McFarland Quoted as Uttering Threats Which Seem to Have Been Carried Out.

JACKIE CLARKE IS VICTIM

The picture shows McFarland, the lanky Californian, starting Jackie Clarke, the Australian wonder. The picture was taken for the "News" while the racing season was at its heighth in this city. "Mac," and Clarke were friends, or at least there was an earnfriends, or at least there was an earn-ing agreement between them. Clarks was under contract to ride at the sait-air saucer exclusively, but Mcrariand rode whereven he pleased. When "Mac' was riding at the Saitair saucer there was never anything to it but Clarko and McFarland, for that pair could beak any other two. But "Mac" and Jackie trace up shortly before leaving Sait Lake for New York. The treatment being accorded Clarke by "Mac" now has the bucket of the bar "hied" up, for combinations are not liked any more there than here and especially in discr-pute is a combination which is made to "hand a rider something."

CLARKE, VICTIM.

MONTANA WIRES FREED.

MONTANA WIRES FREED. Supervisor Lester D. Freed of the fast horse department of the coming state fair received a telegram from Butte yesterday that three cars of racing horses would leave there today to be fol-lowed by two from Anaconda where a 12-day exposition has just ended. This makes five cars coming from Montana. Blackfoot, Idaho, has two dozen horses on the way and the state of Idaho has sent word she will have several cars of specifications. Special events will be ar-ranged to accommodate all animals en-tered so while, some of the original races arranged did not fill, the crowd will be larger than original planned.

CLARKE, VICTM. Poor Jackte Clarke is being handed, omething. In the six-day race, "com-binations were worked out beautifully, while the N. C. A. sleeps the sleep of the slothful. The Newark News is cs-pecially aggressive in the fight being waged by all lovers of clean goorts for the aboliton of combinations. Speaking of the finish of the six-day race held its month the News says: "The same combination, which was heverking order in the race all week, pervaled at the finish. The Clarke-ber in the race, was in for a heating, and that is just what happened. Mace has declared that the little Australian will not win another race if he can have a blout every other rider on the that these unsportsmanliko actions will have a detrimental effect on the game, which regalmed some of its lost popu-which regalmed some of its lost popu-bing the race has it is only a mat-ter of how long the public will stand DCCAL THEATMENT.

LOCAL TREATMENT.

LOCAL THEATMENT. Several things happoned here during the summer racing senson which put teaming and combining in more ör less disfavor and the Saltair management announced that "teaming" would be pro-hibited. The edict was carried out in all sincerity and the latter end of the season saw some good races as a result. The Salt Palace did not issue orders sgainst teaming at there were so many riders on this Track that teaming did not seem to rob the contests of their interest. Teams were announced, how-tver, so the fans knew who were going to work together. MACS STATEMENT

MAC'S STATEMENT.

MAC'S STATEMENT. What makes the eastern sportsmen rather angry is the undenied report that MacFarland announced early in the New York season that "Clarke would never-whn a race if I can prevent It," and Mac's efforts to interfere with the plucky Australian are reported too evi-sent to escape detection even from the most new followers or the game. What has given the bicycling situa-tion international importance is the fact that champions of several nations are riding at Madison Square Garden. They are:

Britt has been doing a lot of boasting and self-adver-tising oven there, and some of the things he has told must make the stu-dents of boxing in the old country have many a quiet laugh. Among other things Britt has been telling the British sports that he is the inventor of the crouching position adopted by Tommy Burns in his matches with Gunner Moir and Jack Palmer. Jimmy must think that they believe his talk on that subject. Britt never invented anything in connection with boxing. Palmer. Jimmy must think that they believe his talk on that subject. Britt never invented anything in connection with boxing. The crouch was of English origin, and was in vogit with a certain class of baxers in that country 75 years ago, or before Britt's father was born. The crouch was used to avoid blows to the stomach by bending over and pulling the stomach in out of the way. There are lots of plictures of old-time fighters who used this position, and which frose days. Articles were written on it, and it was compared with the po-sition, both for offensive and de-fensive boxing, that it was generally adopted, and men who stuck to the crouch atyle were looked on as "dups," and soon the crouch position was sight of until it was brought out by California boxers a few years ago. In contests between the best exponents of the crouch and those who stand up straight, the latter have won many more fights than the rormer, and there is little chance of the crouch even the best exponent is little chance of the crouch even many more fights than the rormer, and there is little book on boxing, published One single fare for the round trip from all points in Utah. From Ogden, Silver City, Bingham and all inter-mediate, points tickets will be sold Sept. 30th to Oct. 10th, limit Oct. 12th. All other points except Cisco, Sept. 29th to Oct. 9th, limit 15th.

Jimmy Britt, the California fighter, who was put permanently out of the fighting business by Joe Gans, after making a fortune in the sport through the peculiar method of handling fight-ers which are in vogue on the Paqific coast, is now in England. He went across the ocean with the Olympic athletes, and with the idea of pecking up any soft money in the boxing line in King Edwards land. Britt has been doing a lot of boasting and self-adver-tising oven there, and some of tro-things he has told must make the stu-dents of boxing in the oli country have many a quiet lawgn. Among other things Britt has been telling the Brittsh sports that he is the inventor of the crouching position adopted by Tommy Burns in his matches with Gunner Moir and Jack Palmer. By order of the Board of Directors, J. STOKES, JR., Moapa Garden Company, 5th Templeton Two battles said to have been all signed for are those between Billy Papke and Hugo Kelly and another between colored, and Tommy Jack Johnson, Burns. The first named won the middleweight championship of the world by deweight championship of the world by de-feating Staniey, Ketchell and the last lays claim to the heavyweight utle of the world. Johnson, the dinge, has been following Burns around for many, many months and through many climes in or-der to get the blg Canadian-American in the ring, but Burns went on ignoring the dinge in his daily routine of whip-ping "champs" of other countries. "I'll night Johnson or anyone when the finan-cial end is put up right," said Burns. America made offers, London offered ase of Sugget, and assured a big house for the Burns-Johnson mill, but Burns laughed. Now the story comes that the fight will be held in Sydney, New South Wales, during December. A purse of \$50,-000 is said to have ben guaranteed, win-ner to take 30,000 and loser \$2,000. Burns nas made good showings in all recent mills and Johnson is known to be a giant brulser of ability. The bout ought to be a hammer-and-tongs affair from the start to a knockout conclu-sion. ALL WANT GUARANTEE.

ALL WANT GUARANTEE. The Papke-Kelly mill is slated for Milwauke, Oct. 15. These two men have challenged back and forth without com-ing to an understanding for so long that the fight followers despaired of ever seeing fhem together. Kelly is an Italian and his Italian manager, Silvy Ferretti had to hang up 55,000 for the privilege of getting Hugo into the squared cir-cle with the new middleweight beit-holder. Both men are to weigh 158 three hours before the men enter the ring. But the match is not certain even yet for the managers of the Milwaukee Boxing fub-Harlan Zea and Al. Bright-are provoked with what Ferretti did to get a whack at Papke for his man. The managers do not like the idea of Papke getting the first \$5,000 taken in at the gates. The managers of the dub want a guarantee of \$5,000. If managers of the club and managers of the fighters decide that the milt will draw a big house, big enough to cover all the five tohusands being asked, the mill is a go.
