

Idaho News From Her Main Cities and Towns.

TOWNSITE FOR McCAMMON SLATED

Company Has Been Organized to Plat Out Section Purchased Adjacent to O. S. L.

REGULAR POCATELLO BUDGET

Commercial Club Gets Busy on Matters of Concern to the City—Other Items.

Special Correspondence.
POCATELLO, Ida., April 13th.—Quite a stir has been created here over the news that has come from McCammon during the week, and present indications are that McCammon bids fair to become quite a prominent spot on the map of Idaho. The news referred to is to the effect that a company has been organized, to be known as the McCammon Investment company, and composed of T. M. Edwards, J. P. McDermott, Frank W. Edwards, Charles Edwards, H. O. Harkness and Thomas Jenkins, for the purpose of building up McCammon and encouraging business enterprises of all kinds to locate there.

To this end the company has bought up all the holdings of Mr. Harkness, with the exception of the hotel, the creamery and the livery stable, these will be retained and operated by Mr. Harkness.

The land purchased comprises about 40 acres, lying close to the tracks of the Oregon Short Line, and surveys will be put to work at once platting it and laying out the lots. Streets will be laid out, graded and lined on either side with shade trees, and it is stated that a force of forty men will begin work on the new townsite immediately.

Plans are already out for a two story hardware store, to be built of brick also a drug store (this later to be operated by the Ferguson-Jenkins company of Pocatello) and several cottages, a bank is also to be put up in the near future, and situated as it is in the center of a large farming and stock raising country, as well as being the junction of the Oregon Short Line from the east and south, McCammon would appear to possess every advantage necessary to make it a respectable village.

COMMERCIAL CLUB.
The Commercial club of Pocatello is beginning to interest itself in some matters of concern to the city, but which for some cause or causes unknown have been neglected in the past.

At the meeting of the board of governors held at the office of Chairman James H. Brady, Monday afternoon, the proposition to open a road from Pocatello to Marsh valley was freely discussed.

It is proposed to build a road running over the hills from Inkorn—twelve miles south of here—instead of following the circuitous route around by way of McCammon, as at present. It is claimed that the proposed road would cut the distance down to 18 miles, instead of 40 miles as at present. Before going ahead with the road however, it will be necessary to obtain permission from the government as part of the route lies through forest reserve, and the committee of making final arrangements has been left with the committee on roadways of the club.

The matter of sewerage for the city of Pocatello, was also discussed at the meeting, and it was the order of the directors that the city officials be urged to give the matter their earliest attention.

ART EXHIBIT.

The faculty of the academy are making arrangements for a splendid art exhibit here, commencing April 18, and extending over April 21. To this end the promoters of the enterprise have arranged with the A. W. Elson company of Boston, Mass., for an exhibition of 187 pictures, including carvings, photographs, oil paintings, etc. The object of the exhibit is to give the people of Pocatello an opportunity of seeing reproductions of some of the work of the great masters, and to add additional pictures with which to adorn the walls of the academy, for this latter purpose a small admission fee will be charged and whatever is left after the expenses have been defrayed will go for that purpose. The exhibit will be in the Trinity hall.

Manager Segafos, of the De Forest wireless, delivered his most interesting lecture in the McNichols and Wright hall here Tuesday evening, and the result has been that the Rocky Mountain Bell company here is in danger of being left girlless, the girls having evidently concluded that there would be nothing doing in their line after the water-cooled pocket phone spoken of by Mr. Segafos was demonstrated, and as a consequence several of the operators have announced their engagements to be married. Manager Segafos is responsible for the statement that a station will be established here within the next 30 days.

BRIDGE WASHED UT.

County Commissioner W. H. Larkin, who is attending a meeting of the board here this week received word Tuesday that the bridge over the Bear river at Soda Springs had been washed away. The commissioners appropriated \$249 for repairs to this bridge at their last meeting, and the money had just been expended, so that that amount as well as the cost of the bridge originally has gone down the stream.

Hopson & Hull who have been in the grocery business here for so long that "the memory of man runneth not to the contrary" have decided to close their grocery line and are arranging to open up a first class furniture house in the building they are now occupying.

PRESTON ITEMS TOLD BY CORRESPONDENT.

Special Correspondence.
PRESTON, Ida., April 13.—Francis Clayton was operated on last Tuesday for appendicitis. At last reports he was recovering nicely from the operation.

