He visited the great summer resorts on the islands at the head of lake Huron and in the straits of Mackinaw, where the minim-tun charges at the big hotels are \$8 day, and was much charmed with unsurpassed scenic attractions,

The Sunday school kindergarten training class is now being conducted in connection with the L. D. S. univer-sity and those wishing to avail themselves of the opportunity are respect-fully referred to President J. H. Paul for particulars. It is the custom in many of the

schools to have one of the superintend-eacy stationed at the door to greet officers, teachers, pupils and visitors as they arrive each Sunday morning, practice that is commended to those schools not now following it.

The request made by the Union board that neither schools nor any departments thereof be suspended on account of general conference, should be strict heeded, and all schools will convend as usual.

The Twenty-first ward Sunday school organist, Walter J. Poulton, Jr., ren-dered a plano solo, and the selection 'Beautiful words of Love," was sung for closing.

The Twenty-second ward school wa requested to furnish music for the October meeting. Benediction was pro-nounced by Elder Wilford Whittaker of Center ward.

MANY STUDENTS ENTER.

L. D. S. University Commences Second Week With Six Hundred.

Yesterday was a busy day for the teachers at the Latter-day Saints' university. Over 100 additional students

came in, not counting the kindergarten, so that the total of students proper is now about 600, over 150 in excess of the number at same period of last year. The increase in the higher departments is particularly gratifying, and the indications are that many students are resolved upon pursuing their studies to graduation. The day missionary ourses and the children's kindergarter were organized yesterday, the former with 60 and the latter with nearly 30 students. The night missionary course will not begin till Oct. 8, and the Satur day kindergarten for Sunday school
