KENDALL'S SPAVIN CURE.

The most Successful Remedy ever discovered, as it is certain in its effects and does not blister.

HEAD PROOF BELOW from

Rev. P. N. GRANGER,

Presiding Elder of the St. Albans District.

St. Alban's, Vt., Jan. 20th, 1882.

DR. B. J. KENDALL & CO., Gents:—In reply to your letter I will say that my experience with "Kendall's Spavin Cure" has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and it cured a horse of lameness caused by a curb. Last season my horse became very lame and I turned him out for a few days, when he became better, but when I put him on the road he grew worse, when I discovered that a ringbone was forming. I procured a can of Kendall's Spavin Cure and with less than a bottle cured him, so that he is not lame, neither can the bunch be found.

Respectfully yours, P. N. GRANGER.

KENDALL'S SPAVIN CURE is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargement, such as spavin, splint, curbs, callous, ringbone, sweenies, thoroughpins and all enlargements of the joints or limbs, or rheumatism in man and for any purpose for which a liniment is used in man or beast. It is now known to be the best liniment for man ever used, acting mild but certain in its effects.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as for man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & CO., Enosburgh Falls, Vermont.

NEW YORK TRADE.

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders.

FORTY-SEVENTH CONGRESS.

HOUSE.

WASHINGTON, 3.—Bills were introduced and referred:

By Berry, to abolish the State of Nevada and attach to it the State of California.

By Robinson, a resolution of inquiry, it recites the Constitution and provision which prohibits any Senator or Representative being questioned for any remarks spoken in debate. It states that on the 20th of January, 1882, Lionel Sackville West, the accredited minister of British Monarchy, in this city called upon Secretary Frelinghuysen and questioned the remarks delivered in the House the day before by Robinson, and expressed his disapproval of the resolution of the committee on foreign affairs, and closes with the following resolution:

Resolved, That the Secretary of State is directed to inform this House, without reference to its incompatibility with public interests, whether said British minister suggested any punishment for those who had spoken in that debate, on January 24, without his leave, and whether he suggested the appointment of a British censor to revise before their publication the speeches delivered in the House and Senate; whether he suggested the person best suited to administer the soothing syrup to the British Lion when disturbed by the Eagle's wings; whether he suggested the official recognition of the *New York Tribune*, founded by Horace Greeley, amender of the Irish Directory of 1846, as the British organ in the United States, in manifest injustice to the equal claims of the *Times*, and whether said British Minister suggested that, as we had saluted the British flag at Yorktown, he thought we had permanently pulled down our flag, together with as full a report as possible of the conversation passed between said Minister and the Secretary of State, on January 25, 1882.

The Senate bill passed for a public building at Terra Haute, Indiana.

The House committee on appropriations agreed to insert in the sundry civil appropriation bill the clause restricting the operations of the National Board of Health to diseases of yellow fever and cholera.

The Senate finance committee virtually declined to strike from the bill to reduce the internal revenue taxation, the House provision allowing a rebate on all original unbroken packages of checks, matches, cigars, cheroots and cigarettes, held by the manufacturers or dealers on the passage of the act upon which the tax has been paid.

A bill to correct the error in the Revised Statutes relative to duty on knit goods; passed.

The Senate bill to reconsider the agreement with the Crow Indians for the sale of portions of their reservations in Montana required for use by the Northern Pacific Railway Company; passed.

The Senate amendment to the House bill to pay a mileage of seven cents and per diem of $2.50 to witnesses in the Star route case from beyond the Missouri River; agreed to.

Hiscock, from appropriation committee, reported a substitute for the sundry civil appropriation bill, and gave notice he would ask to have it taken up as soon as the naval appropriation was disposed of. Adjourned till Monday.

AMERICAN.

Protesters Liable.

WASHINGTON, 3.—Senator Miller moved the passage in the Senate today of the bill introduced by Senator Chelcott that is of great importance to the Miner's Bill amendment, section 2,325 of the revised statutes, to provide that when the protest or objection shall be made to any proceeding under this chapter in General Land Office, the party or parties protesting or objecting, in case they fail to sustain said protest or objections shall be liable to appellant for patent or his guarantees for all costs and expenses which shall be incurred by or result from the filing of such a protest or objection.

More Christiancy.

Christiancy and his young wife, from whom he will shortly be divorced, are at her home under circumstances that created a report of a complete, loving and beautiful reconciliation. It seems that the old man was walking down Indiana avenue, and glancing at his wife's apartment he looked at the windows. Mrs. Christiancy was watching, and she beakoned vigorously for her husband to enter. The Senator paused and hesitated a moment, glanced at the time and at the pretty person of his wife, who with smiles on her face, waived a paper in her hand to attract his attention, and he entered. As soon as the door was opened Mrs. Christiancy dropped the paper and with a loving gesture attempted to draw her husband into the parlor. The old man gathered himself together just in time, coldly put his wife away, exchanged a few words with her and departed. The entire proceeding was visible through the open door, and led to a rumor that the Christiancy suit would be withdrawn.