On Friday Judge Alfred Budge of Paris, Idaho, was in town in the interest of the High Creek Electric Light and Power company. Judge Budge says that the company expects to have the city of Preston lighted with electricity by July 1.

On Friday Ed Hollingsworth, recently released from a term of imprisonment in the Montana state penitentiary, entered the office of Atty. A. C. Smith, while under the influence of liquor and demanded money of Mr. Smith. On Mr. Smith's refusal to "pay up" Hollingsworth caught him by the throat and began choking him. The disturbance attracted the attention of passers by and the marshal was called. Hollingsworth was placed in jail to sober up.

Mr. O. O. Crockett has received word of the release of his son George who has been doing missionary work for the past two years in the Southern states.

On Saturday evening a reception was held in the Third ward meetinghouse in honor of Elder William Hawkes who has recently returned from a two year's mission to the Eastern states.

In a practice game of ball the other day Guy Peterson fell, breaking his arm between the elbow and the wrist. Mrs. Soren Peterson has been critically ill for several days.

The Commercial club met in the Fourth ward meetinghouse last night. Several committees reported on work done since the last meeting. The reports showed that the committees have been doing considerable "boosting" for Preston.

The work of excavating has begun for the basement of the two business blocks to be built by J. G. Smith and John McQueen.

On Friday Nephil Jensen of Glendale was thrown from a horse, badly wrenching his right shoulder and otherwise shaking him up.

A number of farmers commenced plowing the first part of the week but were compelled to discontinue on account of rainy weather, which has prevailed for several days.

Students at the O. S. academy are preparing for commencement which will take place on the 24th and 25th of May. There will be two days' program. Members of the general board are expected to be present. This year there will be nine graduates as follows: Normal course, Carmen Benson, May Eames, Phillips Page and Jennie Tanner; dressmaking course, Mabel Wilcox, Jennie Smith, Ella Koford, Julia Walgren and Anna Hale.

There will be a dancing party given at the academy tonight.

Prof. John Johnson of the academy has returned from Salt Lake where he has been for the purpose of making arrangements with Salt Lake artists to give a concert at commencement exercises next month.

Last evening a surprise party was given Mr. S. R. Parkinson at his new home on First East street. The occasion was the celebration of his 75th birthday. Music and games were the order of the evening. Those present were members of the family.

The students' domestic meetings at the academy have been discontinued for the year on account of so many of the officers of the Domestic society having left school. The Students' Domestic society has been one of the most active and useful in the school during the past year. As the school year nears its end a great deal of enthusiasm and class spirit is manifest in the organization of the various classes. With the spring weather the students are also beginning to take lively interest in the out-door sports.

Nasal CATARRH
In all its stages.
Ely's Cream Balm
cleanses, soothes and heals the diseased membrane.
It cures catarrh and drives away a cold in the head quickly.

Ely's Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents.

MOTHER AND CHILD LAID AWAY AT REXBURG.

Special Correspondence.
REXBURG, Ida., April 12.—On Monday Mrs. Chloe Clegg Osborn and her baby girl were laid to rest, and Rexburg has seldom witnessed so large an outpouring of people to pay their respects to the dead, there being over 1,000 present. The demise of Mrs. Osborn was under lamentable circumstances, and it has brought sorrow to the hearts of hundreds who knew her and loved her for the many excellent qualities exhibited during her short life of 35 years. From early maidenhood the deceased had been a tireless worker in the Church, especially in the Sunday school and Primary association, and the scene was witnessed last Sunday when the Sunday school in which Mrs. Osborn had been a teacher gathered outside the house where lay their dead friend and sister, and sang the songs she had taught them, was impressive and pathetic, and will be long remembered by those who were present.

The funeral was held from Flamm's hall, which was crowded with friends who met to pay their respects to the departed one and to sympathize with her sorrowing relatives. Words eulogistic of the deceased and full of consolation and instruction to the living were spoken by Elder Ben E. Rich, who came from Salt Lake to attend the services. Elders Hicks, Woodmansee and Webster. There was a profusion of beautiful floral offerings. A feature of the occasion was the presence of the members of Mrs. Osborn's Sunday school class, all dressed in white and seated at the foot of the casket. Each little one carried a bouquet and placed it upon the bier.

