THREE TIMES HE SHOT RIVAL

Another Murderous Assault Among Foreign Element in Salt Lake City.

SAM TONDI USED A REVOLVER.

Italian Bartender Fired Four Times at Mike Caracci and Then Made His Escape Ogdenville.

Up to a late hour this afternoon the police had not succeeded in locating Sam Tondi, an Italian bartender at the Elmo Grande saloon, Fifth West and Second South streets. Tondi was wanted for shooting a fellow countryman named Mike Caracci last night.

The trouble occurred about 11:30 last night as a result of a quarrel between Tondi and Caracci over a girl. The bartender claimed that his rival had stolen the girl from him. Tuesday night the rivals met and engaged in a fist fight. Tondi got decidedly the worst of it. Defeat bred a murderous feeling and Tondi swore he would get even.

FOUR SHOTS FIRED.

Last night Caracci was passing the saloon when Tondi stepped from a hallway and began firing at his rival. Four shots were aimed at Caracci, three of which took effect. Two bullets pierced the body from the back, right and left, and the other struck the right arm. Caracci was taken to the police station where his wounds were temporarily dressed by Dr. Paul and Steele. Later Caracci was taken to St. Mark's hospital. At noon today he was resting easily and it was reported that his chances for recovery are good. Immediately after the shooting Tondi made his escape, going in the direction of Ogden. The police of that city were notified and it is believed the man will be captured.

JORDAN HIGH SCHOOL.

Opens This Morning With an Attendance of Forty-Eight.

The Jordan high school opened this morning in the basement of the Jordan warehouse under very gratifying conditions. The pupils enrolling on the opening day. Three rooms have been fitted up with desks, tables, etc., for the accommodation of students. The people of the district are very much pleased over the start made, as this is the first time the high school has attempted to take up second-year work. The school has had a building by itself for high school work. There are 27 students registered, fifteen boys and girls, and it is taking second-year studies. Other students will enroll, and the attendance will probably reach 50 before Oct. 1. Mr. Stanley, the principal, and Miss Jennings are very jubilant over the showing thus far made.

THREE AUSTRIANS ARRAIGNED.

Lena Smith, Tony Zorich and Nick Milkovich, three Austrians charged with burglary in the third degree, are having a preliminary hearing before Justice of the Peace Dana T. Smith this morning. It is alleged that the defendants broke open a car at Garfield a few days ago and stole a large quantity of ice therefrom.

JAP PLEADS.

Man Who Shot and Killed Another at Garfield in Court.

Juro Tsukuda, Japanese, was before Judge Armstrong this morning to plead to the charge of murder in the first degree, on which charge he was bound over to the district court by Justice E. W. Cornish of the Eleventh precinct, through Horace Knapp, interpreter. He pleaded not guilty to the charge. It is charged in the information that he shot and killed another Japanese named Torah Shio on July 4 last.

BOYS BAND.

Salt Lake's Youngster Musicians Will Be Home Early Next Week.

The boys' band of 30 pieces which left Salt Lake early this summer on an extensive tour of the east, will be back Sunday evening or Monday morning.

The band has been in charge of William Brown, formerly judge of the juvenile court. L. B. Christensen, who has been directly in charge of their instruction. From letters sent home by some of the youngsters, it appears that they have been infinitely successful wherever they have appeared, and their return at this time is on account of the anxiousness of

One of the mothers to get their boys back home. A long tour of Canada and New York states from to be abandoned, after being booked, on this account.

An invitation has been received by Instructor Christensen to be tendered the youngsters and their leader by the governor of Colorado. If their train gets them into Denver in time they will accept the invitation and will leave Sunday morning for Salt Lake. Mr. Christensen, it is understood, has received and accepted an invitation offer to take charge of a boy's band in Indiana at a good salary. His services with the Salt Lake youngsters have been in part volunteered.

OLD CHUMS MEET.

James I. Broughton and H. T. Ball Indulge in a Reminiscence Talk.

