They were as follows: Elders Peter Van Ouden and Hyrum Larson of Washington, southern Utah, to see the valley; O. E. Hartwell, wife and daughter Clara, E. W. Bruce, wife and son John, David Midgley and wife, Mrs. Julia Bruce and Miss Julia of Salt Lake City, Joseph Park and wife of Bountiful, Davis county, visiting relatives and friends. They all had a very enjoyable time, and returned home yesterday.

Mr. Roy Thatcher and Mr. P. B. Everett of Shoshone, insurance men, Dr. Emerson, also of Shoshone, Mr. Quinney, representative for Z. C. M. I., are also here.

Mr. John Livermore has sold his ranch to Mr. E. G. Barlow of Belmont City and will return with his wife to Hooper, Utah, his former home.

Miss Fredonia Richards, daughter of S. P. Richards, left here today for Salt Lake City, to attend school at the D. S. academy.

The grain of this valley is at cut and nearly all of it in the stack ready for the threshing machine.

There has been a steady string of emigrants passing through here this summer, but their numbers are beginning to fall off, materially the last few days.

SCHOOL OPENING.

Our day school is expected to start about the 15th inst. Mrs. M. Marion Bush of Tooele county, lately returned from a four years' mission to the Sandwich Islands, has been engaged as principal for the winter term.

At the county institute at Hildale, when several examinations were held, last Sunday evening he interested a large audience of the residents in a recital of his experiences among the Kanakas and the habits and customs of the people. Brother S. P. Richards is having the memory of the language refreshed by conversations with Elder Bush in the native tongue (ka olelo Kanaka).

Bishop George S. Harris and his wife left yesterday to visit relatives in Summit county.

For four weeks past the Semi-Weekly, which should arrive here on Friday, has not been received until the day following, Saturday. Subscribers wish it could be remedied.

ROCKLAND, IDAHO.

STAKE CONFERENCE.

New Church House Dedicated—Mountains of Hay Produced.

Special Correspondence.

Rockland, Oneida Co., Ida., Sept. 8.—The Potlatch Stake conference was held here Sunday and Monday. There were present Elder Clawson of the Council of the Apostles, Seymour B. Young of the first quorum of Seventy, and President Kelly of the Elder Stake of Zion, also the Stake presidency, High Council and a large number of people. It was surprising when all the people came from, seeing that the conference was held at the extreme north end of the Snake. The instructions were timely and seasoned with a rich outpouring of the Spirit of the Lord.

Rockland ward has built a very handsome brick church, and having completed the payment therefor, it was dedicated to the worship of God today, the dedicatory prayer being offered by Apostle Clawson.

Rockland ward is situated in a long, narrow valley, 23 miles long and two wide, and is well watered. It is the paradise for sheep men in winter. There has been raised and well cared for 10,000 tons of hay. Five thousand is now for sale at \$4 per ton. The mountains on each side of this narrow valley are covered with grass, and thus we have any kind of an open valley sheep could almost care for themselves.

The second crop of hay is now being gathered. This is their principal crop, yet splendid grain has been and is raised here, but the low price of wheat for many years has discouraged the industry and there is more money in hay, and the shepherds want to make it a point to feed here during winter months.

CAREY, IDAHO.

THREE DISASTROUS FIRES.

Residence of James Carey Burned—Haystacks Destroyed.

Special Correspondence.

Carey, Blaine Co., Ida., Sept. 6.—The past week has been quite an eventful one for this valley in the way of fires of a very destructive nature. A week ago today the residence of Mr. James Carey and family, some of the oldest settlers of this place, was entirely consumed, with all its contents, about 7 o'clock a. m. The children slipped some turpentine on the floor and the fire had seen their mother on former occasions touch a match to the spot to burn off the stub they did the same, and in a flash the flame communicated with the paper on the walls and in a minute or two the room was enveloped in flame, and soon communicated with the other rooms. Mr. Carey was out in the stack yard and hurried to the house, but could not get inside; he endeavored to get a nearby sewing machine out, as it stood near the door, but got his hands badly burned in the attempt. Nothing was saved but the bedding of the boys, who were sleeping by the stacks. Mrs. Carey was at Halley, and came home after night with a telegram, and was just in the front gate, being unaware of the fire. She walked inside and up to what should have been the door of her home, but found only ashes and cinders, where the house stood. The fire was caused by the assistance in erecting them a new house.

HAYSTACKS BURNED.

Last Thursday Mr. Hyrum Sparks had most of his year's crop of hay (40 tons) burned up. Little children playing with matches around the stack were the cause.

A morning fire was discovered in the hay stacks of County Commissioner F. T. Phillips and soon obtained such headway that it was useless to try to save any of it. Two wagons stood by and between the stack; one of them loaded with hay. They succeeded in running the wagons out of danger, but a set of boys were burned up.

Mr. Phillips' loss is about 175 tons of hay. He has just been to Omaha with a herd of stock and came home on the afternoon train got a horse of a friend and rode home. The first he knew of the fire was when he saw the hay burning as he neared his home. The cause of the fire was caused by small boys and matches.

RESERVOIR SITE.

Mr. J. B. Standard, assistant agent of the Irrigation investigation department of the west, was here Monday and Tuesday and looked over the reservoir site filed on by the people of the valley and was quite favorably impressed with the location. He took measurements of the waters and canals in various places, for the purpose of making reports. Shortness of water this summer is causing the people here to take