The body was interred in the Rexburg cemetery, where it had been laid away, within two months of each other, her father and three little brothers. Mrs. Osborn was born at Smithfield, Utah, Jan. 2, 1871, and was the daughter of Isaac and Dora Clegg. A little more than four years ago she became the wife of J. Richard Osborn, who survives her, as do her mother, two sisters, Mrs. Laella Jackson and Mrs. L. Rich, and a brother, Isaac W. Clegg.

MARYSVILLE ENJOYING PROSPECTS OF A BOOM.

Special Correspondence.
MARYSVILLE, Ida., April 13.—Preparations are being made to extend the railroad toward the Park line at an early date, and every thing points to a bright future for Marysville. No town in the great Snake River valley has brighter prospects.

The business men are well organized and are all working to centralize the business and make this town grow up for the best interests and welfare of the people. Reports from the good, substantial buildings to be erected for business purposes. It is expected that many visitors will flock into this country this season. The city of Marysville has been let to enlarge the main canal to a capacity to irrigate about 9,000 acres more land than is now watered. Some 1,000 of this land is held under the Carey act, which will be opened up this season; the balance is subscribed for by the settlers, and will now put hundreds of acres of the best land in the valley into the hands of the people. The inducements are being offered the large land owners to divide up their land with the thousands who may come in search of homes. Good, thriving, honest and industrious people are desired, and there is room here for many such to make themselves comfortable, while land is being sold at a reasonable figure. Monday, the 13th, the Relief society gave its annual reunion, which was a day of rejoicing and feasting. As the day appointed happened to be on Bishop James H. Wilson's birthday, they surprised him with a present of a leather upholstered chair.

The smallpox cases are now confined to one family, and it is hoped no more cases will break out.

\$31.50—\$31.50.

To San Francisco and Return.

From Salt Lake via O. S. L. & S. P. Lines. Tickets on sale April 23th, to July 31st, inclusive, good for return to July 31st. City Ticket Office 201 Main St.

GOOD NEWS.

Many Salt Lake City Readers Have Heard it and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Salt Lake City are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the old Quaker Remedy. Here is an example worth reading:

Mrs. Robert C. Kirkwood, wife of R. C. Kirkwood, engineer on the Oregon Short Line railroad, residence 424 West Fourth South, says: "An advertisement in a Salt Lake City paper about Doan's Kidney Pills so impressed me that I asked Mr. Kirkwood to call at the F. J. Hill Drug Co's store for a box. After an attack of the grip my kidneys were weakened and easily affected. The pain centered in the small of the back and was particularly severe, rendering stooping or the act of lifting anything but pleasant. My physician told me it was kidney trouble. Doan's Kidney Pills certainly did me a world of good. I will be only too pleased to recommend the medicine when opportunities present themselves."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

SPRING AWAKENING AT SUGAR CITY NOW ON.

Special Correspondence.
SUGAR CITY, Fremont Co., Ida., April 12.—For the past week the weather has been delightful. Spring is surely here to stay. The grass is springing up everywhere and the trees are again showing signs of life. The farmers are busy getting ready for spring work; and some have already been out on their land with plows, harrows and levelers. Prospects are very bright for a prosperous season for the farmers and stock raisers of these parts. The building boom is still on and as fast as material is shipped in it is put into the buildings.

Mr. and Mrs. J. W. Timpon arrived from Salt Lake today. Mr. Timpon, left last week for Salt Lake City. While there he was united in marriage to Helen May Whitney, daughter of Apostle Whitney. Mr. Timpon is stenographer for the Sugar company at this point, and has a host of friends and associates who wish him well for the future.

The Primary dance given in the opera house last evening was a success and netted the association a neat little sum, with which to meet expenses.

GOOD OPENING TO BE SECURED AT LA BELLE.

Special Correspondence.
LA BELLE, April 10.—The weather is fine at the present time, the snow has nearly all disappeared, under the warm spring sun, but it freezes at night yet. The farmers are busy getting their land ready for the crops.

The matrimonial fever struck this place in the month of February, and it has become quite contagious, four couples having been made happy since the 1st of the month. On the 10th of March the Bishop's daughter, Grace, was given a reception on the occasion of her marriage to Carl A. Pearson.

Bishop Morgan performed the ceremony. About 75 adults and children partook of a sumptuous dinner.

People are beginning to arrive in this Snake river valley seeking new homes. An invitation is extended to all those who wish to change their location to see this place before they buy elsewhere. There is room for 25 or 30 good families here.

There is a good opening for a merchant, a music instructor, and other professions.

