

## WAR SITUATION IN SOUTH AFRICA.

There is Much Discouragement  
Over it in England.

### LESSON OF THE CONFLICT.

That Military Service as Practised To-day is Absurd—Sacrifice Made on Continent Unnecessary.

New York, June 25.—There is much discouragement in England over the military situation in South Africa, without definite news of any fresh disaster, says the Tribune's London correspondent. Gen. French has won to do in the French section, where his maneuvers were successful 15 months ago.

The newspapers have so little war news that the suspicion is created that the censor is holding back much information of an unfavorable tenor. Some of the military experts in the house of commons express the opinion that the reinforcements dispatched to Lord Kitchener may have proved inadequate.

A RUSSIAN'S VIEWS.  
London, June 24.—An interesting paper, written by Jean de Bloch, the Russian counselor of state and member of the Russian ministry of finance, on the lessons of the Transvaal war, was read at the United Service institution today. M. de Bloch declared that the South African war had proved that military service, as practised today, was absurd and that the sacrifice made on the continent to support conscription was unnecessary.

The war showed that the theatrical spectacles made by the British in no way related to real warfare. One of the most remarkable features was the constant insistence of determining the enemy's position. This was not attributable to British defective reconnaissance, but to the new conditions of war.

It was no mistake made by the British nor the qualities of the Boers who had shown an entire lack of rational strategy and tactics which produced the results seen, but smokeless powder and long range quick-firing rifles which involved dispersion and invisibility to a degree unknown of former wars and the possibility of providing riflemen with a larger number of cartridges. The action of the artillery in South Africa had been generally absolutely contemptible against an entrenched enemy.

Infantry from the Philippines.  
San Francisco, June 24.—The army transport, Grant, arrived from Manila today. The Grant has on board the Forty-eighth and the Forty-ninth regiments of volunteer infantry. The soldiers of both regiments are colored. They were recruited in the South and have been for nearly two years in the Philippines.

The Forty-eighth and Forty-ninth regiments were stationed in the worst sections of Luzon and were in several severe battles. They will be mustered out of the service within the next two weeks.

There are seventy-six cabin passengers on the Grant, mostly army officers at liberty on furlough.

### Salmon Cannery Combine.

New York, June 25.—The Journal of Commerce says: Little information is obtainable in reference to the proposed consolidation of salmon canners of the Pacific coast, which has been hanging fire for something over two months. The report that some representatives of the canneries had left the coast for New York for the purpose of conferring with the financiers is confirmed. It is, however, too early to say whether the deal will be actually consummated, as there is still considerable work to be done. At the same time the fact that these gentlemen are coming indicates that there is at least a prospect that plans will be carried out. It is conceded that the Alaska Packers' association is not interested.

### Big Fire in Portland, Ore.

Portland, Ore., June 25.—An entire block of frame buildings on East Water and East Madison streets, occupied as warehouses and small stores, was destroyed by fire shortly after midnight. The total loss will reach \$45,000. The principal losers are the Parlin Orendorff Machinery company, the H. C. Albee Machinery company and J. D. French, furniture.

### NAVAL WAR COLLEGE PROGRAM

An Army Engineer Will Explain Use of War Charts.

Washington, June 25.—The navy department has made plans for the program to be carried out by the naval war college at Newport this week. A noteworthy feature is the appearance of an army officer before the college. Col. Peter C. Hains, a prominent engineer officer, who will explain the value and practical usage of war charts. Hygiene will be a leading topic of the week. Surgeon Henry C. Beyer, U. S. N., speaking on this subject Tuesday, Wednesday, Thursday and Friday. The four committees will present for discussion the topics of war games, tactical studies, law solutions and problems, and Saturday will be devoted to "strategic games."

### PORTO RICAN POLITICS.

Federal Party Will Do What It Can to Aid Gov. Allen.

San Juan, Porto Rico, Wednesday, June 19. (Correspondence of the Associated Press).—When the new executive committee of the local Federal party was formed on Sunday last, more was accomplished toward putting an end to the problems which have retarded the things pending than anything else since civil government was inaugurated. Perfect harmony is now possible, and more than probable. The Federal party which has always been loud in its abuse of Gov. Allen and of the entire policy of the administration, is now pledging itself to aid the governor in his earnest desire to further the island's interests.

