to you. I mean that exactly. If you say the trial is not satisfactory I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be drugged to the verge of danger. I use actual drugs, and it is dangerous to take them. You must get the disease out of the blood. My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever saw. And in all my experience, in all of my 2,000 tests, I never found another remedy that would cure one chronic case in ten.

Write to me, I will send you the book. Try my remedy for a month, for it can't harm you anyway. If it fails the loss is mine.

Address Dr. Shoop, Box 713, Racine, Wis.

Mild cases not chronic are often cured by one or two bottles. At all druggists.

Amusements

"The Dairy Farm" engagement closes with a matinee this afternoon and a final performance this evening.

At the Grand "Mr. Jolly of Joliet" closes its merry run tonight. Tomorrow afternoon and evening comes "The Head Waiters."

"Foxy Grandpa" opens at the Theater with a Thanksgiving matinee tomorrow. Joseph Hart has many old time admirers who will no doubt give him a royal welcome.

Miss Arvilla Clark came up from Provo this morning and had a rehearsal with her accompanist, Mr. McClellan, who says the public has a rich treat in store for next Monday evening. Miss Clark has made remarkable progress in her art, and through and through, at last Thursday's Tabernacle choir rehearsal Director Stephens told the choir that he had grown to consider Miss Clark a "bunch of musical talent." Mr. Kirkham, who assists Miss Clark, sings a German number or two, and several well known English songs. The Tabernacle choir will sing beautiful numbers and Organist McClellan will give a favorite selection upon the great organ. The call for seats at the music store indicates a wide interest in the concert, which occurs next Monday.

SCHOOLS OPEN ON FRIDAY.

The school children of Salt Lake City will not be given an additional holiday on Friday. Such was the conclusion reached by the committee on teachers and school work of the board of education yesterday afternoon. A number of other members of the board, however, felt that it would not be advisable to close the schools on Friday following Thanksgiving day.

CLEVER ARREST.

Men Suspected of Burglary Taken In By the Police.

Some time last night the office of Dr. Cook, a dentist, room 1, Eagle block, was broken into by a couple of thieves and a quantity of gold, a pair of shorts and a watch and a revolver stolen. The matter was reported to the police this morning and Detectives Chase and Releigh were detailed on the case. The detectives started to work at once and soon discovered a clue to the identity of the burglars. This morning they learned that the thieves had been trying to melt some of the gold filings and had stolen a quantity of gold filings. So they had taken it to an assay office. There the detectives were able to secure a description of the men, and began a systematic search for them. This afternoon they were located and placed under arrest on the charge of burglary. They gave their names as Ed Todd and John Hart. They were locked up and will be arraigned before Judge Diehl tomorrow.

MARRIED AFTER ALL.

Arthur Neely and Ethel Hawley Overcome All Obstacles.

In spite of the objections of the father of the bride to their marriage and the strenuous efforts to prevent them from securing a license to wed, Arthur Neely and Miss Ethel Hawley, of this city, appeared before the county clerk of Weber county at Ogden yesterday and obtained a license and were married. The father of the young lady notified County Clerk James yesterday not to issue a license to his daughter and the bridegroom did not appear at the county clerk's office. When the young couple appeared at Ogden they were detained by the clerk until he satisfied himself that the young lady was of age, when he issued the license and they left his office and were married at once.

CHICAGO STREET-CAR STRIKE IS SETTLED

Men Ratify Compact Agreed Upon by Their Leaders and Company's Representatives.

IT HAS BEEN VERY EXPENSIVE.

Cost the Company in Loss of Fares a Quarter of a Million and Employes Over Eighty Thousand.

Chicago, Nov. 25.—The Chicago street car men's strike was brought to a close today by the ratification by the men of a compact agreed upon by their leaders and representatives of the company.

With the strike leaders and the Chicago City Railway company officials formally agreed on terms of a settlement of the carmen's strike, interest today centered on the ratification meeting of the men.

The tenor of the men's comment on the agreement reached in Mayor Harrison's office after midnight was that the peace compact should be ratified, despite the fact that the men do not get by it nearly all they asked.

President Mahon of the Amalgamated Association of Street Railway Employees, said:

"I think the men will be back at work by noon, and will eat their Thanksgiving turkey with consciences satisfied with the good fight they have made since the walk-out 15 days ago."

It is estimated that the strike has cost the company a loss of \$254,159 in receipts alone, and has cost the men \$80,440 in wages lost.

Street car service was resumed before the ratification meeting on practically the same basis as at other times during the strike.

"We are going ahead just as if no agreement had been reached, pending ratification or rejection of the peace terms," said Mr. McCulloch before starting the cars out.

The meeting was called to order before 9 o'clock, the hall being packed. The first act of those in charge was to exclude the newspaper men. President Buckley of the local union then began a speech which was frequently interrupted by cheers.

VERDICT FOR \$5,000.

Oscar Hoagland Gets Judgment Against The Taylor & Brunton Sampling Co.

In the case of Oscar Hoagland vs. the Taylor & Brunton Ore Sampling company, which has been on trial in Judge Stewart's court for the past two days, the jury this morning returned a sealed verdict in favor of plaintiff, assessing his damages at \$5,000. The action was brought to recover \$15,000 as damages for personal injuries received by plaintiff on June 1, 1931, while employed in defendants' sampling mill. It was alleged that plaintiff was employed in cleaning out a hopper at the mill and while so doing a malleable iron ball, weighing 15 pounds and was thrown at him, striking his back and hips so that he is unable to perform manual labor or support his family.

NOT GUILTY.

Such is the Verdict in Case of the State vs. Edna Spates.

The jury in the case of the state vs. Edna Spates, charged with assault with a deadly weapon with intent to do bodily harm, which was tried in Judge Morse's court yesterday, returned a verdict of not guilty to consider the case. The action of the jury was due to the statement made by Dist. Atty. Eichnor at the conclusion of the testimony for the defense, when he stated that he did not ask for a conviction of the defendant for the reason that the testimony showed that she was justified in doing what she did. The defendant, who is a colored woman, took a shot at a colored rival, Clara Tucker, on Oct. 19, 1933. It seems that the latter had alienated the actions of defendant's husband and the defendant caught her in his company and used a revolver on her. One of the shots just grazed her rival's cheek, but the others went wild. In his opening statement, Dist. Atty. Eichnor said that in the event certain testimony was adduced showing that the woman was justified in shooting he would not ask for a conviction. Such evidence was introduced, so he did not argue the case at all, but told the jury that he would not ask for a conviction.

VAN METER'S ESTATE.

Man Who Denied Himself Food Was Worth Over \$9,000.

A petition for letters of administration of the estate of Arthur Van Meter, deceased, who died at Meadville, Pa., on Sept. 27, 1933, has been filed in the probate division of the district court by Joseph Van Meter, father of the deceased. The estate consists of cash in bank and promissory notes amounting to \$9,191. There are four heirs to the estate. The petition will be heard by Judge Hays on Friday, Dec. 11. Mr. Van Meter will be remembered as the man who established a world's record for fasting in this city last spring. He fasted 40 days in hopes that his health would be benefited thereby.

Another Damage Suit.

A damage suit commenced by P. A. Hetzer against the Southern Pacific railroad, was before the United States circuit court and a jury today. The plaintiff asks the railroad for \$20,000 damages for injury to his car while acting as brakeman on a gravel train at Park, Wyo., July 3, 1932. He alleges that while riding on top of a car the engineer suddenly stopped the train, throwing him from the tracks and causing him to lose a leg. The sum of \$720 is also asked for loss of time.
