EVENING NEWS.

Tuesday, - April 22, 1884.

CORRESPONDENCE.

FROM THE JUNCTION CITY.

OGDEN, April 21st, 1884.

Editor Deseret News:

That "Mormonism is not dead," and that its "spirit is not broken" are truisms that were never more apparent than during the last two days' quarterly

CONFERENCE MEETINGS

of the Weber Stake, which were held on Saturday and Sunday, in this city. On Sunday our large Tabernacle was comfortably filled with Latter-day Saints from the various Wards in the county. There was a good attendance of officers of all the institutions of the Stake, from the juvenile to the adult. From the

REPORTS OF THE BISHOPS.

and other officers we learned that there has been an increase of membership during the last three months. The spirit of the latter-day work is growing and increasing in the minds of the people, and the more opposition they have to encounter the firmer they feel, and the more determined they are to adhere to the truth which has made them free from the fear and superstitions to which the traditions and false doctrines of their forefathers had made them slaves.

THE RELIEF SOCIETIES

are in a prosperous condition, the messengers of which are constantly proving themselves messengers of mercy and sisters of charity, by their numerous acts of kindness in feeding the hungry, clothing the naked, administering to the sick and indigent, and laying up a store of grain against a time of need. In all their labors of love they are assisted by the members of the Young Ladies Associations, the Primary members are being trained to fill the places of their mothers, when the latter have passed off this scene of action.

THE MUTUAL IMPROVEMENT

Associations of the Young Men of Israel are becoming a power in the land. They are rapidly increasing in number and in strength. Their libraries of useful books are multiplying. They contain works of history, biography, theology, arts, science and general literature. Neither do these volumes repose idly on the shelves. They are perused, and the contents of many of them are digested and utilized in every day life. The youths of this people are preparing to assume the responsibilities that must necessarily devolve upon them when their fathers have gone to rest.

This morning, long before the time for the services to commence every seat and foot of standing room in the building was occupied and scores of people could not gain admission, and had either to return home or remain outside during the services. A great many chose the latter alternative, both in the morning and afternoon.

The speakers during the Conference were President Joseph F. Smith, Apostles F. D. Richards, A. Carrington, J. W. Taylor, W. W. Taylor, of the Seventies; also Presidents Shurtliff, Middleton and Flygare. The subjects treated on were home industries, finding employment for the unemployed, the necessity of union, temperance, virtue and integrity, and of the Latter-day Saints taking a course to become self-sustaining, by both raising and manufacturing all things they need for consumption and to wear. The predictions of the prophets of God are being literally fulfilled, and His work increases the faster the more it is opposed.

There never was greater union manifested in this Stake than there was at the quarterly conference which has just closed. Our

NEW TABERNACLE,

which is much needed, will be commenced without delay, and will be pushed forward as rapidly as possible. the plans for the building have been perfected. They have been inspected and approved by the authorities of the Church. When completed it will be a magnificent edifice and one of which the people of this county will have reason to be proud. WEBER.

JUAB STAKE CONFERENCE, ETC.

NEPHI CITY, Juab Co., April 21, 1884.

On Friday evening last Elder C. R. Savage of your city delivered a very instructive lecture before the Y.M. and Y. L. M. I. A. and citizens of this city, subject, "Solar Spectrum" which was greatly appreciated.

Our Quarterly Conference commenced here on Saturday morning, Prest. Wm. Paxman, presiding. We were favored with the presence of President Wilford Woodruff and Apostle George Teasdale.

President Paxman made the opening remarks.

The Bishops reported their wards to be in a flourishing condition.

The Saints of Mona have had no place to meet in for nearly two years, their meeting-house having been burned down nearly two years ago. Bishop Haws reported that they will shortly have their new meeting-house completed, which the Saints of that Ward will greatly prize.

Elder Savage occupied the remainder of the time with a very lively and interesting discourse.