The Relief society celebrated the annual day in a fitting manner.

DOINGS DURING THE WEEK AT PARKER, IDAHO.

Special Correspondence.
PARKER, Ida., April 12.—Except where it drifted the snow is gone in Parker, but very little work has been done so far. Most of the snow sank into the ground, as it thawed, instead of running off on a frozen crust, as it often does. The only stir here at present is on account of the "county seat" business, and if the temperature rises as rapidly up to the time of election as it has done so far, it will be a scorcher.

Hay is from \$12 to \$15 a ton and very little to be had even at that price. There was born to Wm. Hunter and wife, March 27, a girl; to Fred H. Mason and wife, April 2, a boy, and to Will Davis and wife, same date, a boy. All concerned do not mind the time of election as it has done so far, it will be a scorcher.

Patience Wymon M. Parker was the recipient of a pleasant surprise April 2. It being his seventy-ninth birthday. It was an enjoyable affair.

EXCURSIONS TO TWIN FALLS

April 14th and 15th.
Via Oregon Short Line for sale of school books at Twin Falls, April 16, and opening Bluff townsite, April 17. Round trip from Salt Lake \$11.65, tickets good for return to April 30.

Bluff is situated 17 miles west of Twin Falls City in the Twin Falls tract and is surrounded by a large territory of choice lands all of which will be under irrigation for this season's crops. Many improvements are taking place including the construction of a \$25,000 hotel. See agents for further particulars. City ticket office 201 Main St.

LOCATION OF SMELTER CITY.

Smelter City is located 400 feet from the San Pedro railroad, out near the big smelters near Garfield. Ore from the mine is now being shipped to the smelters, and thousands of men are employed. Lots \$50 on monthly payments.

SMELTER CITY TOWNSITE CO., Selling Agents, 201 D. F. Walker Bldg.

CITY OF MEXICO & RETURN \$69.60

April 25th to May 5th the Colorado Midland will sell tickets, Salt Lake to City of Mexico and return for \$69.60. Good for stopovers up to sixty days. Your choice of the three excellent routes. Through Observation car to Denver. Illustrated books on Mexico free. Ticket Office 77 West Second South, Salt Lake.

5. Barbara Winlow, Rebel, Ella. (Dodd, Mead & Co.) 1.50
6. A Maker of History, Oppenheim. (Little, Brown & Co.) 1.50

All on sale at the Deseret News Book Store.

BRIGHT FUTURE IS AHEAD OF CASSIA COUNTY.

OKLEY, Cassia Co., Ida., April 12.—A good many conference visitors are returning home, bringing with them enthusiastic reports of a splendid time. People seem to be well pleased with the new appointments to the general authorities.

Among the things which look good to the people of this part of the country, with respect to future developments the following may be noted:

Water for the south side in 1908.

An electric railway line from Twin Falls City to Oakley, via Rock creek, Dry creek, Warm creek and Burley.

Electric lighting and power for the entire valley from Shoshone and other power plant sites along the snake river. A marble factory and cement works at Willow creek.

Machinery for the Burley pumping plant will arrive shortly from Chicago and will be ready for use as soon as the electric power with which to operate the same will be ready. The county is taking on a steady, healthful growth and the people are happy and cheerful.

REMOVAL OF COUNTY SEAT.

There is a strong sentiment in favor of moving the county seat from Albion to Burley. Burley on the railroad, and is the city of the future. This change will meet with almost universal approbation as it will bring the county seat 16 miles nearer to the bulk of the population. Twin Falls, 19 miles nearer to Ovid, Marion and Basin, and will shorten the distance of travel from Rock creek and all points along the lower south side.

It is reported that Maj. F. R. Reed, Burley's rustling land agent, will soon accept a situation with one of the big land companies of the northwest. He has made Burley grow, and will make any district look up, to which he may depart.

The major has done so much to relieve the sufferings of the new settlers on the south side in securing recognition from government reclamation officials, with reference to pumping plant affairs, that there is quite a sentiment in favor of electing him to the United States senate or house of representatives. No remedy causes such speedy relief. Ask for DeWitt's—the genuine—Sold by F. C. Schramm, druggist; where the cars stop.

To draw the fire out of a burn, heal boils, sores, tetter, eczema and all skin and scalp diseases, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. No remedy causes such speedy relief. Ask for DeWitt's—the genuine—Sold by F. C. Schramm, druggist; where the cars stop.
