TERMS—IN ADVANCE.

LOCAL AND OTHER MATTERS.

FROM WEDNESDAY'S DAILY, JULY 5

An Octogenarian.—This morning the aged veteran, Father Thomas Colborn called to say good-bye, as he was about to leave the city for his home at Peterson, Morgan Co. He claims to feel young, although an octogenarian.

Salt Lakers Ahead.—In the Salt Lake-Ogden match game of base ball, for the Territorial championship, played yesterday, on Washington square, the former came off victorious. The score was Salt Lake, 5; Ogden, 3.

Get your Baskets.—A number of relics of the old folks' excursion, in the shape of lunch baskets and other articles, have been found in Liberty Park. The owners can have them, on identification, by applying at the office of Marshal Burt.

Commendable Vigilance.—Chief Engineer Ottinger, of the Fire Brigade, showed commendable vigilance yesterday. He and fifteen men were on the watch to respond to any alarm at a moment's notice, from daylight yesterday until this morning.

The Kaysville Celebration.—The citizens of Kaysville celebrated the Fourth in fine style. In the hall speeches, singing and instrumental music were rendered. In the afternoon there was dancing for the juveniles, and horse-racing and other sports were engaged in.

A Singular Effect.—Yesterday a number of boys from the lower wards went bathing in Jordan. Today the upper portions of the heads of about half a dozen of them are so enlarged by swelling as to render them almost unrecognizable. There is no sensation of pain, but a feeling of lethargy and drowsiness exists. It is supposed to be an effect of the intense heat.

Sad Bereavement.—This morning, at 4 o'clock, Arta George, aged 3 years, son of Brother S. R. Marks, now on a mission, died of diphtheria. At 4 15 p.m., Daisy M., his little daughter, succumbed to the same terrible disease. The only remaining child of Brother and Sister Marks, is a little girl, 9 months old. The bereaved parents have our sincere sympathy.

Camping Out.—Judge Alex. C. Pyper has been removed from his residence, in the 12th Ward, to a pleasant out-door location about a mile or so up City Creek canyon. This change has been made to give him a chance to breathe the mountain breezes, of which he now gets the full benefit, being a dweller in a tent. We understand he is improving, and we most heartily wish for his speedy return to physical vigor.

Broken Limb.—Yesterday Mrs. Lucetta Penrose met with a serious accident. In coming out of her residence, in the 9th Ward, she accidentally stepped upon the edge of the water s-cot, causing her foot to slip. The small bone of the left lower limb was broken near the ankle, and the ligament extending to the joint ruptured, causing intense pain. The injury was attended to by Dr. W. F. Anderson.

Criminal Carelessness.—The other evening, while Mr. Andrew Harvey, watchmaker, was sitting by the door of his residence, on the 19th Ward bench, he was struck on the shoulder by a spent bullet, shot from a firearm. Fortunately it must have been fired from a considerable distance, otherwise he would have been very dangerously if not fatally injured. As it is the shoulder is bruised and painful. Such carelessness in the use of firearms is criminal.

No Small-pox.—Mr. Thomas Jessop, of Millville, who came down from the O'egon Short Line Railroad on Sunday, informs us that there is no truth in the report that small-pox had broken out in the construction camps. He says there had been a few cases of measles only. Mr. Jessop is a reliable gentleman, and we are therefore pleased to obtain this statement from him, which may be taken as correct.

Burned and Bruised.—Last night while Joseph Johnson, aged 18 years, son of Mr. N. Johnson, of the 16th Ward, was gazing at the fireworks exhibition on Washington Square, he met with a very serious accident. One of the rockets, which had been shot off at an angle, struck him on the upper part of the breast and at the same moment exploded. His clothing was set on fire, which, however, was soon extinguished. His breast was not only injured by the force of the blow but badly scorched, and is swollen and painful.

Another Pistol Accident.—The absolute folly and danger of carrying concealed loaded fire arms was illustrated at Kaysville about 7 o'clock last evening. A young man named George Meredith was sitting by a young lady, in the Band Hall in that town, at a public gathering, when a pistol he carried in his pocket was accidentally discharged. The bullet entered the thigh of a young girl, Miss Kate Powell, inflicting a very severe wound. Dr. Benedict was summoned and went up to Kaysville to attend the patient.

The Fire Fiend.—Last night three fires were extinguished in their incipiency. One was on the premises of Mr. Hewlet, south of Washington Square, where a quantity of hay was set ablaze by a spent rocket from the fireworks display. While the firemen were at work extinguishing the flames several of the long rocket sticks fell in the vicinity, one within a foot or two of one of the men. The only damage done by the fire was the consumption of the hay.

About eleven last night the roof of a house in the 9th Ward—near the corner of 3d South and 6th East Streets, was ignited by fire crackers, but the flames were soon extinguished, the damage being light.

From a similar cause a fire was started in the house of Hans Young on South Temple St., near 7th East St. The damage amounted to about forty dollars.

