LOCAL AND OTHER MATTERS.

Prison Meeting.

Bishops and others interested are reminded that the Monthly Meeting of the Prisoners of the State will be held in the Fourteenth Ward Assembly Rooms, on Saturday, June 1st, commencing at 11 o'clock a.m.

Observance.—To-morrow will be generally observed as a holiday in Ogden as well as here.

Restored.—Part of a lady's gold bracelet was lost recently, between the 17th Ward and Main Street. The finder will confer a favor by leaving it at this Office, for the owner.

Take It Back.—The tipped who walked off with George Crocker's watch should take it back to him. George says that he is the second barrow that has been borrowed from him in that unscrupulous way.

Not Found.—The body of the little daughter of W. H. Williams, drowned in the Ogden River, on Saturday, had not, according to the Junction, been found up to last evening. Diligent search had been made for it.

Continued.—We understand that, on Monday, in the First District Court, at Provo, the case of the People, ex. v. O. P. Rockwell and S. Collett, indicted for murder, was continued for the term, by request of the United States District Attorney, who announced that he was not ready to proceed. The defense stated that they were ready for trial and desired that it should be proceeded with.

Died of his Injuries.—William McElhan, the man who accidentally fell from the scaffold in the New Tabernacle yesterday afternoon, died within about an hour after the occurrence. The body was conveyed to his late home, in the First Ward. The funeral was to take place this afternoon. Deceased bore a good character, having been a steady, respectable, and industrious man.

The Distressed Welsh.—The concert in aid of the Welsh emigration fund, at the Sixth Ward School-house, last night, was largely attended. The audience was greatly delighted with the performance.

Another entertainment for the same object will be given, in the Eleventh Ward School-house, by the Dramatic, Musical and Mutual Improvement Associations of that Ward, to-morrow evening. The musical part of the programme will be followed by a performance of "Solon Shingle."

This morning the committee received \$202 for the fund from Ephraim, Sanpete County.

The receipts up to date amount to about \$2,150.

City Council.—The Council met last evening, Mayor Little presiding.

A petition was received from Edward Morgan, administrator of the estate of Francis Birch, deceased. It explained a transaction concerning a quarter section of land now owned by the heirs of said Birch, which being in the neighborhood of the asylum, the water of a certain spring that would have been used for agricultural purposes had been taken by the city for the use of the bath, thereby rendering the quarter section partially valueless, and asking compensation for the improvements made thereon, amounting to about \$200. Referred to the committee on public grounds.

A petition from John Rose, asking the privilege of erecting a stand on First South Street on the corner of Kimball and Lawrence's store, for the purpose of selling notions, and promising to erect a good stand if the privilege be granted, was referred to the committee on streets and alleys.

A petition from Millen Altwood stated that he had paid \$14.40 on the 1st of April for a three month's license for a meat market that he had been in business only one month; he therefore asked for the refunding of the unexpired portion of the license, amounting to \$2.60. Referred to the committee on licenses.

A petition was received from John Beckwith, asking a transfer of his license to Geo. Arbogast. Granted.

A petition was received from Joseph C. and Jos. T. Kingsbury asking the privilege of purchasing two lots owned by the city adjoining Danford's farm, Sugar House Ward. Referred to the committee on public grounds.

The committee on ways and means, to whom was referred the petition of the Tenth Ward Band, recommended an appropriation of \$100, for the purpose of assisting in procuring a uniform for the band. The report was received and adopted, and \$100 appropriated.

On motion, a committee of four was appointed for the purpose of conferring with the superintendent of public works and to submit in forwarding machinery for the artesian well. The Mayor appointed Anderson Dinwoodie and Sharp, and Councilmen Merrill and Armstrong said members.

The ordinance in relation to the demolition of buildings was taken up and passed.

Council adjourned till next Tuesday evening at 7 o'clock.

Robbery.—Yesterday we gave a history of the Bountiful land case. It was a plain, unvarnished narration of facts, carefully collected. No fair, unprejudiced person, making themselves familiar with the circumstances, can come to any other conclusion than that a number of industrious citizens, the original occupants and possessors of the land, have been ruthlessly robbed of property that belonged to them. Those who have been parties to this unrighteous transaction, in addition to the Burnhams who have shown the utmost unscrupulousness, are the officers of the land office, of Salt Lake City, either by design or gross blunder. Most people believe it was by conspiracy. Patton and Silva were Register and Receiver at the time.

