## Deseret Telegraph Line.

—:O:—

The Board of Directors of the Deseret Telegraph Company being desirous of making the line available for all the citizens of the Territory, have determined to reduce the tariff for messages sent over said line to the following exceedingly low rates, to wit:—

For all messages sent from G. S. L. City to Nephi City, south, and Brigham City north, including intermediate offices, for each message of ten words or less, fifty cents; each additional word 2½ cents.

For all messages sent from G. S. L. City to all other offices than above mentioned, for each message of ten words, one dollar; each additional word, 5 cents.

All other offices of the Line will be governed by the following rates:

For all messages sent from the respective offices to the next nearest office each way, each message of ten words or less, fifty cents, each additional word 2½ cents.

For all messages sent from the respective offices to all other offices belonging to the Company (Salt Lake City excepted as above) for each message of ten words or less, one dollar; each additional word, 5 cents.

It is hoped by this arrangement to place the benefits and advantages of the line within the reach of every citizen. It will at once be seen by every reflecting mind that prompt payment for business done by the line will be a matter of necessity. We trust all will appreciate this change of prices and prove their appreciation by increased patronage.

It is designed at an early day to furnish each operator throughout the Territory with a printed tariff of prices to be charged at his office, as the above is a temporary arrangement.

By order of the Board of Directors,

WM. CLAYTON, Secretary.

G.S.L. City, May 20, 1867.
