DESERET EVENING NEWS FRIDAY DECEMBER 27 1907

Those "Who Fancy Goldfield Miners Will Tamely Submit to Such Procedure Are Greatly Mistaken."

Goldfield, Nev., Dec. 26-Late this afternoon officials of the miners' union and C. E. Mahoney, vice president of the Western Federation, who is here to effect a settlement of the strike, earned of the plan of the mine owners of Goldfield to obtain an injunction through the federal courts preventing picketing and bringing about the dis-solution of the Goldneld Miners' union. Asked tonight what the course of the miners would be in face of this latest move of the opposition, Mahoney said. "An injunction of this kind, if is sued, will niean that there is nothing left for the miners to do but to go jump into the sea. Had the petition been for a writ restraining the miners from picketing or boycotting, I would not have been surprised. In the hill of complaint, however, as 1 under stand it, there are two new points; one, the prayer for an order of the federal court prohibiting the miners federal court prohibiling the miners from continuing their or satization on the gound that it is a nuisance, the other point that is new is that Gold-field Miners' union be dissolved. Any judge and set of men who fancy that the Goldfield miners will tamely submit to such procedure are greatly mistak-en. I would favor ignoring any such order from any court in existence, in-junctions have come to be a mere joke to the American people, and this one would be the biggest joke of all. We shall fight it with every weapon at our disposal. There would be noth-ing else for us to do. "I assume that the watchers or ex-

ing else for us to do. "I assume that the watchers or ex-aminers suggested in the bill of com-plaint mean deputy Unlied States marshals. These would tend to cm-bitter the elements to this controversy more than federal troops." Charles S. McKinnon of the local union declared the union would fight such an injunction.