He says the suit will be pushed to the end, and he has no intention to resume relations with Mrs. Christiancy.

Nominated and Confirmed.

The following nominations have been made: Lewis Richmond, of R. I., secretary of legation and consul of the service at Rome; John L. Robeson, Tenn., United States consul at Beirut; A. T. Sharp, Kansas, United States consul at Manilla; Lorin A. Lathrop, Nevada, United States Consul at Bristol.

Confirmations: Rollin M. Dagget, Nevada, minister resident of the Hawaiian Islands; Geo. Pomeroy, agent and consul at Cairo; John Fowler, New York, consul at Trinidad; Chas. M. Gorham, coiner of the mint at San Francisco; John S. Dormer, melter of the mint at Denver, Col.

The Postoffice.

Issues to the postmasters of postage stamps, stamped envelopes and postal cards for the fiscal year ended June 30th, amounted to 1,740,971,028 pieces of an aggregate value of $40,977,893, an increase over the issue in the preceding fiscal year of 239,258,498 pieces or 15.7 per cent.

The unexpended balance is $160,—103 or 12.4 per cent. of the appropriations.

Over a billion three cent stamps and 350,000,000 postal cards were sold the past year. As a result of these figures the department officials feel warranted in asserting that when the final statement of receipts and expenditures for the year has been completed it will be found that the postal service is self-sustaining. Of the deficiency appropriation of $1,152,253 made by Congress last year to meet the unexplained deficiency in the postal revenue not one cent has been drawn from the Treasury. This is the first year since 1851 in which the receipts of the Postoffice Department balanced its expenditures, with the exception of one year during the war.

There were 46,922 postoffices in the United States on June 30th, 1882, an increase of 1,710 over those of last year.

Part of Him Buried.

The body of Guiteau was buried yesterday afternoon in the northeast corner of the jail, and so far as is known to the contrary, the remains will lie there undisturbed by any future sepulture. Under the law the disposition of the bodies of criminals who are executed rests with the discretion of the warden. In the case of Guiteau, his sister, Mrs. Scoville, was without means and could not have undertaken his burial expenses, even if permitted to do so. The only other relative who has appeared on the scene was his brother, John W. Guiteau, who was unwilling to assume the risk of taking charge of the remains, believing he would be powerless to prevent "body-snatchers" from stealing them; therefore, General Crocker resolved to bury the assassin yesterday within the walls of the jail, where it would be beyond the reach of vengeance and speculation. The northeast corner in which Guiteau was buried is upon the opposite side from where he was hung, and from the window of the cell in which he was confined, one can look down upon his grave. The brick floor was removed yesterday morning, a grave seven feet deep was dug, and at four o'clock yesterday afternoon, the coffin of Charles J. Guiteau was borne on the shoulders of six prisoners, and without any service or ceremony whatever, was lowered into the grave and buried from sight. The only persons present were John W. Guiteau, Dr. Hicks, Warden Crocker and a son of Dr. Wright, the undertaker.

60,000 Mongolians Excluded.

The *Gazette* printed the following yesterday: The Cabinet secretly considered the propriety of the request made by the Chinese Minister to allow the passage through this country, en route to China, of 60,000 coolies from Cuba. It was affirmed that great harkships and expense would accrue to them if they were not allowed to take this route. The executive very properly denied the request. The pro-Chinese press everywhere with the usual ignorance of the facts has taken up the diplomatic falsehood of the astute Celestials here and continue to descant lustily on the wrong done the coolie men and brothers. What wrong, pray, it was said, that the Chinese Cuban laborers would have to return by way of England; that they, everyone of them went to Cuba by a ship from Hong Kong to Panama and crossed the isthmus, and thence by vessel across the Carribean Sea to Cuba. Probably not one of the 60,000 referred to ever came to or landed in the United States. Why then should they return this way and by most expensive methods for such numbers of persons? We allude to this matter first to deny the Chinese pretension, and second, to show in what manner and how shrewdly the Chinese dealers in labor are endeavoring to circumvent the law. If the Cuban coolies should be allowed to pass through the United States by far the larger portion of them would remain.

The "Nevada."

NEW YORK, 3.—The largest consignment of proselytes to the faith of the Latter-day Saints since 1862, when one steamer brought about 1,000, arrived here yesterday on the Guion Line steamship *Nevada*. There were in all 622 persons, under the supervision of Elder Irvine and Dr. Ormsby, missionaries, and 23 missionaries of minor rank. In general appearance they were a hardy and thrifty looking set. Each had a fair amount of baggage neatly packed and labeld. The majority were young people and very few were aged. Elder Irvine said: "These new followers of our faith are not a promiscous collection. The fact that they embrace Mormonism not being the only necessary qualification for them to be colonized in our Territories. They must be strong, healthy and thrifty, and must also possess some means to start them in their new homes, before we accept them. We are particular not to bring over any cripples or destitute people. Besides the 64 Mormon missionaries we have 922 converts, mostly composed of families. There are large numbers of children with them. There is an equal number of men and women. Of the total, 650 are Scandinavians; 72 Hollanders; 201 Scotch, Irish, Welsh and English. The Scandinavians are mostly farmers, among them being a few fishermen and mechanics. The English speaking converts are mostly all mechanics. We have among the converts a large number of single men and women. They have been collected by missionaries sent to Europe from Utah. The missionaries are mostly professional men, mostly doctors and lawyers. In two months we will have another large consignment come here from Europe. During the voyage there were no births. A child three years old died and an old man was thrown from his feet by a plunge of the vessel, and he received injuries that will make it necessary to send him to the hospital. The converts will be forwarded from there to Salt Lake City.

