### FRANKLIN, IDAHO.

### SUDDEN DEATH OF H. GREGORY

Franklin, Onondaga Co., Idaho, Dec. 31.—Elder Robert Gregory, of Coveville, died suddenly on Friday morning, between one o'clock and daylight. Brother Gregory was in Franklin Wednesday and Thursday, full of life and vigor. On Thursday evening his son-in-law, Brother Mark Porter, took him to the latter's ranch about four miles northwest of Franklin, to spend the evening with the family. They had a pleasant time, and the children were very little after midnight, when all retired. The old gentleman was feeling first rate. In the morning the family arose and prepared breakfast. When it was ready about 9 o'clock, one of the children went to call on the grandfather, but he did not answer. His daughter, then, called on him, without a reply. She told her husband that she could not make him hear, and was afraid something was the matter. Brother Porter went to his bedside, called and shook him, then he drew the covering from off his face, and found he was dead. He appeared as he went to sleep, having apparently never moved. Brother Porter and wife slept in the same room but did not hear anything, not even a move. When the news arrived in town, Thomas Durant, justice of the peace, went up and investigated the matter, and pronounced the cause of death heart failure. The funeral services were held at the Franklin meeting house Monday, Dec. 31st. The speakers were Elders Andrew Allen, John Riggs, Bishop H. Merrill of Richmond, and Apostle M. W. Merrill. All spoke of the faithfulness of Brother Gregory, and offered words of comfort to the bereaved family. Brother Gregory was 74 years of age, was a High Priest, and a faithful Latter-day Saint.

### SUNDAY SCHOOL SOCIAL.

The officers of the Franklin Sunday school gave a social on Saturday evening, to the teachers and their wives and sweethearts; the Stake superintendency and their wives were also present. A very pleasant time was had. A good program of songs, recitations, and sketches, etc., was given. A short discussion on how to prepare Sunday school lessons was an interesting feature. A fine lunch was also passed around.

### DIG HORN COLONY NEWS.

### Health Improving—Open Winter Daily Postal Facilities.

### Special Correspondence.

Byron, Big Horn Co., Wyo., Dec. 29.—It is a gratification to note that the health of the people is improving since last report from this colony. Those that were sick with fever are getting better, and there are no new cases. The weather still continues to be warm with no snow. We are able to prosecute the work of building, grading on the railroad and canal.

Brother George Easton has the contract for putting in a 300 foot tunnel through the ridge between our town and Cowley, for the water to pass through in spring for the people that are located at Cowley.

We had a ball for those wishing to attend at the house of Brother Easton on Christmas night. The young people of the place enjoyed themselves highly, it being the first party of the season.

We now have a postoffice in good running order, with Jos. H. Neville as postmaster. Mail leaves and arrives daily. We will get our "News" on Mondays by this service.

### A NEW COLONIST.

A birth is reported in the family of James Smith the other day, a big boy. It is rather hard on us here if we have to employ a doctor, as it costs about \$50 for one trip.

No public gatherings on account of one case of smallpox, which broke out about five or six weeks ago, but all are well and no more cases reported. A public school will be given in the new school house New Year's night to the great delight of the young people. School children have to be vaccinated or remain away from school. ### MARCUS DALY'S TROTTER STOCK

Marcus Daly, the Montana millionaire who died the other day in New York city, is referred to by the papers as having been an owner of thoroughbreds, Hamburg and Ogden among others, but not a word is said of his relation to the trotting turf and the breeding of trotters. The fact is that Mr. Daly's interests in the trotter were ten times greater than in runners, and he died the owner of by far the greatest collection of trotting breeders ever gotten together. Also the Bitter Root ranch is the most extensive nursery of trotters in the world, and of late years no breeder has excelled Mr. Daly in the value of stakes won on the trotting turf. It is fifteen years or so ago that Mr. Daly began laying the foundation of his stock farm. While not committed to the belief that the only good brood mares are those that acquired fast records on the turf, Mr. Daly favored that sort, and one of his early purchases was Fanny Witherspoon, that made a record of 2:16 1/4 while owned by the late Commodore Kitzon, and also at one time held the two-mile championship, claiming the distance in 4:43 over the Washington Park track in Chicago. Some years later I saw a 2-year-old trotter out of the old mare trot in 2:21, says a writer in the Chicago Drovers' Journal. Beginning with Fanny Witherspoon, Mr. Daly bought nearly every year one or more fast trotting mares to be bred to his stallions, Prodigal and Milro, and only last winter his agent paid well over \$4,000 for Extasy, fresh from a campaign in which she had won the 2:10, but while Mr. Daly sent a stable of trotters east nearly every summer, it was no pleasure to him to race anything that he had not bred, and that, by the way, was always the true sportsman's idea of racing.

