

### THIRD DISTRICT COURT.

The Trial of D. V. Diamond, for a Fraudulent Use of the Mails.

CIVIL AND CRIMINAL MATTERS.

The Fifth District Court, The Defendant and Testimony as to His Wife's Perfidy.

Application for admission to citizenship has been made and taken during the last few weeks, but this morning Robert Vincent, a Belcher, now a resident of Salt Lake, went before Judge Kane, renewed all statements to Queen Victoria, and placed the filing of a naturalization certificate. George S. Tandon and Joseph T. Cook were also present.

AGENTS FOR COPIES BY AT. Abraham Shumaker vs. Louis Cohen et al. Default was entered in the case, with judgment for the plaintiff.

DECEASED OVERSEER. Nale Sampson vs. the Rio Grande Western Railway Co. Damages to amount second count of the complaint overruled.

GOVERNOR WILLIAM T. HARRIS. Upon the application of Judge McKay, counsel for the defendant, the case of Wm. Harris, indicted for selling intoxicating liquors without a license, was continued for the term (next April), owing to the illness of the defendant's wife.

FIVE DAYS ALLOWED. In the case of Jack Bullen vs. Hyman Greenberg, five days were given in which to file an answer to the complaint.

AMERICAN PUBLISHING CO. vs. the Pioneer Printing Co. Thirty days additional time was allowed to which to file a bill of exceptions.

ALLEGED PERJURY. The case of the People vs. Newey, indicted for perjury, was continued, on application of the defendant's counsel, until the 1st inst.

THIRTY DAYS ALLOWED. And Fubus vs. A. Fisher et al. Thirty days additional time given to the defendant for a new trial.

THE DIAMOND INVESTIGATION. The legal arguments on the trial of D. V. Diamond, indicted for a fraudulent use of the mails in connection with an alleged bogus insurance association, were resumed. Attorney Cherry (on behalf of the accused) spoke for about half an hour before the jury, and then the court adjourned until the next morning. The case was continued until the 1st inst.

IN JUDGE BARTON'S COURT. In Judge Barton's court the further hearing of the Fifth District case was resumed, with the first part of the morning session having been devoted to the taking of testimony of local real estate agents as to the value of the property held by the defendant, Francis Fritsch. This was held to amount to the aggregate of \$100,000. The trial still continues to entertain a large number of persons belonging to the same nationality as the parties to the suit, who are Germans, and during the morning their ears were tickled with certain parts of the evidence of the defendant on the witness stand while under examination by Attorney Francis Fritsch. He declared that during their residence in this city he had seen his wife and children in a shameful manner. Aims (who is now twenty years of age) was brought in for a full view of maternal castigation. On one occasion, defendant said, Mrs. Fritsch took up a two-year-old child and threw it at him, because she did not see her permission before going out. She had also kicked her, and when witness had remonstrated, she would inform him that he was "nothing but an old woman." "She has tried to take control of the house," he went on to state, "from the first day I met her. On the very night of our marriage, when in Ohio, she asked me at 12 o'clock, midnight, to go down stairs and see if every door was locked. (Laughter.) She treated me as if I were an inferior being. "The great difficulty between us, as husband and wife, he continued, was as to the children—because he would not whip them as she will. He declared that he had always treated his wife well, and tried to do his whole duty by her. He admitted having once called her names, but once only, and that was during their residence in Ohio. Mr. Fritsch was still on the witness stand when the court adjourned at noon.

OTHER CASES. Robert H. Hamilton vs. H. V. Otto and H. W. Duxler. Judgment by court entered against the latter defendant only. Otto has an answer at present on the file. Edwin Quinn vs. Frank Moore, J. L. Baumbach, William J. Bransley, F. H. Auerbach and Samuel A. Auerbach. This suit was ordered dismissed as to all the defendants except W. J. Bransley, against whom personal judgment was rendered.

A PAINFUL SCENE IN COURT. Attorney W. G. Van Horn has a Sudden Attack of Heart Failure.

A painful incident occurred in Judge Bartley's court about 11 o'clock this morning in the course of the trial of the Fifth District case, and which for a few moments created quite a sensation among all present. Attorney W. G. Van Horn is associated with Judge Powers on behalf of Mrs. Fritsch, the plaintiff, and was engaged in taking notes from one of the witnesses for the purpose of cross-examination, when he had seemed to fall on one side and he

suddenly sank back in his chair. His face took on a deathly pallor and water streamed from his eyes. Mr. Van Horn has been suffering from an affection of the heart for some time, and has lately been in the habit of carrying in his vest pocket a certain species of medicine, which he immediately swallowed when he feels these hysterical attacks coming upon him. He did so this morning, but it apparently did not have the desired effect. Judge Powers and Attorney J. A. Williams rushed to the unfortunate gentleman's aid, helped him on with his overcoat, and seated him in the elevator. Mr. Williams then took charge of him, and he was conveyed to the office, where they were more than alive.

It was observed that Mr. Van Horn was not in good health when he entered the court room this morning, but no one knew as to the cause of his illness. During the examination and cross-examination of the defendant, Fritsch, that he received a severe shock at the part of duty. The excitement, however, proved too much for him. Attorney J. A. Williams immediately took the place with Judge Powers of assisting him.

THE FIRST MORNING. Probate Judge Blair Takes His Seat and Tells His Hearings.

Judge Blair, the newly appointed probate judge, took his seat on the bench of the Probate Court for the first time this morning and made the orders given below. His honor has a very agreeable and affable manner, and it has impressed the jury to believe that the attorneys who will have no occasion to practice before him will be fully satisfied with the selection of Judge Blair's successor.

Estate of Oliver H. Driggs, deceased. Hearing on petition for special letters of administration. Dan Harrington, Esq., attorney at law, appeared as special administrator in order to represent the estate in a suit now pending in the Third District court, on being a \$5,000 bond.

### AS TO FRUIT GROWING.

Hints and Suggestions from a Practical Man.

Editor Desert News: Now is the time for those that contemplate putting out orchards to send in their orders so they will be on time and that there will be no delay. As a general thing parties wait until spring before ordering with the result that there is a rush and the material is not able to fill all of the orders until late.

After you have sent your order see that your ground is fertilized. Now is a good time to lay manure as the ground is frozen and will not be injured by the heavy snow. This is the best time to put out an orchard and having it set by the 1st of March you will have your fruit in the spring. If you can wait until the 1st of March you will have your fruit in the spring. If you can wait until the 1st of March you will have your fruit in the spring.

In setting the trees the hole should be a foot deep and a foot wide. The hole should be a foot deep and a foot wide. The hole should be a foot deep and a foot wide. The hole should be a foot deep and a foot wide. The hole should be a foot deep and a foot wide.

Now to make a tree the right shape is a difficult task. I have had the best success in growing a tree straight and keeping the large limbs trimmed the first year or two, then cut the top off. In the spring the tree will put out branches all at once. When you cut the top off and make such a head as you wish. I cut my trees about every year as they grow so they will not be too tall. The trees should be kept in a good shape. You will find that the trees should be kept in a good shape. You will find that the trees should be kept in a good shape.