Fatal Affray.

JACKSONVILLE, Fla., 2. — The *Union* has just received the particulars of a fatal encounter between whites and blacks at Brooksville. Three colored men named Turner had been for some days visiting the village, armed and indulging in threats against some of the citizens, causing much bad feeling. This culminated a few days ago in a row in the Court house, started by one of the Turners entering the building just as the afternoon session of the Court was being called, with an open knife in his hand. In the fight that followed the three Turners were killed and several other negroes were wounded. Several whites were wounded, but not mortally.

Water Spout.

Denver, 2.—A water spout at Manitou last evening did considerable damage to property. Over a mile of railroad track between Colorado Springs and Manitou was washed away. A small boy named Arthur Gillingham was carried down by the flood and drowned.

Strikers.

PHILADELPHIA, 3.—The Pennsylvania Railway officials announce this morning they now have a full force of freight handlers employed at all the freight piers at New York and at the grain elevator on the Jersey City side. They are in a position to promptly handle all East and West bound tariff and anticipate no further delay in the delivery of goods, a majority of the freight handlers having gone to work at old rates.

Opposing Forces.

PETERSBURG, Va., 3.—Two police forces patrol the city. The democratic police refused to surrender the station house to the readjuster policemen. The latter make their headquarters at the city jail. The readjuster mayor is not qualified. The present democratic mayor does not recognize the readjuster police force, hence no offenders are arrested by them to be tried by him.

BRIEF TELEGRAMS.

It is the general opinion of the best informed members that Congress will adjourn sine die on the 17th inst.

J. Nichol Fleming, director of the City of Glasgow Bank, was sentenced to eight months' imprisonment for connection with its failure.

Rolbing, the engineer of the Brooklyn, N. Y., bridge, is hopelessly ill. He has a nervous disorder which baffles all surgical skill.

The jury disagreed in the case of Lee, the late President of the First National Bank, at Buffalo, N.Y., indicted for the embezzlement of $200,000.

The corner stone of the Garfield memorial church was laid yesterday afternoon on Vermont Avenue, the site of the Christian Church, which the late President's family attended.

Billy Wech, and Dave Phalen fought a prize fight on the plains in the suburbs of Manchester, N. H., this afternoon. Forty-three rounds were fought, and Phalen won on a foul. Both were badly punished.

The Des Moines' *State Register* now has returns of the election for the amendment from all the counties in the State. In 99 counties the amendment has an aggregate majority for it of 5,720, and an aggregate majority against it of 21,817, giving a net majority of 29,167.

Marshal John Bryant and a posse from Columbus, Ky., surrounded a house near Belmont, Mo., yesterday, in which Kilger, the murderer of Gardner was concealed. Kilger rushed out and shot the marshal who tried to stop him. The wound is not necessarily fatal.

TARRANT'S SELTZER APERIENT.

Trifling with Biliousness Wont Do. In this way chronic disease is brought on. A disordered liver is the consequence of a foul stomach and obstructed bowels, and the very best preparation in existence to put them in perfect order and keep them so, is TARRANT'S SELTZER APERIENT.

TUTT'S PILLS!

AS AN ANTI-BILIOUS MEDICINE, are incomparable. They stimulate the TORPID LIVER, invigorate the NERVOUS SYSTEM, give tone to the DIGESTIVE ORGANS, create perfect digestion and regular movement of the bowels.

AS AN ANTI-MALARIAL

They have no equal; acting as a preventive and cure for Bilious, Remittent, Intermittent, Typhoid Fevers, and Fever and Ague. Upon the healthy action of the Stomach and Liver depends, almost wholly, the health of the human race.

DYSPEPSIA.

It is for the cure of this disease and its attendants, SICK-HEADACHE, NERVOUSNESS, DESPONDENCY, CONSTIPATION, PILES, Etc., that these Pills have gained such a wide reputation. No remedy was ever discovered that acts so speedily and gently on the digestive organs, giving them tone and vigor to assimilate food. This accomplished, the NERVES are BRACED, the BRAIN NOURISHED, and the BODY BOUNDING. Try this Remedy fairly and you will gain a Vigorous Body, Pure Blood, Strong Nerves, and a Cheerful mind.

Price 25c. 35 Murray St., N. Y.