Over fifty delegates from all parts of the island attended the mass meeting to which only pledged Federals were admitted. Perfect harmony prevailed. Everything had been rearranged and there was marked uniformity of ideas. The following were chosen members of the Federal executive committee: Francisco De P. Acuna, Santiago R. Palmer, Hermilio Diaz Navarro, Manuel Camunas, Tullio Larrinaga, Carlos Ma Soler, Juan De Guzman Benitez. Mr. Acuna is the chief of the party, succeeding Munoz Rivera, now in New York. He is elected for two years.

Mr. Acuna and two others of the committee called on Gov. Allen today. This was the first time within a year that any prominent Federal had visited the governor in a political capacity.

The governor expressed his pleasure in knowing that the efforts of the administration of the island thus far had met with the approval of all good citizens. He added that he and the Americans generally welcomed the support and co-operation of the Federalists.

## ANTI-AMERICAN COMBINATION.

Frank A. Vanderlip Thinks One  
Highly Probable.

### AUSTRIA LEADS MOVEMENT.

Ministers of the Powers Artfully Encouraging Goluchowski, United States' Bitterest Foe.

New York, June 25.—Frank A. Vanderlip, formerly assistant secretary of the treasury, who has just returned to Washington from a long trip abroad, is quoted by the Tribune's correspondent as saying:

"I think it not only possible but highly probable that Europe can and will agree to binding terms of trade combination against us within the next few years, and that the result will be the most gigantic and stubborn commercial war in the history of the world. As most of our commercial treaties expire in 1903, I look for the real beginning of the war then in a refusal of most of the continental nations to renew those conventions."

"At the present moment Austria, which never did like us, is leading in the movement against the United States, and I found Goluchowski, head of the ministry of that country, our bitterest and most outspoken foe. Obviously, the other ministers of the old world, including even that of England, are artfully encouraging Goluchowski in his course of opposition with a view to drawing our fire before they openly declare themselves. For the immediate future our trade prospects were never brighter in Europe. There has been almost a total crop failure in Germany. The agricultural outlook is only a little brighter in France than in Germany, and even in England the crop yield is not very promising. But as soon as the continent recovers from its present agricultural depression I confidently believe the tocsin of war will be sounded. In Russia there are loud professions of friendship for the United States, and one hears many expressions of admiration of our commercial development and methods. The Russians are modeling their tariff system after ours, and in a few years will try to apply it with vigor and severity against the United States, but particularly against the United States."

"We can meet Europe's onslaught with courage and confidence. We outstrip her now in every material resource, in labor saving machinery, and in the rapidity with which our surplus capital is accumulating. Add to these advantages a patriotic citizenship and an intelligent working class, and who can doubt for an instant that we will win the battle? When it is over then the problem will be to keep the distracted hordes of Europe from overrunning this country and to prevent the desperate monarchies of the old world from acts of territorial aggression in South America, upon which they are already looking with covetous eyes."

WHERE COMBINE WOULD FAIL.  
Vienna, June 24.—The Zammern Montag Zeitung discussing the pan-American danger points out that even should the European powers form an anti-American combination, it would be unfavorable, because they would be obliged to continue to import larger quantities of food stuffs from the United States. The paper in question is of the opinion, however, that splendid military armaments would prove valuable to such a pan-European organization.

### Saengerfest at Buffalo Opens.

Buffalo, N. Y., June 25.—The features of the opening of the thirtieth saengerfest of the Northern American Saengerbund was a reception held last night at the 65th regiment armory. Admission was limited to members of the Saengerbund.

About 3,500 persons were in attendance and it is estimated that fully that number of singers will be in attendance today, when the "fest" is formally opened. The orchestra has reached here from New York. William Barrels, who will appear as the tenor soloist for the Brooklyn Saengerbund, is here. Madam Schumann, who will sing with Mr. Barrels, is also here. D. F. Davis, bass and H. Evan Williams, form the quartette of big soloists, is here. The others are expected here today.