Deseret Hospital Association.—All persons who have promised donations to the Deseret Hospital Association of provisions, furniture, crockery ware, or bedding will please deliver them as soon as possible at the Hospital building, Fifth East Street, between South Temple and First South Street, as they are needed immediately. Canvassing committees are requested to report progress to the secretary at the office of *Woman's Exponent* at once. All the several branches of the Relief Societies and Y. L. and Y. M. M. I. Associations will please take notice that the monthly donations to the Deseret Hospital Fund commence with this month, May, 1882, and govern themselves accordingly. E. B. WELLS, Sec. D. H. Association.

The Adamsville Accident.—Dr. Strong, the post surgeon at Fort Cameron, has made the following statement regarding the recent accident to the late David Pierce:

"David Pierce, a native of Wales, was brought to Fort Cameron on June 21st, 1882, for treatment of laceration of left hand; on examination of the wounded member it was noticed that a dressing of chewing tobacco had been applied to stop bleeding. The Surgeon, Dr. Strong, called attention to this fact, but after washing and dressing the hand, the man appeared so comfortable that no further attention was paid to the matter until Saturday morning, when the arm which had hitherto been doing very well, showed unmistakable signs of irritation, being very much swollen and the patient very much prostrated. On Sunday Dr. Christian, of Beaver, was called in consultation and every possible means of restoration employed but

without success. From this time the patient gradually sank, passing into a state of coma and convulsions, and dying Monday at 9:30 a.m., with all the signs of narcotic poisoning. Upon examining the hand it was found to be only moderately inflamed, thus pointing to tobacco-poisoning as the undoubted cause of death."

FROM THURSDAY'S DAILY, JULY 5.

Second Review.—Payson Sunday school held their second review on Sunday June 25th, which passed off in good shape. Considerable credit is due the teachers for getting up excellent class catechisms and other exercises.

Information Wanted.—George M. Shephard, of Well Springs, Campbell Co., Tenn., desires to hear from his sister, a widow named Matilda Young, who left Smythe Co., Virginia, for Utah in 1870. She had had four sons, John, William, Alma and Parley.

Enclosed.—We have received from Mr. W. J. Silver, a neat photographic representation, of the grave and its surroundings of the late President Brigham Young. The picture shows up the iron railing enclosing the grave which was built by the Silver Iron Works. It is a handsome piece of ornamentation.

A Welcome.—A Payson correspondent informs us that when Father Wimmer, aged 77 years, returned home to that town from the Old Folks' excursion, the Sunday School martial band met him and gave him a warm welcome, cheering him with stirring musical strains:

"Father Wimmer was very much pleased to greet the little fellows, and made the musicians, 22 in number, welcome to his strawberry patch, giving each youth two rows to pick from and eat to their fill, which they did in good style."

Koosharem.—J. C. Anderson, a correspondent at Koosharem, Grass Valley, informs us that many of the children of that settlement, which only numbers 46 families, have lately been afflicted with whooping cough, which frequently terminates in lung disease. Four of the little ones succumbed to the complaint last month.

Crops are late, but look well. The meeting house having been destroyed by fire last winter another, 33 x 49 feet, is being constructed of granite.

His Jubilee.—A correspondent informs us that, on Saturday, July 1st, 1882, Brother Samuel Bateman, of West Jordan, attained his fiftieth birthday. On his return from Salt Lake City, he was happily surprised to find his house crowded with relatives and friends, all of whom met him with good wishes and warm congratulations.

He was presented with a number of friendly gifts and after about 60 persons had partaken of a bounteous repast, the evening was spent in songs, speeches, and general merry-making.

Returning Elders.—We learn by letter from President C. D. Fieldsted, of the Scandinavian mission, that the following missionaries were to return home with the company of immigrants now on the way:

J. J. Hansen, Hyrum; Jens Hansen, Mill Creek; James H. Hansen, Ephraim; Christen Christensen, Cottonwood; Rasmus Olsen, Draper; J. J. Jensen, Elmore; Jas. S. Jensen, Redmond; L. Nielsen, Fountain Green; Simon Christensen, Richfield; J. P. Olsen, S. L. City; J. P. Larsen, Ephraim; H. E. Nielsen, Hyrum; Christian Hovensen, Bear Lake; Oluf Tellefsen, L. K. Larsen, Hyrum; P. A. Lovgreen, Huntsville; Sven Ericson, Grantsville; M. Jacobsen, St. Charles; N. O. Andersen, Ephraim; C. P. Warnick, Pleasant Grove; N. Henriksen, Richfield; Andrew Larsen, Washington.

A Sad Case.—A case of peculiar sadness has been brought to our notice lately. Robert Hall, late of Sunderland, England, now a resident of the First Ward, had the misfortune about six weeks since, while engaged at his work, at the U. C. R. R. shops, to receive an injury in one of his eyes. A splinter from a rivet entered the optical organ, com-

pletely destroying the sight. In early life he accidentally lost the other eye, and is now totally blind, having been, we understand, pronounced so by Dr. Benedict, who has been attending him.