In the afternoon, Apostle George Teasdale delivered a discourse upon the celestial order of marriage. He read the revelation contained in the Book of Covenants, and commented upon it, and showed that it is not only a part of our faith, but indispensably necessary to practice, in order to exalt anyone in the presence of God, the Father.

President Woodruff followed on the same subject. He remarked that there are a great many of the seed of Abraham upon the earth now who will obey this law. The Lord is revealing the fulness of the Gospel and we are required to obey it.

The meeting house was unusually full for the first day of Conference.

In the evening there were 217 of the brethren of the Priesthood assembled in the meeting house, who were instructed in the duties of their several callings by President Woodruff and Apostle Teasdale. After which the iron interests of the Territory and the necessity of taking up and cultivating some land for the benefit of the missionaries and their families was presented before the meeting by President Paxman.

A good feeling prevailed.

Sunday morning.

A Sabbath school Stake Conference was held. Our meeting house was altogether too small to seat the children and visitors who attended on the occasion.

Very flattering reports were given in by the superintendents of the schools. After which Apostles Woodruff and Teasdale talked to the children, descending to their capacity by using simple language so that they could understand the words of life.

Sunday afternoon.

The Authorities of the Church and Stake were presented by President Paxman and unanimously sustained. After which President Woodruff occupied most of the remainder of the time. He spoke of the power possessed by Oliver Cowdery when he was in full fellowship in the Church and how weak he became when he left the Church. He also made the remark that "if we are faithful the priesthood of the Son of God will remain with us until the kingdom of God is fully established upon the earth."

Apostle Teasdale followed, testified to the truth uttered by Apostle Woodruff, and stated that righteousness cannot be established upon the earth by an unrighteous people.

In the evening, President Woodruff gave an opportunity for any one to speak who felt like it, and twenty-two of the brethren made short spirited remarks testifying to the truth of "Mormonism," (so called) after which President Woodruff followed testifying to the Union and good feelings prevailing in this Stake. We have seldom had the opportunity of attending a Conference when the people appeared so enjoy the counsels given as at this. Too much praise cannot be given to our choir and band for the excellent music they furnished.

Yours Truly, THOMAS CRAWLEY.

SORGHUM.

To the Editor of Farming World:

You want to know whether sorghum impoverishes land, or to what extent. Accordingly I herein contribute my mite of testimony. My observation and experience of ten years in sorghum raising convinces me that it is very exhaustive to land—more so, I think than any other crop I raise—especially if we get a good yield of molasses. Yet I raise it almost every year, and think it pays much better than to buy syrups. If it was no cheaper I would raise it because of the independent feature about it. I believe in farmers being as independent as it is possible for them to be. I made 250 gallons of sorghum last year, which, after paying the toll was enough to furnish my family plentifully twelve months, and leave a surplus of 70 or 80 gallons to sell. The whole cost of making the crop, including "Making up," toll, etc, did not exceed $45. Besides the seed from such a crop of cane is worth ten dollars to any farmer for feed. W. A. HARLOW.

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Flatulency of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

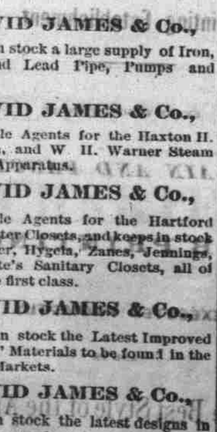
THE LIVER AND ITS FUNCTIONS.

IT has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the removal of waste matter, &c. are eliminated. From this it is seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

With impure blood the wholesome food becomes affected, and no organ can properly perform its function unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becomes all important, and when one has the feeling of being continually tired, worn out, is constipated, with tendency to Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of Skin, etc., they may be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations, and restore it to its original Strength and Vigor. For all the complaints of this kind there is no medicine that equals



PRICKLY ASH BITTERS is a medicine of rare merit, and not on lasting powerful, and being purely vegetable in its composition can be claimed as a cure-all, but for derangements of the organs mentioned. It is a specific and as a BLOOD PURIFIER, ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.
