

There are several things to be noted about this letter. First, it is written in a very informal, almost conversational style. Second, it is dated 1941, which is a year before the war began. Third, it is written to a friend, which suggests a personal relationship. Fourth, it is written in a language that is not English, which is a clue to the author's identity. Finally, it is written in a language that is not English, which is a clue to the author's identity.

The List is Subject to Alteration Until the Final Moment of the Second.
