Atty. J. D. Sken represents the applicants. He has also been consulted by two other families who desire the release of their sons who were committed to the reform school by Judge Patton. It appears that the proper commitment papers were not made out by Judge Patton and therefore Supt. Thomas has no authority on which to hold these boys. If the contention of

ROOSEVELT ON DEMOCRATIC TICKET

John T. Graves of Georgia Asks Bryan to Present His Name At Next Convention.

WOULD IF DUTY CALLED HIM.

If He Were to Select Any Republican To Lead Democrats It Would be Senator LaFollette.

Chattanooga, Tenn., April 10.—At the Bryan anniversary club dinner to-night John Temple Graves of Atlanta, in the course of an address, asked William J. Bryan to present the name of Theodore Roosevelt to the next Democratic national convention as the party's candidate for president. Mr. Bryan, in reply, said that according to present conditions he should not present Mr. Roosevelt's name to the convention.

Mr. Bryan's address came as the climax of a series of interesting events. When he reached the city today he was requested by the toastmaster, who had read a speech to eliminate all reference to Bryan nominating Roosevelt. Rather than submit to having his speech censored, Mr. Graves decided not to speak at all. His address, he said, represented his actual sentiments. Mr. Graves went to the banquet hall for a few moments and then left without speaking. He added that when he had heard that Mr. Graves had retired from the hall because there might be doubts about the wisdom of what he had to say, he had sent for the Georgian to return and insisted that the speech should be delivered.

At present advised," said Mr. Bryan, "I shall not present the name of Theodore Roosevelt to the national Democratic convention. Bear in mind, I say, as at present advised."

Mr. Bryan declared that if after mature consideration and reflection on the arguments in this case he should consider that his duty lay in that direction, he would present Mr. Roosevelt's name if it should prove the last act of his life.

He said that if any Republican were to be selected by the Democrats to head their national ticket, the name should be Senator LaFollette of Wisconsin.

Mr. Bryan then presented reasons why, in his opinion, Mr. Roosevelt was not the proper man for the presidency.

Mr. Bryan arraigned the Republican party, but declared Mr. Roosevelt had adopted many Democratic principles. Mr. Bryan thanked the club for the honor paid him in its being organized for the sole purpose of observing his birthday. Democracy was rapidly growing, he said, both in America and the world at large, and he foresaw an ultimate triumph of its principles.

"During the last 14 years," he said, "the movement to secure the election of the United States senators by the people, a thoroughly Democratic idea, has gained such strength that it has been endorsed five times in the national house of representatives and by nearly two-thirds of the states in the Union."

"Tariff reform, another Democratic doctrine, has been growing, not only among the farmers of the west, but among the manufacturers of New England, until the meetings of disunion are heard throughout the Union because of the impotence of the Republican party to deal with the question. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, cases of deafness are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

ed in three national Democratic platforms, has at last become a burning question, and is dividing the Republican party. The income tax, so long denounced as a socialistic demagoguery, has found a champion in a Republican president, and swollen fortunes accumulated under the previous favoritism granted by Republican Congresses are at last exciting general alarm."
