TWO LIVES TAKEN.

Double Tragedy Enacted at Salvation Army Barracks.

THE CAPTAIN SHOT TO DEATH.

A Rejected Lover Kills Miss Ida Bennett and Then Commits Suicide.

ROGUE, Wash., May 5.—Daniel W. Huskiss, walked into the Salvation Army barracks at 1 o'clock this afternoon, drew a revolver, fired two shots into the heart of Captain Ida Bennett and then fired two more into his own head. They fell within a few feet of each other and immediately expired. Huskiss had made repeated threats against Captain Bennett's life, and when he walked into the hall one of the soldiers cried out, "Look out, captain, or he will kill you." Before Miss Bennett could seek safety in flight, he had the deed of destruction finished.

Huskiss was a son of Captain Bennett and she had refused to marry him. He had been nursing his grief for a long while. When he came to the barracks, he said, "I am here to see that Miss Bennett had played the part of a coquette with him and had deliberately broken his heart. Miss Bennett has to defend herself in the newspapers, and then declared that I am a fool, and that she would never let me live if I told her what she felt only a feeling of sorrow for her dejection.

Captain Bennett has been for many years a member of the army, working in San Francisco, and has completed his training in Helena. She was a woman of commanding figure, and possessed a winning, earnest manner, that caused her to be regarded as one of the most efficient workers in the army.

Huskiss was 41 years old. He came from Atholne several years ago, where he had been a deputy United States marshal and sheriff. Here he was a laborer.