Another party involved in the transaction was the Union Pacific Railroad Company, who, without any notice to the parties in possession of the land, sold it over their heads to the Burnhams, under the government grant act to the company of unimproved lands.

The other party who aided the accomplishment of the land robbery was the person who was selected by the occupants to homestead the quarter section, who appears, judging by his actions in the matter, to be an individual woefully lacking in that manly element that causes people to stand by the right under all circumstances.

Finally, after these same industrious citizens had been denuded of their hard-earned farms, they were further molested by the Burnhams for cutting hay from the land of which they were at the time the possessors, and of which the Burnhams had never been in possession, neither when the grass was cut or at any previous time. The defendants in their answer denied that the plaintiffs had ever been in possession, yet, in his instructions to the jury, Judge Schaeffer stated that the defendants admitted the possession of the plaintiffs when the hay was cut. Besides, the Judge, all through the trial, refused to allow the defendants to prove that they were in possession at the time.

The defendants, alders and abstainers of land jumpers and swindlers may express exultation at the result of such a case simply because the losers in the affair are "Mormons." In such expressions they manifest the same dishonest inclinations as actual the actual perpetrators of such deeds. Had such a case occurred in any of the neighboring Territories instead of among a peace-loving community, who, as a rule, would rather suffer wrong than do wrong, we do not doubt that the chief actors would have been permitted to consummate the transaction.

Returned Home.—To-day we were pleased to meet with our old friend Bishop O. N. Liljenquist, of Hyrum, Cache County, who reached Ogden on Sunday last, from Copenhagen. He left on a mission to Europe on May 26, 1878, and, on reaching Denmark, took charge of the Scandinavian Mission, over which he presided until his late release, being succeeded by Bishop N. C. Fyfe.

During the two years he labored in Scandinavia he was successful and secured 1,000 persons having been baptized into the Church during that time. Twenty-five persons were baptized in Finland within the two years of his mission. As before mentioned in the News, however, the Elders recently sent out of that country by the Russian authorities. The missionaries who labored in Finland state that the people of that principality are kind hearted, honest and good. In their customs, however, they are somewhat behind the times. They receive the elders with great kindness, but the priests raise a great howl at their presence.

Elder Liljenquist speaks very highly of the prospects of the work in Scandinavia. He expresses the belief that, notwithstanding the many thousands that have already gathered out of that part of the world, the work has as yet barely commenced there. He feels certain that Israel in those lands are in haste. If all the Elders now in the field in that part were in Antibody Conference alone they would find plenty of work, the people turning out in large numbers to hear him.

Elder Liljenquist returns well in health and spirits, and he will be welcomed home by many friends who when he is well known and respected. He speaks commendably of the energy and faithfulness of the Elders now laboring in the mission from which he has just come.

A dear old lady presented her son, on his departure for a battle. On his return he was a gale, it fell from his hands, and out dropped a fine tooth-comb and the admiring book mark, "Search daily."

"If a golden hawk's his throat twenty times, twenty times will he mend it. Make up your minds to do a good thing, and you will do it. Fear not, if troubles come upon you, keep up your spirits. Though the day be a dark and gloomy one."

"Ab," said a concealed young person, "I have this afternoon been preaching to a congregation of asses." "Then that was the reason you always called them asses?" "No," replied a strong minded lady, "I called them asses because they were asses."

"Where is Mr. F.?" inquired an old lady. "Oh, in some part of Australia, I believe," replied her companion. "Well, dear me!" exclaimed the delighted old woman. "I'm so glad he's in Australia, for he can bring me home an ostrich feather!"

"You never saw such a happy lot of people as we had here yesterday," said a woman to the clerk in attendance. "No," he said, "I never saw a lot of people as happy as you are today." "I suppose he's got nothing new." "Yes," he said, "he's got pneumonia." "What are you getting a yard for?" "Mocha, now."

A rural gentleman whose mind was rather given to public economy, was attracted to the catalogue of dog food that took place in this city. Noticing that the catalogue enumerated some twelve hundred animals in the exhibition, and being imbued with the spirit of reform, he exclaimed: "Twelve hundred dogs in the city of New York! No necessity for so many. Five hundred would do the work."

"Well, Father Brown, how did you like my sermon yesterday?" asked a young preacher. "You see, parson," was the reply, "I haven't a fair chance of their sermons of yours.