To add to the distress of the case his wife has been confined to bed for some time with an attack of inflammatory rheumatism, unable to attend personally to her children, five or six in number.

Stabbing Case at Milton.—The Ogden Herald states that, about 1 o'clock yesterday morning while some of the citizens of Milton, Morgan County, were celebrating the Fourth of July, in the dance, a man named Martin Gordon entered the room and commenced an altercation with a person named Morgan. Mr. Henry Giles interposed between the other two and requested Gordon to cease the harangue. Some sharp words then passed between Gordon and Giles, which continued for a few minutes, and then all became quiet.

Mr. Giles resumed his dancing thinking no more of the disturbance. But not so with Gordon. He watched for his opportunity, which was soon offered him. He walked quietly up to Mr. Giles, and stabbed him with a pocket knife in the lower part of the back, near the left side, inflicting an ugly, dangerous wound.

The Work in the South.—We have been enabled to peruse a letter from Elder W. C. Burton, now in the missionary field, to Brother L. John Nuttall. He has been laboring in South Carolina for the last seven months. Opposition has been active and violent, but ineffectual. A branch of the Church has been organized, called the King's Mountain Branch. South Carolina has been established as a Conference by President Morgan, and four Elders are laboring in it. The prospects for numerous additions are good. Thus far twenty-seven new members have been baptized.

The enemies of the Saints entered into a combination to boycott or starve them out, but the attempt utterly failed, and since the movement was started, some of those who were engaged in it have had to beg or borrow bread from some of the members of the Church, thus receiving the measure they sought to mete out to others.

Returned from Michigan.—We have received a call from Elder D. E. Harris, of Monroe, Sevier Co., who returned a few days ago from a mission to Michigan and Ohio. He left here for his field of labor in October, 1880, and was most of the time in Michigan. He and his companions met with very determined opposition, especially subsequent to the enactment of the Edmunds' bill, sometimes it took the shape of actual violence, he having been pelted with clubs and stones, on one occasion. A few were baptized, however, and are rejoicing in the reception of the truth. In the midst of the bitterness of feeling manifested against the Elders, friends were invariably raised up to them. These, in turn, became the objects of unreasoning hate, and almost invariably succumbed to the prevailing sentiment. Elder Harris presided over the Michigan Conference during the last three months of his stay, and he speaks in the highest terms of the young Elders who were with him and stood the brunt of opposition unflinchingly. Among them were Elders J. R. Murdock, of Charleston, Wasatch Co., and Daniel Zundell, of Willard, Box Elder Co., both of whom returned at the same time as he.

In consequence of the virulence of the opposition, Michigan has at present been partially abandoned as a missionary field; there being now but one Elder laboring in that part of the country.

HOUSE STRUCK BY LIGHTNING.

NARROW ESCAPE OF THE INMATES.

We received the following special from Mount Pleasant, Sanpete County, this morning, over the wires of the Deseret Telegraph:

About 3 p. m. yesterday a severe thunder storm broke over this city, the lightning striking the house of Moroni Seely, doing considerable damage, tearing out the north-east window, ranging through the room to the south-east window, splintering and damaging in every direction. Ranging up to the second floor it destroyed the ceiling, splintering the skirting board and sashing wherever it went. Mr. Clark, who was at work painting, was thrown prostrate to the floor. Mrs. Seely, three of her children and another lady, who was in the room, suffered considerably from the shock. Otherwise no serious injury was sustained.

A Varied Performance.

Many wonder how Parker's Ginger Tonic can perform such varied cures, thinking it essence of ginger, when in fact it is made from many valuable medicines which act beneficially on every diseased organ.

ROYAL BAKING POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall Street, New York.

PARKER'S HAIR BALSAM
The best and most economical hair dressing, and made from materials that are beneficial to the hair and scalp. Parker's Hair Balsam is highly esteemed everywhere for its excellence and superior cleanliness.

PARKER'S GINGERTONIC
A Superlative Health and Strength Restorer.

If you are a mechanic or farmer, worn out with overwork, or a mother run down by family or household duties try PARKER'S GINGER TONIC.

If you are a lawyer, minister or business man exhausted by mental strain or anxious cares, do not take intoxicating stimulants, but use Parker's Ginger Tonic.

If you have Consumption, Dyspepsia, Rheumatism, Kidney or Urinary Complaints, or if you are troubled with any disorder of the lungs, stomach, bowels, blood or nerves, you can be cured by PARKER'S GINGER TONIC. It is the Greatest Blood Purifier and the Best and Surest Cough Cure Ever Used.

If you are wasting away from age, dissipation or any disease or weakness and require a stimulant take GINGER TONIC at once; it will invigorate and build you up from the first dose but will never intoxicate. It has saved hundreds of lives; it may save yours.
