OGDEN, UTAH, - JAN. 10, 1933.

### RUN INTO BY LOCOMOTIVE

Stranger Seriously Injured in Depot Yards - Shameful Official Negligence.

Board of Education Meeting - Resignation of Miss Foulger - High School Closes.

A stranger in Ogden, who gives his name as Joseph E. Hart, was badly hurt last evening at about 5:50 o'clock, by being knocked by the Union Pacific passenger train just as it was entering the Union depot yards. The exact circumstances of the accident are not known, as the man was too badly injured to tell the circumstances, but it is believed that the train was backing up near as he was when he was walking along the tracks when the passenger train overtook him, the locomotive knocking him from the track a short distance. He was found by the railroad men and taken to the depot baggage room, and Dr. R. S. Joyce was called. He found that Hart's leg was broken, and that he was badly hurt. His injuries were such that he could not be moved, and the city not having a hospital, the railroad officials would take care of him. Hart came to Ogden Wednesday with a man named Edward Spring and had bought an employment agency ticket for Reno, Nev., where he was going to do railroad work.

He has no relatives in this country and came to Utah about two years ago from Liverpool, England, where he has a wife named Margaret Ann Hart and a son named John Hart, who is living in Salt Lake for some months past, and was injured there and cared for at the Holy Cross hospital by Dr. Mayo. He says he was born June 21, 1882. His partner says they have been chumming together for some time past, and had decided to go out on the railroad to do work.

### BOARD OF EDUCATION.

The board of education held a short session last evening and transacted a small amount of business. Miss Little R. Foulger tendered her resignation as teacher at the Quincy school on account of ill health. The resignation was accepted. W. L. Underwood, Fred Carter and Mrs. Hannah Harwood were appointed regular teachers. Mrs. Williams of Syracuse made application for a position as teacher, which was filed.

### BEFORE JUDGE ROLAPP.

Spears and Love were given a hearing before Judge Rolapp and a jury yesterday afternoon on the charge of assault with intent to commit robbery. The evidence went to show that the defendant Spears and an old man named Allen had a fight in a lower Twenty-fifth street saloon about two weeks ago, and the old man claimed that the two men tried to rob him, but later tried to have the case discharged against them, as he believed that he was mistaken in making the charge. The jury, after being absent only a short time from the courtroom, brought in a verdict of not guilty against Love, and a charge of guilt of assault against Spears. He will be sentenced Monday.

### PROVO.

#### ANENT THE SENATORSHIP.

Utah County Appointments - District Court - Smallpox at Infirmary. Special Correspondence.

Provo, Utah Co., Jan. 10.-The discussion of Mr. Smoot's senatorial candidacy by Senator Kearns, sprung on the public through the Salt Lake morning papers yesterday, created no end of talk in this city all day yesterday. Expressions of surprise at the alleged statements of President Roosevelt were general, and doubts were freely expressed about the correctness of the report given by Senator Kearns of the president's remarks. The special in last evening's "News" in which Secretary of State Clegg said that President Roosevelt has written a letter to the subject, adds strength to the belief that the senator has misunderstood the president. In the excitement produced by the reading of the statement of Senator Kearns, remarks that could hardly be called complimentary to the senator were frequently made, it being well understood that he is strongly opposed to the election of Mr. Smoot. The communication from Senator Kearns has, if that were possible, given additional strength to the feeling in favor of Mr. Smoot, and the hope is freely expressed that he will not withdraw, but let the Legislature settle the question of his election.

### UTAH COUNTY BUSINESS.

At the meeting of the county commissioners held yesterday the following appointments were made:

L. L. Nelson, chief deputy treasurer, salary, \$65 a month.

Ellis A. Geo, chief deputy clerk, at \$60 a month, and Pauline Moore, second deputy, at a salary of \$40 a month.

Edward T. Jones, deputy recorder at \$55 a month.

All of these are reappointments of the officers who have held the offices for the past two years.

A. O. Slade of Lehi was appointed fish and game warden. J. V. Jones, the present warden, received the vote of Commissioner Dixon, Chairman Dunn and Commissioner Webb voted for Mr. Slade.

There are three applications for the office of county physician. Dr. Robinson, the present incumbent, and Drs. Slater and Woodward. The appointment was deferred until next week. In a test vote each candidate received one vote.

Mrs. Anna E. Hunter, the present matron of the infirmary, has an application for reappointment, and Mrs. Fannie E. Stewart also has an application for the place. No action was taken on the applications at yesterday's meeting.

The following deputy assessors, appointed by Assessor Thorne, were confirmed, except Mr. Walker for Pleasant Grove and Mr. Christensen for Salem. Messrs. Westphal and Ellis of Pleasant Grove appeared before the board and asked that Mr. W. W. Limb be appointed for Pleasant Grove, and the matter was referred back to the assessor for further consideration. In the case of Mr. Christensen there was a question of appointment to all the districts named. With the exception above stated the appointments are:

David L. Thomas, Fairfield, Cedar Fort and Manning; John E. Ross, Lehi; J. C. Williams, American Fork; J. H. Beck, Alpine and Highland; A. B. Walker, Pleasant Grove; N. J. William Symes and John T. Pyne, the present farmers at the infirmary, have applications in for the place, on which no action was taken.

Mrs. Emma Symons, representing the Women's Republican club of Provo, had a little talk with the commissioners during the noon recess on the matter of an appointment for Miss Mary Bosworth, secretary of the club. A resolution was adopted last September by the county central committee and the Republican nominees for office to the effect that women applicants for appointive offices should have the endorsement of the Women's club in the precinct where the applicant resides. Miss Bosworth had the endorsement of the club for a deputyship, but has not received an appointment. The commissioners showed Mrs. Symons that the law did not permit them to do anything except to act on appointments, and referred her to the heads of departments for an appointment for Miss Bosworth.

George C. Scott and James Madsen of Lake View appeared before the board protesting against the action at the last meeting in consolidating Lake View, Pleasant View, Provo Bench and Vineyard school districts. They were informed that no action could be taken except on the petition of a majority of the taxpayers of Lake View, and that in the event they wanted to have the Lake View district segregated from the new district such a petition would be considered. The board adjourned till the 18th.

# AGRICULTURAL COLLEGE REPORT

## Trustees File Biennial Statement With the Governor.

### FUND FOR MAINTENANCE.

Report Recommends a Permanent One by Levy and Asks for Appropriation of \$143,475.

The board of trustees of the Agricultural college of Utah have filed the biennial report of that institution, for the years 1931-1932, with Gov. Wells. The report recommends an appropriation of \$143,475 to maintain that institution and make needed repairs during the next two years. It is also recommended that a permanent fund or tax levy be provided for the maintenance of the college in the future, as is the custom in nearly all of the states of the Union.

Chairman McCormick, of the board of trustees, states that there has been a large increase in attendance during the past two years, and a great improvement in both the character and grade of work done, and that there has been a marked growth in all of the affairs of the school. He states that the board asks the careful consideration of that part of the report dealing with the importance of providing a permanent fund, or mill tax, for the support of the school. It is recommended that a general appropriation for maintenance and equipment be made, instead of having special appropriations for each of the requirements. This will give the trustees greater freedom in the use of the money, as the interest of the college may require. Conditions frequently change during a period of two years, and there is a great advantage in being able to readjust the appropriation as conditions may require.
