GOVERNOR FAVORS SAFE CELEBRATION

His Letter to Chicago Man Argues That Noise Counts For Little.

URGES TWO PRIME REASONS

Frightful Accidents Follow Usual Noisy Method—Youth Must be Taught A Proper Patriotism.

Gov. Cutler, in a letter addressed to M. G. Condit, who asked his excellency to express his views as to a safer and saner celebration of the Fourth of July by the people of this nation than has heretofore been the case, says he is in favor of a more quiet and less noisy celebration. He says that the result in less damage to person and property. Letters from all the governors have been requested to be read at an independence day celebration to be held Sunday, June 28, by the Normal Park Presbyterian Sunday school of Chicago, and these will be read on this occasion.

Gov. Cutler gave his views on the matter as follows: "Mr. M. G. Condit, 7058 Eggleston avenue, Chicago, Ill.—Dear Sir: Answering yours of May 4th, the object you have in view is most worthy and laudable. There are two great reasons for urging a saner and safer celebration of Independence Day. The first is our wish to prevent the terrible accidents that always mar the day and turn its rejoicings into mourning in hundreds of homes. The second is our patriotic desire that the young shall be in danger of their lives and limbs by the idea that patriotism is synonymous with noise and boisterousness. Either of these alone would be worth our best efforts; together, they appeal to us irresistibly.

"If the young are likely to get the idea that the man who shouts and shoots most noisily is most patriotic, they should be taught that the only test of patriotism, great though it is, is willingness to die for one's country, and that it is not patriotism to live for it, shouting and shooting. It is patriotism to die for it, and institutions, they should be given different teaching. They should be shown that the best citizen is he who, in the hour of strife and strife and confusion and blatant shouts and noisy demonstrations, goes quietly and unflinchingly in the face of opposition and in the face of opposition and in the face of opposition and in the face of opposition.

They should be shown that the best citizen is he who, in the hour of strife and strife and confusion and blatant shouts and noisy demonstrations, goes quietly and unflinchingly in the face of opposition and in the face of opposition and in the face of opposition and in the face of opposition.

"Therefore, on Independence Day, of all days, let the young be taught the true idea of citizenship. And in the midst of their rejoicing and their play, let them understand that above and beyond this demonstration of their loyalty and patriotism, like the inviolable hand of God guiding the universe."

ALL EAGLES SOAR HIGH. Hosts From Aeries Over the State Gather for Annual Reunion and General Good Time.

After the U. C. T. procession yesterday, the Eagles, who had played a prominent part in the parade, went to Saltair, that resort having been chosen as the place for the annual home of the order. All afternoon and evening, the pavilion was crowded with fraternity members and their friends, it being estimated that they were in the thousands present. And it was a jolly crowd, too, everybody appearing to have a good time, without any undue noise or commotion being in evidence at any time.

In the parade the Eagles won laurels. The water was too cold for any great number to indulge in baths, but many of them were content with a dip in the sea.