James I. Broughton, city treasurer of Waterville, Me., is a guest at the Metropolitan hotel, having come down for a visit to his son, E. C. Broughton. The visitor is not a stranger in Salt Lake, as he formerly lived here, having come to these parts from England in 1872. He was a partner in the firm of Broughton and Ball, which was in the city of Salt Lake, and had a reminiscence talk of their early days in the city. The two, who were old chums, met at the Metropolitan hotel, and the visitor, who is now 64 years of age, was born in England in 1848. NEWS TO COL. RICE.

He Knows Nothing About New Bank For Salt Lake.

A morning paper asserts that a new banking institution is to be started in this city, about Oct. 15, with W. W. Armstrong, E. O. Kinner and Col. W. V. Rice as its factors. Messrs. Armstrong and Kinner are out of the city, but Col. Rice knows nothing of any such proposition, and when a reporter inquired today to make inquiries, he was told it was all "hot air," absolutely nothing to it. Where the story originated was what could not be explained.

GOV. CUTLER HOME.

Returns from California Full of Praise For Pacific Slope.

Gov. John C. Cutler has returned from California and in returning is full of praise for the Pacific Coast's greatest state and her cities. To his enthusiasm over the showing made by Utah at the National Irrigation congress, the excellence of which was attested by many prominent horticulturists with whom Gov. Cutler talked while at the congress and in the exhibition space. The celebration at Venice near Los Angeles on Utah day was most pleasing and Gov. Cutler declares that it opened up a channel of thought which will direct attention to the state resulting in much good. The hospitality of Californians forms the theme of the governor's songs and his every word is of praise for the state and daughters of the Golden West.

The celebration at Venice on Admission day was a big affair. Two monster banquets were served at which addresses were given by Gov. Cutler, other Utah people and a great number of Californians. The Vesper club, numbering in its membership 15 expert horsewomen in addition to its male membership, was one of the attractions of the day. On wild and sporting steeds they formed a unique part of the parade and acted as escort for Gov. Cutler and party wherever they moved through the streets. Upon entering the great resort the American Italian band, under the leadership of Dante Forcellini, played a two-step composed especially for the occasion by him and in honor of Gov. Cutler.

LECTURE AGENTS SEEK CONTRACT

Chicago Lyceum Bureau Commences Action Against Wallace and Anderson.

AMUSEMENT PROJECT DEAL.

Engagement of Katherine Eitz-Bowden for Four Weeks Which Did Not Materialize as Agreed.

The Chicago Lyceum bureau has commenced suit against W. S. Wallace and J. Fred Anderson in the Third district court to secure the payment of \$585.63 and costs, claims as the balance due on an unpaid account.

It is charged in the complaint that the defendants are co-partners engaged in the lecture and amusement business, and that Aug. 20, 1906 they contracted with the plaintiffs to lease an amusement attraction, Katherine Eitz-Bowden (Hawthorn) for four weeks. The price was \$500 per month and the fees were to be paid all transportation charges, printing bills, time and gas charges. It is claimed by the plaintiffs that they spent \$1,200 in the whole project, and that the defendants on which \$574.55 has been paid, leaving the balance as sued for.

CHRISTENSEN FINED \$10.

Show Company Convicted of Violating The City Tax Ordinances.

The Christensen show company was before Judge Armstrong in the Third district court this morning to receive sentence upon the conviction for violating the city tax ordinance regarding the payment of a license tax. The defendants were fined \$10 by the court.

CHARGED WITH RIOTING.

Steve Bobich, Mike Gubick, Nick Krumpalick and Mike Moser are before Judge Armstrong this afternoon on the charge of rioting. These men are smaller hands and are charged with having been in the riot which occurred at Bingham Junction several months ago when the smeltermen were on strike.

McVEARNEY TRIAL TOMORROW.

McVearney, charged with robbing McTernan's saloon several months ago, was before Judge Armstrong in the Third district court this morning for pleading. He entered a plea of not guilty and his trial will commence tomorrow.

ROOSTER CASE ONCE MORE.

