SUNSHINE MINE
IN CAMP FLOYD

Old Property is to Form Basis
For Organization of New
Corporation.

JOHN DERN IS INTERESTED

Metallurgical Problems Have Been
Overcome—Another Steady
Producer.

The Sunshine mine in the Camp Floyd, or Mercur district, is to become active again. A. W. Chesterton, the Boston director of the Consolidated Mercur company and one of the owners of the Sunshine, is here to confer with his associates, John Dern and George H. Dern on the proposition of organizing a new company and inaugurating development work.

The Sunshine property contains vast deposits of low grade gold ores with values running about \$4 to the ton. It was operated several years ago but never proved to be a very flattering success, for the reason that no one connected with the enterprise was able to solve the metallurgical problems which the proposition presented. Since the acquisition of the ground something over a year ago by the present owners, however, this feature has been carefully looked into and it is now asserted that all the past difficulties have been successfully overcome and that there is no doubt that the mine will prove to be a steady producer for a long time to come.

With a few slight changes in the arrangement of the slimes process in use at the Consolidated Mercur, it is said most excellent results can be obtained from the treatment of Sunshine ore which are similar in character to those of the Consolidated Mercur.

The resumption of operations at the Sunshine will be good news to the people of the camp of Mercur which promises to take on some of its old-time activity again. It is to be hoped that the owners of the Sunshine will be able to overcome the metallurgical problems which have stood in the way of success heretofore.

ON MINING EXCHANGE

Busy Day Among Second South Street
Brokerage Fraternity.

The mining stock market was decidedly active today and during the early hours more than 100,000 shares were sold, the value of which was considerably above \$400,000. With the exception of Mountain Lake, which was on the active list, Nevada Consolidated, and South Columbia, the trading was confined to the Tintic list entirely. Although the rumor that Jesse Knight had been seeking a control of the Carissa mine does not seem to be altogether well founded, the stock was in active demand and higher, it selling at 29 cents. Nevada Consolidated, Crown Point, Sioux Consolidated, Uncle Sam Consolidated, Yankee Consolidated and May Day made substantial gains; while Bullock was purchased freely at 7 1/2 and 7 3/4 cents.

On the open board, Utah Treasure Hill was bought at 15 and 16 1/2 cents. The closing quotations and sales were:

BUY STOCK IN UTAH-IDAHO

SUGAR COMPANY.

Its officers include Joseph F. Smith, president; Thos. R. Cutler, vice president and general manager.

We commend the preferred stock to those who desire a regular income (1 1/2 cents dividend on each share (\$10 par value) every quarter).

Common stock is a good buy for those who can afford to take the chances and who are willing to wait for returns to come in.

Both stocks are cumulative.

If you wish to either buy or sell, call and see us or write for what you want.
