JOHN CRAIG, Sgt. Sig. Corps, U. S. A.

TALK OF THE TOWN.

The fine weather continues.

"Pique" was rehearsed last night.

Temperance revivals are all the rage.

President Smoot went home this morning.

Plenty of hay on the market, seemingly.

"Passion's Slave" at the Theatre to-morrow night.

The City Council convenes at 7 o'clock this evening.

He who rises early gets the cream of this beautiful weather.

A fire at the Germania smelter did $1,000 damage on Sunday.

Dwyer's window is adorned with Cleopatra's Needle in miniature.

The town has had a rich feast of opera. It is now the drama's turn.

A new weigh-house has been erected at the Tithing Office scales.

Israel Canfield, Esq., one of Ogden's old and substantial citizens, was in town to-day.

An incipient runaway on Main Street yesterday was nipped in the bud before any damage was done.

The Wasatch building is to have a south wing. The work of clearing for the foundation has commenced

Brother Clegg, from Springville, will give one of his poetical entertainments this evening in the 17th Ward.

Hoyt, the convicted murderer, will doubtless be sentenced to-morrow. His attorneys have submitted their bill of exceptions, but have heard nothing in return.

Henry Grow, jr., who is selling Church works and other publications through Cache Valley, came down to the city last night. He returns north soon.

The Fire Brigade were on Commercial Street before you could say "scat" last evening, after the fire alarm was given. No fault can be found with the boys with respect to rapidity and efficiency.

The man who, according to the *Sentinel*, accidentally shot himself a few days ago while going from Frisco into Nevada, is named Easly. He don't feel as Easly as he might, but is getting along quite favorably.

LOCAL AND OTHER MATTERS.

Notice.—The secretaries of the Primary Associations of Salt Lake Stake are sequested to hand in their reports by Thursday evening to the *Exponent* office.

Personal.—E. E. Perley, Esq., special agent for Lawton and Allen, the well known Insurance firm of Denver, Colorado, is in our city for a few days and made us a brief call to-day. We wish the gentleman a pleasant visit while in Salt Lake.

Another.—Messrs. Auer & Murphy, saloon keepers, were put under arrest last night for selling liquor after 10 o'clock. The hearing was to have been held at 2 p.m. to-day, but the defendants obtained a continuance until to-morrow at noon. An appeal will, no doubt, be taken to the District Court.

Tenth Wedding Day.—A large number of the friends of Brother James Freeze and Sister Jane Freeze met at their residence in the 11th Ward, last evening, to celebrate the tin wedding. A sumptuous supper was served in good style, speeches, songs, sentiments and good wishes occupied the rest of the evening, and a very pleasant visit was enjoyed. We unite with all who were present in cordial wishes for the continued peace, prosperity and happiness of Bro. Freeze and his amiable family.

Y. M. M. I. A.—The various Y. M. M. I. associations of the Salt Lake Stake, to whom blank reports have been sent, are requested to fill out the same and return them at once to the Stake Secretary as our report will have to be prepared by the 1st of April for presentation to the Territorial officers. It is also desired that the information called for be furnished for the *year* ending March 31st instead of for the *quarter* ending at that date.

JOHN Q. CANNON,
Stake Sec'y.

Fatal Accident.—A terrible and fatal accident occurred at the Ontario Mine the other day, a full account of which is published in the last issue of the Park *Mining Record*. A young man named Stephen C. Sullivan, station tender in station 300 of the old shaft, had rung the signal bell, for the engineer above to hoist the car, and then leaned over to fasten the waste tag on the cross bar of the cage. While in this dangerous position the car started, and in a moment the unfortunate man was caught between the cage and the timbers above. This stopped the progress of the car, and the engineer, supposing a pick or drill had caught and was obstructing its passage, went to the mouth of the shaft and called down to Sullivan. Receiving no answer, and supposing the station tender had gone back into the drift, he again put on the power, and the car came up all right. Sullivan was found about ten minutes later, hanging in the shaft, over an abyss 200 feet in depth, holding on by his hands to the collar of the shaft. To this perilous position he had fallen when the car was lowered. A few minutes more and he must have dropped into the pit. However it would have made but little difference, for he died in a few minutes after being rescued. His breast and spine were fearfully crushed, and serious internal injuries inflicted. He was quite conscious before his death, and explained how the accident took place. He was a young man of about 21 years of age, well esteemed by his associates.