Dr. T. B. Beatty was again in court today in connection with his controversy with Mrs. Alice Little and her children. This time the appearance was made merely for the purpose of obtaining 15 days' additional time in which to file a bill of exceptions, which was granted by Judge Lewis.

TOMORROW'S ORGAN CONCERT.

Program for tomorrow's later orchestra concert with Prof. McCellan at the console:

Violin: Toccata, Op. 11, Mendelssohn; Widder Andante, Op. 11, Mendelssohn; Hensell Pastorale, Op. 11, Mendelssohn; Wely Olden, Op. 11, Mendelssohn; Overture, Op. 11, Mendelssohn.

JOHNSON AND BURKE.

Negro and Sailor Matched for Fight This Evening.

New York, Sept. 12.—That tonight's battle between Sailor Burke and Jack Johnson will go a considerable distance toward deciding the next heavyweight champion of the world is the opinion of many metropolitan sportsmen. Admirers of both men are insistent in their claims that the logical candidate for the title will be seen in the ring at Bridgeport, Conn., tonight. Not in many months has New York been so interested in the outcome of a ring battle. Johnson is a favorite of the wise pools, but Burke is not without backers, and many good-sized bets have been made.

Burke has been hard at work at Stratford, Conn., for several weeks. Big Tim Savage, one of the leading pugilists of Bob Fitzsimmons, has been building him through the final training stunts. He will enter the ring at 165 pounds, while the big negro will weigh in the neighborhood of 180. Burke is in fine condition and is confident that Johnson's advantage in weight will be no hindrance to him. His belief in this regard is based, in part, by some of his supporters, several bets having been made at \$250 to \$500 that Burke would stay the fight.

Sailor Burke is only about 23 years of age and is a native of Brooklyn. Of the many hard bouts in which he has engaged, he has lost only two, one of these on a foul. His front name is "Charles," but his experience as a mariner on the water has resulted in the sobriquet of "Sailor."

Some of the men whom Burke has defeated are Harry Martin, Fred Vach, Eddie Hanley, Jim McTearry, Charlie Stiger, Jack Butler, Mike McDonough, Andy Walsh, Kid Williams, Joe Grim, Tommy Sullivan, Joe Hagen, Kid Kip, Jim Savage, Jim Donovan, Peter Maher, Jim Donohue, Charlie O'Rourke, Jim Scardon, Jimmy O'Neil, Nate Jacobs, Andy Williams, Cy Pynch, Jack Blackburn, Dave Holly, Johnny Carroll and Jack Robinson.

If Johnson wins tonight's battle, as his backers confidently expect, he will insist that Tommy Burns meet him within the next few months. By knocking out Kid Cutler in half a round in his last battle, the negro believes that he has shown punching ability worthy of a championship battle. Cutler had been coached by John L. Sullivan and had acted as the former champion's sparring partner. The ease with which the big black handed on Cutler was a surprise, even to his most devoted admirers.

WEATHER SUMMARY.

Mean Temperature Slightly Below Normal in Utah Last Week.

The general summary of the weather for the week ending Monday night last, for Utah is as follows:

The mean temperature for the week was slightly below the normal. The average deficiency being about one degree per day over all sections. The first three days were clear or partly cloudy, the 4th and 5th were generally overcast, the 6th and 7th were generally cloudy days throughout the state, showers and thunderstorms being reported from most localities on these dates. The last two days were clear and pleasant. The highest temperature was 95 degrees at Corinne, Boxelder

county, on the 5th, and the lowest was 39 degrees at Boulder Summit, Utah county, on the 4th and 7th. Showers were general over most portions of the state on the 3rd and 4th and in some localities were accompanied by severe thunderstorms. The greatest amount reported from any point for the week was 6.5 inch at Levan, Utah county. About the average amount of rainfall prevailed during the first three days of the week; during the middle portion it was greatly deficient but considerable excess for the closing days. For the week as a whole it averaged nearly normal.

GRAHAM IN BAD SHAPE.

Mail Clerk in O. S. L. Wreck Is a Badly Mangled Man.

