A tragedy was furnished at Viotor today by the joint funeral services over the remains of five of the victims. Marshal Naylor and his squad cap-tured George Fridley today near Canon City and returned with him to Victor. He is charged with having killed Roxie MoGee in Victor Monday and with hav-ing attempted to shoot C. C. GEN. BELL'S STATEMENT.

Gen. Bell issued the following signed statement today regarding the raid on the Victor Record office and the de-struction of the newspaper plant:

"I can not be too emphatic in my condemnation of this un-American attack. Such action as this reflects upon the military, because martial law pre-valls. As military commander I am solely responsible for the cleaning up of this district, and I intend to run down the perpetrators of this crime if it is possible

am aware that Editor Kyner was hitterly denounced and threatened and accused of selling out when his editorial appeared asking the Western Federation to call off the strike. The socialis-lic element of the Federation were the ones who took the principal stand in this thing. However, whoever the perpetrators of this crime may be, they will land in the bullpen if apprehended."

"Do you think that union miners wreck your office because of your edi-torial on Wednesday advising that the strike be called off"" Editor Kyner was asked today. "I unquestionably do not." he replied.

"I unquestionably do not." he replied. "I do not think the editorial was the cause of this at all. We had hints and rumors of a plan to wreck the office three days ago, before this editorial was published. I asked Maj. Naylor, city marshal, for protection. He was willing to give it, but said it would not be necessary and not to fear. As a mat-ter of fuel the union men agree with of fact the union men agree sentiment in my editorial. After Us publication yesterday morning, all the union men I saw commended my position and many came to me for that Fpecial purpose." F. W. Langdon, the linotype operator

of that paper, who was driven out of the office at the point of rifles, says that he will not leave the district, as he was ordered to do. He will send his family away, however. The other imployes of the Record also say that they will re-main in this site. main in this city.