While Mr. Daly did not hesitate to buy liberally all the time, he was singularly lax and notional in the matter of issuing a catalogue of his stock. Fanny Witherspoon, Mr. Daly bought for \$10,000, and she was sold for \$10,000. A few years ago when Ed Tipton was looking after Mr. Daly's horse matters he suggested that a catalogue be prepared, but the copper magpie said he was not ready, and so it went on, and now, when the stock is sold, as will, no doubt, be done, the work that Mr. Daly did not permit to be done during his life will have to be attended to by his executors.

A number of the Daly colts that trotted at Lexington and elsewhere were entered in the Tipton-Feag aucton sale held in New York November 27. Among them was Lady Thibe, 3-year-old record 2:16 1/4, and a number of other good ones. Mr. Daly's colts were sold for \$10,000 each, and he was to take place. In the meantime, it is probable that the present trainer, Joe Rea, will be retained to shape up the youngsters and put the older stock in sale condition.

The death of Mr. Daly makes five leading trotting horse breeders of the far west that have died within the last

## HAVE HAD THEIR DAY.

### Local Treatments for Catarrh Relieved to the Rear.

The surest and safest treatment for any form of Catarrh is an internal remedy which acts specifically upon the blood and mucous membranes. Such a remedy is the new preparation sold everywhere by druggists as Stuart's Catarrh Tablets, a medicine in pleasant tablet form.

These tablets contain in highly concentrated form, well known germ and ecipies like salicylic acid, guaiacol, Red Gum and similar curative elements, and no one who suffers from any form of catarrh, and has experienced the inefficiency and inconvenience of powders, sprays and other remedies will ever go back to such antiquated remedies after once trying so pleasant a treatment as Stuart's Catarrh Tablets and one which gives so much relief in so short a time. Druggists sell Stuart's Catarrh Tablets at fifty cents for full sized package and their daily use will effectually cure this troublesome and dangerous disease.

The danger from catarrh is that it is a short road to consumption, to chronic stomach catarrh and to catarrh of liver and kidneys.

Most cases of deafness are caused from stoppage of the Eustachian tube as a result of catarrh.

Five years, the others being Governor Stanford, owner of Electioneer; William Corbett, owner of Guy Wilkes; L. J. Rose, who bred Stamboul, Alcazar and other famous sires, and W. A. Hobart, who founded a great stud, with Stamboul at its head. This means that the Pacific coast is practically denuded of great breeding farms, and as the territory is so remote from the eastern market the chances are no new ones will be established.

All druggists guarantee every bottle of Chamberlain's Cough Remedy, and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy of the world for colds, coughs, croup and whooping cough, and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

### PROSPECTUS OF THE MERWIN MINING COMPANY.

The Merwin Mining Company is incorporated with 100,000 shares of \$1.00 each. It has a lease and option of purchase until April 15, 1901, on the Merwin, Davis, Blackbird, and Yankee mining claims, situated in Rush valley mining district, about one mile from Stockton, Utah, and a few hundred yards from the Honoring works. Of these claims all except the Merwin are virgin ground. The first owners of the Merwin mined to a depth of about 85 feet from the surface, and extracted ore of the value of over one hundred thousand dollars. They expended the money as they made it, and when the ore pinched out had no means with which to continue work. The next owners ran a tunnel about 120 feet, and reached a point about 350 feet below the surface, and found no ore discontinued work. The present company is sinking a winze from the tunnel to a point where the level streaks of rich galena ore have been found, and about a carload of ore extracted. It is believed from the indications that these ore streaks will soon yield to a substantial ore body.

For the purpose of obtaining funds to continue work and pay the purchase money, the stockholders have contributed 40,000 shares of stock to be sold at not less than 25 cents per share. The proceeds of 10,000 shares to be used in developing the mine and 30,000 shares to complete payment of purchase money.

In order to induce immediate subscriptions the company offers the following extraordinarily favorable terms to investors:

Each subscriber for one thousand shares will at the time of his subscription pay fifty dollars and receive a certificate full paid for two hundred shares. He will be given a permit to examine the mine and allowed five days in which to determine whether he will retain his subscription, or relinquish it and have his money returned. If he elects to retain it he will be allowed until March first, 1901, to pay another fifty dollars, and receive two hundred shares more, and will then be allowed until April 1st, 1901, when if he elects to pay one hundred and fifty dollars he will receive the remaining 300 shares.

If a large ore body should be struck at any time, the price of all treasury stock not subscribed for will be raised without notice, or it will be withdrawn from sale.

Subscription list now open at the office of the company, room 42 Hooper Building, 23 East First South St. No stock reserved. FIRST COME FIRST SERVED. THOMAS FITCH, President Merwin Mining Co.