Leland Graham, the young mail clerk who was seriously injured in the O. S. L. wreck north of Salt Lake, is reported to be progressing favorably today. An examination of his wounds discloses the fact that his nose is badly broken, and the cartilage torn, several ribs broken, and a possibility of complication from internal injuries. The other patients have recuperated much more rapidly than was anticipated and all are out of danger.

ODD WEDDING, THIS.

Greek and His Sweetheart Married Before Thirty-Five Men Friends.

Attaches of the county clerk's office were treated to a real wedding a-la-Grecian today, when a blushing groom with a bright rose in his lapel and a swarthy bride with a giggle that simply would not down, appeared and in broken English asked for a license to "get married."

IN DIEHL'S COURT.

Messenger Boy Not Ready to Plead to Malignant Mischievous Charge.

In Judge Diehl's court this morning A. H. Boyer, the messenger boy who destroyed a messenger call box at 52 Commercial street yesterday afternoon, thereby putting out of commission about 100 Western Union call boxes, was not ready to plead and the case went over until tomorrow morning.

TEACHERS WANTED.

Demand in Utah at Present Time Exceeds the Available Supply.

There is still a demand far exceeding the supply for teachers in country schools. State Supt. A. C. Nelson is receiving daily inquiries from county superintendents everywhere asking him to aid in procuring teachers for them. E. M. Whitteides, superintendent for Davis county, with his office in Layton, needs several teachers. Supt. John Smith, at the county seat of District office in Sandy, needs three, and Supt. W. M. Boyden of Conville wants additional teachers in the Summit schools.

THIRD "GRAND UNION."

Second Street Corner to Be Torn Up For Street Car Improvements.

Active operations have begun at Second and Main streets for the laying there of the second "grand union layout" by the street railway management, such as was recently completed at the street intersection one block above. The new steel is at hand, ready for laying, and the work will be commenced. A "grand union layout" includes double track east and west, with double track at each of the four corners of the street intersection, and costs \$250,000 to \$300,000. There will be two of these plans, one at Second and Main, and the other at Second and South streets, while at Third, Fourth and Fifth South streets will be a "grand union layout" with a single track on each side of the street. As soon as the overhead construction is completed on the double track extending from the corner streets to Third avenue, the new track will be laid out.

WILSON, NOT NIKLA.

Little Known About Man Killed by Freight Train Last Evening.

The man killed last evening in the Rio Grande yards by being run over by a freight train was not Nik Nikla as was at first supposed, but Jack Wilson, a Britisher. The body is at Ogdenville undressing parlors and efforts are being made to locate relatives in the mining camp. Very little is known about the man, except that he was a Britisher. His name is Wilson instead of Nikla, having been learned so far as the investigation of the Chicago Mutual mining, have failed to find his name on any of the payrolls.

NOW A NEW STEAMSHIP LINE FOR MANILA.

The Ocean Steamship company, better known as the Pacific Mail, has started a new service to Manila. These steamships run between Glasgow, Liverpool, London, and other ports, and are now being used to transport mail and passengers.

S. P. ENGINEERS ARE STUDYING

Devolving Considerable Attention To Electricity as Motive Power for Railroads.

HAS GOOD AND BAD FEATURES

While Something Must Be Done to Relieve Overworked System No Scheme Quite Suits.

The Southern Pacific has directed its electrical engineer, Allen H. Babcock, and Frank J. Sprague, who has been retained as consulting engineer, says the Railroad Gazette, to study the possibilities of increasing the capacity of the Sacramento division of the old Central Pacific by electrifying between Rocklin, Cal., and Sparks, Nev., 124 miles over the Sierra Nevada mountains. These gentlemen constitute a sub-committee within a committee of five, consisting of themselves and three engineers of the Harriman lines, not yet named. This committee will consider the relative advantages of a number of proposed plans for relieving the present congestion of traffic over this important connecting link between the Union Pacific and the Southern Pacific coast lines, and will make final recommendations to Mr. Kruttschnitt, director of maintenance and operation of the Harriman lines.

DIFFICULT UNDERTAKING.