### Risking Life

To make a living! And we stand and stare up at the man in the clouds, wondering that any man can be so foolhardy. But what of the business man, who has barely time to snatch a hasty meal, and gulps down a lunch of pie and milk in a few minutes? He too, is risking his life to make a living. Life is sustained by food properly digested and assimilated. The result of hasty eating and irregular meals is a "weak" stomach, and a "weak" stomach means a weak man. When the stomach is "weak" the food eaten is not properly digested and cannot be perfectly assimilated, so that there is a daily loss of nutrition which in time will result in physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the assimilation of all the nutritive values of the food eaten, and so builds up the body into sound health and strength.

Mr. Ned Nelson, the celebrated Irish comedian and mimic, of 277 Rogers Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it all last week while visiting at P. P. Keth's Bijou Theater, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## TONIGHT'S EVENTS ON THE SAUCER.

Ten Mile Motor Cycle Race, Turville vs Chapman and Vaughan.

### GOOD AMATEUR PROGRAM.

Ivor and Gus Lawson, With Other Riders, Departed Last Evening for Butte.

A great deal of interest is centered in the 10-mile motor cycle match race tonight at the Salt Palace between the Turville brothers and Chapman and Vaughan. The riders declare their motors to be in first class shape, and each team is confident of winning. The race will be for a purse of \$150, \$100 to the winner and \$50 to the second, and it will undoubtedly be exciting in the extreme.

Last year Clem and Charley Turville defeated every motor cycle team on the track, and they say their machine is just as good now as then.

The handicap invitation professional race will also prove of interest. The prizes are \$40, \$20, \$10 and \$5.

The following riders will compete in this event: Chapman, Jack Green, Walne and Vaughn, scratch; Clem Turville and King, 65 yards; John Lawson and Oscar Julius, 75; Edmonds, 80; Charles Turville and W. E. Samuelson, 85; Emery 110, and Ben Green, 120 yards.

The amateurs will have a chance in the one-half mile handicap for \$20, \$10 and \$5 prizes. The riders and their positions are as follows: Smith, scratch; Gramos, 50 yards; Williams, 55; Clayton, 60; Trenam, 65; Leyland, 70; McArthur, 75; Hermann, 80; O'Connor, 85; Held, 100 and Bowers, 110.

Last evening, Ivor and Gus Lawson, John Staver, A. Bell, H. Haydock, Jack Burris, Frank Hoffman and trainers Bowles and Francis, left for Butte. These riders will compete in Saturday evening's races there. The Lawson will go East if the races in Butte are not up to their expectation.

### CHAMPIONS DISBAND.

L. D. S. Ball Team in Possession of a Beautiful Cup.

The L. D. S. team has disbanded for the year, after establishing its claim to the amateur championship of the State and winning the beautiful prize cup given by the Salt Lake Hardware company. The cup will be placed in the hall of the L. D. S. University with the championship cup won last winter by the girls' basketball team.

The ball team won twelve games out of fifteen, which is a remarkable record for the organization.

### HEGGARTY'S HAND BROKEN.

He Will Therefore Not Meet Tim Callahan on Friday.

San Francisco, June 25.—Tim Heggarty, the Australian boxer, will not be able to keep his engagement with Tim Callahan on Friday evening next. Heggarty broke his right hand on the head of "Billy" De Country, his boxing partner, on Thursday last and although efforts were made to conceal this fact because he might be able to fulfill his contract, it has been stated that he is positively unable to go on. The club has engaged Joe Bernstein to take Heggarty's place.

### McFARLAND INJURED.

Bleeding and Unconscious He is Taken to a Hospital.

New York, June 24.—When Floyd MacFarland of San Jose, Cal., had ridden thirteen miles and four laps of a scheduled fifteen mile motor-paced race with Johnny Nelson of Chicago, at Madison Square Garden tonight, he ran into a motor machine which slipped down the incline at the northeast end of the garden just as it was setting under way to pass one of the contestants. MacFarland was thrown from his wheel to the banked track, and Nelson, who was following him at a terrific clip, was thrown completely over MacFarland. MacFarland was picked up bruised and bleeding and was taken to a hospital in a semi-conscious condition. Nelson was also bleeding from a cut in the face, but pluckily resumed riding, and after pedaling fourteen miles and one lap, which he covered in 27:42, he was notified to stop riding and awarded the race.

Cooper of Detroit defeated Sydney Jenkins of England in both heats of the middle international race. Time, 2:21.1-5; 2:15.1-5.
