flection by those who think, to know that there are many in this boasted Republic, raised amid Bibles and professed enlightenment, who are burning with madness to far more than re-enact the scenes of the massacre of St. Bartholomew in France, where the Roman Catholics so inhumanly butchered, for their religious belief, upwards of 80,000 Protestants, or the cruel burnings and beheadings of Protestants in England during the reign of the Catholic Queen Bloody Mary; or the cutting out of tongues and the hanging of witches by Protestants in most pious Massachusetts?

In view of the above facts and comments, we most respectfully and kindly suggest to editors, priests, politicians, and people that, inasmuch as we live in a land where perfect freedom of conscience and worship are guarantied by the Constitution and Statutes at in the French, but do not speak it much. Large, and inasmuch as dragooning, wrong, and violence change no true man's faith but rather cause it to strengthen and increase, they cease exposing their folly and really strive salvation. and learn to do good.

We also humanely suggest that the rabid be not tempted to leave their comfortable considering the watchfulness of the governmental law that assigns to staff officers rank in the line. homes in a pleasant land, to cross desert plains authorities, we are doing tolerably well. #### Flora's Festival.

This interesting performance was exhibited in the Social Hall on Wednesday, Saturday and Wednesday evenings, June 3d, 6th and 10th, giving, we believe, general satisfaction.

The costumes were new and very tastefully \* prepared. Morning, Noon and Night displayed their charms in a pleasing succession of choruses, songs, duets, invitations, welcomes, responses, &c. The call to the Echo and reply were very well executed. The night storm, the roaring thunders, and the flashing of the lightning were so well imitated that, had we not beheld the arched ceiling over our heads, we certainly should have left in a hurry. But the storm passed and all was again serene and beautiful.

The Festival ended, songs, recitations and instrumental music were sung and performed by Messrs. Dunbar, Maiben, McAllister, Ferguson, Pitt and Ballo.

The Orchestra and Serenade Band were also present.

Ethiopian minstrel performances added much to the amusement of the audience.

To sister Cooke much credit is due for her efforts to not only amuse but instruct the aged and the young by the more genial and soothing influences of music; and we trust that she has received the compensation for her efforts she so richly deserves.

At the April Conference in San Francisco, the Western Standard was taken-into consideration, and the conference wisely determined to take a more general and liberal interest in its support and circulation. We most sincerely trust that the Saints in California will view the Standard in its true light of great usefulness, and take a course to effectually relieve brs. Cannon, Bull and Wilkie of that portion of severe toil inconsistent with health, by greatly increasing the PAYING circulation of a paper so highly interesting and valuable, which they can very easily accomplish through faithful effort.

GRASSHOPPERS, We are informed by Elder Geo. A. Smith, who returned from a trip to Provo on the 11th inst., have harvested several fields on the bench lands at Springville, Provo, and Pleasant Grove. How would the outsiders, who are howling so awfully, like to fence, plow, and sow, and then have uninvited gatherers take all the crop, without saying so much as, 'by your leave, sir?'

ELDER CHARLES C. RICH, with a small company, arrived from San Bernardino on the 9th inst.

#### CORRESPONDENCE

SWITZERLAND. RUE DU CENDRIER, 108, Genoa, ? Dec. 18, 1856.

DEAR BROTHER CARRINGTON:-

I take the pen to drop you a few lines, that you may know that although so far distant, I have not forgotten old friends, yet my seeming negligence may have made you think that I was not a very punctual correspondent.

My health is excellent, for which I feel the more thankful, when I think of the cramped condition in which I left the vallies for England; you can appreciate my condition.

My labors are not of a very stirring nature, as I am compelled to do the greater part of my preaching by letter, which gives me a great deal of writing to do. Since my arrival here, I have issued 12 numbers 'Der Darsteller,' in German .--I have obtained through the blessings of the Lord, a partial knowledge of the German language, and can understand the greater part of what I hear

This month we are issuing some copies of 'Marriage and Morals in Utah,' in the French language, and we hope they will do something towards awakening the people to the subject of

The work still rolls on in these missions, especially so in the German part of Switzerland; the Elders are baptizing nearly every week, and and craggy mountains solely to molest a peo- Elders occasionally get a chasing from the po- Muster in all the Districts, so far as this notice shall have quiring of them for themselves.

it was my first attempt at speaking German .that language and closed my ears to the French, which is spoken in Geneva, it was a number of days before I could make myself understood, but in one week I was able with the help of the Lord able to understand me tolerably well. This gave me great joy and caused me to thank the Lord more and more for this great blessing.

I was never happier than I am in laboring for the advancement of the interests of the kingdem of God. I rejoice in it and pray that I may be able to shun the many temptations that surround the Elders while abroad and come home honorably. If I cannot do this I have no desire to return; except I can meet the authorities of the Church in confidence knowing that I have done my duty as well as I knew how, I never wish to meet them.

The people in the French part of Switzerland worship at the shrine of mammon and care so little about religion and their salvation that it is truly sickening to one that knows the value of obeying the mandates of heaven in this last dispensation.

The papers are filled with awful 'yarns' about the 'Mormons' and their dreadful doings in Utah, and all seem to vie one with the other in seeing which can tell the biggest lies. All this serves to call the attention of the people to the subject of 'Mormonism;' that is what we want; only a fair investigation is necessary to open the eyes of the honest in heart.

My kindest love to the Presidency, your family, the boys' in the offices and all enquiring friends. I remain as ever yours in the kingdom of JOHN L. SMITH. God,

At Spanish Fork City, June 2, by Bishop John L. Buter, Mr. RICHARD JAMES and Miss MARY JANE GEE.

In G. S. L. City, June 15, 1857, of consumption, SARAH LOVERN, daughter of Alfred and Emerett Louisa Randall, born in Chardon, Geauga county, Ohio, April 5, 1838.

Untrammelled by sectarian creeds, And free from priestcraft's wily snares, She loved to tread the path which leads The soul beyond all wordly cares.

From childhood's hours to ripened youth, Her life was worthy of a saint; Her mind grasped eagerly the truth; Her faith was never known to faint.

And when Death's ruthless hand drew near, And she knew well his time was come, It made her hope instead of fear,

For 'twas to her like going home. "Oh! let me go, my parents dear! Keep me no longer here," she cried; "I'll love you more in yonder sphere." A Saint she lived, a Saint she died.