This electrification is perhaps the most difficult and important installation which has so far been seriously considered. The New York Central and New Haven electrifications are simple problems compared with it. The New York Central was compelled by law to abandon steam locomotives in the Park avenue tunnel and it planned its electric equipment, not so much with the idea of immediate economy in operation, as with the belief in great expansion of business in the future in a thickly populated territory which could be handled more profitably and with greater comfort and safety by electric trains than with steam trains. The New Haven went even farther and designed its installation with the idea of immediate economy in operation, as with the belief in great expansion of business in the future in a thickly populated territory which could be handled more profitably and with greater comfort and safety by electric trains than with steam trains.

Pocket Book Found.

A little daughter of G. O. Harding picked up a pocket book this morning containing a few trinkets of small value, and a return ticket to California, over the Salt Lake route. It is now at Mr. Harding's store on West First street where it was found upon identification.

C. L. Anderson Here.

C. L. Anderson, who has bought a home in Los Angeles, came home with Gov. Cutler and party yesterday from California. Mr. Anderson has large interests in the state of California and is expected to join his family after a short time spent in attending to matters of importance here.

Mining Exposition.

Gov. John C. Cutler has received from the International Mining exposition in New York a booklet explaining the scope of the exposition and outlining its plans for the exposition to be held in New York, May 25 to June 25, next year, and for participation in which \$2,000 has been appropriated by the state legislature of Utah.

Hint for Lincoln's Birthday.

Gov. Cutler has received a letter from Richard Lloyd Jones, secretary of the Lincoln Centennial Association, in which he asks if there will be any special observance of Lincoln's birthday in Utah this year. The association will on that day dedicate a memorial to the memory of Lincoln at his birthplace in Kentucky. The letter is intended to stimulate a patriotic celebration of the day throughout the United States.

Last Day of Registration.

Supt. Christensen of the city schools desires to give notice that the closing day for registration of children for the school year (Friday, Sept. 13) is the last day for registration of beginners in the various schools of the city. By beginners is meant children who have not been in school before, and those who are not entered by tomorrow will not be accepted during school this year. This is a rule of the board of education that has been in force several years, and is not deviated from by any school.

THE LUSITANIA MAKING A RECORD BREAKING RUN.

New York, Sept. 12.—The titanic turbine steamer Lusitania of the Cunard line entered today on the final stretch of her maiden voyage, which may break all transatlantic records. The newest greyhound of the sea was reported 150 miles east of Sable Island at 11:20 last night, and no further reports of her may be received until tonight, when she will enter the Nantuxet wireless zone. With 800 miles to be steamed at 11:20 o'clock last night, the Lusitania will have to make 24 knots or better until Sandy Hook lighthouse is reached and passed, in order to exceed the record of 23 knots held by the Deutschland of the Hamburg American line. The Lusitania will have fair weather for her last day's run, and every ounce of her propulsive power will be used to make up the time believed to have been lost yesterday in the fog on the Grand Banks. Driven at her top speed, the giant Cunarder may be expected at the light ship shortly before 7 o'clock Friday morning, making the time for the trip a shade under five days.

Wireless dispatches from the Lusitania show that the ship is running smoothly, and that her machinery has been shaken down so that her run from Sable Island to this port can be made at her highest speed. Officials of the Cunard line planned to have the Lusitania at the end of the ocean racing line at 5 o'clock tomorrow, and despite the fog, they believe she will be found at the light ship near that time. The Lusitania will be the first ocean liner to enter this port through Annapolis channel, the new waterway. The Lusitania has negotiated the rough seas which she encountered on her voyage with no difficulty and only a score of 5.6 in the board have suffered any indisposition.

PALMA KEEPING ALOOF FROM POLITICS.

Havana, Sept. 12.—Former President of Cuba Palma, living on his estate at Jijona, states that he is keeping aloof from politics and is devoting all his time to agricultural interests. He also declared that he was equally aloof from all parties and this statement is regarded here as of some importance, as the president has been sending him salutations from all their meetings.