Quick Trip.—Mr. Isaac Sears, grain merchant, First South Street, returned from Denver last Friday night, for which place he started on the Friday preceding with two carloads of potatoes for the Denver market. On the way the weather was very cold, the thermometer being 10 degrees below zero in some places. Previous to starting out he had taken the precaution to furnish his cars with stoves, and kept fires burning in them continually. The result was that his potatoes reached Denver in an excellent condition, while eight other car loads on the same train, were frozen. He disposed of his at fair profit within five minutes after offering them for sale. He took away 50,050 pounds of potatoes and brought back a check for $1,813,81. The next day he started homeward and had a prosperous trip all the way. The train at Cheyenne was 12 hours behind time, but between there and Ogden, a distance of 500 miles, 9 hours were gained and the train reached the latter place but three hours late. The Utah Central had waited, so Mr. Sears reached here Friday night shortly before 12 o'clock, having made the trip in a week and a few hours.

While on the way to Denver, at Greeley, Colorado, the train while making a switch, collided with a wagon carelessly driven by a man over the track. Two empty cars were ditched by the accident, and the wagon was smashed to kindling wood, and the driver badly hurt. This was the only mishap of the trip.

Heart Disease.—The Southern Utah *Times* of the 19th has the following:

"Yesterday, about noon, a miner named Mike Coughlin, was found dead in his bunk at McCarty's lodging-house, in Grampian camp. Justice J. M. Graham was immediately summoned, who called a jury to examine into the case. Dr. Norton, upon making a post mortem examination, found that heart disease was the immediate cause of death, and a verdict was rendered accordingly. Mr. C. was an old timer in this camp, but for several months past has been in Silver Reef. He left there at the time of the strike and about a week ago returned to Frisco. Since then he has been living at Grampian, although he has done no work. On Thursday night he came down town and remained here until 2 o'clock in the morning. When he left to return to his lodgings he complained of the smelter and calcine fumes, but upon going to bed he spoke of feeling unusually well. At about 4 o'clock, one of the men just off shift, entered the room, and upon going to bed in the bunk above, noticed Coughlin's arm extended straight out beyond the bunk, but thought nothing of the occurrence until he awoke at noon and found the arm in the same position, and discovered that the man was dead. Coughlin was about 50 years of age and has two daughters and a brother living in San Francisco."

Fire Alarm.—Last night, between 8 and 9 o'clock, the town was aroused by the ominous tones of the fire alarm. The brigade rushed to the scene of the supposed conflagration—Commercial Street, where it was ascertained that a baker's chimney had caught fire and was emitting sparks at a lively rate. It was soon put out and no harm done. Returning from the spot, the hook and ladder cart ran over a small boy named Blythe, and cut his face so that he had to be taken into a drug store where the wound was stitched up. The injury was not serious but might have been. Care should be exercised by the firemen in such cases, especially when returning from a fire. There is then no need for hurry. Chief Engineer Ottinger has repeatedly cautioned his men on this point. And another thing, small boys should keep out of the way when a fire is in progress, as they are liable to be hurt at any time.

Twelfth Ward Concert. — The concert in the 12th Ward meeting-house last evening, for the benefit of the building, was witnessed by a large audience, the house being literally packed in every part. Artistically, the entertainment was truly excellent. The feature of the evening was the guitar medley by Professor Stephens and his 15 pupils, one of whom, Miss Goss, performed, during one part of the tune, upon the same guitar as the Professor, simultaneously. The effect was charming and the audience were enraptured. Professor Stephens is an accomplished player, and his pupils are getting along finely under his tuition. The concert was arranged by the ladies of the Relief Society, who make a success of everything they attempt.

SPECIAL BUSINESS NOTICES.

ESTABLISHED 1852.

STUDEBAKER BROTHERS MANUFACTURING CO.

WAGONS AND CARRIAGES.

GENERAL OFFICE AND FACTORY

FEELS YOUNG AGAIN.

"My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicine did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."—A lady in providence, R. I. d&w

By Universal Accord,

AYERS' CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effective purgative Pill that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required. 4dsw

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a VIOLENT BLEEDING OF THE LUNGS followed by a severe cough I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists.

"Buy Me and I'll Do You Good!"

Reader, in almost every well-regulated drug or patent medicine store in New York City or County, you will see upon the show-case or occupying some other prominent position, that popular article known as HALE'S HONEY OF HOREHOUND AND TAR, a *certain* cure for all Coughs, Colds, Influenza, Difficult Breathing, and all Affections of the Throat, Bronchial Tubes and Lungs, leading to consumption and seeming almost to speak to you the above plain, but easy to be understood words: Buy me, and I'll do you good. Try it and be convinced. Sold by all druggists, and at Crittenton's Central Medicine Warehouse, 7 Sixth Avenue, New York City, at 50 cents and $1. Great saving by purchasing large size.

POVERTY AND SUFFERING.

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring, which did them no good. I was completely discouraged, until one year ago, by the advice of my pastor, I procured Hop Bitters and commenced their use, and in one month we were all well, and none of us has seen a sick day since, and I want to say to all poor men, you can keep your family well a year with Hop Bitters for less than one doctor's visit will cost, I know it. A Workingman." d&w
